TO : Maj. A.G. Evans, P.W. & U. Officer, PERUGIA
: Capt. J.H. Walsh, P.W. & U. Officer, ANCONA.
FROM : Regional Engineer.
SUBJECT: Bridge classification.
REF. : 516/13
DATE : 22 March 1945.

1. All bridges hereafter erected in the Marche and Umbria Regional Area will carry a standard classification sign at each end.
2. This sign will be a yellow circle with the classification figure in black numerals.
3. Provincial Engineers will be ordered to post these signs at the earliest possible moment.
4. In view of the fact that it is impossible to furnish Genio Civile Offices with classification specifications, local CRES will be requested to furnish classification of all existing bridges in their areas.

C.A. LATIMER

Capt. Centry,
P.W. & U. Sub-Commission,
Lazio Umbria Region,
A.E.O. 394 (U.S.Army)

Scour is endangering the pier foundations of the
above timber bridge.

It is essential that urgent action be taken please
to repair the log revettment to the piers and to replace stone
filling where this has been washed away.

Will you please instruct the Genio Civile of Campobasso
to carry out this work as a matter of urgency.

Surface drainage work is also required where the road
passes through Isernia town in one or two places, if subsidence
is to be avoided.

Please confirm that you can put the work in hand
urgently.

 FROM : Regional Engineer
 SUBJECT: Bailey Bridge at G-878992 (Popoli)
 REF : 5/517/II
 DATE : 31 Oct. 1944

Reference our conversation in Aquila on 29 Oct. '44,
 may I remind you that a Bailey is urgently needed at this
 point, especially for west-bound loaded truck traffic. It
 will require 15 lineal meters of bridging.

Early installation by your forces will be greatly
 appreciated. Abutments are in the same good condition as when
 a Bailey had been here up to 4 Oct. 1944.

SUBJECT : Snow Removal
REF : 5/57/11
DATE : 31 October 1944

1. Reference your letter of 18 Sept. 1944 Ref :
14 GE/559 par. 2 (d) and (e):

(d) The Vasto - Isernia road from Carmonio south.
This road will be taken care of by the Genio Civile
of Campobasso Province, who has sub-mitted his proposal to
Highways Engineer AGC. Foggia.

(e) Popoli - Aquila - Rieti road.
This road will be taken care of by the Genio
Civile of Aquila, who assures us he will be able to keep this
road open with equipment and personnel at hand and available
with our supplying him of the necessary petrol and an occasional
truck or two.

He has agreement to care for this road as far as
Antrodiceo regarding snow removal. He has ploughs located at
Sella di Corno, Aquila and Popoli.

15 November 1954.

SUBJECT : Road and Bridge.M.B.-B 656718

TO : Regional Commissioner, Abruzzi-Marche
(Att: Regional Engineer).

1. The proposal to construct a small timber bridge and relative roads at the above location has been referred to the Electrical Division for an indication as to the urgency of the work in relation to power plant reconstruction.

2. We have been advised that while the road is of no immediate interest to them, plans for next year require that equipment must be moved over this road by April or May 1945.

3. Since early completion is not imperative it is suggested that the construction of a permanent structure be considered for this site, thereby utilizing local materials and avoiding the use of critical timber.

4. All documents are being returned herewith for your consideration and further comments.

Memorandum

To: Maj. Barry.

Projects B-652-715 & B-656-718. Estimates returned with 1/30,000 maps of Ascoli Area showing roadway in question and Porta Catara Bridge crossing Castellano River.

These works were requested at a time when it was contemplated that one unit from Pedaso Plant would be moved to Castel Trovino (Castellano Plant) and placed in operation there. Since this move was cancelled for the present, it seems that the Electrical Division has no special interest inasmuch as Castel Trovino has been completely destroyed beyond any expectation of rehabilitation within a reasonable time. The necessity or urgency of carrying forward this work from the standpoint of other considerations, I do not believe, rests with the Elec. Div.
