17 JUL 1944

HEADQUARTER REGION IV
Allied Control Commission
APO 394

CE/mc

5 July 1944

TO : ACC Food Subcommittee

SUBJECT: Heavy workers ration

FILE No: RA/ES/006.2

1. Major A.G. Perley, Chief Roads Engineer, Region IV advises that he has 500 men working on roads now and will ultimately use up to 5000. These men are hired by contractors who office in Rome.

2. Major Perley and this office have tentatively agreed upon the following procedure with respect to the issuance of the heavy workers ration, Scale B:

a) that contractors present to Major Perley certified lists of their workers, qualified to receive the extra ration.

b) that Major Perley screen the lists, and issue cards to the employers for distribution to the employees.

c) that based on the total needs of all contractors in his employ, Major Perley make a request to this HQ for an allocation of foodstuffs; that this HQ issue an allotment note to Major Perley on the Consorzio Agrario Provinciale warehouse in Rome City; that Major Perley issue demand to the contractors covering their needs; that the contractors receive and deliver the supplies to their respective camps.

d) that employees deliver coupons showing receipt of issue to the employer for transmittal to Major Perley.

e) that the following ration be issued:
weekly 1.196 grams flour in lieu of 1/3 lb of bread on mid-day meal, and in lieu of 350 grams of pasta (until pasta factories are operating)

4105

Fresh vegetables on mid-day meal to be
supplied by contractors
0.8 oz. of dehydrated soup per day

3. In other respects the procedure set forth in the appendix to 222/CA of 25 May will be adhered to.
4. It is requested to know if the proposed method in any way contravenes AOC policy.

MEMO :

TO : Public Works & Utilities Sub-Commission, A.C.C., APO 394.

1. If it will expedite the road repair and maintenance work outside the Naples Metropolitan Area being performed by contractors under the Genio Civile I, personally, am in favor of feeding them one meal a day consisting of soup and bread.
2. If you can arrange the issue and have no way of serving it we can arrange for its delivery on the job by Engineer Units. We prefer, however, that you handle issue and serving through the Genio Civile.
3. No doubt the Genio Civile is also interested in feeding the men engaged on City of Naples streets. As this work is under the jurisdiction of the Commanding General, Metropolitan Area, I have nothing to recommend in their case.
4. In view of the fact that we feed one meal per day to labor we employ direct on roads and which may be working in the same vicinity as labor employed by you through the Genio Civile and contractors, it would seem that dissatisfaction would result if the latter employees are not also fed.

OGGETTO

Si prega tralare per ogni lettera un solo foglio, e indicare nella sinistra il N. di Protocollo a cui si risponde.

L'Ufficio del Genio Civile dipendente dal Ministero dei Lavori Pubblici è nelle attuali contingenze occupato quasi interamente nei lavori di pertinenza del Comando Allente; come demolizioni di fabbricati pericolanti, rimozione di macerie dalle strade di traffico nell'ambito e fuori la città.

Si è a conoscenza che varie amministrazioni, come il Genio Militare, Banco di Napoli, S.M.E., Questura, Finanza, ecc. incaricate di lavori diretti dal Governo Allente sono beneficiati di una razionamento supplementare di viveri per i loro impiegati. E' vivo mio de-

The office of the Genio Civile, a branch of the public works, is at present engaged practically entirely on the direction of works ordered by the Allied Military Government; such as the demolition of bomb damaged buildings, removal of rubble and debris from streets and roads, and maintenance of streets and roads of the City and provincial Naples.

It is understood that various governmental and civil administrative organizations, such as the Genio Militare, Banco di Napoli, S.M.E., Questura (Police Service), Finanza (Fi-

SUBJECT: Food Sub-Commission - Warehouse Repairs.

TO : Regional Commissioner, Region III
Attention: Public Works Officer.

1. The Food Sub-Commission has made a request to this Sub-Commission for assistance in having certain repairs made to two warehouses currently in use by them for storage and distribution of food. It has been determined that the repairs are necessary in order to prevent deterioration of the food.

2. A representative of this Sub-Commission together with your representative made a physical inspection of the building in question today, at which time it appeared that the following repairs are feasible:

(A). Building at 676 Warehouse - Naples.

The placing of at least a temporary roof on approximately one half of this structure, using as supports the original 1 beams available on the site.

(B). Building at 8; via Bologna -

The repair of skylight openings and of numerous small holes in the roof caused by shell fragments.

3. If you have the necessary facilities at your command we wish to earnestly request your assistance in having this work accomplished. Please advise immediately if any further help on our part will expedite the matter.

4. This confirms conversation of this date between our representative and Lt. Col. Henaley.
