1. The above officer (Regional Engineer, Venezia) has almost completed his temporary duty and is on the point of joining your Region.
2. This officer may not be well known to you, but he has been with this Sub-Commission since it was first formed in North Africa, and during most of 1944 did exceptionally good work as Regional Engineer No. 2 Region (Bari), regarding which he received special commendation by the Chief Engineer, British Military District there, with whom he was closely co-operating.
3. Major Knight held that rank before leaving England, has had a wide Military experience, and he is the holder of the Military Cross, with Bar.
4. We wish to put forward his name for early advancement, but the initiation of the matter and the preparation of the proper form rests with you.
5. Will you be good enough to consider the matter, and notify this Sub-Commission if and when action is taken. The matter is urgent as there is to be a meeting of the Promotions Board very shortly.

1. It has been noted that in recent promotions the name of Capt. E.B. Feldman has not been included. This is very unfortunate, as the officer in question has rendered outstanding services and is deserving of an early promotion.

2. Capt. Feldman was originally recommended for a promotion by me on 17th of March 1944. There were, however, no promotions made for some time. On August 6th, 1944 he was transferred to Region XII, Venezia, and on 29th December 1944 he was attached temporarily to Region VIII, Toscana. He has had since August British senior officers. In view of this, and in view of the outstanding services rendered by this officer and the very responsible work he is doing, every possible effort should be made to place him in a very high priority class, because, due to his transfers, he appears to have been overlooked.

3. Anything you can do to expedite this matter will be greatly appreciated.

FROM : P.W. & U. Sub-Commission.

1. As suggested by you at our conference on the evening of 10th of Jan. 1945, I wish to submit the following recommendation:

Promotion recommendation of Technical Regional Officers should be approved by the respective Sub-Commissions before action is taken by A.C.

2. On several occasions in the past recommendations were made by Regional Commissioners to promote Regional Engineers without the knowledge of Public Works and Utilities Sub-Commission. Recently an extremely embarrassing situation has arisen when two Regional Engineers, Lieutenant-Colonels, were promoted to Colonels without the knowledge or approval of this Sub-Commission and at a time when the promotion of the Director of the Sub-Commission still was pending.

3. It is recommended that a procedure be set up whereby all recommendations for promotion of Technical Officers in the various Regions, when they arrive at this Headquarters, be automatically referred to the appropriate Sub-Commission for concurrence before action is taken at this Headquarters. Likewise, if the Sub-Commission recommends one of its Regional Officers for promotion, such recommendation should be submitted to the Regional Commissioner for concurrence before action is

5841

4. We believe that we are in a far better position to judge the merits of the services of our Technical Officers in the field than is the Regional Commissioner.

5. It is also recommended that the rating given to

Regional Engineer Officers be submitted to this Headquarters for concurrence, or modification if we do not agree.

6. We are particularly perturbed about the promotion of one of the Lieut-Colonels who, in our opinion, should not have been promoted. In the first place he has not been doing any active work for many months, being assigned to an inactive Region. Furthermore, we do not think he was entitled to a promotion and cannot understand on what basis the recommendation for promotion was made. The principal point in his favor was "time in grade".

Difficulty in transferring Engineers
from one Region to another.

7. It is our responsibility to assign Regional Engineers to forward regions when required. Since we are short of officers, it is necessary to draw upon rear regions and in many cases to handicap these regions to some extent by assigning what we consider the best available officer at the time the request is made. Very frequently we find Regional Commissioners objecting to the transfer and the officer is not transferred with the result that the forward region does not get the personnel required. This, too, needs correction and Regional Commissioners of rear regions should be given to understand that forward active regions have first call on officers when they are urgently needed.

TO : Major A.S. Ferrar G-1 British.

File

Dear Ferrar,

You may remember that some weeks ago I discussed with you the claims of the above to some rank higher than that of his present one viz. Lance Corporal.

He was called up in Dec.41, promoted Lance Corporal, and held that rank until he left England in July 43. He has been with this Sub-Commission since it was formed in Sept.43, in North Africa. He has always been a most valuable member of the office staff, and has had increased responsibilities for the last two months, owing to the absence in hospital of Major Preedy, our Administrative Officer.

Col. Jenny, the Director, has asked me to take up the matter with you as a special case, and I fully agree, from the British side, that Bastable not only deserves promotion, but that his present responsibilities would at least justify the rank of serjeant; I shall be glad to know whether anything can be done.

Yours sincerely

My dear Major,

I cannot let the holiday season pass by without telling you how much we regret having you away from our Headquarters. I can assure you that you are missed by all.

Even though you may have been away from the office for some days you may be pleased to know that you have not been forgotten and that the news of your promotion to major should be a welcome one to begin the coming year, particularly as it has been made retroactive for several months.

With the kindest wishes for your speedy recovery and your future good health,

3. A recommendation was recently submitted for her promotion to Junr. Commander but nothing further has been heard about it, and it is not known when the promotion may become effective. It is in the public interest, in the meantime, that she should have the Acting Rank mentioned (with, or even without pay) and it is requested that this may be authorized. She is performing duty that would normally be allocated to a senior Captain, or even a Major.

1. My attention has been called to the fact that, apparently last February, I had rated Major W.M. Washer with the rating of "V.S." Later I recommended this officer for promotion from captain to major because of his very satisfactory work with us. In comparison with the procedure of rating and in the light of later knowledge regarding the methods used in rating officers I wish to request that my previous rating of "V.S." be changed to "E." This will more nearly be in line with the excellent work which Major Washer did while in this Sub-Commission and as a consequence of which the Economic Section later asked for the transfer of this officer to the Vice-President's office.

(att. Lt.Col. Densmore)

FROM : P.W. & U. Sub-Commission.

1. Will you please have an investigation made about the circumstances of the promotion of Lt.Col. L.J. Hensley, Regional Engineer of Southern Region, to Colonel. This promotion took place while I was in the United States.

2. What I would like to know is how it was possible for Col. Hensley to be promoted without the knowledge or approval of this Sub-Commission and at a time when my own promotion, as Director of the Sub-Commission, has not been approved as yet, although I now have over 14 months of active service. Furthermore, I have 3 British Lt.Cols. at this H.Q. far more entitled to promotion than Col. Hensley and whose promotion has been held up because I have not been promoted, creating a very unsatisfactory condition. It seems to me that there is something wrong in our organization when such a thing can happen.

SUBJECT: Major P.S.L. LEE, R.E., 181419
Lieut. L.J. HODGES, R.A., 117600.

TO : Regional Commissioner, Region VIII.

1. The above 2 British officers have been serving for some time under you. This letter is to state that, in the view of this Sub-Commission there are good grounds for considering them both for a promotion, viz. Major Lee to the rank of Lieut. Colonel and Lt. Hodges to the rank of Captain. The matter is one for your consideration, and should you decide accordingly, this Sub-Commission wishes to give all support. Both officers have done, and are doing, exceptionally good work.

2. The case of Lieut. Hodges is quite clear at the moment, since I understand that his transfer or final assignment to A.C.C. has not yet been carried out. The matter is now being dealt with by G.I. here at Headquarters. In actual fact, this officer was employed on public works activities at Messina and elsewhere in Sicily from October or November 1943, and his work there was of outstanding value. He is, additionally, professionally qualified as an architect.

In continuation of this Office letter No. 16120/284/G-1 dated 17 Aug 44, and the visit of Major W. Knight MC. to this Section last week.

It has been confirmed with G.H.Q. 2nd Echelon that the above named officer's W.S. rank at the time of his appointment as SO 2 was WS/LIEN as shown in G.R.O. 529/10.

As this officer has not completed 3 calendar months as A/MAJ. prior to his relinquishment of appointment as D.A. J.M.C., he was not eligible for promotion to rank of WS/CAPT. or temporary rank of Major.

Officers who have previously worked with Capt. D.W. Gaither, now assigned to A.M.G. - 5th Army, and who know of his qualifications and his work have recommended that Capt. Gaither be promoted to Major.

Although we have had occasional contacts with Capt. Gaither we are not in a position to make a definite recommendation. Therefore, this matter is called to your attention with a view to laying it before the Chief of A.M.G. 5th Army and to state that, if this Chief wishes to make such a recommendation for promotion the P.W. & U. Reference your ACC/125/PWU dated 27 Jul 44, and addressed to
Regional Commissioner, Region II.

I must point out that it has been ruled that promotion of British Officers does not, of necessity, depend upon the appointment an officer is actually filling. The organization of A.C.C. has of necessity to be kept very fluid. An officer may, therefore, for operational reasons, be moved from an appointment carrying for example the rank of Lt. Colonel to one which might be deemed to carry that of Major only. There would be no justice in reducing his rank. If, therefore, an officer is deemed to be fit for promotion he should not be debarred from it on account of the appointment which he holds.

- (i) Major Knight has been promoted from Captain to Major only relatively recently.
- (ii) He is doing good work in Region II and his efforts are appreciated at this H.Q.
- (iii) After carefully considering the status of all the Regions within A.C.C. and the relative functions, the rank of the Regional Engineer of Region II has been fixed as that of Major, the same as several other Regions of a similar general character.
- (iv) According to the above, this Sub-Commission does not recommend nor would it approve at this time a request for promotion of Major Knight.
