TO : AC (PW & U Sub-Commission)  
 SUBJECT : Transport for Field Engineers - Umbria  
 REFERENCE: R4/ENG/42.1

1. In accordance with your request (Lt.Col.Thompson) the following report is submitted.
2. Major Evans R.E. has been re-assigned from Lazio Umbria to Umbria Marche Region. His car AC/IV.247 has been taken from him by Lazio Umbria Regional Transport Officer.
3. Major Drysdale, recently assigned to Umbria Marche Region was to take over the car AC/IV.297 in the possession of Capt. Laughton (who has been re-assigned to Emilia). This car also has been collected.
4. Capt. Spriggs, who has been re-assigned to Lombardia Region, but remains for a short while on temporary duty in Umbria, still has his car AC/IV.323. It is understood, however, that Lazio Umbria Regional T.O. has orders to collect also this car.
5. It is understood that direct orders for the collection of these cars were given by Col. Parkin O/C-A.C. Regt.
6. The position now is that Major Evans, who left his car available in Perugia for a few days, is now stranded in Rome and when returned to Umbria will be unable to function for lack of transport. Major Drysdale, now in Perugia, cannot function for the same reason. Capt. Spriggs, when his car is collected, will be in the same position.
7. It would be appreciated if you would make the strongest representations to rectify this position. It was always understood that these cars would remain in Umbria, where proper progress of Public Works will cease without them.

*This is my understanding I know the situation & that Public Works Engineers in Perugia are without transportation*
