SUBJECT : ADVISE OF IMPORTS, FORM WTN 13.

1. These Warehouses are not receiving a/m Form any more, and many times we are informed of a ship's arrival only when the ship appears on the S.O.P. and has already started discharging.
2. This causes confusion in issuing dispositions for warehousing.
3. Not knowing any other source where we can obtain these informations in advance, could we please be again included on the distribution list, so that disposition for the reception and warehousing of goods can be issued in time.
