SUBJECT: Appointments to Cadetships in United States Coast Guard Academy.

TO : All Concerned.

War Department Memo 350-44, dated 26 September 1944, is quoted below for the information of all concerned:

"APPOINTMENTS TO CADETSHIPS IN UNITED STATES COAST GUARD ACADEMY:

At the request of the Commandant United States Coast Guard, it is desired that the following information be made available to all enlisted men:

On 9 to 10 May 1945, the annual competitive examination for appointments to cadetships in the United States Coast Guard Academy will be conducted throughout the country.

The Academy, which is located at New London, Connecticut, is a fully accredited educational institution operating under the same high scholastic and military standards as the United States Naval and the United States Military Academies, conducted by the Coast Guard for the professional training of young men who are candidates for commissions and careers in the Coast Guard. Successful completion of the 4-year course, which is basically scientific in character, leads to a Bachelor of Science degree in Engineering and a commission in the regular Coast Guard.

Appointments to cadetships are offered to young men standing highest in the Nation-wide competitive examination. The standing of a candidate is determined by averaging his grades in the mathematics and English examinations together with his adaptability grade. The adaptability grade is assigned by the selection board on the basis of a personal interview, the applicant's educational and experience background, and the records submitted with his application.

All men who meet the following basic requirements are eligible to compete in the Academy examination to be held on 9 to 10 May 1945:

Be not less than 17 years of age nor more than 22 years of age on 1 May 1945.
Be at least a high-school graduate.
Be unmarried.
Have the following credits, either in high school or college:

Algebra ----	2	English-------	3
Plane Geometry--	1	Physics------	1
Trigonometry----	½	Chemistry----	1

Other optional units ---6½

Be over 5 feet 6 inches in height, with vision of 20/20, uncorrected, in each eye, and otherwise in good physical condition.

Descriptive literature concerning the Academy and application forms will be forwarded upon request. All correspondence is to be addressed to the Commandant, United States Coast Guard, Washington, D. C. Upon completion and submission of applications and supporting papers, applicants will be notified through their commanding officers of their acceptance or rejection as candidates for appointment. Completed applications must be postmarked not later than 1 April 1945.

No waiver of the requirements will be granted.

Candidates who are successful in obtaining an appointment to the Coast Guard Academy may be discharged from the Army to accept the appointment."

Any Officer, who is not now performing duty as indicated will be reported to this Headquarters at once. He will not be moved from his present duty until receipt of further instructions.

Officers assigned by paragraph 1 above who have been selected for AMG 5th Army C.A.S and for Forward Regions are being notified by separate letters to Regional Commissioners and SCAOs concerned who will be prepared to release or receive them on orders from this Headquarters.

Officers will be re-assigned, or attached for any duty outside the Region or Sub-Commission only on orders of HQ ACC except as indicated in paragraph 2 b. Establishment Memorendum No. 7, 7th March 1944 (Officers of forward Regions to AMG Armies attached by Regional Order).

Officers will not be "loaned" among Regions or Sub-Commissions. This does not prevent Officers being placed on temporary duty for short periods to accomplish special jobs by competent written HQ ACC Special Orders.

Appendix "A" showing Officers assigned to HQ ACC will be issued

1. NIGHT STAFF DUTY OFFICER:

a. The Headquarters Night Staff Duty Officer will be Major WILLIAM E. SCOTTEN and can be located in Room 40, 1st Floor, Ministero delle Corporazioni Building, telephone - Ext. 405.

b. The Night Staff Duty Clerk, L/Cpl Boardman, will report to the Chief Clerk, Adjutant's Department, Room 26, 1st Floor, at 1600 hours and to the Duty Officer, in Room 40, 1st Floor, at 1800 hours. (Adj)

2. ELECTRIC POWER, CONSERVING OF:

The need for conserving electric power in Rome area is of the utmost importance. The co-operation of all officers, EM/ORs in this Hq in this respect is absolutely necessary at all times. Electric lights have been observed burning in offices where they were unnecessary. Occupants of offices will ensure that lights are not switched on until they are absolutely required, and that they are switched off again when offices are vacated.

Failure on the part of anyone to conserve electricity may result in more drastic action being taken.

Sub-Commissions, Branches, etc., should refrain from requesting additional lighting, unless the existing system is considered inadequate to work with. (Hq Comdt)

3. RUNNING OF ELEVATORS:

The use of elevators by Allied Military personnel for any purpose whatever IS FORBIDDEN. The doors of all elevators in military hotels and other installations will be locked, or, if this is not possible, other suitable precautions will be taken to insure that this Order is put into effect AT ONCE.

This Order cancels ALL authorities previously issued permitting the use of elevators for any purpose. (RAAC General Orders No. 27, dated 18 October 1944).

This Order will become effective in this Headquarters as from 1800 hours, Saturday, 21 October 1944. (Hq Comdt)

4. CLEARANCE FOR AMERICAN OFFICERS & AMERICAN CIVILIANS:

It has come to the attention of this headquarters that American officers are being relieved from duty and are departing this headquarters without obtaining proper clearances. Officers departing this headquarters who have not properly cleared their have taken with them property

6. UNAUTHORIZED FIRING OF WEAPONS: The following extract of Section III, AFHQ Circular #22, dated 13 October 1944, is republished for the information, guidance and compliance of all concerned:

"1. Serious damage recently has been done to important telephone, telegraph, and power circuits by small arms fire of Allied troops. In each case vital communications have been interrupted.

2. Unité Commanders will be held personally responsible for any damage to communication lines caused by personnel of their commands.

3. The following paragraph will be added to all movement orders:

The organizational commander or convoy commander will be held responsible that there is no firing of weapons of any type by the personnel in the unit, or convoy, at wires, poles, or insulators, or other objects during the march.

4. All units will be indormed immediately upon receipt of this memorandum that drastic disciplinary action will be taken in the case of any personnel apprehended wilfully damaging any communication facilities". (Hq 2675th Regt)

7. ADDRESS - PERSONAL MAIL - AMERICAN PERSONNEL: 1. In view of the current use of geographic designation of Regions in the Allied Control Commission, American personnel are warned to avoid the use of Regional designations in personal mail. Attention of all concerned is invited to Par 10b (1), Section II, NATOUSA Circular #32, dated 13 March 1944, quoted as follows:

"b. Prohibited Statements - Under no circumstances will reference be made to the following:

(1) The exact geographical location of any unit, or the geographical location of the Army Post Office number which is assigned to any particular base or force.

2. Attention is further invited to Par 12, Section II, NATOUSA Circular #32, dated 13 March 1944, pertaining to proper military address:

It is intended to hold at an early date a Mess meeting to elect the new committee and to transact such other business as may be put before it.

For the purpose of this election it is desired to obtain now nominations of officers prepared to serve on the Mess Committee and for this purpose a nomination list has been posted on the notice board in the Mess on which officers may write the names of the officers they wish to nominate.

Officers nominated for the Committee must be on the Staff of HQ ACC and full members of the Mess. Nominating officers will satisfy themselves as to this and also that the officer they nominate will serve if elected. (Adj)

One oversea service bar is authorized for wear for each period of 6 months service as a member of the Army of the United States outisde the continental limits of the United States from 7 December 1941 until a date 6 months subsequent to the termination of the present war. In computing oversea service, the Territory of Alaska will be considered outside the continental limits of the United States.

b. Time is computed between the dates of departure from and arrival at a port in the United States or the boundary of the continental United States Day of departure and day of return are included. The expression "each period of 6 months service" is interpreted to authorize wearing of an oversea service bar for oversea service of various lengths performed either continuously or at intervals, when the total of the service equals or exceeds 6 months. Thus, an individual, who serves 4 months and 10 days outside the continental United States (permanent, temporary, detached, etc.) will be included in computing length of service required. In any case the official duty of the individual must have required his presence outside the continental United States. Oversea service as a member of the Women's Army Auxiliary Corps will be included.

c. Military personnel serving on transport vessels and on aircraft become eligible to wear the bar, under a and b above, when their total service outside the continental United States equals or exceeds 6 months.

d. Service on the Great Lakes and in any harbor, bay, or other enclosed arm of the sea along the coast, and that part of the sea which is within 3 miles of the coastline of the United States will not be included in computing length of service required.

e. Periods during which military personnel are absent without leave or in desertion will not be included in computing length of service required.

4. How worn. - a. The oversea service bar will be worn centered on the outside half and parallel to the end of the left sleeve of the garments mentioned in paragraph 2, with the lower edge of the bar 4 inches above the end of the sleeve. Additional bars will be worn parallel to and above the first bar with 5/16 inch space between bars, the space being formed of the background.

5296

b. Only bars of gold lace or bullion will be worn on the service coat and on the jacket, field, wool. Only bars of golden yellow cloth will be worn on the shirt.

Declassified E.O. 12356 Section 3.3/NND No. 785019

WD Cir. No. 268, (Cont'd)

c. When the oversea service bar is worn on the service coat with service stripes (enlisted men with 3 years honorable service) or with chevrons indicating oversea service in the first World War, the oversea service bar will be worn immediately above the uppermost stripe or chevron. (See figs. 2 and 3).

5. Supply. - Pending issue by the Quartermaster General, commanders are authorized to procure the oversea service bar through any facilities available, charging cost thereof to appropriate procurements. Individuals may purchase the bars to which they are entitled from authorized dealers.

6. Record. - Authority to wear oversea service bars will be noted under "Remarks, Administrative" in Service Records (W.D., A.G.O. Form No. 24) of enlisted personnel, and on Officers and Warrant Officers Qualification Cards (W.D., A.G.O. Form 66-1 or 66-2, as the case may be) for officers and warrant officers.

ALL officers, on being commissioned complete A.F. B199A (Officers Record of Service) in duplicate. It may not be generally known to what purpose these forms are put once they are completed. The object of these notes is to tell officers what this purpose is, and to assist them in the compilation by indicating, in a general way, what information is required.

As to the use to which these forms are put. One copy goes direct to the respective personnel branches at the War Office and, from Part II Orders issued in this Theatre of War, a complete chronological history of the officer's movements, promotions and appointments, is compiled.

Army Form B199A was originally designed for the Regular Army and later applied to the Territorial Army in peace time. Consequently, it falls short of requirements under present conditions in some aspects, and it is for this reason that Officers are being asked to go into additional detail when compiling the form.

The completeness of the information held at this Echelon about a particular officer may materially affect (a) his future employment and promotion, (b) his suitability for special employment and (c) THE PRIORITY OF HIS RELEASE FROM SERVICE AT THE CESSATION OF HOSTILITIES. It should be remembered that an officer may become unemployable within his own arm of the service either by reason of his having been wounded and subsequently medically down-graded, or upon receiving special Confidential Report recommending a change of employment. The A.F. B199A is frequently the only source of information upon which this H.Q. can accurately assess the officer's suitability for alternative employment. It will be clear, therefore, that it is of the utmost importance that ALL questions on the A.F. B199A should be answered fully and with intelligence.

The following notes are intended as a guide to the officer making out his A.F. B199A for the first time, or revising it at the request of G.H.Q. 2nd Echelon.

PARA 1. *Religious Persuasion.*—This will not merely show whether Christian or Jew, but will show exact denomination, *i.e.*, C. of E., R.C., Methodist, Presbyterian, etc.

PARAS 1, 2 and 3. ALL names and addresses should be written in BLOCK caps. Mistakes in an address due to bad or indifferent handwriting can have the most serious consequences. This may occur, for example, when this H.Q. has any communication with an officer's next of kin.

PARA 4. *Other Rank Service.*—Many officers, having filled in the original type of B.199A, will not have recorded details of Other Rank Service. The revised form provides for this and it is of the utmost importance that it should be stated fully.

PARA 6*a*. *Language Qualifications.*—Degree of proficiency in languages, *i.e.*, speaking, reading and writing, and whether of interpretation standard, is of greater importance than the mere fact that an officer claims to speak a language.

PARA 6*b*. *Knowledge of Foreign Countries.*—It is of the primary importance that an officer should record not only the extent to which he travelled in a foreign country, but also the part of the country and the circumstances of such visit, that is to say, whether it was a business or holiday visit. If the visit was connected with business, it is of interest to know what his business interests were. What local knowledge was gained of a particular country or countries should be recorded.

PARA 6*c*. *Business Qualifications.*—Few officers do complete justice to themselves in answering this question. Any experience attained by an officer prior to his enlistment should be recorded in detail. For example, it is not sufficient for a professional accountant to state merely « Accountant. » It is required to know the type of accountancy; whether « Chartered », « Cost », or « Municipal » Accountant, and whether he is [illegible]

If the latter, the number of years of such practice must be stated.

An officer may have changed his employment and yet still retain a business qualification from his former employment. The fact should certainly be recorded, and an indication given as to the interval which has lapsed between the change of employment and the date of his joining the Army.

PARA 6*f*. *Special Knowledge or Experience not Included in paras. (a) to (e.)*—This is the one question which few officers answer satisfactorily. It should include any information which, although apparently irrelevant at the time, might, under certain circumstances, be of value as regards the posting or placing of an officer. No restriction is placed on the facts which may be included under this heading. An officer's interest, hobbies, pastimes, however seemingly unimportant, should be stated. The fact that he has captained his XI or XV at school or university, that he has formed a Dance Band, is a Church Organist, has interested himself in his home town Debating Society, to mention just a few interests, are of the utmost importance, because they help to give a more or less reliable pen picture of an officer.

Any knowledge of local Town, County, or Rural Governmental Organization is worth recording, as such experience might well prove of use in many employments in the Army.

RTA/ PU/ 19

SUBJECT: Assigment of Officer.

TO: Director, Public Works and Utilities Sub-Commission,
Headquarters ACC, APO 394.

200

1. Reference is made to your letter of 17 Sept 44, ACC/125/PWU concerning the temporary loan of Capt. R. P. Weeber to Capt. Gaither, Engineer 5th Army AMG.

2. Nothing further was heard from you, so that immediately on reaching this headquarters, we made personal contact with Capt.Gaither. On Wednesday 27th of September Capt. Weeber joined the City of Bologna team under 5th Army AMG, as we assumed that the order had been issued as covered in your letter in the third peragraph.

3. We were informed by Capt. Weeber yesterday that 5th Army insists that an order be issued on the subject by the 2675 Regiment Hq, as no one has yet been received. He is now temporarily attached by order of this region.

Request is therefore made that you have such action taken as is officially necessary in the case for 5th Army authority covering rations, pay and the transfer, bearing in mind that the attachment is temporary only and return will be made to this region when we go into Bologna. We understand that a similar situation was handled in the case of Florence with region 8.

4. The order in this case should be made to cover the following personnel :

Capt. R. P. Weeber (joined 5th Army 27 Sept 44)
Pfc Louis A. D'Angelo, Clerk, 12125432 (joined 5th Army Oct.5)

5. Please see that the order is worded properly so that there can be no future misunderstandings in the return on this personnel. Your Prompt attention to this matter will be appreciated, with copy of the order sent to us.

Subject :- Recreation and Entertainment - British Other Ranks. Hqc/2/12

Circular No.1.

In order that you may be conversant with the recreational activities of the British Detachment during the Winter Months appended below you will find a specimen weekly programme of evening activities as drawn up by the Entertainment Committee.

Day	Entertainment	Place	Time	Remarks
Sunday	Sing-Song or Dance	ACC Civilian Hotel		Band (Civilian) Piano accordion & Piano.
Monday	Whist Drive	Vaccari Restaurant	1945	
Tuesday	Bingo or Housey-Housey.	" "	2000	
Wednesday	Informal Dance Cabaret Style	" "	1945	Band (Civilian Quartette)
Thursday	Bingo or Housey-Housey.	" "	2000	Prizes from PRI
Friday		" "		Vacant for reading & writing.
Saturday	Grand Dance	" "	1945 - 2230	Band (Cheshire Regt)

)))

In addition to this, there are sufficient cinemas in Rome for ORs to see a different show every evening (in English), the majority of which are free of charge. There are also Italian variety shows (with 75 per cent English) and the usual E.N.S.A.

Exercise & Sports. - There are physical training exercises every morning (except Sundays) for thirty minutes. These are entirely voluntary and are patronized by approximately 30 - 40 men each day. A football team has been got together and weekly matches against other Army teams are being arranged. So far arrangements have been made whereby the British Detachment has the use of an Italian football ground and the services of the trainer each Monday. The trainer has undertaken, if sufficient men are not available from the Detachment to have two sides, to arrange for an Italian side to play. Endevours are being made to procure a football pitch entirely for our use, and, if successful, it is the intention to start a seven-a-side football league.

It is hoped that you will give every encouragement to the British ORs of your Section to take part in these activities which have been arranged for their moral and physical well-being.

12 September 1944

Capt Preedy to call to my attention upon my return Rec'd 18/9

SUBJECT: Recommendations for the Legion of Merit.

TO: All Concerned.

1. By letter dated 7 September 1944, the Theater Commander has authorized this headquarters to submit recommendations for the award of the Legion of Merit during the 3-month period beginning 1 September and ending 30 November. The Theater Commander again invited attention to the existing policy that 50% of all recommendations should be for enlisted men.

2. In view of the limited quota allotted this command, it is not intended that a subdivision of quota be made. It is planned that recommendations for the Legion of Merit for members of this headquarters and units assigned thereto will be carefully considered and the most deserving cases will be submitted to the Theater Commander for approval.

3. Section Chiefs and commanders of subordinate elements are invited to submit to this headquarters full particulars relative to cases which they believe warrant the award of the Legion of Merit.

4. In connection with the preparation of recommendations, attention is invited to NATOUSA Circular #89, dated 10 July 1944.

WAR DEPARTMENT CIRCULAR No. 341

19 August 1944.

RELIEF FROM ACTIVE DUTY OF OFFICERS FOR WHOM NO SUITABLE ASSIGNMENTS EXIST

GENERAL.....I
PROCEDURE.....II
SPECIAL PROVISIONS FOR OFFICERS OVERSEAS.....III
MISCELLANEOUS PROVISIONS.....IV

I - GENERAL. - 1. There is currently within the Army a number of officers over 38 years of age who have rendered valuable service to the Nation, but who are currently unassigned or assigned to positions established for lower grade and for whom no suitable assignments are available or in prospect. Retention of such officers on active duty is not necessary or desirable in the public interest. However, it is imperative that the value of their contribution be recognized, and that their relief from active duty be accomplished entirely without prejudice. It is also imperative that this procedure be used for the relief from active duty of bona fide surplus officers only. Positions covered by bulk allotments will not be down-graded to render particular officers surplus.

2. The provisions of this circular are not applicable to officers of the Regular Army, or to officers who have not attained the 38th anniversary of the day of their birth.

3. Recommendations for relief of an officer will be submitted within 10 days after the date on which he becomes surplus, unless it appears that retraining for a different category of assignment is reasonably practicable or that a suitable position will become vacant at an early date. In the event that retraining does not prove successful or the position does not materialize, the recommendation for relief from active duty will be submitted without further delay and will indicate the original date the officer became surplus.

4. It is the general policy of the War Department that no officer who has recently returned from overseas assignment will be relieved from active duty because no assignment is immediately available in the United States. Recommendation for relief of such an officer will be submitted over his objection only in exceptional cases, and in any case will include the specific circumstances justifying exception to the established policy. The provisions of this paragraph do not apply to officers who have been designated as surplus by an oversea theater and returned to the United States for relief from active duty.

II - PROCEDURE. - 5. a. Each officer selected for recommendation for relief from active duty will be given notice of such selection by his immediate or higher commander, and will be given an opportunity to reply thereto. Notification will be in substantially the following form:

(1) Inclosed is a copy of (or reference is made to) Circular No. 341, War Department, 1944, subject: Relief from Active Duty of Officers for whom No Suitable Assignment Exists." 5203

(2) It has been decided to recommend to the War Department that you be placed on inactive status under the provisions of the above circular. You are advised that this action is not final and you are subject to reassignment; therefore, it is suggested

Declassified E.O. 12356 Section 3.3/NND No. 785019

that any arrangements made by you for return to civil life be on a tentative basis only.

(3) It is desired that receipt of this letter be acknowledged within ---------- days after its receipt, together with any remarks you may wish to make.

(NOTE: - Additions or changes to the above letter may be made as desired, except that the reasons for recommendation for relief from active duty will not be amplified beyond that indicated in subparagraph (2) of the above letter.)

b. Recommendation for relief from active duty of an officer for whom no suitable assignment exists will be returned by the officer concerned by indorsement to the initiating officer, with such remarks as he may desire to make. These remarks will include one of the following statements:

(1) I have no objection to relief from active duty.

(2) I desire to continue on active duty for the following reasons:

(NOTE: - A brief statement should also be included of civilian and military experience, supplementing information recorded on the officer's qualification card.)

c. The notification or a copy thereof, together with reply thereto, will be included with the recommendation for relief from active duty.

6. The recommend tion for relief from active duty will be made by the officer's immediate commander and forwarded through command channels to The Adjutant General, Attention: Classification and Replacement Branch, The Pentagon, Washington 25, D. C. The recommendation will include the following:

a. Statement that the officer is currently not assigned to an established position, or is assigned to a position established for a lower grade, whichever is appropriate.

b. Statement that there exists no position, and there is no position in prospect commensurate with the officer's grade and qualifications to which he might be assigned.

c. Statement that the officer is entitled to separation under honorable conditions.

d. Statement that no disciplinary action or reclassification proceedings under AR 605-230 are pending or appropriate to the case.

e. The date and a statement in detail of the reason the officer became surplus.

f. A complete and up-to-date copy of officer's qualification card (not original).

7. Each commander taking action on a recommendation for relief from active duty will be required either to reassign the officer within his jurisdiction or to forward the recommendation with a statement that no suitable assignment is available or in prospect within the command.

III - SPECIAL PROVISIONS FOR OFFICERS OVERSEAS. - 8. a. Commanders of oversea theaters and departments are authorized to return to the continental United

Declassified E.O. 12356 Section 3.3/NND No. 785019

States officers whom they recommend to be relieved from active duty. Radio Reports of such cases will be made to The Adjutant General.

b. Prior to making the above report, oversea commanders will carefully review current requisitions and will not return to the United States, as surplus, officers with military occupational specialties which the theater is currently requisitioning.

9. All officers for whom no suitable assignment exists within an oversea command and who otherwise qualify under the provisions of this circular should be recommended for relief from active duty and returned to the United States under the provisions of this circular. Rotation quotas will not be utilized for the return of such personnel to the United States.

IV - MISCELLANEOUS PROVISIONS. - 10. The complete file on each officer recommended for relief from active duty will be reviewed, prior to final action, by representatives of Army Ground Forces, Army Air Forces, Army Service Forces, and the technical services to ascertain whether the officer's services are needed in their respective commands or services. Any officers selected by one of these representatives will not be relieved from active duty but will be reassigned by The Adjutant General to the command or service concerned.

11. After an officer has been recommended to The Adjutant General for relief from active duty under the provisions of this circular, any permanent reassignment of the officer will be reported to The Adjutant General by the most expeditious means available.

12. a. Officers who have been recommended for relief from active duty may, with their consent, be granted accrued leave pending final action by the War Department.

b. Officers granted leave under this provision will be specifically notified that they are subject to reassignment.

c. Upon final approval by the War Department, relief from active duty will be effective upon completion of any leave granted under the provisions of AR 605-115.

13. The following procedure will govern relative to retention of commissions by officers relieved from active duty under the provisions of this circular.

a. Officers holding commissions in the National Guard or the Officers' Reserve Corps will return to inactive status in the grade held upon relief from active duty. All such officers holding temporary grade in the Army of the United States will retain this grade for the period of the emergency and for 6 months thereafter when they will revert to their permanent grade.

b. Officers holding commissions in the Army of the United States only will retain their appointments on inactive status during the period of the emergency and for 6 months thereafter.

5202

c. All appointments to temporary grade in the Army of the United States (Air Corps) made under the provisions of Public Law 455 - 77th Congress, will be terminated.

Declassified E.O. 12356 Section 3.3/NND No. 785019

d. Any officer relieved from active duty under the provisions of this circular may submit his resignation, if he so desires, at the time of relief or at any time while on inactive status.

14. Officers relieved from active duty under the provisions of this circular, if otherwise eligible, are entitled to mustering-out pay.

15. Cases submitted prior to the receipt of this circular need not be returned for correction.

16. This circular supersedes Memorandum No. W605-44, 29 February 1944, subject, Relief from Active Duty of Officers for Whom No Suitable Assignment Exists; Memorandum No. W605-44, 23 March 1944, same subject; and War Department letter (A. G. 210.85 (30 Dec 43) PO-A-A), 12 January 1944, same subject.

(A. G. 210.85(14 Aug 44).)

ENGINEERING PLAN FOR LIGURIA AND PIEMONTE

1. Mission. - To restore the public works and utilities to as near as normal as is possible for both military and civilian needs using civilian labor and materials.

2. Due to skilled engineer shortage in ACC personnel, the engineering staff for Liguria and Piemonte has been combined. The regional engineer office will be located at Turin. A separate office will be located at Genoa to administer the Liguria area. Engineer personnel from Turin will help the Genoa office as regards electric power, streets and roads, and general administration.

3. - Organization. - The organization will be as follows: Each section will have an allied office in charge and each section will be staffed by an Italian engineer, an official who will be responsible for the duties outlined. The duties of each section will be outlined in a memorandum. For the organization see chart attached.

4. Liaison: - Immediately upon entry into any area, contact will be made with the military authorities concerned. It is essential that close harmony prevail between P.W.B.U. groups and military units, such as American Base Section installations and British districts. Each engineer will advise himself of the work being done by the military in the area and attempt to coordinate this work with the work done under ACC supervision. The attention of military commanders will be invited to the necessity of all demands to the civil

The attention of military commanders will be invited to the necessity of all demands to the civil authorities moving thru one channel and will point out the desirability of this channel being thru ANC Engineer.

5189

5. Italian contacts. - As soon as an area is entered the head of the different utilities will be contacted and issued written instructions as to what action is desired by the ANC Engineer. This will be prepared on typewritten forms where possible. Daily or weekly contacts will be maintained with the civil engineers and standard

reports will be required so that the different engineer sections can be informed at all times of the work in hand.

6. Materials. - In order to have a source of materials, a Supply Office for the section has been set up. This office will freeze materials and operate a warehouse, make requisition forms and obtain those materials needed for essential projects. This section will submit requests for necessary materials such as bitumen, etc.

7. Transport. - Transport for officers will be obtained thru official channels. A small storage space will be set up to care for and administer to the Engineer Section vehicles. Transport necessary for the administration of civil organizations will be listed, examined and authorized for operation.

8. Fuel. - A Fuel Section will be established which will survey the needs of all motor vehicles used by Public Works and Utilities and contractors employed by them and submit fuel requests to the Supply Office of the Region. Coal and petroleum products needed for the utilities will also be made the subject of a study and necessary requests filled and steps taken to see that it is available.

9. Personnel. - For the operation of the Central Office it is understood that 6 officers and the director will be available. One captain will be assigned to Liguria to administer that area. This personnel is as follows:

- Regional Engineer	Lt. Col. C.R. Birchett (A)
- Water Section	Major Buckley (B)
- Elec.& Mechanical Section	Major Bennet (A)
- Roads,streets, Pub.works	Major Eberly (A)
- Administration	Capt. Robb (A)

- Administration	Capt. Robb (A)
- Liguria	Capt. Smith (A)

In view of all the essential work to be done, public works to be rebuilt, utilities such as electricity, gas and other installations to be repaired in this densely populated area, it is requested that, if available, additional engineers be made available. It is requested that at least two enlisted men or OR be provided for this section.

5188

Transport. For the use of this section it will be necessary that one vehicle of a type to travel rural districts over bad roads so as to be able to inspect roads, bridges, high lines, power stations and other installations, be made available. It is estimated that 1 Command and reconnaissance car and 4 jeeps or weapon carriers be supplied.

(f) - Transport difficulties.

No special transport difficulties are anticipated as the relatively few factories which are mentioned in the report are located in different centers of Italy, most of which are now, or will be served, by railroads. In addition it is anticipated that some of the railroads will have to be gradually electrified, thus further improving that situation.

Major Foden, who is acting as Regional Engineer in the absence of Lt.Col. Latimer, will have to devote all of his time exclusively to electrical rehabilitation work, as soon as Col. Latimer returns. We feel that the electrical work has been somewhat neglected while Major Foden has been acting as Administrative Officer. MEMORANDUM:

TO : Colonel Densmore.

1. In reference to the inclosure, I understand that the 2678th Civil Affairs Regiment is placing a number of officers on duty with this Headquarters, pending further assignment to another theater. The designation "Company 'A'" is the code word used.

2. In reference to paragraph 3 of the basic communication, the word TD does mean temporary duty. An officer on temporary duty may not be promoted by the organization to which he is attached.

3. The abbreviation OVHD does mean overhead and is a mere technical term used by NATOUSA, which indicates that the personnel of organizations using that abbreviation are drawn from the Theater overhead.

4. In respect to paragraph 4, I do not believe that attached officers will be counted against a fixed ceiling. It is my opinion that assigned officers should be counted against the ceiling.

5. For your information ~~In my estimation~~ I may state that the 2675th Regiment is now overstrength. By that I mean that despite the increased allotment to the T/O, we are at the present time 4 officers over this new allotment because of our committments to secure the transfer of some 19 officers already on temporary duty here.

Therefore, until further notice, there will be no action taken on requests of Sub-Commissions to have attached officers assigned to Headquarters, ACC. The latter applies to the matter of Captain Nelson, about which I spoke to you on the phone yesterday.

3. It is desired to know whether the words "on TD" mean "on Temporary Duty" and what the meaning is of "OVHD". Does the latter mean "Overhead"?

4. We hesitate to take these officers on ~~to~~ our strength at the moment, if they will count permanently against our fixed ceiling. May a ruling please be given, urgently ?

SUBJECT: Liaison Officer, 1 District.
Major Boucher R.E.)

TO : Chief Staff Officer, Economic Section.

1. We are required by existing directive to maintain a Liaison Officer at Headquarters of the Chief Engineer of No.1 District, now located at Foligno. One of his main tasks concerns highways, and bridges reconstruction (on military priorities).

2. In connection with the duties of this officer, it is necessary that travel be performed throughout each of the Northern Regions including Abruzzi-Marche, Toscana and Lazio-Umbria. These personal contacts with Regional Engineers and District representatives, located within the Regions, are vital to the successful functioning of the officer and of this Sub-Commission.

3. He cannot properly be assigned to the staff of any one Region nor must his activities be confined within the boundaries of any one Region, as would be the case if he is placed on a Regional assignment.

4. It is requested that permission be granted for him to be carried on the Staff of this HQ., as "Supernumerary" and specially employed. He would be over and above the present allowed establishment of eight officers at this H.Q.

18 October 1944

I am in receipt of your letter of 3 October 44. Your point about the exercising of control over the functions of the officers in your Region is no new one and can be solved, I hope, satisfactorily.

It is inevitable that specialist officers receive instructions on technical matters direct from their corresponding Sub-Commissions at this HQ and in this respect the situation is little different from the chain of command at a military formation HQ., where Branches of Services, Medical, REME, RE, etc, receive technical instructions through their own technical command channels, whilst being subject to the general orders of the Commander. Your position is similar and there can be no departure from the principle that a Regional Commissioner is in command of all officers assigned to this Region and is responsible for carrying out policy.

Broadly speaking, I think it is unnecessary to make any change in channels of correspondence; you can best keep yourself informed by regular coordinating conferences, the use of float files, etc.

In conclusion I would like to refer to your letter of 31 August in the last paragraph of which you speak of "attached" officers. This term must not be allowed to degenerate into "independent". Any officer assigned or "attached" to you is under your general supervision and control.

SUBJECT: Allowable Headquarters Officer and EM/OR Strength under the Provisions of Manpower Re-organization Report

TO : PUBLIC WORKS AND UTILITIES SUB-COMMISSION

1. In addition to the request made by the Manpower Re-organization Committee in paragraph 22, General Order #43, dated 1 October 44, it is requested that you submit to G-1(B), within twenty-four hours of receipt of this letter, your final complete establishment of 8 Officers and 6 EM/OR as laid down by the Manpower Re-organization Committee.

2. Your first list will show the officers (American and British) and EM/OR to be retained in this Headquarters. All such lists will contain name, rank, nationality, present job, and whether officer is to be classified as a technical specialist or a general army duty officer. The Allied civilians assigned and employed will be included. Allied civilian specialists will count against your officer ceiling. Allied civilian clerks will count against your EM/OR ceiling.

3. A second list will show the prospective assignment of all officers and EM/OR who have been earmarked for other assignments but are still working in your office and counted on your strength.

4. A third list will show all officers and EM/OR personnel that are available for re-assignment.

5. The ceilings are to be placed in effect immediately and it is accordingly requested that this complete report be returned to this office not later than 1000 hours, 13 October 1944.

SUBJECT: Designations of various Officers.

TO : Regional Commissioner -
(att. Regional Engineer) All Regions

1. In communications coming to this Headquarters recently it has been noted, in various supplements and appendices, that some officers on the staffs of Regional Engineers are adopting high-sounding, and in some cases rather ridiculous titles.

A recent example is that of an officer (with the rank Lieutenant) in a certain Region, who has got into the habit of signing letters not in the name of his immediate superior the Regional Engineer, but entirely "on his own". The designation he has selected for himself appears to be "Chief of the Electrical and Mechanical Division".

2. There is much to be said for using modest and extremely simple titles, and it will be appreciated if Regional Engineers will take steps to stop the practice referred to. On each Regional Engineer's staff there are Public Works Officers, Electrical Officers, and so on. Nothing more than these designations need be used.

3. Orders and instructions, if signed by these officers, should be as from and for the Regional Engineer, without reference to their particular type of work, the signing officer's rank only being indicated.

Sir,

I have the honour to request that my name be submitted to Higher Authority for transfer from the General List to the Corps of Royal Engineers for the following reasons:

1. I feel that if I were a member of this Corps I would be on common ground with my fellow officers engaged on similar work, under whose direction much of my work is carried out, and with whom I am constantly in close association.
2. From my life time experience as an Engineer and the work of road and bridge reconstruction on which I am at present engaged I consider that I am fully qualified to become a member of this Corps.
3. Furthermore in the post-war period I would welcome the privilege of continuing my association with these officers and keeping in touch with technical developments in the service. This would prove valuable to me in carrying out my peace-time occupation as an Engineer at the War Office.
4. For your information attached is a short resumè of my experience as given in A.F. 199 A.

My experience dates from 1906 and covers engineering(mechanical and civil) in many of its phases, including,

The construction and equipping of factories(installation of plant and services of all kinds) for the production of engineering products.

Reinforced concrete work of various kinds especially for railways.

During my life time I have served mainly with four large organisations, Messes North British Loco Co.,Messes Wm Beardmore, Sir Douglas Fox & Partners, and the War Office.

I have carried out work for the above at Home, in France, in Portugal and now on active service, in Italy.

The largest contract for which I was mainly responsible was one of £ 350.000 carried out for Sir Douglas Fox & Partners and Messes Wm Beardmore for the State Railways in Portugal.

Dear Colonel Farren,

May I refer a matter to you, unofficially? For Venezia Region Col. Edwards has been our Regional Engineer designate for some time. Two days ago I heard that he has left for England. I telephoned Lt.Col. Jones yesterday who promised me further information. This I have just had, and apparently Col. Edwards was on his way, passing through Rome as long ago as last Saturday. One of my officers now says that he saw him then. I, as Acting Director of the Sub-Commission, have remained in complete ingorance of this important matter until now, though it is my business to find a suitable and immediate substitute for Col.Edwards.

A second point concerns Lt.Col.Bolick, an American officer, Regional Engineer destined for Lombardia. I accidently saw him in Rome two days ago and he told me that he had been ordered to join Umbria Lazio Region for duty, presumably on the staff of Lt.Col. Findlay, our Regional Engineer here.

Again, as to this, I knew nothing about it.

Referring again to Col.Edwards and his departure to England, I have further been told privately to-day that a certain officer has been approached as a possible successor, and that certain proposals will be put before me in a day or two. This may be correct ot it may be incorrect. In any event, I am sure you will agree that these methods of doing things make my responsibilities here very much more complicated.

In the instances mentioned it may be that there has been an accidental "slip-up", and if that is the case, then I have nothing to say (if this is explained). I do not wish to make a fuss about nothing, but I do want this kind of thing to be stopped.

1. I return herewith your note dated 1st Oct. on the above subject. The rest of the papers, viz. letter 26th Sept. from the Regional Commissioner Sicily and its enclosures are being retained here temporarily.

2. An officer from this Sub-Commission is going to Sicily within the next two days, and will go into the matters raised in the Regional Commissioner's letter.

3. In the meantime, it is suggested that the instructions regarding the transfer of Major Boyd from Sicily, as from 15th of October, be temporarily postponed. At the same time, the Regional Commissioner may please be notified that the transfer will not take place until adequate arrangements have been made, and until he himself is satisfied.

4. The postponement becomes possible by reason of the fact that Major Boyd is not (at the moment) urgently required elsewhere, as a number of officers from this Headquarters are being released for duties in the Northern Regions. A further point is that the Head of the Genio Civile in Sicily is at the moment being replaced by a new official, nominated by the Italian Government, and it might be inadvisable to transfer Major Boyd at a date so early as the 15th Oct.

SUBJECT: Roads and Bridges (Military).
Progress Reports.

TO : Acting Deputy Chief of Staff,
Economic Section.

1. I attach herewith copy of a letter received from the Chief Engineer No.2 District (Military British), dated 9th October 44. It was addressed to the Liaison Officer ACC., the representative of this Sub-Commission at Bari, whose name is Major Knight.

2. The letter is self-explanatory and reflects the good work done by Major Knight since January of this year in his work at Bari. It also indicates, fairly clearly, the work that our ACC-organisation has been able to do in directly assisting the Armies, and in "galvanising into action what was an inactive, and sometimes non-cooperative, civilian road and bridge organisation".

3. This officer was equally favourably reported on by his Regional Commissioner some three months ago, before Region II became absorbed in the Southern Region. Since that time Major Knight has not been in independent charge, but has been under the control of Regional Engineer Southern with Headquarters at Naples.

4. It is our intention, at the first opportunity, to transfer Major Knight to one of the Northern Regions as Regional Engineer.

5. The copy of the letter 9th Oct. is sent to you, for information, not merely as regards Major Knight, but so that you may see, in general, the appreciation shown by the Armies in respect of one branch of the activities we have been able to

Dear French,

Regarding your D.O. letter of 29th Sep. to Lt. Col. Latimer, Regional Engineer in your Region, a copy of which was sent to me here, I have since receiving it had an opportunity of talking the matter over with Latimer. It apparently goes back to the Denning incident of some weeks ago, when the first Latimer heard about it seems to have been Denning (coming to his office) saying he was probably to be transferred, away from Public Works duty.

Whatever the merits or demerits of the case may be, I think it is one which could be amicably settled in five minutes if the two of you would meet, and talk it over.

In any event I have no intention of transferring Latimer to another Region at the present time. From our point of view his work has been very satisfactorily; secondly, as a senior Engineer officer there is no other Region to which he can be transferred at present without disturbing someone else; thirdly, Latimer has a special knowledge of your Region which would not be possessed by a new comer.

I would ask you to have him come and see you at once, with a view to an explanation and an amicable settlement.

Yours sincerely

SUBJECT: Transfer.

TO : Director, Public Works and Utility Sub-Commission.

1. In accordance with instructions from Lt. Col. C. H. A. French, Regional Commissioner, Abruzzi-Marche, copy of which letter dated 29 September was sent to you, I request reassignment out of this Region at the earliest opportunity.

2. In view of the statement made in Paragraph 2 regarding going behind his back, I wish to state that a copy of my report was sent to the Regional Commissioner at the time that it was forwarded to you.

3. The statement made in Paragraph 5 that the report was false calls for the following amplification of the incident: On the morning of 21 September, Major Foden brought Major Denning into my office. Major Denning said that he (Major Denning) was going to Avezzano as civil affairs officer at the orders of Lt. Col. French and that if I had no objection he would like to go at once. I was preparing to go to Macerata and Ancona and therefore told Major Foden to call the Sub-Commission and advise them. In the meantime I told Major Denning that I did not see how he could go without the Sub-Commission's approval, but he said that he did not think that he was on the strength of the Public Works and Utilities Sub-Commission.

Upon my return from the north, Major Denning was gone and Col. Rhoades' letter was in the office. I wanted the record clear that I had not agreed to any transfer of a specialist to Provincial Officer's duties.

It afterwards transpired that Major Denning had not gone to Avezzano but had gone to Salerno, tracing some required belting, until such time as his transfer should regularly come through from ACC.

4. I have explained this to Col. French and have told him that I am glad that his request was not based on more serious disagreements.

Dear Latimer.

1. I notice in your monthly report to HQ. ACC a criticism of certain of my actions.

2. I have always been brought up to think that if a staff officer does not see eye to eye with his chief about anything affecting his division, he tackles him and settles it in that manner, and certainly never goes behind his back to his HQ.

3. In the circumstances you will please take the earliest opportunity to approach your sub-division HQ for re-assignment out of the Region, as I cannot possibly have officers working for me who are not loyal to me.

4. I regret this the more as

(a) I have, as you know, a certain amount of regard for you, and
(b) because of the quality of your work.

5. The fact that the statement you made in your report is not true makes the whole matter the more deplorable.

SUBJECT: Postings of Officers.

TO : Executive Officer (Br.)
Col. Farren.

1. Concerning my letter to you of to-day's date, and subsequent telephonic conversation I beg to confirm as to the following officers:-

(a) Col. Edwards.

I now understand that the recent transfer of this officer from his duties as Regional Engineer Venezia, to England, without my knowledge was due to an oversight.

As to his successor, it is my intention to transfer Major Knight to the appointment, as soon as possible.

Major Knight was until recently Regional Engineer No.II Region, which has now been merged in the Southern Region. He is, however, still on similar duties at Bari. Exceptionally favourable reports have been received concerning his work from the Regional Commissioner, and only three days ago from the Chief Engineer (a British Brigadier) No.2 District. Since the beginning of this year Major Knight has taken over from No.2 District a large number of heavy engineering tasks. He has, therefore, had ample experience, well fitting him for the Venezia appointment.

(b) Lt.Col. Bolick.

This officer, according to the information now given me, is along with a number of others, now attached for temporary duty with Umbria-Lazio Region, i.e. he will take over such duties as the Regional Engineer may assign to him. It is understood that this arrangement will continue until such time as the whole team of officers is again called forward, eventually for Lombardia.

5129

Declassified E.O. 12356 Section 3.3/NND No. 785019

Another point arises out of this. It was arranged ten days ago with Lt.Col. Bolick that he would call forward Major Larson for duty under him at a very early date. We ask that Major Larson, therefore, be attached to Umbria-Lazio Region at once in the same way that Lt.Col. Bolick now is.

SUBJECT: Civilian Officers (American)
(Identification, Facilities, etc.)

TO : Economic Section (Att.Col. Densmore)

1. Messrs. Solomon and Townsend have in the last three days been on tour down to a part of the Southern Region. They have been confronted with difficulties of various kinds about getting accomodation, food, petrol for transport and so on.

2. It is essential that these officers, when they go out on such tours, shall be relieved of such difficulties by carrying with them proper documents. They inform me that they have already discussed the matter with Mr. Antolini.

3. They suggest, inter alia, that the following points should be covered by the document or documents that they ought to carry:-

(a) Identification card defining their status as Senior Officers.

(b) Authority to travel in Government or other vehicles generally. They may occasionally go out, for example, on comparatively short trips for which they would not get an official travel order. For any extended trip, the travel order would, of course, be itself sufficient.

(d) Generally, they might require a document separate from the identity card with which they would be able to get meals in officers' messes, and also accomodation in billets, with no more difficulty than an uniformed officer generally encounters. (They had considerable difficulties in that matter this week even in a place like Naples).

(d) The question of drawing petrol and of getting repairs carried out to the cars they may be using is of great importance, and they should have authority for this.

TO : Economic Section (att.Col.Densmore)

1. Last week Messrs. Solomon and Townsend reported for duty with this Sub-Commission, and a message received yesterday indicates that a third one, Mr. Rapp, may arrive this week. With your concurrence Mr. Solomon is to be employed on duty at this Headquarters in connection with housing and re-housing problems, and to this end he is making himself acquainted with matters of policy, finance and technical details. He is also undertaking certain inspections of devastated areas and towns within accessible distance from Rome, i.e. in the Umbria - Lazio Region.

2. It is not possible at the moment to find similar Headquarters' special duty for Messrs. Townsend and Rapp. In fact, before they can usefully be employed at Headquarters, in any way it is essential that they should gain preliminary experience of the day-to-day duties of our Regional Engineers.

I propose, therefore, to ask for their assignment one to Southern Region (under Lt.Col. Hensley) and the other two to Marche-Abruzzi Region (under Lt.Col. Latimer). This will not only enable them to get a valuable experience, but it so happens that these two Regional Engineers are in a position to find full employment for them.

My dear Hensley,

1. The bearer of this letter is Mr. TOWNSEND, who has just arrived for employment with our Sub-Commission in a civilian capacity. There are also two others, Mr. Solomon who has arrived, and Mr. Rapp, who is due this week. Mr. Solomon will probably take over some housing responsibilities here at Headquarters, and I am getting authority to post Mr. Townsend to you for general duty, and Mr. Rapp to Regione Marche-Abruzzi.

2. Mr. Townsend is coming to Naples this week and will call to see you. He will probably return to Rome, and you may expect to have his services fully within a few days.

Yours sincerely,

GFS.

Sir,

I have the honour to request that my name be submitted to Higher Authority for transfer from the General List to the Corps of Royal Engineers for the following reasons:

1. I feel that if I were a member of this Corps I would be on common ground with my fellow officers engaged on similar work, under whose direction much of my work is carried out, and with whom I am constantly in close association.
2. From my life time experience as an Engineer and the work of road and bridge reconstruction on which I am at present engaged I consider that I am fully qualified to become a member of this Corps.
3. Furthermore in the post-war period I would welcome the privilege of continuing my association with these officers and keeping in touch with technical developments in the service. This would prove valuable to me in carrying out my peace-time occupation as an Engineer at the War Office.
4. For your information attached is a short resumè of my experience as given in A.F. 199 A.

I have the honour to be
Sir
Your obedient servant

My experience dates from 1906 and covers engineering(mechanical and civil) in many of its phases, including,

The construction and equipping of factories(installation of plant and services of all kinds) for the production of engineering products.

Reinforced concrete work of various kinds especially for railways.

During my life time I have served mainly with four large organisations, Messes North British Loco Co.,Messes Wm Beardmore, Sir Douglas Fox & Partners, and the War Office.

I have carried out work for the above at Home, in France, in Portugal and now on active service, in Italy.

The largest contract for which I was mainly responsible was one of £ 350.000 carried out for Sir Douglas Fox & Partners and Messes Wm Beardmore for the State Railways in Portugal.

TO : Regional Commissioner,
Region V.

Information has to-day reached this office that Major R.L. DENNING has been relieved of his assignment to Public Works and has been instructed to take over the duties of Provincial Officer. This information may or may not be correct. I hope it is not.

If it is correct I must request your attention to the instructions issued by this H.Q. to the effect that assignments of technical officers to specialist divisions other than these to which they have been assigned by this H.Q. must not be made without reference to and approval by this Headquarters.

Your application for transfer of Major Denning to Provincial Work from Public Works Division has been received and is under consideration. I must however point out that summary action, such as appears to have been taken, is likely to prejudice the success of what may prove to be a somewhat delicate negotiation.

Actually, P.W. Subcommission has not agreed and the news
