2. It is suggested your figures on flour be checked against those given above, as we are certain AC actually overshipped PBS 396.5 M/T flour. We are holding the matter ~~the matter~~ of adjustment on the flour in abeyance until you have had opportunity to recheck and advise us.

3. In reference to the sugar, AC depots received only 1224.9 bags sugar (553.7 M/T net) which is identical with the number shown by our check of port records. Also your 1st Ind. above indicates a total of only 1338.32 M/T to be accounted for, whereas manifest figures on the S.S. GRANT WOOD are 2245 M/T net.
