SUBJECT: Release of Stores and Plant.

155 3 NOV 1944

C. W + V

Societa Imprese Industriali,
c/o Regional Engineer,
HQ ACC Region IV,
ROME.

RM Stores Office,
52 CHM (Workab).
Ref: 529/15/4.

30. Oct 44.

Copies to: CC 1 District - reference your CM 3583 dated 26 Oct 44.
✓ Chief Engineer, Public Works Division HQ AGC - reference your memo RM/15 dated 12 Oct 44. Please indicate what items in the list submitted by the petitioners are required for works other than the PAGLIA bridge at ORVINO either direct to the CC 1 District or to this office for onward submission. A copy of the list is forwarded herewith.

CC 281 RM Wks Sec
CC 281 RM Wks Sec ORVINO

3 NOV 1944
A. C. C.

With copy of list. For necessary action if and when approached as indicated in para 5. Your recommendations should be forwarded to me in due course.

1. Your request for the release of machinery, equipment and materials from Cantieri Commune Sintetica TRAMI is under consideration.
2. Before this release can be proved it is necessary for you to:
 - (i) Prove ownership of the items enumerated in your list
 - (ii) Substantiate the necessity for the release of each item.
3. As far as I am concerned releases are only needed for the reconstruction of the PAGLIA bridge (Ponte dell'Adunata) at ORVINO and for the working of your brickworks at CHIGU together with any other ancillary works which may affect these two works. As you will observe I have referred the matter of your requirements on other works to the Chief Engineer, PWD, ACC.
4. I regret we did not fully discuss this problem during the recent visit of your representatives to ROMA and I would suggest that you send a representative to discuss the matter either in ROMA or at ORVINO as soon as possible.
5. CC 281 RM Works Section (Major NATHAN RM) or his Garrison Engineer (Captain LEVIG RM) at ORVINO will be prepared to discuss your proposed organisation of work on the bridge and to discuss your

by the petitioners are required for works other than the PAGLIA bridge at GRVIMO either direct to the CE 1 District or to this office for onward submission. A copy of the list is forwarded herewith.

With copy of list, for necessary action if and when approached as indicated in para 5. Your recommendations should be forwarded to me in due course.

RM 281 RM Wks Sec GRVIMO

A. G. C.

1. Your request for the release of machinery, equipment and materials from Cantieri Comm. Sintetica IRMI is under consideration.
2. Before this release can be approved it is necessary for you to:
 - (i) Prove ownership of the items enumerated in your list
 - (ii) Substantiate the necessity for the release of each item.
3. As far as I am concerned releases are only needed for the reconstruction of the PAGLIA bridge (Ponte dell'Adunata) at GRVIMO and for the working of your brickworks at CHIUSI together with any other ancillary works which may affect these two works. As you will observe I have referred the matter of your requirements on other works to the Chief Engineer, PWD, ACC.
4. I regret we did not fully discuss this problem during the recent visit of your representatives to PERUGIA and I would suggest that you send a representative to discuss the matter either in PERUGIA or at GRVIMO as soon as possible.
5. OG 281 RM Works Section (Major HARTLEY RM) or his Garrison Engineer (Captain LEWIS RM) at GRVIMO will be prepared to discuss your proposed organisation of work on the bridge and my Stores Officer (Lieut. BARNETT RM) is prepared to discuss your requirements at CHIUSI brickworks.
6. I can assure you that no obstacles will be put in your way to delay progress on the PAGLIA bridge or to restrict output at the CHIUSI brickworks. I am, of course, prepared personally to discuss your requirements either in PERUGIA or at GRVIMO.

Your early attention is requested.

 Roma, Via Monzambano 10

SUBJECT : Garage for 100 vehicles.

IN REPLY QUOTE : R4/ENU/101.34

HEADQUARTERS

Reference your letter No 1664 of 31st July 1944 submitting a scheme for a garage for 100 vehicles.

1. I told you verbally at the time that I did not consider that any such project would be considered.

I have discussed this with Lt. Col. Thompson; at the time he suggested preparations to receive vehicles there seemed to be likelihood of vehicles becoming available, that likelihood has received.

2. Should a small number say 20 or 30 vehicles at most become available later some are certain to be garaged near the work on which employed and all that would be required would be arrangements for Servicing and repairs which could be done in some existing garage and it should be possible for vehicles if any to be housed in existing buildings whenever situated failing which as with army vehicles they could have to stand in the open.

3. I request that this has resulted in waste of time preparing an estimate of £. 7,000,000 when this is so much urgent work in hand. One copy has been retained by me.

ACC/122/PWJ

1 August 1944

SUBJECT: Request for trucks.
TO : Regional Engineer, Region IV

1. Reference HQ/ACC/267.1 dated 28 July 1944.
2. As has been outlined at the last meeting of the Regional Engineers and in previous communications, Regional Engineers must make their requests for trucks or gasoline through proper channels within the Region. Trucks have been assigned to A.C.C. only in connection with the reconstruction of military highways and these cannot be used for any other purpose. Therefore, if trucks are needed in connection with the Pontine Marshes program these trucks must be obtained by the Region either from private sources or from Army units.
3. In so far as the procurement of gasoline is concerned, Lt. Col. Thompson has been working on a program permitting Regional Engineers to draw their own independent gasoline supply which would be controlled by them and issued to Genio Civile, contractors, etc. It is hoped that a definite program can be announced within the next few days which will be very helpful to all Regional Engineers.

L. A. JENNY,
Lt. Col. C.E.
Director.
