SUBJECT : Red Cross Clothing

FROM : Port & Warehouse Division

TO : Officer in Charge, ALCOM Depot Ancona
(Att. Capt. Kelly)

1. Beginning 5 Feb 45 it is planned to ship 15 tons per day (2 rail wagons) Red Cross clothing from ALCOM Depot 676, Naples to ALCOM Depots, Ancona. Total to be shipped is approximately 220 tons, consisting of such items as sweaters, trousers, o'coats, shoes, etc.

2. This merchandise needs special handling because it is bulky (about 7½ tons fills a rail car and 1½ tons fills a 3 ton truck). Far more serious is its highly pilferable character. It requires best available security.

3. For these reason it is suggested that the upstairs rooms of the tobacco warehouse would be a good place to accommodate these goods after the roof and windows have been made waterproof.

4. This clothing is mainly intended for Northest Italy. Movement from Ancona will be made accordingly.

5. Warehouse records on Red Cross clothing will be kept by the piece - not by the bale or carton. Receiving and shipping records and inventories will be forwarded to this office in duplicate - one marked for Account Section and the other for Red Cross - Att. Mr. Ford.

6. Make all necessary arrangements at once. Trucks hauling from railhead to depot must be guarded. Rail wagons will be specially guarded. When outgoing shipments by rail or truck are made. Guards must be provided by DSRS or Regional Commissioner.

7. Advice of detailed forwarding will be sent subsequently.
