ROUTINE ORDERS
(BRITISH)

by

Lieut-General Sir NOEL MASON MACFARLANE, KCB, DSO, MC.

Issue No. 5 — Date 21 June 44.

ESTABLISHMENTS BRANCH

22. Return to U.K. of Long Service Personnel.

Reference A.C.C. R.O. No. 15 dated 13 March 1944.

(a) With effect from 9 June 1944 the qualifying date for eligibility to return to U.K. will be that on which five years unbroken service overseas is completed. The 1st January 1944 will no longer be the qualifying date for the purposes of such calculation.

(b) The same principles will apply in calculating overseas service as is laid down in para (b) of the above quoted Routine Order.

(c) Particulars of Officers and O.Rs. whose names were not submitted under A.C.C. R.O. 15 and those who have since qualified for return to U.K. by reason of long service abroard, will be forwarded to G-1 (British) at an early date, in order that G.H.Q. 2nd Echelon can be notified accordingly.

(d) Particulars should, in future, be notified as and when personnel become eligible.

(G-1(B))
4779

23. Status of Civilians and Camp Followers.

(a) The undermentioned Camp Followers have the status of officers and can be admitted to Officers' clubs, Transit Messes etc.

(i) All CVWW personnel.
(ii) ERCS workers who hold the rank of officer in that organisation. They will be in possession of identity cards showing their status.
(iii) Members of Corps of Masseuses.
(iv) ENSA Artists.

INSTRUCTIONS

1. Print plainly or type. DO NOT WRITE.

2. Prepare Form in TRIPLICATE.

3. Requests for Orders involving travel on temporary duty status only, shall be forwarded direct to the Adjutant, Hq ACC.

4. Requests for Orders involving travel on a permanent change of station shall be forwarded to the Adjutant, Hq ACC, through G-1. ("A" or "B" depending on nationality.)

5. Copy to Hq Comat is only required in the case of motor transportation.

6. Requests will be forwarded at least 24 hours prior to the date of departure. Orders are closed at 1530 hours each day. All requests received after this time will be published the following day.

7. Travel performed under the provisions of para 2, Estab. Memo. #4, dated 19 Feb 44, does not require travel orders. However, if travel into hazardous area is contemplated, orders should be secured.

8. It will be the responsibility of the officer or personnel concerned to insure that travel arrangements are made with G-4 before or after publications of orders.

9. Full particulars must be submitted. Failure to include necessary and pertinent information will be cause for return to originating office.

10. In order to insure efficient handling of order requests, it is requested that special care be given to the correct spelling of names, ranks, serial number and branch of service.

11. If pertinent information cannot fit in space provided, use space under item 5, "Remarks or Recommendations."

12. In indicating assignments or attachments of personnel, (e.g. Public Works, Finance, etc.) be sure to include parent unit, i. e. Headquarters, ACC, Headquarters (Rear) or the various Regional Headquarters.

TO: H.Q., A.C.C. (R.C. & M.G. Section)

SUBJECT: Transfer of Officers

REFERENCE: HQ/1008

1. With reference to your H.Q. letter ACC/118/PWU of 5 May 44 (copy of which is enclosed for easy reference), presumably this should have come from the Establishment or Personnel Branch and should not have been addressed direct to me by the Public Works and Utilities Sub-Commission.

2. I am agreeable to the release of Major William W. SPANN, but in this connection I should like to state that I consider Major SPANN quite capable of carrying out the duties assigned to him in this Region.

3. I am not clear as to the implication in the wording in attached letter of "another Officer of higher rank ..... capable of handling such matters as may arise in Sardinia". If this has reference to the matter of the railways which have, since the occupation of the Island, been under the control of the military authorities as opposed to the normal procedure of control by A.C.C. I suggest this matter may be a delicate one.

I am doubtful whether any good purpose would be served by changing the present arrangement at this stage having regard to the antecedents to this question and prevailing circumstances.

4. As regards the date of release of Major SPANN, his Division is at the moment engaged on the rather complicated matter of the scheme for the registration of civilian vehicles and rationing of petroleum products. If, however, Major SPANN is required as urgently as the enclosed letter states there is no objection to his early relief but I consider that if possible he should hand over personally to his successor.

CONFIDENTIAL

100/Gen/9995(AG1(Offrs)).

9 Feb 44

Sir,

I am commanded by the Army Council to refer to Army Council Instructions 1696 of 1942 (as amended by 153 of 1943) 2441 of 1942 and 1064 of 1943, regarding the scheme for the grant of permanent commissions in the Regular Army.

2. I am to say that General Officers Commanding-in-Chief all Commands at home were recently invited to comment upon the inadequate response to the scheme and to submit suggestions for its improvement. This invitation was not extended to General Officers Commanding-in-Chief abroad, on the grounds of expedience and that less information was available regarding the quality and number of candidates appearing before the Selection Boards abroad.

The consensus of opinion of General Officers Commanding-in-Chief all Commands at Home is that there is need for improvement in the professional and financial prospects of Regular Officers, but this is a basic consideration upon which no pronouncement can be made at the present time.

3. As to financial considerations, the reforms introduced in 1938 were designed to provide an assured career up to the age of 47 years with a reasonable pension at the close of an officer's service. Army Council Instruction 2441 of 1942 extends the effect of these provisions to officers granted permanent commissions in the Royal Army Ordnance Corps, up to the age of 55 years.

Owing to the outbreak of war the beneficial effects of these reforms have not yet been fully felt.

4. Certain amendments have been made to the percentages of their pre-war peace establishment at which the strength of various arms may be maintained by the grant of permanent commissions. They will now be as follows :-

Royal Armoured Corps	100%
Royal Artillery	75%
Royal Engineers	80%
Royal Corps of Signals	90%
Foot Guards	100%
Infantry	100%
Royal Army Ordnance Corps	80%

The peace establishment of the Royal Electrical and Mechanical Engineers has not yet been settled, the number of permanent commissions which may be granted will, therefore, be based on 100% of those parts of the peace establishments of other corps absorbed into that corps.

5. It is desired that all officers, and especially those who are candidates or intending candidates for permanent commissions, should be aware of the present position with regard to the scheme, and of the principles upon which it is based. I am, therefore, to request that you will cause the contents of the Appendix to this letter to be brought to the attention of all military officers under your command.

Declassified E.O. 12356 Section 3.3/NND No. 785019

dates appearing before the Selection Boards abroad.

The consensus of opinion of General Officers Commanding-in-Chief all Commands at Home is that there is need for improvement in the professional and financial prospects of Regular Officers, but this is a basic consideration upon which no pronouncement can be made at the present time.

3. As to financial considerations, the reforms introduced in 1938 were designed to provide an assured career up to the age of 47 years with a reasonable pension at the close of an officer's service. Army Council Instruction 2441 of 1942 extends the effect of these provisions to officers granted permanent commissions in the Royal Army Ordnance Corps, up to the age of 55 years.

Appendix to [illegible]00/Gen/9995(AG1(Offrs))
dated 9 Feb 44.

REGULAR COMMISSIONS

1. With reference to A.C.Is. 1696 and 2441 of 1942, 153 and 1064 of 1943. It is desired that all officers may know the principles on which is based the grant in war of permanent commissions in the Regular Army and the present position with regard to the grant of such commissions. This Appendix will not be quoted as an authority. A further A.C.I. will be issued in due course.

2. The main factors affecting the grant of permanent commissions during the war are:-

(a) Although the future size of the Army is at present unknown, it is considered very desirable that a certain number of officers should receive permanent commissions in the Regular Army to ensure that their services are available on demobilization, and to avoid a gap in the peace establishment, the filling of which at the end of the war would inevitably create a block in promotion.

(b) By bringing in junior officers in accordance with the normal peace-time practice, a block in promotion in future years should be avoided.

(c) It is also desired that every officer receiving a permanent commission should have a fair chance of drawing a reasonable pension at the age of 47 or 55, whichever is the age for compulsory retirement from the arm in which he serves.

(d) The number of vacancies which may be filled by the grant of permanent commissions under this scheme is based on a certain percentage of the pre-war peace Establishment, less the number of Regular Officers still serving. Obviously, it would be grossly unfair to fill all those vacancies in the first instance by accepting too large a proportion of candidates whose applications have already reached the War Office, because they are serving in the United Kingdom of the more accessible Commands overseas. Room must be left for those who have not had an opportunity to appear before a Selection Board. These considerations have particular application to the Infantry, wherein the number of vacancies varies widely in each regiment. No permanent commissions will, therefore, be granted in this arm until the bulk of the applications are received and the preferences of the majority of candidates can be considered at one time in relation to the requirements of the service. It is emphasised that the grant of permanent commissions now will in no way prejudice the prospects or seniority of those candidates or intending candidates who will be unable to obtain their permanent commissions until a later date. Seniority in the Regular Army is based on the length of service after attaining the age of 21 as an emergency commissioned officer and, in the case of former Regular other ranks, reckonable other rank service. The date on which a permanent commission is granted is, therefore, irrelevant to seniority. As the war progresses there may be more casualties amongst Regular officers, and later information regarding the size and composition of the post-war Army may increase the number of

Declassified E.O. 12356 Section 3.3/NND No. 785019

are available on demobilization, and to avoid a gap in the peace establishment, the filling of which at the end of the war would inevitably create a block in promotion.

(b) By bringing in junior officers in accordance with the normal peace-time practice, a block in promotion in future years should be avoided.

(c) It is also desired that every officer receiving a permanent commission should have a fair chance of drawing a reasonable pension at the age of 47 or 55, whichever is the age for compulsory retirement from the arm in which he serves.

(d) The number of vacancies which may be filled by the grant of permanent commissions under this scheme is based on a certain percentage of the pre-war peace Establishment, less the number of Regular Officers still serving. Obviously, it would be grossly unfair to fill all those vacancies in the first instance by accepting too large a proportion of candidates whose applications have already reached the War Office, because they are serving in the United Kingdom of the more accessible Commands overseas. Room must be left for those who have not had an opportunity to appear before a Selection Board. These considerations have particular application to the Infantry, wherein the number of vacancies varies widely in each regiment. No permanent commissions will, therefore, be granted in this arm until the bulk of the applications are received and the preferences of the majority of candidates can be considered at one time in relation to the requirements of the service. It is emphasised that the grant of permanent commissions now will in no way prejudice the prospects or seniority of those candidates or intending candidates who will be unable to obtain their permanent commissions until a later date. Seniority in the Regular Army is based on the length of service after attaining the age of 21 as an emergency commissioned officer and, in the case of former Regular other ranks, reckonable other rank service. The date on which a permanent commission is granted is, therefore, irrelevant to seniority. As the war progresses there may be more casualties amongst Regular officers, and later information regarding the size and composition of the post-war Army may increase the number of vacancies in all arms.

4735

3. SELECTION

Officers for the post-war Army must necessarily be of a very high standard. They must be well educated, prepared to study their profession intensively and have the high degree of intelligence necessary for professional efficiency. Those who are to receive permanent commissions must, therefore, be drawn from the best emergency commissioned officers now serving. Thus, it is not always possible to accept an officer on the recommendation of his Commanding Officer and superior Commander, because standards vary in regiments and formations and because candidates must compete in the open field of the Army as a whole. For this reason, some form of centralized selection is required, and it was decided that the only practicable method of selecting and grading candidates was by a form of War Office Selection Board, which has proved so successful in selecting emergency commissioned officers. In view of the importance of the permanent commission, a Major-General was appointed to the Board as president. The only other change is that the psychiatrist has been withdrawn.

/4. CONDITIONS OF SERVICE

Declassified E.O. 12356 Section 3.3/NND No. 785019

4. CONDITIONS OF SERVICE

It is emphasised that there are openings in the post-war Army for the keen young man who is prepared to tackle a hard job of work entailing the exercise of very varied talents.

As to financial considerations, it should be noted that the reforms introduced in 1938, were designed to give officers an assured career up to the age of 47 or 50 years, according to the arm of the Service, with a reasonable pension at the close of their service. A.C.I. 2441 of 1942 extends the effect of these reforms to officers granted permanent commissions in the R.A.O.C., up to the age of 55. Owing to the outbreak of war the beneficial effects of the 1938 reforms have not yet been apparent.

5. APPEALS

It is recognised that although the War Office Selection Board has a very small margin of error, no Board can be infallible. It has, therefore, always been intended that a rejected candidate, who feels he has been misjudged may, with the concurrence of his Commanding Officer, be re-interviewed by an Appeal Board. Such a Board has been working in the United Kingdom and one is now visiting Commands overseas. The decision of an Appeal Board is final.

6. GRANT FORTHWITH OF PERMANENT COMMISSIONS

Candidates who have already been interviewed by a Selection Board have been graded A, B, C and Failed. Those graded "A" and "B" for arms other than Infantry are to receive permanent commissions forthwith, providing they are still desirous and that the satisfactory report required under the terms of paragraph 12 Appendix I to Army Council Instruction 1696 of 1942 and paragraph 10 Appendix I to Army Council Instruction 2441 of 1942, is forthcoming.

Those graded "C" are not being accepted at present and may appeal if they wish.

The Selection Boards have interviewed a number of candidates in whom some of the qualities of a Regular officer are present but latent or inadequately developed. Those candidates are being advised to resubmit their application one year after their first interview with a Board. Re-interview on resubmission of application will not be regarded as an appeal. Candidates will thus have the opportunity of a third and final interview, with the Appeal Board, should their second application be unsuccessful.

7. LOWER AGE LIMIT

Candidates for permanent commissions in the Royal Armoured Corps, Royal Artillery, Royal Engineers, Royal Corps of Signals, Footguards, Infantry and Royal Army Service Corps may now be accepted for the register at the age of 20 years, instead of 21 years as hitherto, but the minimum age at which permanent commissions may be granted will continue to be 21 years. The lower age limit for acceptance for the register of candidates for the Royal Army Ordnance Corps and Royal Electrical and Mechanical Engineers is unchanged.

8. PERMANENT COMMISSIONS IN THE RANK OF CAPTAIN OR MAJOR.

Declassified E.O. 12356 Section 3.3/NND No. 785019

Board. Such a board has been [illegible] visiting Commands overseas. The decision of an Appeal Board is final.

6. GRANT FORTHWITH OF PERMANENT COMMISSIONS

Candidates who have already been interviewed by a Selection Board have been graded A, B, C and Failed. Those graded "A" and "B" for arms other than Infantry are to receive permanent commissions forthwith, providing they are still desirous and that the satisfactory report required under the terms of paragraph 12 Appendix I to Army Council Instruction 1696 of 1942 and paragraph 10 Appendix I to Army Council Instruction 2441 of 1942, is forthcoming.

Those graded "C" are not being accepted at present and may appeal if they wish.

The Selection Boards have interviewed a number of candidates in whom some of the qualities of a Regular officer are present but latent or inadequately developed. These candidates are being advised to resubmit their application one year after their first interview with a Board. Re-interview on resubmission of application will not be regarded as an appeal. Candidates will thus have the opportunity of a third and final interview, with the Appeal Board, should their second application be unsuccessful.

7. LOWER AGE LIMIT

Candidates for permanent commissions in the Royal Armoured Corps, Royal Artillery, Royal Engineers, Royal Corps of Signals, Footguards, Infantry and Royal Army Service Corps may now be accepted for the register at the age of 20 years, instead of 21 years as hitherto, but the minimum age at which permanent commissions may be granted will continue to be 21 years. The lower age limit for acceptance for the register of candidates for the Royal Army Ordnance Corps and Royal Electrical and Mechanical Engineers is unchanged.

8. PERMANENT COMMISSIONS IN THE RANK OF CAPTAIN OR MAJOR.

Recommendations have been made that selected officers, above the age limits of the present scheme and holding a temporary or war substantive rank of Captain or Major, should be granted permanent commissions in those ranks.

These recommendations are being examined, but it at present appears improbable that the scheme will be expanded in this way. The known requirements of the Army do not at present warrant such a measure; a block in promotion must be guarded against and officers so commissioned might not have sufficient time, before reaching the age of compulsory retirement, to qualify for retired pay or gratuity under the present code.

/9. MIDDLE ARMY

Declassified E.O. 12356 Section 3.3/NND No. 785019

9. INDIAN ARMY

Emergency commissioned officers who have applied for and receive permanent commissions, with a view to transferring to the Indian Army after the war, will be released from their honourable undertaking to serve for not less than five years, if it is decided that they cannot be granted permanent commissions in the Indian Army.

10. THE ROYAL ARMOURED CORPS

After full consideration, it has been decided that candidates accepted for permanent commissions in the Royal Armoured Corps, will be gazetted to that corps and not to individual regiments of the corps.

11. ARMY OFFICERS LENT OR TRANSFERRED TO THE R.A.F.

Army officers attached or transferred to the R.A.F. or R.A.F. Regiment may apply, but Army O.Rs. transferred to the R.A.F. and, who have now received emergency commissions in the R.A.F. or R.A.F. Regiment, are ineligible.

Permanent commissions are not being offered in the R.A.F. at present, but if they should be re-introduced later, and an attached or transferred Army officer should be required for a permanent R.A.F. commission, and also selected for a permanent Regular Army commission, the former would take precedence over the latter.

12. DOMINION FORCES

Officers of certain Dominion Forces are also eligible to apply.

13. PRISONERS OF WAR

Prisoners of war have been given details of the scheme and those wishing to apply for permanent commissions have been invited to send in their names. For obvious reasons they are unable to complete the normal application form whilst still in enemy hands, but arrangements have been made for them to submit full applications after they have been repatriated and their medical categories etc. can be confirmed.

SUBJECT: Unauthorised transfer of officer.
TO : Vice President, Economic Section.

1. I have received information to the effect that Captain E. E. Smith, Public Works Officer in Region VI, had been transferred to some administrative position in Region VI. I wish to state that this was done without consulting this Sub-Commission.

2. In view of the fact that Major Spann, the present Regional Engineer in Region VI, has been assigned as Regional Engineer in Region IX, Captain E. E. Smith will have to serve as Regional Engineer for Region VI.

3. Will you please arrange for the issuance of instructions accordingly ? Instructions should also be issued that no engineers can be transferredto any other post within the Region without approval of this Sub-Commission. That is most vital particularly in view of our shortage of engineering officers.

L. A. JENNY,
Lt. Col., C.E.,
Director.

To : Establishment Officer,
Through Economic Section.

1. As it has now been agreed that vacancies up to T/O should be filled in this Sub-Commission I request the transfer of the following officers, reference my letter to Economic Section, ACC/125/PWU dated 30 Jun 44:-

Rank	Name	Serial No.	Corps	Present assignment
Major	Edward H. Richardson	0264535	F.A.	939 Field Artillery Bn. APO 464.
Capt.	Robert E. Eyers	0903561	C.E.	337 Engineers, Base Area Command.
Lieut.	J.M. McCallum	211067	R.E.	854 Quarrying Coy.

2. The services of these officers are urgently required and I hope that the appropriate orders may be issued without delay.

3. Ref. letter to Economic Section from G-1 (B), 1600h/2/G-1 dated 28 Jun 44, copy attached.

It is not understood why Capt. Dean and Capt. Angell have been respectively assigned to Region II, Transportation, and Region V, Finance, in view of the above quoted letter.

Will you please investigate?

These assignments appeared in Special Order No. 147 dated 28 Jun 44.

2 July 1944

My dear Lt. Col. Birchett

Yesterday, while at Army Headquarters, I called at the G-1 Section to see if anything was coming through for me. A friend of mine, (when I told him the case), stated that if the A.C.C. wanted me on temporary duty until my orders come through that Army would consider placing me on temporary duty with A.C.C. if they wrote requesting it. In the request it should be stated that A.C.C. has requested higher headquarters for my transfer, that a vacancy exists, and inclose a copy of their letter requesting transfer.

If Lt. Col. Jenney thinks well of the G-1's suggestion, and cares to send it to me by the bearer (Lt. Manzi), I shall personally take it to the G-1 when I go there on July 5th.

I am writing this note to you because I do not know whether Lt. Col. Jenney is in Rome as yet. If he be there will you please turn this letter over to him.

Sincerely yours,

Edward H. Richardson

To : Regional Engineer, Region III.
attn. CAPT. RYAN.

1. Thank you for your letter from which I am pleased to see that you will be discharged from Hospital within a few days. I hope that you are feeling well again.

2. You are correct in stating that it was the intention for you to be assigned to Region III on temporary duty, so as to cover you for the purpose of billets, rationing etc. I am putting through the assignment papers to-day.

3. Attached is a copy of a letter which we have received from Industry and Commerce requesting electricity for paper manufacture at Foggia. This is being passed to you in the first instance and I should be glad if you will deal with it as promptly as it appears to be a most urgent matter.

4. I also attach a copy of a letter which I have to-day sent to Industry and Commerce Sub-Commission. In reply to the ~~received~~ sent letter you will see that I have pointed out that it is an urgent necessity for keeping the manufacture of goods in the South of Italy where electricity is available. I appreciate that this may mean the demands rising, but there will be much greater amount of energy available in the South than in the northern area for some time to come.

W.M. LAPPER,
Lieut-Colonel,
Chief, Util. & Adm. Div.

2 encl.

125 Rec'd 203
Rec'd 10 Jul.

Subject: Assignment.

To : Lt.Col. W.M.Lapper, Public Works & Utilities Sub-Comm.

1. I expect to be discharged from the hospital within a few days.

2. I was transferred from Region III, Public Utilities Section to A.C.C. HQ. Public Works & Utilities Sub-Comm. on Special Orders N°139 dated 20 June 1944.

3. On 16 June 1944 Lt.Col.Hensley, Regional Engineer of Region III, wrote to you suggesting that I be reassigned to his Office on temporary duty. I understand that if I am not officially attached to Reg.III difficulties arise in connection with the provision of office accommodation etc. for me.

4. If I am to continue in Reg.III area I suggest that I should be transferred to Region III Public Utilities Section on temporary duty in order that I can mantain an office in the Public Utilities section of Region III and have office space, office equipment, clerical help and transporation provided by Region III.

5. If it is not possible to do this, arrangment should, I consider, be made by HQ.ACC. to supply me with the above mentioned office and facilities.

O'R O'Ryan
Capt. C.A.M.S.

Lt Col Lapper

I thought that was the understanding reached with Lt Col Hensley, Capt Ryan to be there on temp duty, but to cover Reports 1, 2 & 7 as well as 3.

3 July 1944

TO: Regional Commissioner,
H.Q. Region VIII.

FROM: Regional Engineer Officer,
Region VIII.

In accordance with your instructions I confirm that, in my opinion, the above officer, attached to me for duty as Electrical Utility Officer, is totally unsuited for the work required of him in this region.

He is undependable and irresponsible, and appears incapable of reporting on the results of his inspections.

He states that he must be independant of any control, and that he does not recognise that he is a member of my staff.

In view of the fact that there are many small electrial problems, as well as much larger porks in the areas not yet handed over, that are extremely important in view of the dependance of utilities on electric power, may I have an efficient officer with power installation and transmission experience posted as soon as possible please.

P. S. L. LEE
Regional Engineer Officer.

Gnoveto.

3. July. 44.

Dear Colonel.

I was on the point of writing to you about Capt Kalv when the Regional Commissioner arrived. I told him the position and he instructed me to write to him and that he would take it up with H.Q. I understand he considers that as Capt Kalv was assigned to his Region he should be the one to deal with the matter. I enclose a copy of my letter, a copy of which I have also sent officially. Capt Kalv is completely non-cooperative and is useless to me. He insists he must act independently and in consequence I yesterday had a complaint from 5 Army A.T.C. that he had been telephoning to the Army operational engineer direct.

There is a lot of electrical work to do here and elsewhere, and I badly need help. My second report on this Province is being written today

Yours sincerely

P. L. Lee.

ACC/

28 June 1944.

SUBJECT: Electrical Engineers.
TO : Vice President, Romanic Section.

1. Reference 196/CA 28 June 44, Brigadier Lush (Pharm.?).

2. I have been in fairly close contact with all requirements in Region V and even this morning I had a telephone call from the Regional Engineer, who advised me that they were moving to a new station and discussed with me some of his highway and bridge reconstruction problems. I asked if there were any other problems where we could be of assistance to him and he stated that there was none at this time. Region V has a competent electrical engineer assigned to it. In addition to that, it has a Public Works Officer who is a specialist on mechanical and electrical plant installations. At no time have we been advised that Region V was in need of additional electrical assistance.

3. As to Region VIII, who I was in Rome the Regional Engineer visited me and advised me that he was alone in his Region and needed some more assistants. I asked him where the Electrical Engineer was who was assigned to his Region and he stated that he did not know. I agreed to assign one more Public Works Officer to him as he had requested, as I felt that he needed this additional officer. When I returned to Naples I met the Electrical Engineer of Region VIII at the mess and I asked him why he was still in Naples and he advised me, because no one had issued any orders for him to move. A few days ago he advised me that he had received orders to move forward and would leave immediately.

4. Lt. Col. Lapper has established headquarters at Rome and will undertake additional surveys from that point. It should be brought out here that all plans for electric plant rehabilitations must be coordinated through the Central Electrical Board A.A.I. and that Lt. Col. Lapper as a member of this Board has been in very close contact with requirements and with plans made by that Board to meet them.

SUBJECT: Fuel Oil for Agricultural machines.
Electrical Engineers.

TO : V.P. Economic Section.

1. On my recent visit to 5 and 8 Armies, and Region 8, I found a univocal demand for fuel oil for agricultural machines. Without this oil the agricultural machines will not be able to reap the harvest. I have no doubt that specific demands have been made by Armies and Regions. If so I would only stress the importance of this as seen in the field. If they have not done so, can the matter be taken up in principle and their specific demands asked for.

2. There was a similar demand for the immediate despatch of electrical engineers to Regions 5 and 8 in order to re-establish the hydro electric system.

In reply
refer to: RTC 220.2
Subject: Personnel, Recommendation for Commission

To: Director, Public Works and Utilities Sub-Commission
Attention: Lt. Colonel, W.M. Lapper.

1. Prior to my having left Headquarters, I understood that additional officers were needed in the Electrical Division, Public Works and Utilities Sub-Commission. During my stay at Headquarters, Sicily Region, I have met an enlisted man, T/4 Sheldon D. Brodie 39032513 who I believe would make a capable officer. He is presently serving as Chief Clerk of the Transportation, Communications, Utilities, Public Works and Mining Division, under Lt. Colonel C.P. Bolick. Several weeks ago, he submitted an application for a commission for appointment as Assistant Transportation Officer, Headquarters, Sicily Region, and I understand that it is being returned to him with the statement that no vacancies for commissioned officer exist and with the request that he resubmit the application later when notified to do so.

2. It may be that all officer vacancies are filled up, but it seems to me that we may yet be looking for capable officers in the Public Works and Utilities Sub-Commission. I believe this man should be given consideration for the following reasons:

a. In his present work he has had an opportunity to learn thoroughly the functions of a Regional Engineer's office. Under Lt. Colonel Bolick, he has established most of the office procedure now being followed. He is therefore experienced in the type of work directed by this Sub-Commission.

b. He has a predominately engineering background. He had completed 3 1/2 years of a five year course in Mechanical Engineering at the University of California when called into service. In addition he has worked in ordnance design in a civilian factory. His military experience, other than in the Commission has been in Ordnance. I believe that his engineering background would be a useful addition to the Electrical Division.

c. He is a very hard and conscientous worker, and does not

Declassified E.O. 12356 Section 3.3/NND No. 785019

watch the clock. Furthermore, during the time that I have known him, he has consistently been on the alert for any unnoticed detail of any job which appeared to be his, in order that he might complete the work satisfactorily. I believe that it is essential that an officer in the Sub-Commission have this qualification.

3. In addition I consider him to have shown imagination and initiative in a high degree. I consider his personality to be of such a nature that he gets along well with other people, and is able to have them carry out his desires.

4. Attached hereto is a brief personal history of T/4 Brodie. I respectfully suggest that inquiry be made of the Personnel Section at Headquarters to determine whether his application for commission may be re-submitted in light of our possible need for officers, and in consideration of his qualifications. If he does receive a commission I would be willing and happy to have him serve with me.

5. I have discussed this matter with Colonel Bolick, and he is in thorough agreement with my views. He has previously recommended that T/4 Brodie be commissioned.

VINAL S. RENTON
Major, Inf.

Declassified E.O. 12356 Section 3.3/NND No. 785019

PERSONAL HISTORY - T/4 SHELDON D. BRODIE 39032513

1. Date of Birth: August 21, 1922

   Age next Birthday: 22

2. Education: Completed 3 1/2 years of five year course in Mechanical Engineering at University of California when called into service: Course included Thermodynamics, Heat Treatment, Metallurgy, Electrical Engineering, Qualitative and Quantitative Analysis, Hydraulics, Higher Mathematics (Differential Equations, etc.). Has working knowledge of Spanish and Italian.

3. Civilian Experience: Worked during summer periods as a Designer and Inspector at an Ordnance Plant, designed Jigs and Fixtures for Machining of Ordnance Materiel.

4. Military Experience:
   a. Completed two year course in Reserve Officer Training Corps -Coast Artillery.
   b. Entered Active Service: 24 November 1942.
   c. Completed 14 Months of Foriegn Service as 22 June 1944.
   d. Basic Training:Ordnance Replacement Training Center, Aberdeen Proving Ground, Maryland.
   e. Advanced Training: Anti-Aircraft Director Equipment, Ordnance School, Aberdeen Proving Ground, Maryland.
   f. Previous to entering A.C.C. served in Headquarters 15th Army Group as Clerk in Engineering Section. Entered A.C.C. (Then AMGOT) on 17 September 1943.
   g. Duties since serving in A.C.C.: Assistant Chief Clerk, T.C.U. Division AMGOT Hq. from 20 September to 27 October 1943. Chif Clerk T.C.U.P.W. and Mining Division from 27 October 1943 to date (Region I). During this time has served also as special assistan to Transportation Officer and for a period of two months while the Transportation Officer was in the Hospital he performed all this officer's duties. Has compiled technical data and made drawings contained in reports prepared by the T.C.U.P.W. and Mining Division.

SUBJECT : Specialist Officers

TO : Vice President, Economic Section

There appears to be some difficulty in providing specialist officers for Regions IX and XII, the reason being given that Sub-Commissions are short of the personnel allotted to them as their ceiling - vide this HQ letter 16031/3/G-1 dated 22 Jun 44.

Will you please make it very clear to Heads of Sub-Commissions that, while every endeavour is made to provide the numbers of specialist officers to complete up to these ceilings, the full number of officers required is not available. The Heads of Commissions must, therefore, make the best use of the numbers available and distribute them as required over all the Regions which have to be activated. It is preferable for all Regions to have some officers than for some to have their full complement while others have none.

Subject: Transfer of Personnel.

To : Economic Section.

While in Rome recently I was advised that Captain D.M. Gaither had been transferred from the Public Works Section of Rome Region to 5th Army A.M.G.

This Sub-Commission has not been consulted in this matter and I would like to know upon what authority this transfer was made.

It is realized that A.M.G., 5th Army is in need of a Public Works Officer, but as we are very short of personnel and have been asked to activate new Regions it must be apparent that we should be consulted as to the need of transfers and so that we may know where our officers are.

ACC/125/PWU

25 Jun 44

Subject: Personnel.

To : Economic Section.

The P.W.&U. Sub-Commission now has only 61 officers, out of a total allocated strength of 74. Therefore, we still are short of 13 officers.

We had requested that officers be sent from the U.S. because of difficulty in obtaining officers in this theater who are trained in the engineering profession. They must have such training. This request was denied.

We have on several occasions asked that officers, assigned to replacement centers, be assigned to us, but were advised that A.C.C. was over its strength and no such assignments would be made.

We are now asked to activate new regions and assign engineer officers. We are being asked to increase the number of officers in other forward regions.

This Sub-Commission is charged with the rehabilitation of vital public works and utilities, as well as thousands of miles of military highways, upon which the Armed Forces as well as the civilian population depend. We cannot reduce our forces in the rear beyond certain limits as there is still a very great amount of work which must be done.

If we do not receive the additional officers requested we will be unable to function properly.

It is requested that steps be taken immediately to correct this situation and to permit officers to come from the U.S. or U.K., or, failing in this, to send out a request through A.A.I. Headquarters that the necessary engineering personnel be assigned immediately to us from engineer units in this theater.

We require junior engineer officers as follows:

1 with experience in the electrical engineering field.

12 with experience in the public works engineering field, preferably
3 with public works training and
9 with highway engineering training.

ACC/125/PWU

21 June 1944.

SUBJECT: Public Works Staffs in Regions (Re-arrangement).

1. Major Stewart came today on Brig. Lush's instructions to discuss the above personnel arrangements on the assumption that Public Works Officers have to be found for 12 Regions plus the Rome Region. A total of 13 Regions.

2. In your lists last week to Economic Section you showed with the 8th Army 2 Officers, and with the 5th Army 8 Officers, a total of 10. On the assumption in Para.1 these 10 Officers should be available for re-assignment, therefore, to the 13 Regions. With the assistance of Lt. Col. Thompson, and as a matter of urgency required by Brig. Lush, I told Major Stewart that we might set out the provisional table as follows:-

Region	Officers
I	2
II	2
III	4
IV	6
V	4
VI	1
VII	1
VIII	6
IX	6
X	8
XI	8
XII	8
Rome Region	3
	59
Add H.Q.	15
	74

3. It will be noticed that the total is 74 instead of a previously understood figure of 72. Major Stewart was not able to explain this slight difference.

4. In the note to Regional Engineers File 078 dated 13 June, the 8th Army is shown as having two 2d Lieutenants. Captain Preedy has pointed out to me that these 2 officers are not Public Works Officers at all, so that the total of 62 shown on Page 3 of the memorandum should be 60. I have instructed Capt. Preedy to go to G-1 today and make quite sure that their lists correspond in every respect at the present time with ours.

To. Lt. Col. Hensley.

From. Lt. Col. Lapper.

I am asking the following draughtsmen to report to you on Wednesday /Thursday/ or Friday of this week in order that you may choose the men which you require for the Region and for assistance to Major Hyland and Capt. Ryan.

Di Sante Alexander
Langella Silvio
Di Domenica Ribello
Scinti Antonio.

For your information Di Sante Alexander is the best draughtsman, and the boy Scinti Antonio is a very good artist and useful for general printing and mapping work. The other two men are also good and neat draughtsmen.

In addition to this the following typists are being asked to report to you for asistance in the Region and also assistance to Major Hyland and Capt. Ryan.

Margherita Costa.
Helen Farola
Laura Rucci.

Marghorita Costa is the best typist (a very good one) and I would like youto allow her to remain with Lt. Col. Rhodes for about two weeks until he comes to Rome after which she could take up her work at your office. If you engage her perhaps you will explain this position to her. Laura Rucci is a very good typist and Helen Farola is a good office girl but is not so proficient as the others in typing English.

All the above persons will, with the exception of Margherita Costa finish with this Headquarters at the end of the present month.

AMMED FORCES COMMISSION
Public Works and Utilities Sub-Commission
Public Works Division
Caserta Field Office

26 April 1944

Subject: Recommendation for Promotion of EM's to grade of Acting Staff Sergeant.

To : CO, Hq Co, 2675th Regt, ACC, APO 394, US Army.
Through: Public Works and Utilities Sub-Commission
Public Works Division, Attention: Lt. Col. Lemoon

1. It is hereby recommended that Pfc Albert V. Dimartino, ASN 31113079 and Pfc Louis A. D'Angelo Jr., 12125432, be promoted to the grade of Acting Staff Sergeant.

2. These men are both doing work of priority I importance for the Public Works and Utilities Sub-Commission that is normally allotted to officers. Pfc. D'Angelo is supervising the reconstruction by Italian contractors under the AASS, the Italian State Highway Department, of 20 miles of road from Battipaglia to Paestum, a bridge partially demolished by retreating Germans, and also supervises the work at a large quarry. He is responsible for the obtaining of all materials needed for all these projects and is also in charge of a motor section of ten American trucks driven by Italian civilian drivers. Pfc. Dimartino is supervising the reconstruction of 110 miles of road from Avellino to Salerno and from Salerno to Lagonegro, which tract also includes the reconstruction of numerous bridges. He has to act in the capacity of a liaison officer with the British in obtaining materials for the proper execution of the work. In my absence he takes over complete control of the Salerno Office and has to keep in very close contact with the AASS officials concerning the work.

3. Both these men are entrusted with jobs which, for their proper execution, demand a certain extent of authority. They are constantly dealing with British and American officers and Italian officials. They are supposed to be in complete control of these projects and at times find it

46

Declassified E.O. 12356 Section 3.3/NND No. 785019

152

difficult requesting work of British and American commissioned officers whose services are supposedly at their disposal.

4. It is therefore recommended that, for the proper execution of urgent military needs, these men be promoted to the grade of Acting Staff Sergeant.

14th June.

Dear Colonel

On Every occasion that I contemplated paying you a visit something always turned up to deprive me of the pleasure therefore I am taking the opportunity of writing to you. Thanks to the efforts of Capt Gould and yourself I was granted an interview at ACC. H.Q. I think you remember the occasion, exactly one month ago when we met as I was about to take the Offer of Col Parker.

Declassified E.O. 12356 Section 3.3/NND No. 785019

The interview was very satisfactory and I was told that I would most certainly be an acquisition to the organisation. The necessary documents for my transfer were completed and despatched to A.A.I. who contacted Army Engineers to obtain their sanction for my transfer. I have been informed unofficially that they is offering no objection but up to the time of writing I have not had my transfer orders and so I am anxious to get on to the job I am feeling a little at the delay however these things take time and as I said I am only a mere cog in the

P.W.& U.,
H.Q. ACC.

Owing to the rapid movement of Corps and the unfortunate circumstance of my being ill for the past few days I have as yet been unable to catch up with my Brig. to obtain his recommendation.

I very much regret this delay but expect to be able to see him within the next two days.

ACC/125/PWU

13 June 1944

Subject: Promotion Officers.

To : Director,
Public Works and Utilities Sub-Commission.

Reference your letter No.16012/G-1, dated 31 May 1944.

1. I note that my promotion to S.O.II (CA) with rank of Major was ante dated to 6 Jany.1944, under Authority H.Q. A.A.I. letter 8886/M.S. dated 29 May 1944.

2. I also note that it states I was granted the acting rank of Major. This is surely an error, as I had previous by held the rank of Major with the North Midland District H.Q. in the appointment of DAQMG from 13 June 1943 - 12 Sept. 1943, therefore completing the three months period to Temporary Rank of Major and W/S rank of Captain. The order should therefore read.

From S.O. III (CA) to S.O. II (CA) and regranted the temporary Rank of Major.

3. Regarding the date from which the promotion takes effect, I wish to point out that on arrival in North Africa I brought the matter of loss of Rank (through volunteering for Civil Affairs) to the notice of J.A.C.S., M.G.S., at Tizi Ouzou, as I considered that I had been unfairly treated, in view of the fact that at my interview in London, I was told that in volunteering for Civil Affairs I would not lose any rank I held.

4629

Declassified E.O. 12356 Section 3.3/NND No. 785019

125

4. The M.G.S. referred the matter to W.O. London, who cabled back, that though I was given a third grade appointment there was no reason why I should not be appointed to fill a Grade 2 vacancy if recommended (J.A.C.S. Allied Commission letter A.C./1074/2 (G-1) dated 14 Oct.1943 refers).

5. A request to J.A.C.S., M.G.S. from you recommending that I be up graded to G.II appointment was made (your letter reference A.C./1006/P.W.U. dated 17 Oct. 1943 refers.)

6. In view of the undertaking given at my interview in London that I would not lose rank by volunteering for Civil Affairs, I respectfully ask that the matter may be taken up to have my appointment back-dated to September or October, when I was actually recommended by you.

7. I attach copies of letters referred to in paras. 4+5 together with copies of my original letter to J.A.C.S. and W.O. Cable.

W. KNIGHT, (141159)
Major, Essex Regt.

P.S. May I be notified of the G.R.O. giving date of my arrival in C.M.F. as I have not noticed same in any G.R.O. to date.

12

Joint Acting Chiefs of Staff.

Sirs,

It would be appreciated if the question of my rank could be investigated. May the matter therefore be taken through the usual channels on my behalf.

The facts are as follows:-
In answer to an appeal made by the War Office for volunteers for service on Civil Affairs, my name was submitted in April of this year. I was then holding the rank of Capt. which rank I had held for two years and seven months, while holding the appointment of StaffCapt. at Worcester Sub-District.

Subsequently I was promoted to the rank of Major on taking up the appointment of DAQMG North Midland District, on 13 June 43. (Auth. MS/1/2/3454 dated 6 June 43).

Immediately after taking up this appointment I was called to London for an interview by a Civil Affairs board. This was on 16 June 43. The branch that instructed me to attend the interview addressed me as Captain, apparently unaware of my promotion. When I presented myself for the interview, I filled up the preliminary form showing my rank as Major.

At the interview I pointed out to the board that I had been promoted to the rank ofMajor, and I was then given to understand that if selected for a Civil Affairs appointment I should not lose my rank of Major.

Next I was selected to attend a course of instruction at the Civil Affairs School at Wimbledon, commending 29 July 43. At the end of the Course the Scool received a letter from the War Office, indicating the names, ranks and gradesto which they had been appointed? I was posted to a grade 3 Appointment in the rank of Captain. I brought this to the notice of my Syndacate Leader who took the matter up with the Commandant of the School, who decided that he could do nothing in the matter.

It was suggested that I took the matter up when I arrived at my destination.
It would appear therefore that A.G.2(O) (Officer's Postings) were unaware of my promotion to Major, which was authorised by MS Branch under MS/1/2/3454 dated 6 June 43.

I am Sirs Your servant, W. KNIGHT Capt.

Dear Brigadier.

I am giving this note to Lt Davidson who is
14th Army Roads officer instead of my road R.E.O.
officer. He is going to Naples with the new Sp
Secretary Signor Tiziani, whom I understand is
Minister of Public Works. We are very faced in Brescia
Province, sheltering in Ricti after the work, with a
complete dearth of Italian Engineers who can call the
road maintenance & bridge building side going for the
Army. I am very anxious that this side should
continue during the Govt work it has and I must
ensure that some capable engineers should be
allotted to Brescia - Ricti who can start the
work. I have told Davidson that before he does
Tiziani he must obtain for us Govt approval
and I hope you will give him every assistance.
We are rather hectic up here, but I expect
Gs are too.

Yours sincerely,

Clifford.

ACC/125/PWU 7 June 1944.

SUBJECT: Personnel.
TO : Vice President, Economic Section.

1. We are very seriously handicapped in not knowing what is being done in Washington to obtain the personnel requested by us. Many requests have been made for additional personnel to be sent to Regions and others will soon have to be added. While we have been able to obtain a few officers which we had asked for from one to two months ago, and several more had arrived from England, we must know what we can expect to obtain from the U. S.

2. Will you, therefore, please arrange to have a cable sent to Washington inquiring of the status of our request and when these men may be expected to arrive over here so that we can plan accordingly.

1 June 1944.

SUBJECT: Public Works Officer.
TO : Regional Commissioner, Region 2.

1. This is to advise you that Major F. Knight has been appointed Regional Engineer Officer for Region 2.

2. Major Knight has been our Liaison Officer with District 2, Bga. at Bari and has been in charge of Military Highway Reconstruction in Puglia. He will have to continue as our Liaison Officer at that Headquarters and to carry on military highway reconstruction within the Region. For that reason he will have to make his headquarters at Bari.

3. While it is fully realised that it would be more convenient for you to have him at your Headquarters at Bateria, we realise the fact that you are planning to move your Headquarters to Bari and that telephone communications exist between this Headquarters and Bari so that you may be able to reach him whenever you so desire. It may be necessary for us later on to assign a junior officer to assist Major Knight particularly in the military highway problems so as to make him more available to you in carrying out his other Public Works duties.

4. With the assignment of Major Knight as your Regional Engineer Officer, you will now have one officer to handle all of your Public Works problems and one for your electrical problems, as against no officers previously assigned to your Region for such purposes.

5. If any special problems arise beyond the ability of these two officers to handle, we are always prepared to send specialists to your Region to assist in solving such problems.

L. A. JERRY,
Lt. Col. C.E.,
Director.

31 May 1944.

SUBJECT: Highway Construction Personnel.
TO : Vice President, Economic Section.

1. Your letter of 25 May is referred. (Your Ref H-2).

2. In reply to the question of additional personnel we wish to state as follows:-

a) It must be obvious that, with so much extra work assigned to A.C.C., and so much extra equipment requisitioned, A.C.C. must have additional personnel.

b) Before the request was made for additional personnel, the question of obtaining this technically-trained personnel from Military Organizations on the mainland was discussed with the heads of these organizations, and both the U.S. AAI and F.B.S. Engineers stated that such was not available. We endeavoured for some time to obtain such personnel from Replacement Centers or other sources with only negligible results. Those men were produced, they mostly had general engineering experience but were not of the specialist type which we must have, and which we have requested be sent here from the U.S. We stated that this personnel must come from the U.S. because we were advised that such personnel was no longer available in Great Britain. We do know, however, that this personnel is available in the U.S.

c) We also wish to make it clear that the additional personnel requested is not only in connection with our military highway problems, but is also meant for general Public Works and Utilities problems, and who must be specialists in these various fields. We have had to strengthen Regional Engineer organizations in recent weeks, and new requests are being made at the present time to supply additional engineer officers for work in forward regions as the armies advance.

d) We wish to make it clear also that this personnel must be officer personnel, as requested. We cannot use civilians because we are constantly dealing with the Armed Forces, and with other military problems abroad. A civilian would look merely like an Italian, and could not have proper authority. In addition, it would complicate feeds, travel, and lodging while in the field, where their duties will mainly lie.

3. In so far as the training of Italian personnel is concerned, we have very carefully studied the problem, and have discussed it with the Engineer Officers of Military Units. We are satisfied that Italian personnel can be trained by personnel of some of these units, but which units

4597

Declassified E.O. 12356 Section 3.3/NND No. 785019

must shortly be prepared to move forward. They are extremely anxious for us to take over our added functions as quickly as possible.

4. We have been going on the theory that our request would be promptly honored at A.F.H.Q. and that the requested personnel had already been asked for in the U.S. We are in an extremely difficult position because of lack of personnel, and must stress the fact that it is imperative that this personnel be sent from the U.S. at the earliest possible moment. Otherwise we will not be able to function.

5. The despatch of personnel over here must ever precede the shipment of equipment, as we must be organized to carry on the work with equipment temporarily furnished by the Armed Forces, but which they must withdraw as soon as the equipment asked for arrives from the U.S.

6. It is requested, therefore, that immediate action be taken to expedite the sending of officers from the U.S. as requested, and that the equipment asked for be sent here also without any further delay.

L. A. [redacted],

25 MAY Recd

118 Kcs.

Dear Sir,

After a discussion with the C.C.R.A. 10 Corps and the G.2.R.A. and with their full permission I wish to make application for transfer to A.C.C. in the road section. Both the G.2. and myself feel that I should be of greater use to the war effort in this position and I have his backing in my applivation.

I have had an interview with Major Giffin, AMG LO 10 Corps and he has given me full details and has suggested the road section.

In civil life I am a land and building Surveyor of some years standing but upon war breaking out I volunteered for a Survey Regt RA and I have been in army survey ever since.

The following are the details you require:

Age: 30

Army Career:

April	1940	Joined 41st Survey Training Regt RA.	Gunner.
Nov	1940	OCTU	
May	1941	Instructor School of Survey	2/Lieut
July		1st Survey Regt RA	"
Nov	1942	Instructor School of Survey	Lieut
March	1943	10th Survey Regt	"
May	1943	Survey wing, School of A.	Capt I.G. Africa
Nov		8th Survey Regt (attached)	" Italy
April	1944	Assistant to 24 Town Major	" (surplus)

Education: Skinners Companys Public School
University of Birmingham

Examinations: Matriculation
Higher Schools
B.Sc.(I).

Civilian Qualification:

1935	Assistant to Berry & Wells Ltd, Surveyors & Land Agents, Lancing Sussex.
1936	Senior Surveyor & Assistant to Dickens & Berry Ltd, Nottingham.
1937	Senior Surveyor & Manager to L.V.Stone, Reason & Tickle, Brighton.

459

The Chartered Surveyors Institution have granted me exemption from the

HEADQUARTERS
21 MAY 1944

Declassified E.O. 12356 Section 3.3/NND No. 785019

early examinations of the Institute and I had arranged to take the other in March 1944 but owing to my being abroad I have had to postpone this until after the war.

I have in addition to my civil work taken the course on Surveying by Simmons.

Thus I have both practical and theoretical experience and as well have included the subjects of English Law, Local Government, Economics Draughtsmanship and Book-keeping.

It is my intention after the war to go into parterrhip in a certain firm of Surveyors.

Since helping 24 Town Major I have been able to be of assistance to AMG in this town by overseeing the repair of drains, water and destructed buildings but unfortunately the position is only temporary.

I am able to speak Italian fairly well and this has helped.

Letter from C.O.: Owing to my being surplus to any war establishment I have no C.O. in the normal sense but in view of the backing by the G.2. I feel that if it is required he will furnish the required letter on my behalf.

I sincerely trust that the above particulars will prove satisfactory to you and as I am confident of being able to undertake any responsibility you care to grant me and the knowledge that I can be of far greater use to my country in this position than any now available in the Army, I should be very pleased to receive the favour of an early interview.

Yours faithfully,

Capt. R.A.
186799.

AOI/125/PWU

23 May 1944.

SUBJECT: Additional Enlisted Personnel.
TO : Vice President, Economic Section.

1. On 4 April 1944 this Sub-Commission submitted a list of additional officers and enlisted men required in order to carry on the work of this Sub-Commission. In that list of personnel were included 30 non-commissioned officers with experience as foremen or superintendents on highway construction and 8 operators of special equipment requisitioned from the U. S.

2. In a discussion of this date held with the Director of the Establishment Branch A.C.C., I have been advised that no arrangements are being made to obtain this added enlisted personnel in view of the request made upon A.C.C. to reduce rather than increase enlisted personnel.

3. It is absolutely essential that steps be taken to provide this enlisted personnel so that we may properly function in our task of supervising the reconstruction and maintenance of military highways so as to relieve the Armed Forces for tasks ahead. Under date of 13 February 1944 A.F.H.Q. Adv. Adm. Echelon G.M.F. issued instructions to military districts advising them that A.C.C. was to take over this work and in that instruction the following statement was made:

> "..... The following are the details of the procedure to be adopted in order to make the fullest possible use of the Civil Road Organization as it develops."
>
> " The Civil Organization under A.C.C. control will be set up as shown in Appendix A hereto, to deal with all military roads in Occupied Italy."
>
> "It is essential that the maximum possible use be made of the Civil Organization and it is most desirable that instructions to it are made through the A.M.G. or A.C.C. representatives where and when they are available so that they may eventually take over much of the road construction and repair work on which you and your staff are involved."

4. Since that time numerous other instructions have been received turning over more highways and more responsibility to this Sub-Commission. In addition to taking over the supervision of this work, HQ. A.A.I. wanted to be relieved of the necessity of furnishing construction equipment to us to be used on these highways and for A.C.C. to provide its own materials such as bitumen, cement, etc., and to take over such plants as cement plants,

Declassified E.O. 12356 Section 3.3/NND No. 785019

brick factories, quarries, etc. A requisition was prepared by us and approved by P.B.S., for whom we are also doing the same type of work as for Districts 2 and 3, and also by HQ. of the D.W.,A.A.I. In reply to a cable from NAFOUSA. requesting further information regarding A.A.I. intentions concerning work to be done by A.C.C. and the need for this equipment by A.C.C., HQ. A.A.I. replied to NAFOUSA by cable on 14 May 1944 in which cable appeared the following sentences:

"A.C.C. has been charged with the maintenance of essential military roads as far forward as practicable and to the limit of the capacity of the Civil Road Organization ....(present forward limit) of essential military roads to line River Guarigliano - River Sangro .... hand labor totally inadequate but new organization with equipment should be capable of maintenance on large scale under A.C.C. direction."

5. Under date of 16 May 1944 District 3 issued instructions to its engineering personnel in which appeared the following sentences:

"When today all permanent bridge construction, including design and supervision will become the responsibility of A.C.C.

"Pending the provision of A.C.C.'s own staff, C.E.s will ensure that all requisite work is done and that dangerous places are bailed first."

"With regard to stone supply CC 854 Quarrying Coy. R.E. will take immediate steps to contact the A.C.C. and the contractor, and will also arrange to hand over to the latter our Gratisdinarda Quarry when the Bailey Bridge Division is completed in all respects."

6. At the present time wherever highways are still under the direction of military units, and where civil labor is employed, army engineer units furnish non-commissioned officers to supervise certain highway routes, bridge construction or quarries, and in some cases military engineer units do the work themselves. We are very much handicapped by having insufficient personnel to properly supervise this work. Italian personnel and transportation for the supervision of these projects are wholly inadequate in spite of many efforts made to obtain such personnel and transportation. Even today the Director General of the Ministry has asked for our assistance in trying to obtain engineers who are war prisoners of the Allies so as to augment their present staff and to permit them to function more efficiently. This matter has been discussed with the director of our Establishment Branch and steps will be taken to endeavor to obtain such war prisoners.

7. In view of the above, we wish to request that the 30 Enlisted Men be provided for this Sub-Commission and that the request for the 8 additional experienced operators for the special equipment requisitioned from the U.S. be provided. It may be necessary to set up a special branch

4585

Declassified E.O. 12356 Section 3.3/NND No. 785019

outside of the normal A.C.C. table of organization to permit this. Whatever is needed to bring it about should be done as we must have this added personnel. If we cannot get this additional enlisted personnel it will be necessary for us to request additional officers to be assigned to this Sub-Commission.

8. It should be pointed out here that these requests were made at a time when the Italian front was more or less stable and, as pointed out above, the Guarigliano and Sangro Rivers were to be the advance limits of our operations. With the movement forward of our Armies we will naturally be asked to extend our operations further north and which will increase rather than decrease the personnel required by us. We naturally will do everything possible to thin out our personnel in the southern part of Italy so as to permit its transfer to new regions further north.

9. Will you please see what you can do to assist us in this matter ?

L. A. JENNY,
Lt. Col., C.E.,
Director.

1. The attached letter from the Director of the Establishment Branch clearly outlines the procedure and status of specialist officers in the field. It should be used as a guide in planning the placement of personnel.

2. In this connection we are reminded that in the next few days personnel must be selected from the specialist branches of this Section to strengthen the present staff of Region IV and a complete "team" must be provided for the re-opening of Region VIII. It will considerably assist this Section and the Establishment Branch if the Directors of the Sub-commissions will select their nominees immediately on the basis of the work which they feel must be done in these Regions.

ESTABLISHMENT BRANCH

Est0/Mm-12

JJA/jmv

12 May 1944

Subject: Assignment, Reassignment, and use of Specialist Officers in Regions.

To : Regional Commissioners and SCAOs.

1. There appears to be considerable misunderstanding by Regional Commissioners in reference to the assignment, reassignment and use within the Region of Specialist (Sub-Commission) officers. It is hoped that the following notes may serve to clarify this matter.

a. Original assignments of Specialist Officers to Regions are made on the recommendation of the Vice President of Sections in consultation with the Director of the Sub-Commissions and, when possible, with the agreement of the Regional Commissioner.

b. Reassignment and withdrawals of these officers from Regions are made in the same way. Every effort is made to consider the problems and desires of the Regional Commissioners but in case of disagreement, it sometimes is necessary to follow the recommendation of the Director of the Sub-Commission since he is responsible for providing for all Regions, AMG Armies, and his Hq. Staff from limited numbers of personnel.

c. Specialist Officers in Regions, especially ACC Regions where personnel for CAOs is limited, may be utilized for other tasks in addition to their specialist assignments. However, Regional Commissioners must exercise sufficient care to insure that these additional tasks do not prevent the accomplishment of their specialist functions and that they are not given tasks from which they can not be spared when needed as a specialist for another Region.

2. All assignments and reassignments of officers to Regions must have the approval of the Executive Commissioner. The Establishments Branch of the PC & MG Section is charged with the clearance with Sub-Commissions and Regions of all officers prior to transfer. Therefore, all requests for assignments or transfers from Heads of Sections, Sub-Commissions or Regions should be addressed to the Executive Commissioner (Attention Establishment Officer).

3. Requests for relief of officers for inefficiency or in lieu of proper disciplinary action will be accompanied by a written report

Declassified E.O. 12356 Section 3.3/NND No. 785019

Ltr. subject: Assignment, Reassignment, and use of Specialist Officers in Regions (cont'd).

the Regional Commissioner or SCAO detailing the facts in the case.

4. Adherance to the above procedure will contribute greatly to the smoother operation of ACC.

16 May 1944.

SUBJECT: Assignment of Public Works Officer Region VII.

TO : Col. Robert G. Firkwood, Regional Commissioner Region VII.

1. This will serve to introduce to you Major W. F. Chamberlin, who has been assigned to your Region as your Public Works Officer.

2. Major Chamberlin has received some preliminary training at this Headquarters in connection with electricity rationing problems which will have to be carried out also in your Region. He has also been given a number of projects which have been submitted by the Genio Civile in your Region to the Minister of Public Works and which have been approved by us. He will transmit these to the Chief Genio Civile Officer in your Region for execution.

3. Major Chamberlin has also been given instructions as to how Public Works projects are to be carried out in Italian controlled territory where the Italian engineers function as in peace-time but under our general supervision and guidance.

4. It is my suggestion that Major Chamberlin work for about one week with Captain Brownlee who is handling the military highway reconstruction problems in your general territory for this Headquarters. This suggestion is made because it is felt that in doing so, he could familiarize himself with the manner in which projects have to be carried out, how contractors' problems are handled, etc., after which he could then concentrate on such Public Works problems as you will have. It is felt by doing so he would then be trained as much as it is possible to do so in a short period and will be able to better serve you and this Sub-Commission.

5. With kindest personal regards,

L. A. JENNY,
Lt. Col., C.E.,
Director.

CC: Major Chamberlin.

HEADQUARTERS - 8 MAG 1944 A. C. C.

1. With the necessity for concentrating previously assigned members of the staff of this division in AMG Fifth Army (CAS) and the extension of Eighth Army front, there remains a shortage of officers under command for the needs of Region IV area.

2. The Director of Public Works & Utilities Sub-Commission has promised some reinforcements in view of the position and has already supplied one electrical specialist.

3. It is suggested that a minimum of a further four officers, not above the rank of major, with general civil engineering experience are required as soon as possible and certainly before the event demands them.

Regional Engineer Col.

Reference : 16004/17/G-1 (Col. Farren)

Subject : Assignment to Regions of Highway Personnel.

To : V.P. Econ. Sect.

The following officers of this Sub-Commission are assigned to field duty in various Regions in connection with our military highway reconstruction program.

Officers of P.W. Division on temporary duty

	Rank	Name	Station
Region I	Captain	W.M.Gamble	Catania
Region II	Major	W. Knight	Bari
	Captain	R.P.Wecber	Potenza
Region III	Major	N.W. Hyland	Salerno
	Captain	E.B. Feldman	Caserta
	Captain	A.G.A. Saul	Caserta
	Captain	W.R. Gentry	Castellammare
Region V	Major	A.G. Perley	Foggia
	Captain	J.L. Lambie	Lucera
	Captain	R.H. Walker	Lucera
Region VII	Captain	T.R. Brownlee	Catanzaro

It should be made clear that these officers are subject to sudden change of station and that the highways over which they have jurisdiction extend beyond regional boundaries. These highways are assigned between certain cities, irrespective of administrative boundaries. That principal applies to all transportation arteries and R.R. arteries and personnel are treated in a similar manner to the one we are following today. That fact must be recognised, otherwise all kinds of handicaps would be placed in our way.
Therefore, these officers can not be assigned to a Region.

Subject: Transfers - Officers.

To : Economic Section.

1. We request that the following officers be transferred to this Sub-Commission:

(a) No. 0-1291792 1st. Lt. Robert N. Enly, present assignment 6th. Personnel Center, 7th. Replacement Depôt.

This officer is qualified and experienced in Maintenance and would be put in charge of all equipment in use by our Public Works and Highways Division in the Field.

(b) No. 0-1042583 2nd. Lt. Edward W. Green, present assignment 6th. Personnel Center, 7th. Replacement Depôt.

This officer would be used as assistant to one of our Field Engineers, chiefly on the administrative side and directly under his supervision.

2. Both vacancies exist in our Public Works and Highways Division and it is hoped that these officers may be assigned to us with the least possible delay, as their services are urgently required.
