SUBJECT:- POL to Civil Contractors

To :- Major Perley

For works on the ORTANOVA - BOVINO road A.A.S.S. asked for S.I.C.E.L.P. to be provided with Derv Lub Oils & Grease for the machines they are using on that contract as follows:

6 Stone Crushers	483 litres per day	80½ litres per machine
1 Excavator	80½	"
1 Motorcompressor	40	"
2 Rollers	107	"
	53¾	litres per machine

Authority has been given for them to draw the full requirements they ask for up to the end of March.

eg. 12.000 (Twelve Thousand) Litres Derv.
1000 (One Thousand) " Lub Oils
19 (Nineteen) Kilos Grease

Will you please check whether the quantities ask for per machine are the actual consumption figures. Should they have asked for more than will be required will you inform the S.I.C.E.L.P. Representative on the job that the Balance will have to be carried forward to next months requirements.

Subject: - Emulsion Requirements

To: Chief Engineer. 2 District

At the request of Major Newby I have obtained from Major Purley, Foggia Dept, & Ing. Di Cesare their requirements in Emulsion for Patching the following roads.

Foggia Province.

Foggia - Termoli
" Campobasso
" Naples
" R. Ofanto on Barletta Rd.

Total requirements 450 Barrels Emulsion
100 Barrels required immediately.

Puglie Comp.

Bari - Barletta - R. Ofanto.	220	Barrels Emulsion	
" Modugno	50	"	4829

Ing. Di Cesare said A.A.S.S. were ready to start immediately. They were instructed they could collect the Emulsion.

Ref. Your query about the bitumen for the road repairs through Bisceglie Ing. Di Cesare states they obtained 46 tons out of 250 tons at Brindisi through the
