SUBJECT : E.B. JOSEPH EASTMAN

TO : ALGER Port Liaison Officer - BARI
Attention: Lt. O'Leary

1. Enclosed herewith is Out-turn Report prepared by Ancona Depots on the above named ship. Substantial deficiencies are apparent.

2. Ancona reports that this ship was checked exceedingly carefully and they are confident that all merchandise discharged from the ship in Ancona was actually received in the warehouse.

3. It is therefore apparent that the shortages must be accounted for either by error in the advice of what was discharged from the ship at Bari, or merchandise was not actually loaded on the ship in the United States.

4. Ancona's figures are based on the advice from Bari by signal, indicating that the following merchandise was discharged at Bari:

Lard 2025 barrels 1014 cases	approx. 450 tons
Egg powder 2724 cases	" 74 "
Evaporated milk 16424 cases	" 400 "
Sugar 11620 sacks	" 524 "
Dry milk 355 drums	" 40 "
Soup 7417 cases and sacks	" 165 "
Fish 4250 cases	" 110 "

5. It is requested that a careful check be made at Bari to ascertain whether the above listed figures of Bari's discharge are in fact correct.

- 2 -

d. There have been continual controversies about the responsibility for losses on ships that are partly discharged in the Keel and finish discharge at Ascona. The Port Liaison Officer at Ascona, being fully aware of the situation, prepared for careful checking of the EASTMAN at Ascona and is positive that no losses occurred on this particular ship at that port.

SUBJECT : R.S. JORGE EASTMAN

TO : ALBON Port Liaison Officer - BARI
Attention: Lt. O'Leary

1. Enclosed herewith is Out-turn Report prepared by Ancona Depots on the above named ship. Substantial deficiencies are apparent.

2. Ancona reports that this ship was checked exceedingly carefully and they are confident that all merchandise discharged from the ship in Ancona was actually received in the warehouse.

3. It is therefore apparent that the shortages must be accounted for either by error in the advice of what was discharged from the ship at Bari, or merchandise was not actually loaded on the ship in the United States.

4. Ancona's figures are based on the advice from Bari by signal, indicating that the following merchandise was discharged at Bari:

Lard 1026 barrels 1024 cases	approx. 480 tons
Egg powder 8798 cases	" 76 "
Evaporated milk 16424 cases	" 400 "
Sugar 11887 sacks	" 524 "
Dry milk 383 drums	" 60 "
Soup 7617 cases and sacks	" 188 "
Fish 4260 cases	" 110 "

5. It is requested that a careful check be made at Bari to ascertain whether the above listed figures of Bari's discharge are in fact correct.

- 2 -

2. There have been continual controversies about the responsibility for losses on ships that are partly discharged in the Reel and finish discharge at Ancona. The Port Liaison Officer at Ancona, being fully aware of the situation, prepared for careful checking of the RANTH at Ancona and is positive that no losses occurred on this particular ship at that port.

1. Reference your letter 7 August 1945, your ref. 15617/E/A.
2. Further figures have been received from Bari that have in no way tended to decrease the abnormally large losses on the above mentioned ship. Further, no explanation of any kind has been forthcoming from either Lt. O'Leary or the representatives of the Federazione Commerciale Agraria in Bari to indicate reasons for the loss.
3. Bari advised known by signal of detail of merchandise taken off at Bari. Subsequent reports by Bari indicated quite different figures, in some cases more and in other cases less.
4. A combined Put-Turn Report, indicating quantities manifested, quantities received in Bari and Ancona, and the resultant shortages and overages is attached.
5. It is not believed much can be done at this late date to recover or account for losses. However, there has been a considerable change in personnel of the Federazione, as well as a change in procedures in the Bari-Brindisi area, so that it is hoped future abnormal losses will be avoided.

2. In view of the abnormally large losses on this boat, we think
it possible that part of the cargo was off-loaded onto a Schooner at Bari
