SUBJECT : Servant Allowance

TO : Distribution below

1. Approval and implementation of the new consolidated War Establishment has now been obtained, and all British Officers within the organisation of Allied Control Commission and Allied Military Government become entitled to claim Servant Allowance.

2. The allowance will be claimed forthwith on the attached pro-forma by individual officers, and these forms should then be returned to G-1 (B) by Vice Presidents of Sections, Heads of Branches and Independent Sub-Commissions, who will please ensure that the effective dates are correct. Where provision is made for the second date in para I of the claim, the following should be inserted : "to date and to continue".

3. It is pointed out that claims for period that any officer spent at the Military Government School and Holding Centre cannot be considered.

4. Any officer who is already in receipt of Servant Allowance will complete claim, but will attach thereto a statement to that effect, quoting the effective date.

5. Officers who have already submitted claims, but who are not in receipt of Servant Allowance, will re-submit on the attached pro-forma.

6. If insufficient copies of the claim are attached, application should be made to G-1 (B) for the additional copies required.

BY COMMAND OF LIEUT GENERAL MACFARLANE.

Chief of Public Works

Circulate Ref. Rev

Interesting

HEADQUARTERS
ALLIED CONTROL COMMISSION
APO 394

1 March 1944

SUBJECT: Establishment

TO : All Regions, AMG Armies, and Sections, Sub-Commissions and Branches of HQ.

1. Present Position

a. The authorized strength of the 2675 (American) Regt., ACC is 829 Officers, 15 Warrant Officers and 1045 EM. Of these, 74 EM are detached on special duty, but still carried on the strength of the Regiment.

b. The authorized strength of AMGAC, the British Unit created by War Establishment No. WA/266/1 dated 6 January 1944 is 663 Officers and 1347 ORs.

c. On the strength of the above two units is borne the whole of the personnel allotted to ACC-AMG in Italy.

d. The number of Officers scheduled to proceed to U.K. is:

American 200
British 90

The British Officers are being replaced from U.K.; similar replacements will probably not be forthcoming for the American Officers. There will be no further bulk demands for personnel of ACC for other theaters.

2. Sub-Establishment for Regions, etc.

a. The question of Sub-establishments /TOs for Regions, AMG Armies, and Sub-Commissions and Branches of Headquarters has been under consideration, and it has been decided that no attempt will be made to issue them. It is realized that this decision will cause some difficulty and uncertainty in Regions and Sub-Commissions, but the question is fraught with so many complications that it has been found impossible to arrive at any other satisfactory solution.

b. The chief reason for the decision is that conditions, and with them the weight and direction of effort are and will be constantly changing. It is therefore impossible to allot personnel on any permanent basis, and it would be useless — in fact positively harmful to issue Sub-establishments /TOs which would be subject to constant amendment. Personnel will therefore be allotted by this HQ as and when required in accordance with the volume of work to the extent permitted by available numbers. All that can be said is that for the present Region I will operate with about 110 Officers, Region II with 117, and Regior III will be gradually reduced to about 40 after its territory is handed over to the Italian Government.

Declassified E.O. 12356 Section 3.3/NND No. 785019

3. Ranks and Promotion

a. The question of ranks and promotion will similarly be dealt with centrally by this HQ because it is not possible to lay down any fixed ranks for Officers or EM/OR in Regions since the total personnel will vary as territory is handed over and duties become supervisory on the one hand or operational duties increase under AMG on the other. Similarly, the volume of work in Sub-Commissions is not constant.

b. Recommendations for promotion of Officers (as to which separate instructions on the British side have been issued in Exec Memo No. 19) will therefore be submitted without regard to whether there is or is not a suitable assignment in a higher rank in the particular Region, Sub-Commission, etc., in which the Officer being recommended happens to be serving at the time.

c. Instructions regarding the promotion of both EMs and ORs are being issued shortly.

For the Executive Commissioner:

JOHN J. ALBRIGHT
Colonel, Infantry
Establishment Officer

CONFIDENTIAL.

REFERENCE: 16002/G-1

22nd February 1944.

SUBJECT : Officers for U.K.

TO : Distribution as below.

1. A further number of British officers is required for return to U.K. and service in another theatre. 20 have already been nominated and are leaving at the end of February, and a further 22 nominated by A.F.H.Q. will leave in mid-March.

2. The balance of 48 will be nominated by this H.Q. and will leave during the latter part of March.

3. In order to cause the least interference in the work of Regions and Sub-Commissions, Regional Commissioners will forward to this H.Q. before 28th February a nominal roll of those officers they consider suitable for return to the U.K. Specialist officers should be included in Regional Commissioners' lists and recommendations should be made without regard to rank.

4. I should be grateful if Vice-Presidents of Economic and Administrative Sections would instruct the Heads of their Sub-Commissions to submit lists. Vice-Presidents will be consulted regarding any specialist officers whose names have been recommended by Regional Commissioners.

5. Qualifications for service in ETO are:-

(a) Linguistic ability in French, German, Belgian or Dutch languages.

(b) Knowledge of, or business interests in the above countries.

(c) Actual field experience in A.C.C.

6. Officers recommended need not necessarily possess these qualifications, and although I do not wish Regional Commissioners to submit names of officers whose work has been unsatisfactory, there is no objection to them recommending officers who are obviously not fitted for this theatre and might be suitable for some other. Moreover, opportunity may be taken of recommending officers who, for private reasons, wish to serve in another theatre.

7. Final selection will be made by this H.Q. Regional Commissioners should, if possible, submit the names of at least six officers and Sub-Commissions at least one each.

*Names and relevant qualifications to be submitted to Econ. Sec. by 27 Feb.

G. M. SHARP MAJOR R.A.

For M. S. LUSH,
Lieut-Colonel

22 February 1944

SUBJECT: Location Returns.

TO : All Sections and Sub-Commissions.
Public Works & Utilities

1. In compliance with Adm. Order No. 10, Hq, AMG, 30 Dec 1943, Location Return blanks are furnished daily to each section and sub-commission. In the past the returns have provided valuable information on the whereabouts of all American officers assigned to this headquarters from day to day for the senior officers of the staff, Personnel Officers, and the Hq Commandant.

2. It is requested that the Location Return forms be completed and the essential information checked so as to reach the Personnel Office by 1000 hours daily. This will not be construed as relieving American officers of the responsibility for registering in and out of the Hq when leaving on Temporary Duty, Detached Service, or Permanent change of station.

Duty clerks will report to Sgt Picken, Chief Clerk, Adj. Dept. before 1500 hrs on day preceding tour of duty firstly in order to ensure that they are fully acquainted with their duties and secondly as confirmation that they are in knowledge of their tour of duty next day.

4536

Head clerks will inform Mr. Picken if any change is required to this roster, when practicable 24 HOURS in advance.

By command of Lt. Gen. MACFARLANE:

L. T. Montfort

L. T. MONTFORT
2nd Lt., AGD
Actg. Adjutant

3 February 1944

SUBJECT: Transfer of Officers to ETOUSA.

TO :

1. Enclosed herewith list of officers recommended for transfer to ETOUSA which has been cleared by the War Department, Hq ETOUSA and Hq AFHQ.

2. It is expected that orders will issue for all of these officers prior to 15 March.

3. This list is provided for information purposes only and in view of the clearances secured, the possibilities of making any changes are very remote.

By order of Colonel PARKIN:

L. W. STEARNS
Captain, AGD
Actg Asst Adj

File
4535

① Asgd. this Sub-Command
② Asgnt. requested
③ Region I P.W. officers
④ Other P.W. officers
⑤ Reassignment requested for U.K.

HEADQUARTERS
ALLIED MILITARY GOVERNMENT
APO 512

5 January 1944

SUBJECT: Contact with Regions I and II

TO : Chiefs of all Staff Divisions, Directorates and Subcommissions

1. It is considered essential for these Headquarters to keep in close touch with Headquarters, Regions I and II. In order to do this and at the same time to assist personnel in these Headquarters and in Regional Headquarters to handle problems requiring action by the other most expeditiously, personal liaison will be maintained periodically between these Headquarters and the Regions.

2. Major Lewis Van Dusen will visit Region I and Captain Evan Talbot will visit Region II for the present.

3. The number and character of the trips will depend on the use which can be made of these officers while they are performing this duty.

4. It is requested that officers in these Headquarters desiring to secure action from Regional Headquarters through the above liaison Officers should keep in touch with them to ascertain when they will make their periodic visits. The first visits are planned for early in the week of January 9.

5. It is emphasized that the work of these officers will be in addition to, and not instead of, the ordinary channels of communication and liaison.

CHARLES M. SPOFFORD
Colonel, O.S.C.

AG/320.3 12 February 1944.

SUBJECT: Roster of Enlisted Men.

TO : All Sections, Branches, Sub-Commissions, etc.

1. In accordance with NATOUSA ltr AG/320.2/341 A-O, subject, "Utilization of Manpower", dated 28 January 44, and NATOUSA Staff Memorandum Number 6 (same title and date), personnel in excess of table-of-organization strength will be returned to replacement pools not later than 15 February 44. An over-all reduction of approximately 45% must be made in the American Enlisted strength of this Headquarters.

2. All heads of Sections, Branches, Sub-Commissions, etc., which have American Enlisted Men on duty, will submit to the Acting Asst Adj (2675th Regt), Lt N. P. THEODORE, Provincia Building, Room E, Mezzanine Floor, by 1500 hours, Monday, 14 February 44, a roster of all their American Enlisted Men containing the following information in tabular form:

NAME	GRADE	SERIAL NUMBER	DUTY
Doe, Aloysius A.	S/Sgt	00000000000	Stenographer

All These names will be listed in the order of their value to the operation of the section.

By order of Colonel PARKIN:

Sgt. Eglen

To comply, today. [Set me). GER. 13/2.

P.R.O.

G.R.O.53 of 1944. 4506

1. The Army Council have drawn attention to the fact that accounts of personnel serving overseas reveal an increasing number of abnormally large debtor balances. In a number of cases individual debts exceed £100.
2. It would appear that certain Officers serving overseas whose duty it is to make payments to soldiers show little or no regard for their personal responsibilities in regulating the amounts paid out to individuals.
3. The attention of every officer will be drawn to his responsibility. In the absence of official knowledge of the state of a soldier's account, an officer has no authority to make a payment in excess of the net rate of pay shown in A.B.64, Part II. If he does so, he may be called upon to make good from his own pay, any resulting loss to the public.
4. The Council desire to make it clear to all officers that write-off of a debt on a soldier's account does NOT preclude subsequent consideration of whether the officer or officers responsible for the over-payments should make good the loss of public funds.
5. It is pointed out to the recipients of excessive cash issues that the rates of pay shown in A.B.64, Part II are for the guidance of the soldier as well as the paying officer. A soldier who falls heavily into debt through accepting cash payments, which on the evidence of his pay book are clearly excessive must not expect relief such as is given to soldiers who fall into debt through causes beyond their control.

ESTABLISHMENT MEMORANDUM)
:
NUMBER 7)

1. In the past, the Assignment (Posting) of officers and EM/ORs have become complicated by the fact that subordinate headquarters have issued orders on officers or EM/ORs who were Attached (on temporary duty) from another organization. These orders placed them on duty either by Assignment or by Attachment to a third unit or headquarters, in many cases without notifying the organization to which the officer or EM/OR was Assigned (Posted). The result has been that Regional Headquarters and ACC Headquarters have been unable to keep an accurate record of the actual location of personnel. In order to clarify this situation and make possible the keeping of accurate records on personnel, the following procedure will be followed in making changes of Assignment (Postings) and Attachments (temporary duty) when officers are placed on some special duty.

2. a. Original and changes of Assignments (Postings) will be made only on orders of Headquarters ACC. When a Regional Commissioner or, an SCAO of an army AMG desires a transfer of an officer or EM/ORs to or from the Region, or AMG of an army, they will make request to Headquarters ACC. The actual transfer will not be made until Headquarters ACC has cleared the transfer with subordinate headquarters involved. If both headquarters are in agreement and the change of assignment is urgent, the headquarters to which the officer or EM/OR is Assigned, may upon request place the officer or EM/OR on temporary duty with the headquarters to which they are to be transferred pending receipt of the ACC order.

b. When the SCAO of either the 5th or 8th Army desires the attachment of personnel of a Region operating closely with AMG of that Army, they may make request to the Regional Commissioner direct and have the Attachment made by Regional order (3 copies of which will be furnished to Headquarters ACC), or they may make request direct to Headquarters ACC for the Attachment by ACC order after the Attachment has been cleared with the Region concerned. Relief from Attachment may be made by the Regional HQ only with the concurrence of Army AMG.

3. a. Sub-commissions operating in the field will likewise issue no orders changing the Assignment or Attachment of personnel to their operating forces or from the operating forces to another unit. The head of the section or sub-commission involved will make request for such transfer or Attachment to Headquarters ACC.

b. Sub-commissions operating a distance from headquarters may and should issue travel orders when journeys required are of considerable length.

Declassified E.O. 12356 Section 3.3/NND No. 785019

officers & EM/ORs who were Attached (on temporary duty) from another organization. These orders placed them on duty either by Assignment or by Attachment to a third unit or headquarters, in many cases without notifying the organization to which the officer or EM/OR was Assigned (Posted). The result has been that Regional Headquarters and ACC Headquarters have been unable to keep an accurate record of the actual location of personnel. In order to clarify this situation and make possible the keeping of accurate records on personnel, the following procedure will be followed in making changes of Assignment (Postings) and Attachments (temporary duty) when officers are placed on some special duty.

2. a. Original and changes of Assignments (Postings) will be made only on orders of Headquarters ACC. When a Regional Commissioner or, an SCAO of an army AMG desires a transfer of an officer or EM/ORs to or from the Region, or AMG of an army, they will make request to Headquarters ACC. The actual transfer will not be made until Headquarters ACC has cleared the transfer with subordinate headquarters involved. If both headquarters are in agreement and the change of assignment is urgent, the headquarters to which the officer or EM/OR is Assigned, may upon request place the officer or EM/OR on temporary duty with the headquarters to which they are to be transferred pending receipt of the ACC order.

b. When the SCAO of either the 5th or 8th Army desires the attachment of personnel of a Region operating closely with AMG of that Army, they may make request to the Regional Commissioner direct and have the Attachment made by Regional order (3 copies of which will be furnished to Headquarters ACC), or they may make request direct to Headquarters ACC for the Attachment by ACC order after the Attachment has been cleared with the Region concerned. Relief from Attachment may be made by the Regional HQ only with the concurrence of Army AMG.

3. a. Sub-commissions operating in the field will likewise issue no orders changing the Assignment or Attachment of personnel to their operating forces or from the operating forces to another unit. The head of the section or sub-commission involved will make request for such transfer or Attachment to Headquarters ACC.

b. Sub-commissions operating a distance from headquarters may and should issue travel orders when journeys required are of considerable length.

4. Emergency transfers of officers or EM/ORs from the forward areas may be made by verbal order, but must be accompanied by a request to Headquarters ACC to confirm the transfer by a written order.

HEADQUARTERS
ALLIED CONTROL COMMISSION
APO 394
G-1

REFERENCE : 16004/13/G-1 1 May 44

SUBJECT : Officers for City Sub-Region

TO : Vice President,
Economic Section.

Attached is a list of Officers who have been nominated by A.M.G. Fifth Army for employment in City Sub-Region.

A.M.G. Fifth Army have asked for additional Officers with the following qualifications: -

For T.C.U.

3 Transportation ?
1 Mechanical
2 Public Utility } 3 Pub. Works Officers
1 Administrative ?

For Economics & Supply

1 with Warehouse experience
1 with M.T. experience
1 General Administrator
1 with Accounting and book-keeping experience.
1 with Port unloading experience
1 with Industrial experience

2. If all these Officers are included in the City Sub Region lay-out, it will mean that there will be in that one Sub Region :-

15 Officers for T.C.U.
and 22 Officers for Economics and Supply.

This seems rather a large number in view of the latest ceiling figures.

3. May I have your comments please.

/s/ R. H. Farren.
/t/ R. H. FARREN. /3
Colonel,
Executive Officer.

4 May 1944.

Subject : Public Works Officers for Region II.

To : Regional Control Commission Region II.

1. Reference is made to my letter of 3 May 1944 on the above subject.

2. Lt. J.W.L. Butcher (E) No. 265880, who is now actively engaged in and doing excellant work, on electrical matters in Bari, Tarrento, Brindisi and Lecce Provinces, has been assigned to Region II. for Electricity problems.

3. As soon as possible Lt. Butcher will examine the electric power situation in the Provinces of Materza and Potenza.

4. It will be greatly appreciated if some means of ~~permanent~~ permanent transportation could be assigned to this officer by Region II. In view of the fact that electricity is a critical item, it was necessary to have the Italian Government issue the recent Decree calling for strict rationing of this commodity. The Provincial Commissions created under the Decree, will require close supervision and in addition considerable spot checking should be done by Lt. Butcher in the small communes of each Province to see that the aims and purposes of the Decree are carried out.

5. Capt. L.W. Laughlin of this Sub-Commission who has been working in Apulia area on electrical matters will make periodic trips to Region II to give advice and assistance and to attend District No. 2 monthly meetings.

6. As soon as a Public Works officer is available he will be assigned to Region II to carry out the functions of that position.

ACC/125/PWU

SUBJECT: Personnel assigned to Military Highway Reconstruction.
TO : Vice President, Economic Section, A.C.C.
Attn: Col. Adams.

1. Recently some of our officers assigned to military highway reconstruction work in various Regions have been assigned to that particular Region. I wish to point out why this personnel must not be assigned to Regions and why it must be maintained as special field personnel of ~~your~~ Headquarters this Sub-Commission.

2. Military highways have always been the responsibility of the various military establishments, and not of A.C.C. or A.M.G. These military authorities continue to be responsible for the over-all direction over these military highways. They deal directly with us at this Headquarters and we must have absolute authority to shift our men from point to point sometimes on short notice, often to carry out important emergency assignments. Military highways do not recognize any administrative or political boundarion. They must be treated as one continuous artery and it is for that reason that A.F.H.Q. requested us to take over this responsibility because, even under military procedure, where the territories are divided up into districts, this has caused confusion to which was added the confusion of having to deal with regional or provincial personnel. It was then decided to set up one overall organization in absolute charge of this work, irrespective of boundaries and that task was assigned to the Public Works and Utilities Sub-Commission.

3. This Sub-Commission has assigned men with Headquarters at specific locations, but it has been necessary to shift these Headquarters from time to time to other points so as to concentrate on specific high-way routes which at the particular moment were urgent and had an exceptionally high military priority.

4. To assign this personnel to regions would only bring further confusion rather than to eliminate it and it is requested that men whom we have in the field be considered as special military highway field representatives of this Sub-Commission and that they be not assigned to whatever region within which they are actually functioning.

L. A. JENNY,
Lt. Col., C.E.
Director.

In reply refer to : RTC 210

Subject : Transfer of Officer to A.C.C.

To : P.W. & Utilities Sub Commission A.C.C. HQ.

1. During my recent tour of inspection on the east side of Sicily, I had a conversation with Capt. Johnson R.E. who was loaned to me to assist me in carrying out Chief Engineer's programme of Roads & Bridges.

2. I explained to him the new set up for handling works on Military Highways as outlined by C.E. He said that he was prepared to ask for a transfer to A.C.C. and he was certain that his C.O. and the Chief Engineer would have no objection.

3. It occurred to me that this Officer could deal with all Military Highways in Sicily and thus release Capt. Gamble for other duties elsewhere. Capt. Johnson has been working on roads & Bridges since the outbreak of war.

4. The particulars of Capt. Johnson are briefly as follows :

a. Name. J.H. Johnson.
b. Age. 39
c. Personal No. P/115049
d. Corps. R.E.
e. Rank. Captain
f. Unit. 287 Works Section R.E.
g. War experience. 4 yers R.E. Works.
h. Civilian experience. Managing Partner in building & Civil Engineering Firm.
i. Graduate of London University.

5. I consider this Officer suitable for transfer to A.C.C. If you concur I shall take steps to have a transfer effected in accordance with A.C.I; ~~953~~ of 16 January 1944. 4166

SOME REASONS WHY AN INCREASE IN PERSONNEL IS NECESSARY.

In this outline I am dealing only with personnel required by the Public Works and Utilities Sub-Commission.

When the A.C.C. over-all strength was being set up and plans for occupying Italy were made, I criticized these as wholly inadequate insofar as the allowance for officers and men for the Public Works and Utilities Sub-Commission was concerned. The estimates were based upon requirements in Sicily plus a certain amount of judgment as to what would be required on a larger scale in Italy. I pointed out many short-comings in that type of planning. I pointed out that entirely different problems would have to be dealt with in Italy from those encountered in Sicily, and that we cannot use the one as an over-all guide for the other; that instead, a plan should be made as to what the over-all requirements of the occupation of the mainland would be, based upon engineering, rather than merely administrative judgment. It was pointed out, at that time, that there would be a wholly inadequate force to handle electrical or other utility, and highway reconstruction problems; we were told these problems were relatively simple in Sicily and the same condition was expected to be ~~followed~~ found in Italy. The facts are these:

Insofar as electricity is concerned, it was found that there was only one power station which could serve all of Occupied Italy. In addition to that, there was one thermo station which it was possible to rehabilitate. A transmission line has to be rebuilt completely from Naples to Rome. Railroads have been asking for electric current in increasing numbers, in one instance calling for 25% of all the electricity output by the one hydro plant. These things required detailed rationing. They required a survey of all of the many hundred thousands of

~~4 6~~ 130

Copy

Declassified E.O. 12356 Section 3.3/NND No. 785019

consumers and the cutting off of current where it was thought it could be cut, and allowing only those to have electricity whom we considered essential to the military effort. This effort alone took the full time of 6 officers, in addition to having a considerable force of Italian engineers working for these electric companies carrying out rationing schemes under our direction. This one problem alone was never contemplated when original plans were made. We have to help in the rehabilitation of the transmission line to Rome; we have to bring a portion of a plant from Sicily to the mainland; and we have to do many other tasks in the electrical field which normally would be the function of the occupying forces, rather than of A.C.C.

Insofar as the reconstruction of bridges and military highways is concerned, it should be stated that they have always been considered a military function to be done by either British or American military engineer units as they did in Sicily. However, like the electricity rationing problem, these involved the use of the Italian civil engineer forces to such an extent, and at such widely scattered places over all the country, that the Armies have reached the conclusion that these tasks could best be done by A.C.C., working with and rehabilitating the Italian engineers in the hope that ultimately they would be able to carry on themselves.

We now control well over 3,000 miles of military highways on which there are many hundreds of bridges to be rebuilt. Many of these highways are in such poor condition as to require complete reconstruction of the surface. On this work alone we now have 12 officers and 2 enlisted men . It is impossible for us to keep up with requirements, and we are asking for 12 more officers and 38 enlisted men to be assigned to that special task alone, making a total of 27 officers and 40 enlisted men. All of this work is done under the overall direction of the Armed Forces, which set the priorities to be followed and give instructions as to the weights contemplated to be placed upon these bridges. These requirements change from time to time. However, the responsibility of organizing the civil forces using all equipment and materials available in this country is ours, and cannot be done with the personnel now available.

While the armed forces have the over-all responsibility both in sofar as electricity control and highway reconstruction

Declassified E.O. 12356 Section 3.3/NND No. 785019

is concerned, we have to do the actual work and that phase of our work has never been considered in the original T/O plans for A.C.C.

In addition we have a very large number of applications from Utility Companies for rate increases, taking very considerable time and several officers. No one ever thought of this problem when T/O's were prepared.

Therefore, even if it should be necessary to set up some special branch organization attached to A.C.C. for this type of work if the T/O for A.C.C. cannot be increased, such a plan should be followed because it is highly essential that these men be made available to us without loss of time,

Time is one of our most essential elements here, and we are being pressed increasingly, every day, to do work for which we have neither the personnel nor the equipment, and which the Armed Forces state they can no longer perform.

L.A. JENNY,
Lt.Col. C.E.,
Director.

Qualifications of Additional Officers Required

Public Works

2 Majors

Extended experience in responsible charge of Public Works engineering and construction, such as Water Works and Distribution, Sewers and Disposal, Gas Works and Mains, Streets and Highways, Buildings, Port construction, General engineering training.

2 Capts. or Lts.

Similar general training to above but to a lesser degree. General engineering training acceptable.

General Construction

1 Capt. or Lt.

Engineer with construction experience and Construction Materials supply.

Building Construction

1 Capt. or Lt.

Experience in the construction of buildings of larger type, such as apartment houses or factories.

Designing Engineer

1 Capt. or Lt.

Experienced in structural theories and design and drafting room procedure.

Electric Utilities

1 Major.

Experience in responsible charge of electrical transmission and distribution problems, operation and maintenance of distribution systems, sub-stations and familiar with power flow calculations and consumers records.

Declassified E.O. 12356 Section 3.3/NND No. 785019

6 Capts. or Lts.

Similar electrical experience but to a lesser degree as for Major above. Can use and train any electrical engineer with basic electrical engineering training.

Military Highway Reconstruction.

15 Captains or Lts.

General Civil Engineering training with bituminous highway and smaller bridge construction preferred.

In addition to this list of highway engineer officers we require 30 EM or OR's with experience as construction foremen.

Subject: Request for transfer of Lt. Gentry.

To : Vice President, Economic Section, A.C.C.
Attention Col. D.S.Adams.

Ref. your memo. file no. Ec/2, 20 April 44.

At the present time Lt. Gentry is Liaison Officer at No. 3 District HQ. at Castellammare and also in charge of the rehabilitation of the roads from Naples to Salerno.

On 8 April 1944, we requested the transfer to this Sub Commission of Major P.S.L. Lee, R.E., (B), from District 2, to relieve Lt. Gentry for whom we had a special task at this HQ. in connection with our military highway problems. When Major Lee arrives it will take several days to break him in in the new job and, therefore, Lt. Gentry could not be transferred until that time.

Subject: Additional Personnel Requirements for Public Works and Utilities Sub-Commission.

To : Director, Establishment Branch, A.C.C.

The functions performed by this Sub-Commission fall into the following classifications:

A. Public Works: Waterworks, Sewers, Gas Plants, including their operation and Maintenance, Buildings, Irrigation, Highways, Bridges, Ports, clearing ports of sunken ships, Shipyards to build ships, Rates for Water and Gas services.

B. Electric Utilities: Operation and Maintenance of Electric Power Systems, Management Problems, Sub-Stations, Transformer Stations, Transmission, Distribution, Power Sale and Current Control, Electricity Rationing and Electric Utility Rates.

C. Military Highways: Reconstruction and Maintenance of Military Priority Roads, Reconstruction of Bridges and the Reorganisation and Reactivation of the Italian Civil Road Organisations so as to permit them to carry on the continued Maintenance of these Roads.

In addition to the principal tasks cited above, there are the vast numbers of daily provincial and communal engineering problems which must be solved and upon which the lives in these centers depend.

Considerable additional personnel is needed, to cite but one example, At the present moment considerable activity centers around the p roblem of what must be done when Rome is occupied. In this connection alone we estimate that, based upon our recent experience with such problems in Regions II, III and V, seven electrical experts will be needed for several weeks to control electricity rationing, four of these for a very extended period. Today none of these are available in Region IV which must have at least the four permanent men for this task.

This Sub-Commission was asked to relieve the Military Engineer forces of the task of reconstruction and maintenance of Military Highways behind the Army Zone, a task which never was included in any A.C.C. program or Table of Organisation and which alone occupies about half of the personnel of t his Sub-Commission, which has been asked to extend and accelerate these operations.

The present officer personnel, of this Sub-Commission at Headquarters and in all regions, is only forty six, of which twelve are exclusively engaged on Military Highway problems in the field and a good portion of the time of key men and others at Headquarters is taken up with these problems.

Declassified E.O. 12356 Section 3.3/NND No. 785019

270

C. The requirements of this Sub-Commission are as follows:

	Present officer Strength	Additional officers Required.	Total no of officers
Headquarters	16	4	20
Military Highways	12	15	27
Regions	18	10	28
Total	46	29	75

In addition to the officer requirements, this Sub-Commission needs thirty additional enlisted men with construction experience to supervise portions of the military highway work.

Attached hereto is a detail statement from the P.W.&U. Sub-Commission showing where the present personnel is, where new personnel is needed, why it is needed, and what the qualifications must be.

It is imperative that steps be taken immediately to obtain this personnel from the U.S. where such men are available and eager to serve over here.

As this matter is so urgent, it is requested that consideration be given to sending a qualified officer of the P.W.&U. Sub-Commission to the U.S. to select this technical personnel.

In addition to the request for additional personnel, a request for a considerable quantity of highway construction equipment will shortly be made. In connection with this, and in connection with the considerable added personnel needed for Military Highway Reconstruction, we are advised that Brigadier Anderson, D.D.W., and Brigadier Rogers, C.E., A.A.I., will back up our request as they are most anxious that A.C.C. be properly organised and equipped to do this work.

4 April 44.

Subject: Personnel Requirements of P.W. & U Sub-Com.

To : Vice Pres. Economic Section.

1. Attached hereto are detailed statements giving the Personnel Requirements of this Sub-Commission. We have made every possible effort to obtain engineering personnel from the forces here, but have been unsuccessful in obtaining all of the officers needed. The reason for this is that we require specialists in several engineering fields. The specialists with the armed forces are all fully occupied insofar as we have been able to ascertain and can not be transferred to us. We have a vital key task to perform and we must have the personnel with proper experience so we can fulfill our task.

2. It is imperative that steps be taken immediately to obtain this personnel from the U.K. or the U.S. Senior British officers in this Sub-Commission advise me that the engineering field in England has been combed so thin that they doubt that these experts could be obtained from there. I do know that such men are available in the U.S. and many of them would be anxious to come here. This Sub-Com. has never specified any nationality, we were glad to get the men with proper experience irrespective of nationality. However, in view of the above, it is suggested that the attached draft of a cable be sent to Washington with a request that these men be sent here by Air and without delay.

3. Will you please assist us in obtaining this much needed personnel.

L. A. JENNY.
Lt. Col. C.E.
Director.

P.S. Attached list of officers and qualifications to be sent to Washington by Air-Mail.

On 5 April 1944 I received a telephone call from Lt.-Col. Halloway, asst. to Brig. Anderson, D.D.W., A.A.I., therefore after the preparation of this data, in which he stated that A.A.I. would back up my request for men and equipment, and that they doubted very much that personnel would be availabl here and had to be obtained from U.S. or U.K. and that this should be expedited as much as possible.

761

Detail Explanation.

The problems to be dealt with are so far reaching and so numerous as to make it impossible, on many occasions, to give these matters proper and expert attention, with the result that work is either held up or, in some instances, is not done properly and we suffer in the long run. The question of Public Works personnel has been discussed with Regional public works officers in an effort to have a balanced organisation, that is, the Regions and this HQ. to supplement each other and avoid duplication wherever possible, and the table of requirements presented herewith has been prepared as a result of these conferences.

It must be fully realised that if the principle of Regional Organisation is to be adhered to, the Regions must have the personnel to carry out their day to day tasks. We at headquarters will have specialists to go out and assist these Regions whenever and wherever any special problems present themselves, or emergency situations arise beyond the ability of the Region to handle. However, it is not our job to go into these Regions and do their actual work for them, as has been the case, to wit :

Electricity Rationing.

Although this was a military responsibility the task of rationing all civil consumption was assigned to A.C.C. We found that neither Region II and III had any electrical engineers to carry out the detail day to day tasks in this connection. We promptly assigned one officer to the Bari center and one to Naples to make a study and to do this work for these Regions. The task was far beyond the ability of one man to handle and we assigned a second officer to each of these Regions, thus depleting our headquarters staff to a point where we would have been unable to cope with any other problems.

These Regions must have one such expert to handle such constant problems and we will assist in any emergency by assigning other experts for temporary duty. Our present plan is to transfer one of the two men in each Region, who is now trained in these problems, to these Regions and to replace these with new men for this HQ.

Public Works Problems - Region II.

4437

A large number of projects and requests for materials have come to us from Region II without having received any study at the regional level. Attached to a recent batch of requests for

Declassified E.O. 12356 Section 3.3/NND No. 785019

760

materials was the following notation :

> "as this Region has no Public Works Officer, no Public Utilities Officer, no Industries Officer, and no Supply Officer with any engineering experience, it has been impossible to verify them."

Obviously we at headquarters cannot do the work which these Regions are supposed to do under our Regional Organisation procedure. Wither they must be given personnel to do this work, or we must have it, and handle all work directly from this headquarters, which we do not want if we can avoid it.

As a consequence we are asking for a Public Works Officer, preferably with the rank of Major, to be assigned to Region II, in addition to the electrical expert.

We have studied the problems of Region I and we feel that no additional officers are needed there, but some changes will have to be made.

As stated above, Region III must have one electrical engineer. But in addition to this it must also have one Public Works Officer, preferably a captain, with general engineering and construction experience. There are far too many problems to be handled in this Region with the personnal available and this Sub-Commission cannot continue to handle regional tasks which we have handled in order to assist the Region.

We have also studied the problems of Region IV. This Region has more Engineer Officers assigned or attached for work in the Region than any other Region. It has one officer each for transportation, communications, water works, sewers and several general engineering officers. In these fields it is well equipped to function effectively. However it lacks electrical experts which must act very promptly and with sufficient strength to handle the problem of electric distribution and rationing just as soon as power for Rome is made available. This is going to be a very critical task.

From our own experience with such problems in Region II and III it is our judgment that four electrical officers are needed for that work, one major and three junior officers. At the outset this force will be augmented by some trained officers from this headquarter to help organise this task, but to withdraw as soon as the work is well in hand.

While Region V has three engineers officers to day this force will not be sufficient to cope with the many problems which will have to be handled when the 8th Army resumes the offensive.

Declassified E.O. 12356 Section 3.3/NND No. 785019

759

This Region will require one more Public Works Officer and one Electrical Engineer whom we will train.

The problem in Region VI are being studied by officers of this Sub-Commission this week. However, we do not anticipate that any additional officers will be needed there for Public Works and Utility problems. We may have to send some expert there occasionally to handle problems.

Region VIII has no P.W. & U. officers and we do not plan to make a request for such officers. As soon as Region IV is well in hand some Electrical Engineers will be available for transfer and from present indications we feel that, by the time such personnel is needed, Public Works Officers can be made available from other less active Regions, such as Region I, or also from Rehion III and V, and possibly also from this HQ.

ALLIED CONTROL COMMISSION

Public Works and Utilities Sub-Commission

PERSONNEL REQUIREMENTS FOR

MILITARY HIGHWAY RECONSTRUCTION

April 1, 1944.

It should be stated at the outset that these Military Highways have always been the responsibility of the various military establishments, and not of A.C.C. or A.A.C., although occasionally A.A.C. had been asked to help. These highways continue to be the responsibility of the military establishments and while this Sub-Commission has taken over the task of financing and supervising the work, obtaining contractors and labor and directing Italian Civil Engineer personnel in the execution of these tasks, thus relieving the military of this detail and free them for other tasks, the military establishments retain jurisdiction and we take instructions from them.

Consequently the personnel required for this task should not be considered as coming within the overall strength of A.C.C., as no provision was ever made for this, but it should come out of the total A.A.I. strength instead.

For this reason a separate personnel statement is submitted to cover the work to be done on these highways.

C.M.F.

To: Director.
Public Works and Utilities Sub-Commission.

3220/DLW

20 Mar.44.

1. With reference to your letter of 6th March and to our meeting on the 12th can you now let me have what you consider to be the minimum requirements of the Civil Road Organisation in transport, plant and tools in order that they may fulfil their function of the maintenance of essential roads.

2. I am most anxious that the employment of the organisation you are setting up should be extended and accelerated.

(Signed) D.L. ANDERSON,
Brigadier,
D.D.W.

DLA/ed

Particular attention is called to the last paragraph wherin Brig. Anderson states that he is most anxious that our organisation be extended and accelerated. In several conferences held with the Chief Engineer of F.A.C. he expressed the same desire, to have us give them the utmost relief possible.

We, on our part, do not only feel quite capable and willing to take on these tasks and to relieve the Armed Forces so that they may concentrate their efforts in other directions, but we think it is our duty to do this work as it involves the reestablishment of the Italian Civil Engineering forces, which had been badly disrupted. This will take time and patience, and will require much more direct field supervision for quite some time, than we had anticipated.

A very careful study has been made of our personnel requirements after having obtained actual experience in the field and discussions with interested Military Authorities. The statement presented, therefore, represents a reasoned judgment of our present foreseeable needs.

(A statement on our equipment requirements will follow.)

TO : Public Works & Utilities Sub-Commission

1. With reference to your letter ACC/125/PWU dated 26 Feb 44, in respect of the transfer of Lieut J.M.L. BUTCHER (B) (265880) to Public Works and Utilities Sub-Commission.

2. It is regretted that it is not possible to assign Lieut BUTCHER to your Sub-Commission at the present time. It is pointed out that this officer is the only assistant that the HQ Commandant at SALERNO has. His duties are key duties, as the British Detachment Commander is responsible for the administration and discipline of all British O.Rs. at SALERNO. The smooth working of all Sub-Commissions is dependent on the quality of the administration at this HQ, and until such time as a suitable replacement for Lieut BUTCHER can be found, it is regretted that his release to your Sub-Commission is not practicable.

2 March 1944

ACC/125/PWU

Subject: Transfer of Maj. J. E. Foden (B)(291969) from Labor Sub-Commission.

To : Col. R. H. Farren, Room 52, Provincia Bldg.

1. Following your discussion with me regarding the transfer of the above named officer, he called upon me for an interview. He is a Civil and Mechanical Engineer with a good general engineering training and has specialized for a number of years in hydraulic power problems. In so far as this Sub-Commission is concerned we should like very much to have him assigned to us.

2. However, in a recent discussion with Maj. C. A. Latimer, Public Works Officer of Region V, regarding his engineering requirments, I learned that he is very much in need of additional engineering assistants. Having the engineering interests of that Region in mind, I feel I must act against my personal desire and ask that this officer be assigned to Region V.

27 Feb 44

Subject: British Officers for U.K.

To : Vice Pres. Economic Sect. A.C.C.

1. In view of the fact that this Sub-Commission has recently lost two officers for U.K. and a third officer was assigned to us, but lost to us upon arrival because he too had been placed on such list, we feel that we can hardly spare any more officers in view of work in hand.

2. However, we are submitting the name of Maj. Roy. F. Irving, No. 139474. GL, not that we can spare him, but because of his personal preference to be assigned to U.K.

3. Regarding his qualifications, as outlined under Par.5:-

(a) We know nothing about his linguistic ability.

(b) No knowledge of any such connection.

(c) He has been with us only since 10th Feb 44.

My dear Colonel Jenny,

With reference to the attached copy of letter to Reg. IV. I am sure you will understand that the collection of the information about ~~engineering~~ officers known employed who have engineering qualifications is rather a burden on a Region. We hope to have records of all officers over here shortly, & if you ask us to find you engineers who are not at present employed as such, we will do our best to find some!

Yours sincerely

439 Matthews

REFERENCE: 16007/G-1 15th February 1944

SUBJECT : Engineering Personnel

TO : REGION IV

Reference your R4/210.3(R) dated 8 Feb 44.

1. As stated by the Chief Commissioner at a recent conference, the policy on technical matters throughout ACC-AMG must be uniform and is therefore initiated, (subject to any necessary co-ordination by Chiefs of Sections) by the Chief of the Sub-Commission concerned.

2. To enable Chiefs of Sub-Commissions to advise as to the best disposition of personnel with technical qualifications, they must be in a position to know the distribution of such personnel throughout Regions, and something of their qualifications. They have, in fact, been instructed to acquire this knowledge.

3. Owing to the recent divided control, and the separation of records from Headquarters, the detailed information actually available at this HQ as to the qualifications of all Officers is unfortunately by no means complete. This state of affairs will be remedied to a large extent when the Regimental and British Admin HQ arrive in this country.

4. Meanwhile, it is felt that in general such matters are best dealt with between Chief of Sub-Commission and Chief of corresponding Regional Division, provided such correspondence is confined to the specialist Officers concerned. In the particular case under reference, it is agreed that the information asked for covers all Officers with engineering experience whether employed as specialists or not, and the matter should, therefore, have been dealt with by the Establishment Branch instead of by the Public Works Sub-Commission. Will you, therefore, please confine your reply to Specialist PWU Officers.

5. As regards your Para (d), the employment of Officers of a Special Division is most certainly a policy matter dealt with by the RC & MG Section, and Regional interests will always be considered.

4390

BY COMMAND OF LIEUT GENERAL MACFARLANE

REF:

DATE: 6th. January 1944.

Natale. Peter. Sgt. (Tech).
No.12041719 (A)

Referring to my letter of 20th November 1943. I was given to understand that Sgt. Natale had been assigned to P.W. & U. He informs me that he has been reassigned to Region 5.

As the man has been doing special work in connection with P.W. & U. and has been reported to Col. Jenny the Chief of Public Works and Utilities as being available when the Rear Links proceed. Is it possible that his services for A.C.C. may be retained owing to his technical skill, qualifications, and linguistic ability for this special work.

Subject: Transfer of Personnel.

To : Vice Pres. Economic Section. ACC.

1. G-1, in an effort to assist us in obtaining needed personnel, sent 1st Lt R.W. Shepherd, whom we had requested from Tizi-Ouzou quite some time ago, to us for interview. He has specialized in highway construction and is the type of man we need.

2. It is, therefore, requested that 1st Lt. Rufus W. Shepherd (A) Spec. Reg. A.S.N. 0269 099, be transferred to this Sub-Commission for assignment to duty. In spite of our request to Tizi-Ouzou for this officer he was assigned there to Industrial Planning. This officer is to fill a vacancy in our military highway reconstruction program.

3. Will you please arrange promptly for this transfer.

Approved by
Col. Adams

6 Feb 44

Subject: Passes to enter Army Zones.

To : Vice President, Economic Section, ACC.

Daily Bulletin No 4, 4 Jan 44, states that no person will be allowed to go north of a certain line into army territory without a pass issued by AMG. If this is still in effect I wish to make the following request.

In view of the fact that this Sub-Commission has been asked to undertake military highway reconstruction and maintenance work in territory extending north of that line, or inspections have to be made north of that line preparatory to taking over certain highways, it is requested that the below mentioned officers be issued permanent passes permitting them to carry out their duties freely.

Name	Rank	Serial No	Position
L.A. Jenny	Lt-Col (A)	0245627	Director, PWM Sub-Com.
C.E. Rhodes	Lt-Col (B)	45671	Deputy Dir, " " "
V.S. Thompson	Lt-Col (B)	None	Chief, Highway Reconstruction, Army Zone.
A.G. Perley	Major (B)	None	Engineer, Puglie North & Molise, (Foggia and Campobasso Provinces).
E.B. Feldman	Capt (A)	0251776	Engineer, Compartment of Campania.
W.R. Gentry	1st Lt (A)	0224642	Assistant to Lt-Col Thompson.

As new officers are assigned to the above mentioned restricted territory additional requests for permanent passes will be made.

AGO/125/PWM

3 February 1944

Subject: Engineering Personnel.

To : Chief of Public Works Division, Region III.
Region IV.

1. In view of the fact that the number of engineering tasks assigned to this Sub-Commission are increasing, and new tasks are contemplated, it becomes necessary for us to know exactly what engineering talent is available in your Region and what tasks are assigned to this personnel. Some of the new tasks have to be handled from this HQ, but some may be assigned to Regions under our present organization. It is a question of mutual assistance, you to assist us where you can and we to furnish specialized talent from here for special tasks where that may be necessary.

2. Will you, therefore, please furnish us with a statement showing your organization, with functional assignments of all officers, and an outline of the training and practical experience of each engineering officer in your Region.

3. It is fully realized that all officers have prepared many such statements, as we have had to do also, but these statements are so sketchy, having to be filled in in a small space, as not to do justice to the individual officer, nor are they sufficient to permit of a sound engineering analysis of the officer's actual accomplishments and specialized training and ability. For that reason it is necessary that these statements be in some detail, indicating exactly what each officer has done and what his position was. To say, for example, that an officer was in charge of highway construction for five years, would not mean much. He should state what type of work he actually handled, how extensive it was, was he a designing engineer or a labor foreman, or a superintendent or engineer with responsibility, or was he a chief engineer in charge of inception, planning and execution of work.

4. Will you, therefore, please oblige us with an early transmittal of this information.

L. A. JENNY,
Lt.Col.,C.E.R.
Director.

Subject: Overseas Identity Pass.

To : Deputy Vice Pres. Econ. & Adm. Section. A.C.C.

1. Daily Routine Order Nr 25, of 20 Jan 1944, paragraph 155-2 states that if photographs were not in possession of officer when applying for such a pass, a temporary pass good for 3 months, would be issued in which time the officer is to procure a photograph and apply for a permanent pass.

2. It would be most helpful if, when such orders are issued they be accompanied with a statement showing where such photographs can be procured. That is a function of the Signal Corps and arrangements should be made with that Corps for this service and a memorandum issued to all concerned as to when and where these photographs will be made.

3. Will you be so good as to have such arrangements made?

28 Jan 44

Subject: Wage scale.

To : HQ Commandant.

Copy on file (106) 134

1. Lt Panelli, Employment Officer, has handed to us a copy of a wage scale covering engineers (constructional, civil, mechanical, etc) and ranging from 3,600 to 9,600 per month.

2. The Chief Engineer, Genio Civile, informs us that they pay as follows:-

(a) Engineering & architectural draughtsman 4,000 to 5,000 (max).

(b) Engineers (Civil) 6,000 to 9,000 (max).

3. Lt Panelli states that the scales are to be revised, generally, and if this is the case it might be an advantage to all concerned if you will be good enough to discuss the matter with this Sub-Commission, at the same time as it is discussed with the Labour Sub-Commission.

4. The existing scale shows Engineers, of various categories, as eligible for 3,600 to 9,600 lire per month. This figure should be altered to 6,000 - 9,000, for the reason stated, provided that the men are duly qualified; in any event the scale should be substantially higher than that for draughtsmen.

The Engineer category should include:-
Civil, Mining,
Electrical, Chemical,
Mechanical, Refrigeration, etc.

5. The scale for architects (qualified) at 2,800 to 7,500 is too low and should be altered to the same figure as for engineers. A designer (engineering or architectural) should be paid more than a draughtsman and we suggest 5,000 - 7,000 according to abilities.

AGO/125/PWM

27 Jan 44

Subject: Engineering Personnel.

To : Vice Pres. Economic Section, A.C.C.

1. Repeated, but fruitless efforts have been made to obtain personnel badly needed by this Sub-Commission. Cables and letters were sent out without result. In reply to a cable request to Tizi Ouzou of Nov 3, 1943, for Capt R.A. Ryan, we were advised after some delay that he had been assigned to this Sub-Commission and would proceed to Palermo (now then HQ) on first available transportation. He has not arrived although this was months ago. A few days ago Capt C.C. Rively, whom we had cabled for on Dec 1, 1943, arrived from Tizi Ouzou at Naples, but instead of being sent to us was assigned to the HQ Commandant. After taking this matter up at higher levels I finally got him transferred to this Sub-Commission to take effect 30 Jan 44.

2. We have received official instructions from Advanced AFHQ to take over immediately some 2,500 km of military roads and to repair and maintain those. P.B.S. and Fifth and Eighth Army forces want to turn over to us many more miles of highway very shortly and Adv AFHQ has been contacted by them to issue instructions to us with priority tables.

3. These are military highways, carrying the highest priority, and we must have ample assistants to carry on this work and prepare to take on many more routes in the very near future. The following is a summary of our requests for men and the results:

No.	Date of Request	Officers requested	Location	Action taken
1.	3 Nov 43	Capt R.A. Ryan(A)	Tizi Ouzou	Assigned but not sent to us
	14 Nov 43	Asked for status this officer.		
2.	19 Nov 43	Lt Col John N. Rogers(A)	Palermo	Assigned to us as soon as he can be relieved of his present duty at Palermo.
3.	1 Dec 43	Maj A.J. Adams (A)	Tizi Ouzou	4388
4.	"	Capt E.F.Smith (A)	"	" "
(1)	"	Repeated Capt Ryan(A)	"	" "

Declassified E.O. 12356 Section 3.3/NND No. 785019

60

No	Date of request	Officers requested	Position	Action Taken
5.	[illegible]	Capt J.S. Divoly (A)	Tizi Ouzou	(answered above
6.	"	Capt (or Maj) R.F. Irving(E)	" "	No action.
7	"	Capt [illegible] Rosson(A)	" "	No action, but he arrived in Naples and was assigned to Fifth Army.
8.	11 Jan 44	Col Willis M. Holliday (A)	Natura	Ordered here.
9.	11 Jan 44	Capt [illegible].H. Gamble (E)	Our own men, No action, refer him at Tizi Ouzou.	
10.	11 Jan 44	Major J.A. [illegible].E. Stephens(A)	Tizi Ouzou	No action.
11.	11 Jan 44	Lt R.F. Shepherd (A)	" "	No action.
(6)	11 Jan 44	Repeated Capt (or Maj) R.F. Irving (A)	" "	No action.

Understand the last three were assigned to Region 2 at Tizi Ouzou.

4. In a cable sent from Naples to Tizi Ouzou on 30 Dec 43 we had asked that, in addition to the men we had requested by name, all officers with engineering experience at Tizi Ouzou be assigned to Regions 1 or 2, be sent to us immediately because of an important assignment given us. No action was taken on this.

5. Region 2 we know the status and will shift some men soon after the Italian Government taken over.

6. Region II is very poorly equipped with engineering assistants. We have requested transfer of Major Holliday to Tizi Ou and we will assist that Region from this HQ.

7. It must be obvious that we cannot function and perform the important tasks assigned to us without proper personnel. We have made every effort to secure this personnel with only very scattered results. It must also be realized that by us taking over those highways, Regions III and IV are relieved of such duties and, therefore do not need the men now assigned to them for such purposes.

Declassified E.O. 12356 Section 3.3/NND No. 785019

8. It is requested that official steps be taken to have the men designed to us in accordance with our various requests.

9. It is further requested that Regions III and IV be asked to furnish this Sub-Commission with a list of all engineer officers assigned to them, with outlines of their experiences and present or contemplated task assignments of these officers.

26 Jan 44

Subject: Personnel - Public Works & Mines Sub-Commission.
Mining Division.

To : Vice Pres. Economic Section.

1. It is requested that necessary action be taken on the following listed information concerning each respective officer:-

a. Captain Joseph S. Gillespie, O-1102250, CE, is presently listed as being on temporary duty with this headquarters from AFHQ. This is in error, as Captain Gillespie was brought from the United States for the specific purpose of being assigned to the Mining Division, and should be so assigned.

b. Major Max A. Matthews, O-255846, Inf, and 1st Lt. Donald S. Kingery, O-1473[illegible], CE, have been assigned th Region VI (Co. F, 2675th Regiment, ACC). In view of the fact that the table of organization for this regiment is on a global basis and that these officers are functioning under the Mining Division, it is suggested that they be assigned to Headquarters Company and put on detached service in Sardinia.

c. 2nd Lt. Frank N. Spencer, O-1110269, CE, was sent from the United States for the particular purpose of being assigned to the Mining Division. He was sent from Tizi-Ouzou to Region VI and has been functioning as part of the Mining Division since late in November, 1943. The G-1 Section of this headquarters has no record of Lt. Spencer It is requested that proper steps be taken to assign Lt. Spencer to Headquarters Company, 2675th Regiment, ACC, as part of the Mining Division, and put on detached service in Region VI.

d. 1st Lt. Thomas H. Corwin, AC, was requested in Sept 1943. His transfer was duly approved, and in December 1943, he arrived at Tizi-Ouzou. This office was advised by NGS that he had arrived, and a radio request was sent to AFHQ requesting his assignment to this headquarters as part of this Mining Division. A subsequent radio from NGS advised that Lt. Corwin was on his way to this headquarters by boat. More than a month has elapsed since that time and as yet he has not arrived. 4367

SUBJECT: Personnel - Mining Division.

TO : Director, Public Works and Mines Subcommission, AMG.

1. The G-1 Section of this headquarters has furnished the following information:

a. Captain Joseph S. Gillespie, O-1102258, CE, is presently listed as being on temporary duty with this headquarters from AFHQ. This is in error, as Captain Gillespie was brought from the United States for the specific purpose of being assigned to the Mining Division, and should be so assigned.

b. Major Max A. Matthews, O-255846, Inf, and 1st Lt. Donald S. Kingery, O-347393, CE, have been assigned to Region VI (Co. F, 2675th Regiment, ACC). In view of the fact that the table of organization for this regiment is on a global basis and that these officers are functioning under the Mining Division, it is suggested that they be assigned to Headquarters Company and put on detached service in Sardinia.

c. 2nd Lt. Frank N. Spencer, O-1110269, CE, was sent from the United States for the particular purpose of being assigned to the Mining Division. He was sent from Tizi-Ouzou to Region VI and has been functioning as part of the Mining Division since late in November, 1943. The G-1 Section of this headquarters has no record of Lt. Spencer. It is requested that proper steps be taken to assign Lt. Spencer to Headquarters Company, 2675th Regiment, ACC, as part of the Mining Division, and put on detached service in Region VI.

d. 1st Lt. Thomas H. Corwin, AC, was requested (by this officer) in September, 1943. His transfer was duly approved, and in December, 1943, he arrived at Tizi-Ouzou. This office was advised by MGS that he had arrived, and a radio request was sent to AFHQ requesting his assignment to this headquarters as part of this Mining Division. A subsequent radio from MGS advised that Lt. Corwin was on his way to this headquarters by boat. More than a month has elapsed since that time and as yet he has not arrived.

Subject: Change of Branch of Service.

To : Adjutant General. United States Army.

1. The undersigned was commissioned in the O.R.C. (pro tem, O-510615, 2AD 17 Jan 43.

2. Inasmuch as the undersigned is an engineer by education and has had 10 years of practical experience and at the present time is Chief of the Public Works Division of the Public Works and Mines Sub-Commission, ACC, it is important that transfer of commission be made to the Corps of Engineers.

3. The work in hand is wholly engineering and at present he is often taken as an "O.R." rather than as an engineer, sometimes handicapping him in his work.

4. It is, therefore, respectfully requested that this transfer from O.R.C. to the Corps of Engineers be made at an early date.

J.F. Lahser.

Subject: Transfer of Personnel.

To : Vice Pres. Econ.& Adm. Section A.C.C.

At our last Executive Committee meeting and in a bulletin issued 15 Jan.par 6. we have been requested to give the names of men whom we have previously requested be transferred to this Sub-Commission, either from Tizi-Ouzou or from other parts. The following is the, so far, fruitless effort which we have made:-

Correspondence regarding transfer of officers to this Sub-Com.

1. Ltr dated 8 Nov 43 to PW&U Officer, Rear Link, Subject; Personnel for this Sub-Commission -- Requested that Capt R.A.Ryan, 0520275 (A), electrical engineer assigned to Region 9 Transportation, be transferred to this Sub-Com.

2. Ltr dated 9 Nov 43 to Economic Director, Subject: Transfer ofPersonnel - Asked that request be initiated for transfer of Capt. Ryan from Region 9 to this Sub-Commission.

3. Cable dated 10 Nov 43 to Freedom for MGS asked send immediately Capt Ryan for assignment this Sub-Commission

4. Cable dated 14 Nov 43 to Freedom for MGS requesting advice status transfer Capt Ryan this Headquarters.

5. Ltr dated 15 Nov 43 to Economic Director, Subject: Transfer of Personnel - requested that Lt Col. John N.Rodgers, 0300254 (A) be transferred to this Sub-Commission.

6. Ltr dated 1 Dec 43 to Economic Director requested that Cable be sent to Freedom for MGS asking for transfer of Major A.J.Adams (A), Captains E.F.Smith (A), R.A.Ryan (A), J.C.Rively (A), R.F.Irving (B) and Capt Rosson (A).

7. Ltr dated 11 Jan 44 to Economic Director, Subject: Transfer of Major Collis H. Holladay, (A) 0522940 , requested he be relieved of his duties with Region II and assigned to Public Works and Mines Sub-Commission.

4324

Declassified E.O. 12356 Section 3.3/NND No. 785019

40

8/ Cable dated 14 Jan 44 to Freedom for MG3, requested Capt W.N.Gamble be sent here by see earliest. Also attachment of Major R.F.Irving (B), C.A.W.D.W.Stephens (B) and Lt R.F.Shepherd (A) now with Region 9.

Will you please see what you can do to have this personnel assigned to us.

L.A.JENNY.

12 January 1944

SUBJECT : Transfer.

TO : Lt. Col. L.A. Jenny, Director, Public Works & Mines Sub-Commission.

1 . Reference your letter 8 January 1944 on the above subject, which reached me yesterday (11 January 1944).

2 . I was informed by Region 1 Headquarters that a signal had been received by that office asking if my services could be spared at this time. I was further informed that a reply had been already sent back that I could not be made available at the present time. This department has always been handicapped by lack of officer personnel and has just recently lost one of its key officers in the transfer of Capt. C.R. Minard.

3 . I appreciate your confidence in my ability; however, would like to point out that I have had no experience in either rail or highway construction and would be greatly handicapped in this field. All of my civilian experience has been connected with operation of electric substations and distribution circuits. At present the work has increased in this department rather than diminished. We are receiving daily requests for numerous reports and with our limited resources are finding it rather difficult to secure the necessary data, and continue our normal functions.

Subject: Transfer of Major Collis H. Holladay.

To : Economic Director.

1. In view of the fact that several requests have already been received for adjustment of utility rates as soon as the Italian Government has issued a decree permitting increases, which I am informed will be done ~~in the~~ very shortly, it will be necessary for this Sub-Commission to be prepared to handle these and the many other requests which we know will be made in the near future.

2. Major Collis H. Holladay (A) 0522940, now attached to Region II, has been interviewed and has the necessary engineering and management qualifications to assist in this task. Major Holladay states that he is supposed to be doing transportation duty but that his work is such that any good clerk could handle that work. He also stated he would prefer an assignment in connection with these rate problems where his training in such matters could be used to excelent advantage.

3. It is therefore, requested that Major Collis H. Holladay (A) 0522940 be assigned of his duties with Region II and assigned to the Public Works and Mines Sub-Commission.

AMG HQ, Region II
6 Jan 44

To: Lt. Col. I.A.Jenny, Actg. Dir.,
Pub. Wks.& Util. Sub-Comm.
AMG HQ, Naples.

1. So far as can be ascertained from the very limited available at this HQ, the following officers now assigned or attached to Region II have had some engineering training or experiance.

1. Major J.E.Holmstrom, (B) R.E.

a) Civil Engineering. B.Sc. (Eng) and Assoc M Inst.C.E. qualifications. Ten years on railway and bridge construction and design, and surveying. Also some contact with hydro-electric work and other branches.

b) Industrial Research. Six years collecting, indexing and sifting technico-economic data in industry and integrating them into reports. Author of a book on this subject.

c) Transportation. Author of a book on comparative economics of road and rail transport (Ph.D. thesis). Nine months on Transportation Intelligence at the War Office; later D.A.D.Tn. in Nigeria.

d) Languages. About equally fluent in French, German and Italian; lesser knowledge four other languages. Acted as official interpreter at six international scientific congresses and translated 600,000 words of technical papers for publication in English.

e) Major Holmstrom is now very fully occupied as Supply Officer for Calabria and S.C.A.O. of Catanzaro Province.

2. Major Monroe H. Meader. (A) CE

Major Meader has had some engineering training, and it is believed that this was chiefly in the mechanical field.

3. Major Collis H. Holladay. (A)

Major Holladay has had approximately ~~ten~~ 14 years experience in Electrical Power and Public Utilities, chiefly in Los Angeles, California.

4. Capt. William Garlock.

Capt. Garlock has been employed by the American Tel. & Tel. Company (New York Telephone Company) since 1912, except during his Army service during the last war and the present one, when he has served in the Signal Corps until he was transferred to AMG. He is a graduate of the Cooper Institute in New York City. He has had broad experience in the field

Declassified E.O. 12356 Section 3.3/NND No. 785019

official interpreter at six international scientific congresses and translated 600,000 words of technical papers for publication in English.

e) Major Holmstrom is now very fully occupied as Supply Officer for Calabria and S.C.A.O. of Catanzaro Province.

2. Major Monroe H. Meader. (A) CE

Major Meader has had some engineering training, and it is believed that this was chiefly in the mechanical field.

3. Major Collis H. Holladay. (A)

Major Holladay has had approximately ~~ten~~ 24 years experience in Electrical Power and Public Utilities, chiefly in Los Angeles, California.

4. Capt. William Garlock.

Capt. Garlock has been employed by the American Tel. & Tel. Company (New York Telephone Company) since 1912, except during his Army service during the last war and the present one, when he has served in the Signal Corps until he was transferred to AMG. He is a graduate of the Cooper Institute in New York City. He has had broad experience in the field of wire communications.

5. Capt. A.N.Demaret (A).

Capt. Demaret has had experience in the field of railroad engineering with railroads in the south-central part of the United States. It is believed that this experience was chiefly in the construction field.

6. Lt. Clifford Button (B)

Lt. Button came to AMG from the British colony of the Gold Coast, where he had been employed on the railroads. The extent of his experience and his educational background are not known at this HQ.

Subject: Contact with Regions 1 and 11.

To : D.C.C.A.C., AMG? HQ.

Personal Ltr

With reference to the visit which Major Lewis, Van Dusan is making to Region1 and Captain Evan Talbot to Region 11 there are a number of matters which I shall be pleased for these Officers to discuss while in these Regions.

1. Region 1.

In view of the large amount of work which AFHQ have requested this Sub-Commission to carry out in conjunction with the Italian Government, arrangements have already been made for all Public Works Officers to report to Naples at the earliest possible date. So far three Officers have reported but there still remains Lt Col Rhodes, Major Knight Major Hyland, Capt Laughlin and Lt Juditz. Also if there are any Public Works Officers who can be spared or who have turned up from Tizi-Ouzou, their names and brief particulars of training should be taken so that arrangements can be made for them to report to me at this Sub-Commission H.Q. at Naples as early as possible.

2. Region 11.

Discuss with R.C.A.C. the Public Utilities problems which have arisen and how he has overcome them. What Officers have been dealing with such matters as Repairs to Highways, Bridges, Water Supply, Gas, Electricity or Sewage, within the Region. The names and brief particulars of training of any officer who may have been handling any of the above works.

Subject: Articles removed from Hotel room.

To : Lt-Col J.J. Richards, HQ Commandant.

On 24 Dec 43 I reported to you that while I was on a trip to Bari, between 20 and 23 Dec 43 inclusive, the following articles had been removed from my room (Room 223) at the Toledo Hotel on Via Roma:

Official property: 1 standlamp.
1 ceiling bulb replaced with a weak one.

Personal property: 1 O.D. thick light weight long hair woolen blanket.
1 U.S. army style flashlight.

The blanket had the name JENNY stitched on in letters about 3/4 inches high in two places. The flashlight was not marked.

Will you please see what you can do to recover these articles.

ACC/125/PWM 8 Jan 44

Subject: Transfer

To: Lt-Col. C.P. Nolick.

We have been asked by AFHQ to undertake the organization of very considerable construction and repair work to be performed by Italian civil forces, covering Regions II and III. Region II has no Public Works officers and, as the task within these regions calls for a senior officer at the head, I have asked for your transfer from your present post to Region II. This is all A.C.C. work and requires active supervision. I have had to ask for officers as assistants from other places as we just did not have the personnel.

The order for your transfer may come through shortly as they want to get this work going without delay.

Will you, therefore, please see what you can do to expedite your transfer from your end as soon as you receive the order.

As the work in Sicily is to be handled more and more by Italians and we are to withdraw, I thought you would welcome a change to a new station with active work.

L.A. JENNY,
Lt-Col., C.E.
Director.
