SUBJECT: Approval of Projects.

TO : 12. Allied Commission - P.W. & U. Sub-Commission

1. The enclosed three (3) Projects for Road Maintenance during the period 1st July - 15th Sept. are forwarded for consideration and approval.

2. The Projects are as follows:

- ✓ (a) ACIO/TOS/100-State Rd 2 - Buonconvento-Firenze - 7,148,000 Lit
- ✓ (b) ACIO/TOS/101- " " 67 - Firenze-Pontassieve - 1,250,000 "
- ✓ (c) ACIO/TOS/102- " " 69 - Pontassieve-Arezzo - 4,500,000 "

3. It will be seen that Project (a) has been reduced from 7,155,000 liras to 7,148,000 due to an arithmetical error. Forms A.C.2 are therefore incomplete as it is not possible to ascertain from the Project what proportion of the reduction should be borne by each Contractor. It was felt however that this could be adjusted by the Genio Civile in due course.

2. The Projects are as follows:
 - ✓ (a) ACIO/TOS/100-State Rd 2 - Spadonvento-Firenze - 7,148,000 Lit
 - ✓ (b) ACIO/TOS/101- " " 67 - Firenze-Pontassieve - 1,490,000 "
 - ✓ (c) ACIO/TOS/102- " " 69 - Pontassieve-Arezzo - 4,500,000 "
3. It will be seen that Project (a) has been reduced from 7,153,000 liras to 7,148,000 due to an arithmetical error. Forms A.C.2 are therefore incomplete as it is not possible to ascertain from the Project what proportion of the reduction should be borne by each Contractor. It was felt however that this could be adjusted by the Genio Civile in due course.

Oggetto: Finanziamento di lavori in Toscana.

Questa Sottocommissione ha approvato in Toscana 127 progetti di opere pubbliche per un importo di lire 785.700.000,00 i quali non hanno potuto essere finanziati dall'A.M.C. per l'intervenuto passaggio della Regione al Governo Italiano.

Questi progetti, la cui esecuzione corrisponde ad un piano organico di lavori concordato fra l'Ufficiale Regionale di questa Sottocommissione e l'Ispettore Regionale del Genio Civile, sono in gran parte già iniziati, e molti in avanzato stadio di esecuzione, per cui ogni ritardo nei pagamenti risulta pregiudizievole per la continuità dei lavori. Si tratta di lavori di riparazione o ricostruzione di ponti, strade, acquedotti, edifici pubblici, segnature, opere idrauliche, che assorbono notevole massa di operai. Il ritardo nel finanziamento provocherà indubbiamente la sospensione dei lavori, con l'aggravamento della disoccupazione che nella zona è già preoccupante. Si segnala inoltre che molti di questi progetti sono di non grande importo singolo, e affidati per l'esecuzione a cooperative, le quali non disponendo che limitatamente di capitali hanno la assoluta necessità

di ottenere regolarmente il pagamento dei certificati di acconto.

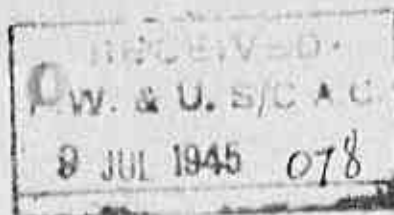

L'eventuale rallentamento o sospensione dei lavori nella riparazione dei ponti potrebbe provocare il ritardo di un anno nel completamento delle opere, non utilizzando il periodo di magra attuale dei fiumi.

Appare quindi assolutamente necessario il finanziamento dei detti lavori e con la procedura più rapida e semplice possibile, quale è quella della A.M.C. che permetta il regolare svolgersi dei lavori in attesa che questo Ministero possa provvedere al finanziamento di quegli altri lavori che pure appaiono urgenti nella predetta Regione.

Si confida che codesta Sottocommissione vorrà autorevolmente appoggiare questa richiesta presso la Sottocommissione per le Finanze.
