1. The M/S Capo Mele is due to load at Naples for Genoa about 25 Sept. Following is breakdown requested:

Milk, Powd.	800	tons
Egg, Powd.	200	"
Lard	700	"
Fish	500	"
Soap	300	"
	2500	Tons

2. Federation Warehouse, Naples, has been authorized to substitute meat which is in danger of going bad for some of the above-mentioned fish.

3. This meat should be distributed before any other meat, fish or dried egg in stock at Genoa when above-mentioned ship arrives there. Please issue the requisite instructions to all concerned. It is unlikely that more than 300 tons of meat will be substituted for fish.

4. With regard to milk please ensure:

(a) That existing ration scales are known to all regions, and
(b) That full advantage of these scales is taken by all Zonals. Powd. Milk movements out of warehouses indicate that, even allowing for local availability, less Powd. Milk is being drawn than the correct entitlement.

SUBJECT : Warehouse Receiving Report No. ICE 37
31 August 1945

TO : ALCOM Depot 676 - NAPLES

1. The above numbered Receiving Report indicates the receipt of certain American Red Cross supplies ex the HARRIMAN B. LAMAR taken in for the account of ICE.

2. This Headquarters does not understand why these goods should be received in the name of ICE, rather than in the name of the Federazione Italiana dei Consorzi Agrari.

3. It has been previously agreed, and presumably known to all, that Federazione warehouses for the American Red Cross in the same fashion as they warehouse for ICE or for UNRRA. Why ICE enters this matter as a third party is not understood.

4. It is requested that corrective action be taken immediately and acknowledged without delay.

SUBJECT : Warehouse Release Signals

TO : ALCOM Depot 676 - NAPLES

1. It is no longer necessary to send to this Headquarters signals on warehouse releases, advising consignee, wagon numbers, commodities, etc. The information which we can secure from the transfer notes is sufficient for the purpose of this office. It is necessary, however, to continue to send the signals to the consignee.

2. The above instruction applies only to rail shipments. Signal advice on shipments made by water should continue as in the past.

ROBERT H. KLETH

Ref : 43-9/8 /FOOD

SUBJECT : Replacement for midshift meals

To : A.F.H.Q. G-5

1. Reference your 1-7 of 25 August 1945.

2. The a/m quantities of foodstuffs due to QM MEDUSA (to replace midshift meal issues) are available for collection at Federation Warehouse Naples :

Dried Veg. 40.06 Tons
Dehy Soup 177.34 "

3. The Dried Veg. figure a/m is computed as follows :

Due QM MEDUSA for midshift meal replacement : 152,930 lbs
Less due to AI in exchange
for root and green vegetable 64,623 "
88,307 = 40.06 tons

4. As regard the claim for flour replacement, your attention is drawn to this office letter 30-11/116/FOOD of 24 July 1945, in which a total quantity of 5,245,337 lbs was shown to be due to AC from QM MEDUSA. From this figure a replacement (for midshift meals) of 3,154,104 lbs due from AC to G & T was (Provisionally) made in accordance with your 1-7 of 3 August 1945. Therefore, it would appear that there is still due to AC from QM MEDUSA 2,091,233 lbs (948.89 tons) flour.

5. In order to save waste of transport and labour, it is suggested that the 938,167 lbs (= 425.92 tons) flour due to QM MEDUSA for midshift meals up to 31 July 1945 be deducted from the balance still due to AC as in para 4 above.

6. Please confirm as soon as possible that this arrangement is agreed by QM MEDUSA and, in view of the current shortage of A.C. flour stock, request QM MEDUSA to make the balance (522.91tons) due to A.C. available for collection at Naples, Leghorn and Genoa.

2. Lard - All now available in Naples Warehouse will be shipped to Genova, 400 tons during period 24 August - 2 September and balance during period 3 - 12 September.

3. Preserved Meat. The immediate allocation to nearest provinces of that already assigned to Italian Government (for the purpose of avoiding further deterioration) is suggested. The remaining 222 tons is hereby allocated to you. This Sub-Commission will assist you in obtaining an adquate number of wagons to dispatch this commodity in the shortest time.

4. Salted Cod Fish (86 tons): It is understood that in conformity with agreement made with Dott. Mastromarino, you are now arranging to dispatch this commodity to Rome City for issue to local consumers.

5. Tinned Fish. During period 3-12 September five hundred (500) tons of fish are programmed to be shipped from Naples to Genoa by sea. With this movement, there should not be anymore worry about the preservation of this commodity.

6. Evaporated Milk. Your suggestion to dispose of this commodity at once is agreed. It is desired to know your plans on this matter. If you find any difficulty in distributing this commodity quickly on existing ration scales, a certain quantity could be moved to Genova by sea in the period 13-22 September. Please advise.

SUBJECT : - Schooner "CECCOTTO"

1. Ref. Federazione letter 1001-MB/DR-Depot 676 dated 5th August.

2. Para.3. states that

"the goods shipped on the a/m schooner were not issued from these warehouses....."

whereas para.4.(b) of the same letter says

"Shipped according to our records....."

3. We should be interested to learn in what way these two statement can be reconciled. Furthermore, if Transfer Notes have been prepared, why have the usual copies not been sent to this Headquarters?

4. Please investigate and let us have your report.

Ref. Nº 1001 - MB/DR - Depot 676.
XXXXX Naples, 5th August 1945.

SUBJECT : Schooner " CECCOTTO " -

1. Reference to yours W/16/1361/Tn6, dated 1st August 1945, addressed to Capt. T. E. Ramsey, P.L.O., Naples.

2. As we informed in due time Capt. T. E. Ramsey, P.L.O., Naples, with reference to your letter W/16/1324/Tn6, of 23rd July ulto., the schooner "Ceccotto" was not loaded ex these warehouses, but directly from shipside in the Italian Port andthe loading figures furnished by us were given to us by the port officials.

3. As the goods shipped on the s/m schooner were not issued from these warehouses, the ascertainment of the balance in said warehouses of the two kinds of goods in question could not disclose any useful information for deciding about the exactness of the loading figures at Naples, in comparison with the unloading figures at Genoa.

4. However we would like to point out that the total tonnage of goods received at Genoa ex schooner "Ceccotto" does not seem to agree with the number of packages. In fact :

a) Type of commodity shipped :

F i s h	: Type 48 x 15 -	weight:	45 lbs net,	57 lbs gross
Evaporated Milk	: " 48 x 13 -	" :	39 "	52.5 " "

b) Shipped according to our records:

F i s h.....	: 168 cases	= kgs. 4.344,	gross; kgs.3.429	net.
Evaporated Milk	: 770 "	= " 18.337	" ; " 13.621	"
Totals	: 938 "	kgs. 22.681	kgs.17.050	"

c) Received at Genoa, according to their Receiving Reports :

F i s h	: 315 cases		
Evaporated Milk	: 621 "		
	936 "	= kgs. 18.683	

Declassified E.O. 12356 Section 3.3/NND No. 785021

5. Since Genoa received 315 cases of Fish and 621 cases of Milk , the tonnage should read as follows :

F i s h	: 315 cases	= kg.8.144 gross;	kgs.6.429 net

TO : Consorzio Agrario, NAPLES - Depot 678

1. Release order no. 1259 hereto attached covers the release of ALL clothing, shoes, blankets and comforters (approx. 705 tons) on hand with the exception of UNRRA supplies.

2. Rail bid has been entered by this office for the period 21-29 July and upon acceptance you will be notified.

3. The problem resulting from the current shortage of rail cars is fully recognized by this office. Nevertheless, it is requested that every effort be made to complete this movement in the specified period, thereby greatly alleviating the acute warehousing problem that now exists.

Ref. W/S.1/1398/Tn6

SUBJECT : Shipment of Clothes, Shoes, etc. from Depot 676 Naples to I.C.E. Rome

TO : Director, Transportation Sub-Commission

1. On 16 July 1945 there was received from the Commerce Sub-Commission letter ref. AG/5134/Commerce, signed by Major Gent, Director. Copy is enclosed herewith.

2. This letter instructed the Ports and Warehouse Division to arrange to ship to I.C.E., Rome, all the imported clothing, shoes and blankets which at that time were stored in Depot 676, Naples. Further details were contained in Warehouse Release Order No. 1859, dated 15 July 1945, signed by Major Gent, copy of which was also received with the above mentioned letter.

3. Shipments commenced shortly thereafter, as soon as rail bids were received. Shipments have continued and are still continuing because it is impossible to secure the necessary number of rail wagons to forward the large quantity (785 tons) in a short period. Some of the shipments made included shoes.

4. On 3 August 1945 'phone call was received from the Federazione Italiana dei Consorzi Agrari, managers of Depot 676 in Naples, stating that 8 wagon loads of shoes were on track ready to go to Rome when they were ordered by Signor Bordoni, of I.C.E., to withhold shipment because the shoes were not wanted in Rome. Naples asked for further instructions.

5. After 'phone calls and conferences with Major Gent, Major Scotten and Major Wood of Commerce Sub-Commission, it was agreed that the only person capable of rendering a decision was Mr. White, who was in Milan. There was some thought that Capt. Lapthorne, of Commerce Sub-Commission in Naples, might assist.

6531

0295

Declassified E.O. 12356 Section 3.3/NND No. 785021

6. A 'phone call to Capt. Lapthorne, Naples, indicated he was on his way to Rome. 'Phone service to Milan to Mr. White was not available, although strenuous effort was made.

7. After more conversation on 4 August 1945 (during the meantime Naples Warehouse was instructed to hold the loaded wagons for further instructions), Capt. Lapthorne appeared in Rome along with Sig. Bordoni and it was finally learned that some of the shoes in question, received from the United States, were in need of further repairs before they could be used. Repair shops are only in Naples and unrepaired shoes in Rome would have to be returned to Naples for repair. They did not wish to send further shoes in need of repairs to Rome.

8. The reasons for the actions stated above seem perfectly logical, BUT it is the opinion of this office that if the parties involved had inspected the merchandise upon its arrival in the warehouse weeks ago and had been aware of the situation, all the commotion might simply have been avoided.

9. I.C.S. has a representative in Depot 676 in Naples and it seems obvious that one of his basic functions is to ascertain the nature, quality, packing, etc., of the merchandise received at that warehouse.
