14 November 1945

SUBJECT: Approval of Forms AC/1.

TO : Hq. Allied Commission -
Public Works & Utilities Sub-Commission.

1. Ref. your letter 078/LO/1/PWU of 5 November '45.
2. In general these heavy supplementary estimates result from adjustments necessary to meet increased costs of labour and materials.
3. All the original estimates were prepared immediately after liberation and costs were then much lower.
4. All are long term projects and there have been several increases in material and labour costs since the estimates were prepared and works put in hand.
5. In the particular case of Perizia n.1375, more damage existed than was at first apparent and it has been necessary to extend the scope of work considerably.
6. The supplementary estimates have been rechecked, are considered reasonable and approval is recommended.

OGGETTO: Richiesta di lavori urgenti per la disoccupazione in provincia di Milano.

In previsione del preannunziato passaggio del territorio del Nord dal Governo Militare Alleato al Governo Italiano, questo Ministero aveva predisposto anche per quelle Province un programma di opere pubbliche straordinarie per far fronte alla disoccupazione.

Viene ora segnalato che la disoccupazione in provincia di Milano accenna ad assumere aspetto particolarmente grave come conseguenza della riduzione degli operai addetti alle industrie, e vengono rivolte premure a questo Ministero perché interessi il competente Governo Militare Alleato affinché, dato il rinvio del passaggio del territorio al Governo Italiano, veglia approvare e finanziare una parte di lavori previsti nel programma che potrebbe per ora essere limitato ad 619 milioni.

La scelta dei lavori da eseguire potrebbe essere effettuata.
