SUBJECT : Crushing equipment

TO : Public Works & Utilities Sub-Commission
(Attn: Capt. Sheppard)

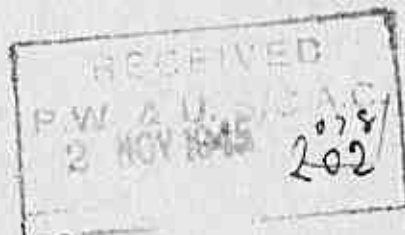

1. We have been requested by Genio Civile of Milan to assist them in reducing the extremely high cost of gravel and crushed rock required by the city. The local contractors have practically a monopoly on the supply of this commodity and prices have risen in these last few months from 150 lire per cub. meter to as much as 1500 lire per cub. meter.

2. We have under way a project for remedying this situation and could use to great advantage one of the large crushing plants recently imported from U.S.A.

3. Will you please take this matter up with the authorities concerned and if possible arrange for the a/m equipment to be allotted to Genio Civile of Milan.

For your consideration and necessary action.

For the Regional Commissioner:

A.J. Greene
A.J. GREENE,

Subject: Civilian Type Vehicle.

To : Major Evans.

1. Captain Spriggs advised that he had recently turned into the pool of Lombardia Region an automobile of the following description:

Lincoln Zephyr - Sedan
ACC - 283 Lombardia Region.

2. He further stated that this was an abandoned German vehicle and was found and repaired by him. No ownerships had been established.

3. We are very desirous of obtaining this vehicle for use in connection with our Highway Equipment Section and this Headquarters. Will you please investigate this possibility and advise us of the details.
