Con promemoria in data 14 dicem.45 d'accordo con il Regional Ingenier col. Lee ed il capitano Brownlee furono avanzate proposte al Headquarter in Roma per la corresponsione di un premio ai funzionari dell'Ispettorato Generale del Genio Civile di Genova e dei dipendenti Uffici di La Spezia, Genova, Savona e Imperia, per l'opera solerte ed infaticabile da essi prestata durante gli otto mesi di collaborazione col Governo Militare Alleato.

Apprendo ora che la detta proposta, nel giro fra Genova, Milano e Roma è andata smarrita e quindi non trasmessa al Ministero dei Lavori Pubblici con l'approvazione di codesto Comando.

La somma che si propone di concedere ascende a £.503.000= che verrebbe divisa fra 90 funzionari, scelti fra i più meritevoli sulla base dell'allegata ripartizione (all.3).

Si invia pertanto un secondo originale dell'2930posta affinché codesto Comando voglia cortesemente inviarla al Mini-

stero dei Lavori Pubblici accompagnandola con una sua autorevole raccomandazione.

MINISTERO DEI LAVORI PUBBLICI
Direzione Generale dei Servizi Tecnici

Il progetto in esame mira a completare una strada provinciale di serie, da tempo iniziata e per circostanze varie, non ancora portata a termine.

L'opera si ravvisa di grande utilità nell'interesse generale; e potrà riuscire di notevole sollievo alla disoccupazione operaia al quale fine è stata compresa nel relativo programma.

Nel riguardi tecnici, sarebbe consigliabile ridurre la pendenza nei tratti in curva tra le sezioni 27 e 32 e tra le sezioni 39 e 63 con lieve allungamento di tracciato.

Non è possibile dare un giudizio sui prezzi in quanto manca agli atti il computo metrico estimativo.

Nel complesso il costo sembra elevato; e quindi, in ogni caso, all'appalto dei lavori converrà procedere per gara tra ditte idonee.

Roma, 11 dicembre 1945.
