TO: A.C. Food Subcommission.

FROM: Aljo Heerman,
Director of Supply.

SUBJECT: Exchange of Supplies

1. Reference your 1-8/69/Pow, it is agreeable to UNRRA to act as the disposal of the Allied Commission 330 tons of Peas and 750 tons of Beans in Naples in return for an equivalent amount of milk reckoned on a value basis, and to be received in the form of 50% dried powdered milk and 5% evaporated milk.
2. Attached in copy of Release Authorization 126 sent to the Federazione del Generali Agrari today, instructing them to hold the above quantities of dry vegetables against your account in Naples.
3. If it is desired by the Allied Commission it will be acceptable to UNRRA that the 400 tons of Beans previously loaned to Allied Commission by UNRRA in Naples be repaid in the same way.
4. As the joint plans of the High Commissioner for Food and UNRRA develop, we shall inform Allied Commission of the quantities of milk desired and suggest places where it might be suitably convenient to effect the transfer.

type and they were small size. They were therefore sent. Maj. McNaughton Wright expressed satisfaction with this guess on his visit here.

7. The Rail Bid of 21 Mar specified "sulphur" bags. The relative Release Order says simply "paper sacks". These 97,400 bags have not yet been shipped - see my OUT.172/13 Apr 45.

8. As this disposes of the complete stock and both shipments are for sulphur, the bother concerning the type of bag is not understood.

9. Can you please quote reference from this office giving the stock as 368,000 bags?

10. This warehouse is at all times prepared to comply with any reasonable request. The Monthly Inventory was invented by the writer many months ago to enable owners to see what their stocks were, adjust discrepancies and request fuller details if required.

11. Considering the period of time these bags have been in warehouse surely their type etc could have long been established and properly detailed Shipping Orders issued. This would avoid all guess work on the part of the Warehouse.

No mention is made of any particular consignment by import details nor is mention made of open months or valves. After a lapse of 6 1/2 months the choice of sack was left to this office.

 - b) J. MONROE " 18 " " "938 Bd. 36,606 WT.Kilos
3. On 24 March 1945 Major A. MACNAUGHTON-Wright of this S/C called on Maj. Martin and Capt. Ramsey for the purpose of checking stocks of cement bags, as information on records at this HQ. showed that 368,000 cement paper bags were on hand at the above warehouse.
4. On 13 March 1945 a Rail bid was placed to despatch 100,000 sulphur bags (open mouth bags) to A.C. Catania.
5. Instead of open mouth type sacks, 99,800 valve type cement bags were despatched, leaving in stock at that date 97,400 open mouth type paper sacks.
6. On 21 March 1945 a Rail bid was placed to despatch this lot to Montecatini Belisco Refinery, Montecaroto, which cleared out the stock of paper bags at No. 676 Warehouse Naples.
7. No record has been produced to show where the remainder 170,800 paper sacks have gone.
8. From these figures it would appear that only 197,200 paper sacks were in stock against the figure of 368,000.
9. Furthermore it would be in the interests of all concerned if and when a shipment be received that types of sacks be kept and shown separately and the actual quantity and type of bags shown on records viz.:
 - a) Open mouth type paper sacks-Capacity 50 Kilos(actual numbers)
 - b) Valve type paper bags-Capacity 50 Kilos(Actual numbers)

Dear Helen,

Writing this stuff is no trouble to me but its a futile waste of time.

The only request I ever turned down was one to measure, sort to colour & count some millions of reels of ~~red~~ cotton thread.

If goods remain in warehouse 6½ months and no one asks for details and in fact no one acknowledges ownership and then the job goes wrong - I just cant help it. I refuse to be a scapegoat for other peoples lack of action. 6½ months is sufficient time to know every single bag intimately.
