File Ref.

Date: 11 August 1944

SUBJECT: Projects submitted -

TO: Director Public Works And Utilities
Sub-Commission, Hq. ACC. APO 394 -

- I. In accordance with proposal made at the regional engineers conference 24 July, 1944 regarding the reduction of work in examining small projects. I submit the following data :
- | | |
|--|----|
| a) Average number of projects submitted per month: | 50 |
| b) " " " " less than L.300.000 requiring no requisitioning of materials | 20 |
| c) Average number of projects less than L.250.000 requiring no requisitioning of materials | 15 |
2. Eliminating the necessity of approval for projects of less than L.300.000 would aid considerably in the proper functioning of this area inasmuch as most of the projects of this nature are in the most inaccessible places.
