Ref. No. S/44(1)

21 May 1945

Dott. Della Porta,
Office of the High Commissioner for Food
Via Sallustiana No. 10,
ROMA.

Dear Dott. Della Porta,

This is with reference to the 525 tons of Codfish in Livorno. I have a copy of Avv. Montini's letter of 11 May to the Direzione Generale Alimenti which requests that you, together with A.C., make a plan for the disposal of this fish on the basis of a loan from ERSEA to the Government and to A.C. in order to avoid spoilage during the summer.

We were informed yesterday by Captain Ramsey, A.C. Port Liaison Officer at Livorno, that the fish there is beginning to show signs of going bad and he urged that we dispose of it immediately.

May I therefore urge you to put all possible pressure on the Direzione Generale Alimenti so that we can loan the fish to the Government and A.C. for general distribution on the basis of repayment in animal proteins of equal or better value.

Sincerely yours,

AND HADGEM
Director of Supply.
