LEND-LEASE BLADING
11-13-42

Bart, Va.

Received for shipment from the shipper hereinafter named the goods or packages said to contain goods, hereinafter mentioned in apparent good order and condition unless otherwise indicated in this bill of lading, to be transported to the port of destination and there to be delivered or transhipped on the terms hereafter stated. In every contingency whatsoever and even in case of deviation or of unseaworthiness of the ship at time of loading or at any subsequent time the rights and obligations, whatsoever they may be, of each and every person having any interest or duty whatsoever in respect of the receipt, care, custody, carriage, delivery, or transshipment of the goods whether as shipper, consignee, holder, or endorsee of the bill of lading, receiver or owner of the goods, master of the ship, carrier, shipowner, demurrage charterer, time charterer, operator, agent, broker, warehouseman, forwarder, or otherwise, however, shall be subject to and governed by the terms of the Carrier's regular Bill of Lading, which shall be deemed to be incorporated therein, including any amendments thereto or special provisions thereof which may be in effect at the time the goods are received for shipment and applicable to the intended voyage. Copies of such Bill of Lading may be obtained on application to the Agent or the Master at the port of shipment or port of discharge or to the Administrator, War Shipping Administration, Washington. This agreement shall have effect subject to the provisions of the Carriage of Goods by Sea Act of the United States, approved April 16, 1924, which shall be deemed to be incorporated herein and nothing herein contained shall be deemed a surrender by the carrier of any of its rights or immunities or an increase of any of its responsibilities or liabilities under said act. The provisions stated in this Act shall (except as may be otherwise specifically provided in the bill of lading referred to above) govern before the goods are loaded on and after they are discharged from the ship and throughout the entire time the goods are in the custody of the carrier. Nothing herein contained, whether by express statement, reference, implication, or otherwise, shall be deemed a surrender of any rights or immunities or an increase of any responsibilities or liabilities which the ship, her owner, charterer, operator, agent, or master or any carrier, broker, warehouseman, or forwarder of the goods or the agent of any of them would have in the absence of this bill of lading. None of the terms of this bill of lading shall be deemed to have been waived by any person unless by express waiver signed by such person, or his duly authorized agent.

IN ACCEPTING THIS BILL OF LADING, the shipper, consignee, broker, holder or endorsee of this bill of lading, receives, owns of the goods and each of them agree that all freight, charges, expenses, duties, taxes, and other charges, and the responsibility for the goods, shall remain with the shipper, consignee, broker, holder or endorsee of this bill of lading, and shall not be transferred to the carrier by the presentation of this bill of lading, and agree to be bound by all its terms whether written, printed, or stamped on the front or back thereof or incorporated by reference therein, any local customs or privileges to the contrary notwithstanding.

It is recommended that a formal Bill of lading duly endorsed must be surrendered to the agent of the ship at the port of discharge in accordance with delivery order.
