From : Aloom Transportation Officer

Sub : Cotton EX S.S. ANDORIAN JUDSON.

With ref to my telegram A.C. Tptn/Ports/6/35 of
8 Feb. herewith a more detailed statement of the cotton referred
to.

On the bill of lading the particulars furnished are as
follows.

Marks & Nos.	Quantity	Description	Gross Wt. kilos
P - 14 110-44 Genova	2,954 bales	Bales Prima Cotton	812,345

The gross wt in metric tons would be 812,345.

This information I have received from the agents, and also the
information I passed on to you with my letter A.C.Tptn/Ports/10/3
dated 4 Feb., which presumably you had not received by the time
you despatched your telegram No 907.

Am I to understand that advice you wired should read 800 ton
or is it that only 80 tons have been given under the Y.T.193.

Your reply will be appreciated.
