Lt. Col. Lapper
Hq. Allied Commission
Public Wks. and Utility Sub-Comm.
A. P. O. 394, c/o Postmaster
New York, New York

Dear Sir:

This is to advise you that I have now returned safely to New York City.

The trip was most pleasant, uneventful and fast. Leaving Rome on Wednesday, June 20 at 4:00 p.m., I traveled via ATC (C-47) to Naples, Tunis, Oran to Casa Blanca. There we changed to a C-54 and proceeded via St. a Maria (140 miles S. W. of the Azores) to Bermuda and New York, arriving there 47 hours after leaving Rome or at 0900, Friday, June 22 (1500 Rome time).

Mr. Di Iorio with whom I caught up at Naples and who also was my traveling companion to St. a Maria where he was "bumped off" the plane, arrived at La Guardia Field late the same evening but via Newfoundland.

Having completed all reports and having been "mustered out" of uniform, I am now being given a two weeks vacation starting tomorrow, July 6, 1945.

Since the travel restrictions are still quite severe and hotel accommodations are scarce, I intend to spend the time around the house getting re-acquainted with my wife and son.

Please advise Lt. Col. Renton that I called his father on the phone as per his request. He was very glad to get the message and told me that both he and Mrs. Renton were in the best of health. 3937

I hope that your work is progressing satisfactorily so that you can look forward to an early return to Britain.

Declassified E.O. 12356 Section 3.3/NND No. 785019

Please convey my best regards to all, British, Italians and Americans alike, none mentioned but none forgotten.

Thanking you for all the courtesies extended to me by you during my stay in Rome and wishing you continued health and success, I am

Respectfully yours,

B. G. Carlson

HEADQUARTERS
TOSCANA REGION
ALLIED MILITARY GOVERNMENT

RVIII/2/1D/184 11 Jun 1945.

SUBJECT : Assignment of Major Vincent F. Vallero, (A)

TO : Director, Public Works & Utilities Sub-Commission, HQ. AC.

1. Par 15, SO # 159, HQ. AC, dated 8 Jun 1945, relieves Major Vincent F. Vallero, 0434363, AC (A) from assignment to this Region and assigns him elsewhere.

2. Request that the Public Works and Utilities Sub-Commission, Allied Commission, take over the responsibility for the direction of the Lardarello plant and properties at once, because I have no officer acquainted with the situation or available to handle the details connected with that plant.

3. The Lardarello Plant is still in a very confused situation, due, primarily, to political manoeuvers, or manoeuvers having political significance, which are taking place in Rome. The action ~~busy with~~ of the Board of Directors and their Italian agencies interested in the Lardarello plant, has continued to cause considerable concern at the plant itself and will, if not firmly dealt with, work to the decided detriment of the operation of the Lardarello Plant. I take it that the Allies are interested in the efficient operation of the plant, and in increasing its output, particularly of electricity, to the maximum. I took over the plant on the understanding that Major Vallero would be left there until it was running smoothly. While he is not putting in full time ~~into~~ at the plant now, he does maintain supervision which is extremely helpful to me.

4. I am not prepared to accept responsibility for the plant unless I have a qualified officer to represent me there.

ROBT. G. KIRKWOOD,
Colonel, FA, US Army
Regional Commissioner.

SUBJECT: Assignment of Major Rosson to TD in Liguria

TO : HQ AC (att. Public Works and Utilities S/C)
through DSCAO IV Corps, Piemonte Region

1. This headquarters has just been advised that Major E.S. Smith, Deputy Regional Engineer of Piemonte-Liguria Region has been recalled to the United States.

2. In order that the public works of LiguriaRegion not be interrupted nor Handicapped, the Regional Engineer had detailed Major H.J. Rosson to temporary duty in Genoa in place of Major Smith. Major Rosson was selected for this assignment both because of his wide experience and proved ability and because he could best be relieved of duty in Piemonte.

3. If this assigment is concurred in, it is requested that action be taken transferring Major Rosson from Piemonte Region to Liguria Region.

For the DSCAO IV Corps:

C. R. Birchett

VSR/lam

7 May, 1945

154

SUBJECT: Temporary Duty of Lt.Richard D. Borland
With Public Works and Utilities Sub-Commission.

1. Lt.Col. G. Cooley PBS recently informed Lt.Col.W.M.Lapper of the possibility that the 400 KW Diesel generating units, now in use by PBS, might become available for Allied Commission use. Col. Cooley further said that Lt. Richard D. Borland has installed and operated these engines at PBS projects and that he might be available if these engines were turned over to the Allied Commission.

2. Lt. Borland came to our office this morning. He has worked with the engines for six months. He told me that he thought his services could be obtained either on an assignment, or temporary basis. He added that there are two enlisted men who have been working with him on the Diesel units, whom he believed would be useful for continued service with this equipment.

3. I talked to Lt. Theodore, G-1, Lt.Col. N. Dragneff, G-I and Captain Williams of the Economic Section. Both Col. Dragneff and Lt.Theodore indicated that it would be very difficult to have any one assigned to Allied Commission now (speaking for the American side), because the organization as a whole, is overstrength. The suggested that assignments might be made on a temporary duty basis with the permission of G-5, and the others concerned.

4. Cptain Williams suggested that Public Works and Utilities Sub-Commission write a letter to the Commanding officer of Lt.Borland's unit, asking whether it would be possible for him to be placed on temporary Duty with Allied Commission, ~~since~~ saying a need exists for his services. I will prepare this letter.

U.S.A.

DEAR SIR:

A short time ago, I read in one of our daily teletype news about the work that the ALLIED COMMISION FOR PUBLIC WORKS IS undertaking in the countries recently occupied by the Allies.

My interest in some of those countries, as well as in that particular type of work instigated me to write this letter. Having spent a number of years in the Balkans I can fluently speak, read, and write GREEK, ALBANIAN & FRENCH.

CAPT. S. VOLORIS

00621

Declassified E.O. 12356 Section 3.3/NND No. 785019

I am also familiar with the mentality and ways of living of these people. Therefore my primary motive is to help in getting these countries on their feet again. Professionaly I feel I am well qualified for these duties, provided my assumptions as to your undertakings are right. I am a graduate CIVIL ENGINEER with a number of years experience in public work design and execution.

I am listing below my experience on chronological order, as well as other particulars for your convenience.

AGE: 28

EDUCATION: GRADUATE CIVIL ENGINEER, from "Rensselaer Polytechnic Inst." Troy N.Y.

SUBJECT: Wearing of Shoulder Insignia.

TO : All Units this Regiment.

1. All members of the 2675th Regiment, Allied Commission (Ovhd), will wear the "AF" shoulder insignia on the left shoulder sleeve.

2. Such personnel who have served in an active Theater of Operations with one or more combat units, may wear (but it is not required), the shoulder insignia of that unit on the right shoulder sleeve, in the same relative position as that prescribed for the left shoulder sleeve.

3. Individuals may select the particular combat unit shoulder sleeve insignia they desire to wear, from those organizations to which they were assigned in an active Theater of Operations. Under no circumstances will more than one such insignia be worn on the right sleeve at a time.

To : Col. E.J. RISTEDT - C.E.
A/ Director Public Works and Utilities
Sub-Commission, Allied Commission

1. Under the provisions of AR-605-145 it is hereby requested that I be detailed in the Corps of Engineers of the Army of the United States.

2. I graduated from Iowa State College, Ames, Iowa, in 1924 with the degree of B.S. in Electrical Engineering. The period from 1925 to May 1943, when I received my commission, was spent in engineering, construction, operation and management of Electric Water and Natural Gas Utilities.

3. My present assignment, dating from November 1943, is assistant to the Chief of the Electrical Division of the Public Works and Utilities Sub-Commission of Allied Commission which is charged with the responsibility for rehabilitation of electric, gas and water utilities and the overall planning in connection there with.

4. Other duties are :

(a) - Secretary of the Electrical Reconstruction Committee (Italy) which is composed of Engineering representatives of Allied Military Engineer Units and which is under the Chairmanship of the Chief Engineer of AFHQ.

(b) - Member Electricity Control Board - R.A.A.C.

(c) - Consolidation of bids for electric power from Military Districts for Electric Power Committee ANAF(I)B.

8087

30 APR 1945

SUBJECT: Liaison Officer

TO : Chief Commissioner, Allied Commission, APO 394
(for Director, Public Works and Utilities Sub Commission)

1. It is requested that an officer of the Allied Commission be assigned to the Peninsular Base Section for liaison between Italian civilian agencies and this headquarters in matters of construction and reconstruction of public works, such as roads, streets, and sewer, water and power systems, a responsibility of the Allied Commission.

2. With the transfer of Major Edmund Feldman, no such officer is presently assigned to the Peninsular Base Section. The Regional Commissioner, Tuscana Region has advised that he has no officer available for such assignment and that it will be necessary for this Headquarters to deal direct with the various Italian agencies as presently required in Liberated Italy unless his staff is increased. It is believed that such a procedure is not contemplated in occupied Italy under existing theater directives.

SUBJECT: Qualifications as an Engineer

TO : Lt. Col. V.S. THOMPSON
Chief Public Works Division
Public Works & Util. S/C/

1. From my experiences in engineering work, I am sure my qualifications will be of more help to you, the Allied cause, and myself, than the work I have been doing in the Infantry.

2. In outline form, consecutively my work has been as follows:

a. Survey, plans, construction of sanitory sewers during summer months while going to college. City of Brenham, Texas. Mr. Louis BEAZLEY, City Engineer.

b. Graduate Civil Engineer - Texas A & M College - Feb. 1939. Also reserve Commission in Infantry and reason I am still here.

c. Testing of cement, reinforcing steel, concrete, and structural steel rivets on building project-housing, Texas A & M Feb. 1939 to June 1939 M.J.T.L. Mc New, College Station, Texas.

d. Texas Highway Department - June 1939 to January 1942. J. G. Rollins Dist. Engr. Dallas Texas.

1. Cheeking plans - one month.
2. Inspector soil stabilization asphalt emulsion, topping project - highway - four months.
3. Inspection of excavation (dirt and rocks original construction base highway) reinforced concrete culverts and bridges, sodding (grass to prevent erosion), crushed rock base - six months.
4. Drafting room - dirt calculation, culvert design, creosote timber, bridge layout and final plans, etc, nine months.
5. Field supervision - construction and creosote timber bridges - three months

3867

Declassified E.O. 12356 Section 3.3/NND No. 785019

6. Office work, sec 4, three months.
7. Engineer in charge of survey from which contracotur built roadway, culverts, bridges and subgrade.

e. Called to active duty January 1942, where I have done the following:

1. Schools at Ft. Benning, Ga. (Infantry)
   a. Communication - 3 months
   b. Cannon employement in the infantry - 2 months
   c. Officers staff school for infantry officers - 3 months
2. Regimental adjutant - months
3. Company commander - heavy weapons - four months.
4. Reconnaissance officer - cannon company at present time

3. At this writing , I am going to a two weeks school in Allied Military Government.

4. I see no reason why my regimental commander would not consider transferring me to work which I am better qualified to do. He is not aware of my wishing for a transfer on this letter at the present time .

5. I am sincerely interested in getting into any work that will be my means of livelyhood, when I am once again in civilian life, and will be grateful to you, for any help you can give me.

(OVHD) Allied Commission, A.P.O. 394
(through, Economic Section).

1. Pfc. Camillo T. Soviero, who has been on duty with the Electrical Division has shown diligence and devotion to duty and it is requested that he be considered for rotation.

2. It is recommended that action be taken to rotate Private Soviero based upon the following considerations:

a. Length of time overseas 30 months, 24 months of which were spent in combat;

b. His age: 37

c. His good record while with the Electrical Division. This record has already been mentioned in a letter from this Division recommending his promotion to corporal verifying his qualification to hold a higher grade

3. At the present time, Private Soviero is confined to the 73rd Station Hospital with pneumonia. His medical record indicates that he has suffered from malaria 6 times.-

E.J. RISTEDT,
Colonel, C.E.,
A/Director.

Dear Colonel;

I have been working on the requirements for transfer to your job. The way it appears to me is that if you could send me some sort of an informal request showing yourstatus and assignement, I could initiate a formal request, through my commanding officer.

The job that I have at the moment is a very pleasant sort of thing and everything seems to be O.K., however I would prefer something more in the engineering line.

I hope that things are going well with you and in case you still are in the market for a man with a strong back and a weak mind, I would be glad to hear from you.

Regards
/s/ Pat McClernon

MEMORANDUM

VGR/lam 119

188

SUBJECT: Assignment of W.O. Weaver to Venezia Region.

TO : Chief Electrical Division.

1. In connection with the proposed assignment of Warrant Officer M.D. Weaver to Venezia Region, the following observations are respectively made:

a. Mr. Weaver's civilian experience consists mostly of drafting room supervision and his assignment here was requested on that basis. His services in our drafting room have been very satisfactory; furthermore his presence there has made Capt. P.M. Vannoy available for other duty.

b. Previous to coming to the Allied Commission Mr. Weaver was twice wounded in combat, and is classified for limited service assignment only.

c. Major H.A. Belafsky, Regimental Surgeon, 2675th Regiment has told me that Mr. Weaver is highly nervous as the result of his combat experience and that consequently he is under medical treatment. That treatment consists of periodic visits of Mr. Weaver to the surgeon, and of his taking medicine to calm his nerves. Major Belafsky feels that Mr. Weaver's condition is irmproving. In answer to a question, Major Belafsky stated that apparently Mr. Weaver was considered capable for limited services, and his condition was evidently not sufficiently serious to warrant discharge from the army.

d. Major Belafsky expressed the thought that Mr. Weaver might suffer a relapse were he given work with which he is not familiar, and further said that Mr. Weaver should stationed at a location where prompt medical attention is available.

2. In consideration of his combat record and consequent

Declassified E.O. 12356 Section 3.3/NND No. 785019

present physical condition, it is recommended that Mr. Weaver be retained to supervise our drafting room.

V.S. RENTON

letter written 14/3/45 RAS

1. Inquiry is made herewith of the demand and requirements for officers of civilian engineering experience; also the proper procedure and channels if considered favorably for transfer.

2. My civilian experiences has been as follows:
a. BS degree in CE, Univ of Wyoming 1934.
b. Four and one half years of field experience with the U. S. Bureau of Reclamation as follows:
(1) Inspection of concrete - tunnels, walls, channels, basins, outlet works and spillways, in connection with earth and concrete dams.
(2) Surveys - from rodman to chief of parties on preliminary surveys of canals and tunnels, layout for excavation and construction of tunnels, spillways and channels for earth and concrete dams; and layout for excavation and construction of earth and concrete dams and appurtenant structures including bridges, spillways, and power houses. The above also includes final checks and inspections of reinforcing steel, metalwork, conducts and plumbing.
c. Two years of reinforced concrete design, Bureau of Reclamation design office, Denver, Colo - included design of outlet works, walks, control structures, channels, trackracks, tunnels, etc.

3. Military experience - active duty 17 March 1941 and on continuous duty since. Duty included platoon leader and company commander rifle company, Infantry Battalion Executive Officer, and at present G-3 Liaison Officer, 92d Infantry Division.

DS/cc

Ext.270. **Inter-office-Memo.**

March, 8,1945

SUBJECT: Request for Transfer and Reassignment.

TO : Actg.Vice Pres. Econ. Sec.

FROM : David Solomon - P.W.Div. of P.W.& U.S/C.

1. When hired by F.E.A. in Washington for duty in Italy I was given to understand that my work would be advisory in character, and concerned with rehabilitation of Public Buildings and Housing etc.

2. In A.C. I am assigned to P.W.Div. of P.W. & U. S/C. and despite initial internal difficulties, I believe I have turned in a credible job of Housing.

3. I find that by far the major portion of P.W.Div. work, apart from Housing, consists of Roads and Bridges, and of this a large part has to do with military necessities of the Allied armies: this work, very efficiently handled, is carried on in a strictly military manner, and a civilian can do little more than clerical functions in this set-up.

4. Discussions with my superior, the Chief of P.W.Div., and with the Director of Education S/C. brings to light that:

(a) no worthwhile progress has been made to date in connection with repair and reconstruction of war-damaged school buildings. (This work lies with Itel.Ministries of Education and Public Works).

(b) Italian Min. of Communication has complete charge of all building work for Railroads, Post and Tel. etc: therefore this work reaches (as to A.C.) not our P.W. & U. S/C. but our Transportation S/C., which Sub-Commission, to the best of my knowledge, contains no specialists charged with handling such type construction work.

(c) All construction work in Italy draws from a common pool of Italian resources as to materials, labor, equipment, etc.

3839

Declassified E.O. 12356 Section 3.3/NND No. 785019

5. To properly coordinate all Civilian Italian public, quasi-public, and private construction, to balance resources demand of group against group, to insure that all construction (other than military) fit into a coherent picture, I respectfully suggest:

6. The formation, as a branch of Economic Section, of a Civilian and Public Construction unit, whose duty it shall be to affect the necessary coordination, and whose further duty it shall be to advise the Italian Govt. (regardless of Ministries affected) when called upon by either that Govt. or A.C. to do so.

7. Should such a unit be formed, I request assignment as head of same, and submit that my experience and record qualify me for this position.

DAVID SOLOMON
P.W.Div. P.W.& U. S/C.

Declassified E.O. 12356 Section 3.3/NND No. 785019

NAME	GRADE	DESCRIPTION OF DUTY PERFORMED
Dreyfus René	M/Sgt.	Chief Clerk of Public Works Division of Sub-Commissions. Interpreter and trahslation on General and technical matters, Exercises direct supervision over two Italian civilian clerical employees, maintenance of files and project registers and handles all classified documents.
Soviero Camillo	Pfc.	Accompanies shipments of construction material when the presence of military personnel is needed to expedite or supervise transport. This particular soldier has proved himself to be very reliable in this work and his assignment to duties of this nature eliminates the use of an officer for the same purpose. Although trucks are notoriously scarce, it is sometimes possible to borrow a vehicle from a military unit if we agree to supervise its use. Supervises minor activities incident to rehabilitation such as stripping tranemission line conductor from one line for later use an another. Supervision of this nature has been found necessary in the event that work be done quickly, and his use on this work makes it possible to use officers for other, more important work.

HEADQUARTERS
FIFTH ARMY CITY COMMAND SECTION
APO # 464, U. S. ARMY

10 February 1945

SUBJECT: Commendation.

TO : Commanding Officer 2675 Regiment, A.C. Allied Military Government, APO 394.

1. I and my staff have had the pleasure of working closely for the past three months with Major STEPHEN M. YOUNG, 0510615, who is the Senior Civil Affairs and Public Safety Officer in a city overcrowded with thousands of Allied Military personnel on rest status. The large number of military-civilian problems arising every day have been handled by Major Young in a most commendable manner. His spontaneous cooperation with this headquarters has made it possible to give the military personnel the most enjoyable and restful stay in this city, while the civilians have received stern but fair treatment.

2. The most outstanding example of Major YOUNG'S cooperation has been in the problem of controlling the piracy of electric current by civilians. Where another Civil Affairs Officer failed to issue civilian orders on this matter, Major Young published adequate and explicit proclamations. Again, when an A.M.G. Summary Court Officer failed to support the proclamations by giving ridiculously low sentences of $3.00 to $5.00 fines to civilian violators, Major Young tried others and gave them jail sentences of from 10 to 15 days which proved effective in suppressing the illegal use of electric current.

3. Many other matters have been handled by this officer in an equally effective manner and this headquarters wishes to take cognizance of his efficiency , attention to duty, and excellent cooperation. It would be a great benefit to the Service if this officer were to work with us in the next city that this headquarters will move to.

Memorandum for Col. Lapper

1. Attached hereto is a letter prepared for Col. Jenny's signature and requesting the assignment to this Sub-Commission of two American officers.

2. Lt. Warren G. Beer, one of the officers mentioned worked with Col. Cooley in connection with the design of the Naples to Rome electric transmission line. Major Barry is well acquainted with Lt. Beer and recommends him highly. I am acquainted with him and I am impressed favorably. Lt. Beer is a graduate civil engineer.

3. Major Hamilton, the other officer mentioned has had electrical engineering experience ranging from 1920 to 1934. Since that time he has been in the Civilian Conservation Corps and in the army. I suggest that he be obtained to serve as a Regional Electrical officer. You met Major Hamilton in my office several days ago.

Subject : Assignment of Major Vincent F. Vollero

To : G-1 American

1. It is understood that Major F. Vollero O-434363 AUS has been assigned to the 2675 Regiment.

2. Major Vollero has been interviewed by officers of the Public Works and Utilities Sub-Commission, and a study of his background indicates that he has the engineering training and experience that is needed in connection with the electric rehabilitation program now being carried out, under the direction of this Sub-Commission.

3. Assignment to this Sub-Commission is requested.

SUBJECT: Efficiency Reports.

TO : Colonel LOUIS A JENNY, Public Works and Utilities Sub-Commission, Allied Commission, APO 394, U. S. Army

1. Under provisions of AR 600-185, dated 15 November 1944, the following information is requested by this headquarters in accomplishing semi-annual efficiency reports to be rendered as of 31 December 1944.

2. An Efficiency Report on WD AGO Form #67 (forms attached to be used as "work sheets" one copy for each officer reported upon), will be rendered on each officer of all components by the Senior (American) officer within each region or Sub-Commission of the Allied Commission, for the period that the officer has served in the respective Region or Sub-Commission.

3. The forms attached are the Efficiency Report, WD AGO Form 67, but these forms will be used as "work sheets", and after completion by the Senior Officer, they will be returned to this headquarters, to be prepared in final form, and returned to the reporting officer for signature.

4. It is requested that these forms be prepared with painstaking accuracy, and that all information be fully given, so that full credit will be given to each officer reported upon. In order that each form may be filled out correctly a copy of AR 600-185 dated 15 November 1944, and a sample form of WD AGO Form 67 completed, as a guide, is attached for your guidance.

5. The attached forms on each officer under your command will be completed and returned to this headquarters not later than 30 January 1945.

6. The following instructions are also listed for your guidance concerning paragraphs "C" and "G" of the Efficiency Report, WD AGO Form 67.

a. Paragraph "C" will show the officers present organization, such as: Civil Affairs Region, or Public Health Sub-Commission, under the section, "Station", and his present duty will be shown under "Duty Assignments". In classifying between Staff and Command, an officer must be performing a command function, such as a Regional Commissioner, Commanding Officer, Director of Sub-Commission or Division Head, to be classified under Command. Those officers who are under the direct supervision of the Command officer will be listed as Staff, such as Provincial Commissioner, Regional Executive Officers, Deputy Directors, or Second in Command. All other officers will be listed as Administrative & Executive. This headquarters will reserve the right to change the classification of any officer (Command, Staff or Executive & Administrative) that may be deemed proper. It will be noted that where an officer has had one or more assignments in the six (6) months period, the manner of performance rating will

3802

Declassified E.O. 12356 Section 3.3/NND No. 785019

be noted on the form pertaining to the officer, for the period covered, for your guidance.

b. Paragraph "G" will give the "Numerical" rating on the officer. It is noted that each rating has two (2) values, except "Unsatisfactory" and Satisfactory", with no value indicated for "Unknown". The officer will either have a High Excellent or Low Excellent, such as the case may be with all ratings. The total value of these ratings will be divided by the number of entries for which a rating is given, reference: paragraph 10, Section II, AR 600-165. The "Numerical" rating will give the corresponding "Adjectival" rating as shown in paragraph "1." of WD AGO Form 67.

By order of Colonel FRANK:

N. W. DROEGER
Major, AGD
Adjutant.

3 Incls:
Incl #1: Copy AR 600-165, dtd 15 Nov 44.
Incl #2: Work Sheets.
Incl #3: Sample Form AG 220 Form #67.

5.									

D. WRITE A BRIEF GENERAL ESTIMATE OF THIS OFFICER. REFER TO POINTS OF WEAKNESS AS WELL AS STRENGTH. UNFAVORABLE ENTRIES OF OPINION IN THIS ESTIMATE NEED NOT BE REFERRED TO THE OFFICER BEING RATED.

A creative officer who has an uncanny ability to visualize the necessity for corrective action in future operations. Very resourceful, punctual, and takes each task with coolness. Quiet mannered, but on close acquaintance is very friendly and has a pleasing personality.

E. ALL ENTRIES ARE FORMULATED ON THE FOLLOWING:

BASED ON	X
INTIMATE DAILY CONTACT	
FREQUENT OBSERVATION OF THE RESULTS OF HIS WORK	X
INFREQUENT OBSERVATION OF THE RESULTS OF HIS WORK	
ACADEMIC RECORDS	
OFFICIAL REPORTS	

F. INDICATE YOUR ATTITUDE WOULD YOU

ATTITUDE	X
PARTICULARLY DESIRE HIM?	
BE PLEASED TO HAVE HIM?	X
BE SATISFIED TO HAVE HIM?	
PREFER NOT TO HAVE HIM?	
DEFINITELY NOT WANT HIM?	

G. WHAT DEGREE OF SUCCESS HAS BE ATTAINED UNDER THE FOLLOWING? PLACE AN "X" IN THE APPROPRIATE SPACE TO DENOTE RATING. ENTER THE PROPER NUMERICAL VALUE IN THE APPROPRIATE COLUMN UNDER "TOTAL VALUE." NO VALUE SHOULD BE ENTERED FOR A RATING OF UNKNOWN. SEE INSTRUCTIONS ON THE REVERSE SIDE.

RAT VAL	Unsat 1	Sat 1	V. S. 2	V. S. 3	EXC. 4	EXC. 5	SUP. 6	SUP. 7	Unknown	TOTAL VALUE — Total	TOTAL VALUE + Total
1. Physical Activity and Endurance				X							3
2. Stability Under Pressure					X						4
3. Attention to Duty						X					5
4. Cooperation						X					5
5. Initiative						X					5
6. Intelligence							X				6
7. Force						X					5
8. Judgment and Common Sense							X				6
9. Leadership						X					5
10. Ability to Obtain Results						X					5
										Totals —	49
										K. Net Value →	49

H. Since last report has he been mentioned in official communications? Favorably: Yes or No: No. Unfavorably: Yes or No: No

I. During the period covered by this report was he the subject of any disciplinary measure that should be included on his record? If so, enclose separate statement of nature and attendant circumstances. Yes or No: No

J. In case unfavorable entries have been made, other than in B and/or F, were the deficiencies brought to the officer's attention while under your command and prior to preparation of this report? Yes or No: No

L. DISTINGUISHING SPECIALTIES OF VALUE IN MILITARY SERVICE. MAKE NO ENTRIES EXCEPT WHERE STATEMENT IS BASED ON PERSONAL OBSERVATION OR OFFICIAL REPORTS. SHOW PILOT AND/OR OBSERVER RATINGS OF AIR CORPS OFFICERS.

Knowledge of foreign people and language.

M. Enter numerical rating using the following basis: Numerical rating = the net value (K) divided by total number of entries for which a numerical rating was given. 38.0 ÷ 49 → Numerical Rating: 4.90

N. Enter adjectival rating based on numerical rating (M). Use following code:

Below 0 (—0)	—Unsatisfactory
0.0 to 1.99	—Satisfactory
2.0 to 3.49	—Very satisfactory
3.5 to 5.49	—Excellent
5.5 to 7.0	—Superior

Adjectival Rating → Excellent

O. I CERTIFY THAT TO THE BEST OF MY KNOWLEDGE AND BELIEF ALL ENTRIES MADE HEREON ARE TRUE AND IMPARTIAL AND ARE IN ACCORDANCE WITH AR 600-185

INSTRUCTIONS
(See AR 600-185)

1. Efficiency ratings comprise an evaluation of an officer in comparision with others of the same grade. In a large group of officers, such as are normally assigned to an infantry division, the law of averages will establish that about twenty percent of the officers of each grade may be superiors about twenty percent may be in the two lower classifications of very satisfactory and satisfactory (Unsatisfactory officers should be identified promptly and reclassified), the remaining sixty per cent who constitute the mass of thoroughly capable officers would fall into the excellent category. Commanders of regiments and large units must analyze the reports prepared within their organization and whenever the distribution varies markedly from the above the reasons must be sought. It is highly important that officers who are genuinely superior be identified by their ratings so that their talents may be fully utilized. It is also important to identify those officers whose qualifications and standards of performance of duty are above the minimum required, but who are clearly below the standard established by the mass of officers of their grade. A series of reports of an individual officer should present a highly accurate evaluation of his worth.

2. Prior to filling in Section C of this report consider carefully the following definitions and the numerical values assigned to each. Keep them in mind when rating, taking into consideration the length of service of officer you are rating and the opportunities afforded him, which might have a bearing upon his performance of duty, personal characteristics, or professional qualifications.

Unsatisfactory: Performance of the particular duty reported upon or personal characteristics or professional qualifications below minimum standards—inefficient.

Satisfactory: Performance of the particular duty reported upon or personal characteristics or professional qualifications up to minimum standard—passably efficient.

Very Satisfactory: Performance of the particular duty reported upon in an efficient manner. Personal characteristics, professional qualifications, or efficiency above that acceptable as satisfactory.

Excellent: Performance of the particular duty reported upon in a very efficient manner. Personal characteristics, professional qualifications, or efficiency above very satisfactory but below superior.

Superior: Outstanding and exceptional performance of the particular duty reported upon. Personal characteristics, professional qualifications, or efficiency above that considered excellent.

Unknown: To be used in all cases in which the reporting officer has had insufficient opportunity during the period covered by this report to observe the officer reported upon to permit a rating as to the performance of the particular duty, personal characteristics, or professional qualifications.

Lt. Col. RHODES,
" " LAPPER,
" " THOMPSON.

I have just been advised that Miss R.A. MATACIA, an American stenographer, was assigned to this Sub-Commission in accordance with my request of some time ago for one of the American Stenographers. I am advised also that Miss Matacia had been for some time working for Mr. Solomon.

Effective this date Miss Matacia will be assigned to the General Office and will handle my correspondence.

This will release Miss Elsner to take dictation from you so as to relieve you from having to write most of your letters longhand as has been the case. Jr.Com. King should be contacted when you need Miss Elsner.

W.A. JENNY,
Colonel, C.E.,
Director.

c.c. Mr. Solomon.

13. NEW IDENTIFICATION CARDS:

A PBS Identification Team will be set up in Room 317, RAAC Headquarters, on Monday and Tuesday, 29 and 30 January 1945, for the purpose of making new WD AGO Cards for all American Officers and Warrant Officers of the Allied Commission.

The following schedule has been set up and all officers will report for pictures and new cards at the times specified unless unable to do so because of prior necessary assignments:

Tuesday, 30 January 1945

Public Works & Util. 1100 hrs

All officers who are unable to report to RAAC Headquarters at the times specified for their Sub-Commissions will arrange to report to RAAC Headquarters during the afternoon of their scheduled day, subsequent to the hours already utilized by assignment to specific Sub-Commissions. No photographs will be taken after 1600 hours.

Old WD AGO cards are out of date and new cards are now in effect. All officers must therefore report for new cards on the dates specified as the team will be in this area once only.

28 January 45.

SUBJECT : Stenographer

TO : Acting Deputy Chief of Staff,
Economic Section.

Shortly after I came back from the U.S. Mr. Antolini had promised me one of the American Stenographers, as soon as one became available. I have only had an Italian girl who can take dictation very slowly. The result has been that my key assistants, and in many instances myself, have had to write our letters longhand.

I have just been advised that Miss Remilda Anne Matacia was given to Mr. Solomon about the middle of December and that she has been acting as his stenographer and secretary since. I did not know about this.

As I and my key officers are far more in need of the services of a good english speaking stenographer than is Mr. Solomon, it is requested that Miss Matacia be assigned to Public Works and Utilities Sub-Commission for duty in my general office, and particularly as my stenographer.

L.A. JENNY,
Colonel, C.E.,

HEADQUARTERS ALLIED COMMISSION

Inter Office Memo.

REFERENCE: 188/PWU.
SUBJECT : Assignment of American Officers.
TO : Acting Dep.Chief of Staff,
Economic Section.
FROM : P.W. & U. Sub-Commission.

24 Jan.45

1. Ref. your ES/2.00, 23rd Jan.45.

2. The assignment of American officers to forward regions can only be considered a hypothetical assignment because conditions may change very materially. However, we wish to make the following tentative assignments:-

(a) SARDINIA. We have no officers in Sardinia.

(b) SICILY. We have only one British officer left in Sicily.

(c) SOUTHERN REGION.

It is understood that Col. Hensley will be assigned by the Establishment Section as Provincial Commissioner at Livorno. I was advised this morning that orders were being prepared accordingly.

The 2 American officers remaining are Major Chamberlin and Major Ryan.

Major Chamberlin is assigned to Lombardia Region.

Major Ryan is assigned to Venezia Region.

(d) LAZIO-UMBRIA REGION.

The Northern portion of this Region is still A.M.G. Territory and I do not see how I can withdraw officers doing work in this territory. The officers actually working in A.M.G. Territory of Umbria-Lazio Region are: Capt. Laughton, Capt. Whitten and Capt.Spriggs. These officers should not be assigned anywhere else. However, in order to carry out your instructions re the assignment of American officers in Lazio-Umbria Region

1793

Declassified E.O. 12356 Section 3.3/NND No. 785019

would be as follows:-

MAJOR	Michel	Lombardia Region,
Capt.	Gentry	Emilia " ,
"	Laughton	Emilia " ,
"	Whitten	Marche-Abruzzi Region, -
"	Spriggs	" " " . -

3. I wish to refer you to Para.4 of my letter of 19th Jan.45 sent to the Economic Section (att: Major Doe). In that paragraph I plainly state that we cannot take officers from the Southern or Umbria-Lazio Region, as long as we have a Military responsibility. I do not believe that we should send them the allocations outlined above but instead, that in order to properly regularise the status of Public Works and Utilities Sub-Commission, officers doing Military work, directly under instructions from A.F.H.Q., should be treated in a different category from other officers who are engaged in a civil phase of Public Works and Utilities reconstruction. We have already withdrawn all of our officers who were engaged in civil work in Italian Government Territory.

4. It is requested that I be authorised to discuss this matter with the Establishment Section, with a view to having a request made to A.F.H.Q. asking for the making of an exception to the order, insofar as the above named officers are concerned. It seems that the Military phase of our work is not understood at this Headquarters. I should like to make this clear to the Establishment Section.

L.A. JENNY,
Colonel, C.E.,
Director.

25 January 1945

MEMORANDUM:

TO : G-1 (American), Allied Commission.

1. Telephone call received from Captain Brownyard, G-1, AMG 5th Army, at 11:45 this date:

Request was made for a specialist officer for the supervision of power driven electrical generators in the Army area. These generators are 25 KV and five of them were to start operation on 29 January 1945, with others to be installed at later dates.

This request was originally instituted by Major Gaither, 5th Army Public Works and Utilities Officer, who stated that it was the responsibility of AMG 5th Army to install and operate these generators.

Captain Brownyard stated that an experienced 1st Lieutenant was available in the 235th Engineer Battalion (Combat). He was informed that under the present policy, no additional officers were to be assigned to the Regiment and that this matter would be referred to the Public Works and Utilities Sub-Commission for appropriate action.

2 Director, G-1 (A)
P.W.& U.
S/C.

This matter was discussed with Brigadier Lush. Public Works & Utilities have no opening for a Lt-Colonel. What we need is junior officers. If Col. Hensley is to be assigned to Livorno, we should like as much notice as possible. If Col.Laboon is relieved of his post, he should be assigned elsewhere under Civil Affairs.

Inter Office Memo.

REFERENCE: 188/PWU. 19 Jan.45
SUBJECT : Withdrawal of American Officers Southern Regions.
TO : Economic Section (att: Major Doe).
FROM : P.W. & U. Sub-Commission.

Lt Col Rhodes
Pls note & file
Draft 11/1

1. SOUTHERN REGION.

Col. Hensley is slated to go to a northern Region.
Major Chamberlin, Major Ryan and Mr. Townsend will remain in the Southern Region. Major Chamberlin and Mr. Townsend are on Military Highways and Major Ryan on Electrical Reconstruction.

2. LAZIO-UMBRIA REGION.

Major Michel is assigned to a northern Region.
Capt. Gentry, Capt. Laughton, Capt. Whitten and Capt. Spriggs must remain in Lazio-Umbria Region. They are all working on Military Highways. Lt. Natale will be assigned to a northern Region.

3. ABRUZZI-MARCHE REGION.

Lt.Col. Latimer, Capt. Walsh and Mr. Griffith will remain on Military Highways.

4. It must be made clear that the Public Works and Utilities Sub-Commission has a very formidable Military responsibility in connection with the reconstruction and maintenance of Military Highways, as well as electrical plants and the control of operation of electrical systems. In connection with these tasks we are working directly under orders from the Chief Engineer of AFHQ, and we cannot withdraw these men, as long as we have this Military responsibility. In fact, we should have more men on these jobs and the men remaining are the thinnest possible skeleton which we can make.

HEADQUARTERS ALLIED COMMISSION

Inter Office Memo.

REFERENCE: 188/PWU. 10 Jan.45
SUBJECT : Mr. Townsend.
TO : Col. Densmore, Economic Section.
FROM : P.W. & U. Sub-Commission.

1. In reply to your No. T.02/ES 9th Jan.1945 I wish to refer you to my letter 188/PWU. 2nd Jan.1945 addressed to our Regional Engineer in Naples, with copy to your office. I pointed out in that letter that Mr. Townsend was appointed as Administrative Officer to the Regional Engineer of the Southern Region for the purpose of getting fully acquainted with all of the work being done in that Region and to prepare himself to take over the Region if and when all Military personnel is removed.

2. Mr. Townsend is at present in the best possible position to gain experience and to be in a position to carry on the work when turned over to civilians. We have two other American civilians in the same position in Regions IV and V.

3. Some of these civilians apparently do not seem to fully appreciate the fact that they are part of the organisation and must fit themselves into the organisation the same as any officer would. Furthermore, they should be willing to work the same as an officer does and since they are to take the place of an officer, we naturally must expect them to do the work of such an officer. Col. Hensley informed me at our Regional Engineers' meeting here last Monday that Mr. Townsend did not seem to be wanting to do much work, that he thought he should simply be there to see what was going on and let others do the work. Obviously we cannot permit such a thing to go on and I told Col. Hensley that Mr. Townsend will have to do the work of the Administrative Officer in every detail, the same as an officer would in that same position. 3777

4. Mr. Townsend has been for a few weeks holding a field position at Caserta, in order to get familiar with actual procedure in the field, and by putting him in the office, next to

ALLIED [redacted] COMMISSION

INTER-OFFICE MEMORANDUM

LDD, 6S

SUBJECT: Mr. Townsend

FILE No. 2.02/ES

TO : LT. COL. JENNY - P W & U S/C

9 January 1945

1. I have just been handed a note from Mr. Antolini written while he was at Naples which apparently has been misplaced. Mr. Antolini asked me to check with you and determine exactly what Mr. Townsend's present assignment is and what his duties are. I have an idea that Mr. Antolini was given the impression by someone that Mr. Townsend had been placed on some kind of an administrative job. This seems incredible to me but I would appreciate it if you would tell me just what Townsend's present assignment is.

6 January 1945

188/PWU

Subject: Engineering Officer Personnel.

To : S.C.A.O., A.M.G. 5th Army.

1. For some months Capt.E.F.Smith has been assigned to Liguria Region during which time he has taken part in extensive planning for the activities which will follow the occupation of that Area.

2. On 15 December 1944 an urgent request was received in this HQ., from A.M.G. 5th Army for the assignment of additional Public Works Officers. Considering that Capt.Smith had been training for work in the Area concerned it was decided that he should be temporarily attached to A.M.G. 5th Army for work in Liguria with the intention that he should remain there as part of the Regional staff when 5th Army A.M.G., moves forward.

3. This communication is sent you so that there should be no misunderstanding at the time this Officers services are required exclusively by the Region to which he has been assigned.

2 Jan. 45

SUBJECT: Personnel Southern Region.

TO : Regional Commissioner, Southern Region.
(att: Regional Engineer)

1. We have received a letter from Mr. H.H. Townsend, dated 26th December 1944, in which he states that you had advised him that you, Major Fitzgerald and all other Military field engineers were being transferred from your Region. Mr. Townsend then asked for consideration for the post of Regional Engineer if the Military officers are withdrawn.

2. In the first place it should be made very clear that we are not yet withdrawing our Engineer Officers from the Southern Region. Any program of withdrawal has been a gradual one and, as far as I know, will continue to be a gradual one. We still have a very considerable Military responsibility, and as long as that exists we must have Military officers in charge.

3. We have just withdrawn Capt. Hibbard and Lt. Sbrolla from your Region. We had tentatively planned to withdraw Capt. Ryan on February 1st, but we doubt at this writing that we can do so at that time.

4. In view of the possibility of the transfer of yourself to another Army unit we deem it essential that Major Chamberlin be now transferred from Bari to Naples to continue the work done by Capt. Hibbard and to familiarise himself with the work being done by you so that, in the event of your transfer, he is on the ground and ready to take over your post.

3771

5. Mr. Townsend has been assigned to your Region as

PUBLIC WORKS AND UTILITIES SECTION

26 December 1944

SUBJECT: Personnel Southern Region

TO : Lt. Col. L.G.Jenny C.E.
Director PW & U. Sub-Commission AC.

I am advised by Col. Hensley, Regional Engineer, of this region, that he and Major Fitzgerald and all other military field engineers are being transferred from this region. I am now closing these field offices.

Further that the policy of the Allied Commission is to turn over to the Italiand as rapidly as possible all work, and that A.C. civilian personnel will supervise this activity.

This is to inform you that I am capable, willing and ready to handle this region.

I have made a careful study of most of work in progress, materials, supplies and equipment, have met most of the Contractors and military officers concerned. I feel confident that I can cooperate with your office and other military units and render satisfactory services under all my authorized superiors.

(att: Lt. Col. Lapper)

file 186 herewith

1. Reference is made to Paragraph 11, Special Orders No. 319, Headquarters Allied Commission, dated 16 December 1944.

2. If Sgt. Brodie is transferred immediately the efficiency of this office will be seriously handicapped.

3. Sgt. Brodie is scheduled to have his name submitted for return to the United States on the Rotation Policy early next month. If he is transferred to Headquarters his return to the U.S. will be delayed a minimum of eight months.

4. In addition the Regional Transportation Officer (Internal Transport) has requested the services of Sgt. Brodie until such time as he is returned to the U.S. in order to replace the former Transportation Sergeant who was recently transferred. Sgt. Brodie is fully qualified for the position, having worked in Civilian Transportation for fifteen months in addition to his duties for the Regional Engineer.

5. In view of the above it is requested that the orders transferring Sgt. Brodie be rescinded as both this headquarters and Sgt. Brodie will benefit thereby.

6. Kindly advise your decision in this matter.

19 Dec.44

REFERENCE: 188/PWU.
SUBJECT : Use of truck.
TO : Transportation Sub-Commission.
FROM : P.W. & U. Sub-Commission.

39

1. Ref. your communication 14 December 1944.

2. The complaint registered in the communication forwarded to this Sub-Commission has been investigated and there is attached hereto a copy of the report made by Major Robert A.Bell outlining his version of the incidents cited in the basic communication.

40A

3. First there appears to be a difference as to the period for which the truck was assigned to Major Bell. Lt. Gillespie states the truck was assigned by him for 2 days, whereas Major Bell states that the trip ticket indicated that the driver was to go to Larderello, as directed and return to Rome.

4. As to the complaint of the driver in not having received proper food or shelter and having had to pay money out of his own pocket for subsistence, I wish to refer you to Major Bell's letter which indicates quite a contrary condition. In fact, Major Bell has given him 100 lire and, apparently has given him ample food and also ample gasoline.

5. It is believed that the driver should be investigated, as Major Bell indicates that he has used an excessive amount of gasoline, that is according to his record, and that the driver should return the money which he received from the Electric Company.

MEMO TO LT-COL.WM.LAFFER

1) - I have read the statement written by Angelo Caterina, an Italian driver of 1st Co. 1st Bn., 2675th Reg. A.C. on Dec. 3, 1944 and the related Correspondence. In connection therewith, I wish to make the following statement :

On November 22, at a meeting in this office with yourself, Maj. Barry, and Capt.Vannoy, I pointed out that an army vehicle was needed at Lardarello for a period of about a month for hauling materials from the front line areas and over bad roads (Siena) where it was difficult for civilian trucks to get. Capt.Vannoy knew the prodedure for getting a truck from the Transportation Su-Commission and it was agreed that a period of two weeks would be tried at first. Rather than have the truck report to Lardarello empty it would report to Civitavecchia for a load of cement, and also pick up an employee of the Lardarello Company in Rome to guide the driver etc...

On November 24th the driver reported to me at Lardarello with a load of cement and stated that he was to return to Rome immediately. The only English words this driver knew were vile and I asked him not to use them to me. I asked to see his trip ticket, which he produced. It stated Rome to Lardarello, and as directed, and return to Rome.

I pointed this out to the driver and told him that he was to remain for approximately ten days for hauling equipment. He pointed out that the clutch was not working and needed repairs. His first trip was to Viareggio (north of Leghorn) for a load of glass. Lt.Col.Cooley of FBS was at Lardarello at the time and I asked him to arrange with a FBS maintenance organization to repair this truck as it came through Leghorn. The following morning I gave the driver his trip ticket back (incedentally I did not make a copy of it) with an indorsement on the back regarding the Viareggio trip. On a separate sheet of paper I made a note to any FBS maintenance unit to repair this truck, also giving the driver instructions as to how to contact Lt.Col.Cooley if he had any trouble. He reported later that he had no trouble in getting this work done. The driver was provided with a bed (as good as I slept in) and the same food the rest of the people eat (including myself). I am attached to 5th Army AMG for rations and draw 10 in 1 rations for this purpose. I gave the driver four packages of the K rations out of the 10 in 1 with instructions that these were only to be eaten on the road and tell me when he needed some more. In addition to this I gave him 100 lire to buy fresh bread on the road to supplement the crackers. He understood that this was for himself only and that the Lardarello Company was responsible for their own employee.

Previously I have had four Allied Military vehicles at Lardarello on various missions (with either American or British drivers however). On various occasions, I have had as many as six Allied visitors at Lardarello (Officers and men from AAI, FBS and A.C.). Obviously all this personnel cannot be

./.

Declassified E.O. 12356 Section 3.3/NND No. 785019

fed from the 10 in 1 rations that I draw, so I have on several occasions picked up "salvage" rations from Piombino and Leghorn. I gave this driver a note to the officer in charge of the ration dump at Piombino (whom I know personally) to let him have a case of 10 in 1 rations. These were picked up and I gave approximately half of them to the driver, extracting only the canned goods and cereal that could be prepared easier in the house.

One 55 gallon drum of gasoline was at Lardarello (left by the previous Allied truck). I pointed this out to the driver and told him to use it when necessary but in general try to fill up at dumps on the road. I put another indorsement on his trip ticket to facilitate him doing this and clear him of traffic control ports. On one occasion he took the 55 gallon drum up to Piombino and returnde with it full of gasoline (on my orders), the original having been used in his truck and my car. Contrary to my instructions he was reporting for duty in the mornings with his gas tank empty. When the second 55 gallon drum of gasoline was two thirds gone, I began to suspect that he was disposing of too much.

Upon examing his truck, I found a three foot rubber hose used for taking gasoline from the truck. This he stated was regular equipment and used for transferring from one truck to another when in convoy and found necessary. Instead of using 40 gallons of gasoline for the 470 kilometres, my estimate is 100 gallons, however I have no way of knowing how much he obtained at gas dumps along the road.

One one trip to Siena, I followed him there and I assisted him in refuelling at a British dump, on the way, he stopped at a small town for "grappa" stating that it was needed to keep him warm. He was furnished with approximately 10 cigarettes per day during his stay. At no time, did I go into a rage during my conversations to him. I was aware that he had secured a note for re-imbursement from the Lardarello Company, however I strongly recommended that the 1000 lire be re-imbursed to the Lardarello Company immediately.

I am well aware of the responsibility of an officer for men working for him and am prepared to state under oath that this soldier received the same treatment during this assignment, that a U.S.Army soldier would expect under the same conditions.

SUBJECT: Request for Consideration of Problems inherent in Utilization of Italian Army Personnel.
TO : Chairman, Transportation Sub Commission, Allied Commission.

1. Request that the report attached herewith by the Company Commander of the First Transport Company, of this Battalion be referred to the using agency, for any corrective action it may deem necessary.

2. The grievances stated are by no means an isolated instance and are probably caused by the lack of realization of the organic set up under which the Italian Army personnel operates. The following facts are quoted for consideration.

a) The Italian Army ration is exceedingly small and does not lend itself to subsisting individuals.
b) No equivalent of American Fields or Emergency rations (C or K Ration) has been set up for the Italian Army.
c) Any Agency using Italian Army operated transport for protracted periods of time, should concern itself with the housing and feeding of the personnel which it has requested.
d) All personnel of the 1st Truck Battalion, (Italian Army), AC, is functioning under Italian Army Regulations, Rations and Italian Officer control. American Transport is ulized so a minimum of American Army personnel is utilized for control and maintenance.
e) The basic condition upon which the organization depends is centralization of messing and maintenance. Whenever this principle is violated due to operational necessity, the burden for the welfare of the personnel involved must rest with the user.

3. If consideration is given to the basic factors outlined above there is no reason why full use of the transport available cannot be brought to bear to effect the common mission, with a minimum amount of friction.

SUBJECT: Request for Transfer.

TO : Commanding General, MTOUSA, (Thru Channels).

1. It is requested that I be transferred from my parent organization, Headquarters, 106th Replacement Battalion, to Allied Commission Headquarters, Public Works and Utilities Sub-commission, (2675th Regiment Allied Commission).

2. It is my understanding that a vacancy exists in the organization to which transfer is requested.

3. Reasons for request of transfer:

a. My civilian occupation was estimator and purchasing agent on construction work with emphasis on governmental housing and cantonment building. I performed in the capacity mentioned on a minimum of seven million dollars of construction.

b. I am thoroughly qualified to supervise and expedite the completion of construction, large and small.

4. Personal Data:

a. Age - 30

b. Date of Rank - Major, AUS (Temp), 27 April 1944.

c. Entered on overseas service 12 December 1942.

Subject : Temporary assignment of officers

To : REGIONAL COMMISSIONER LAZIO-UMBRIA REGION
(Attention Regional Engineer)

1) - Owing to circumstances beyond our control it is not now possible to arrange for Major Bell and Captain Trommershausen to be temporary assigned to your Region as electrical officers.

2) - If more officers become available we will take the matter up again.

3) - In the meantime the system operations and rehabilitation of the transmission lines and generating plants will continue to be directed from this office.

4) - Your two electrical officers should keep a strict eye on the consumption of electricity in the regional area and be in a position to reduce any of the civilian demands as and when this becomes necessary.

5) - It is helpful if these officers can keep this office informed of their activities.

IN REPLY QUOTE : R4/ENG/20.1

Reference 7138 Routine 271015 Public Works. -

With the very heavy work programme in PERUGIA and TERNI especially on MILITARY and Civil Bridges. -

I have need of extra officers for that and have recently acted accordingly - Capt. WHITTEN was moved to TERNI 3 weeks ago on PERMANENT ASSIGNMENT to me. -

I do NOT concur in the removal of this officer.

If an order is issued that an officer with Road and Bridge Experience has to be withdrawn then Capt. Whitten will be the officer - as the officer who has most recently been assigned - I shall however be very sorry to lose him and work will suffer inevitably.

In any case a week must be allowed for a double hand over. -

There are officers in forward Regions idle is it NOT possible to avoid this lack of continuity by temporarily assigning one of them to TOSCANA. -

Public Works spoke to me about this and I made it clear that I would NOT agree to a withdrawal ; if an order is issued it will be obeyed. -

Public Works and Utilities Sub-Commission

188/PWU

December 3rd, 1944

SUBJECT : Request for services of Major Roy. T. Norman.

TO : G-1, American.

1. Major Roy T. Norman O-312642, American, presently assigned to the 449th Heavy Construction Signal Battalion, has requested that he be transferred to the 2675th Regiment. The technical background and experience of Major Norman, known to the Public Works and Utilities Sub-Commission, would make him suitable for assignment to this Sub-Commission to participate in the rehabilitation of Italian electric power facilities.

2. It is understood however that Major Norman's request is presently in the Adjutant General's Office at MTOUSA and that there is some question as to whether the transfer should be made since documents accompanying his request did not indicate whether he and his experience were known to this Sub-Commission.

3. Major Norman's services are desired by this Sub-Commission and any help which G-1 can give in arranging for his early assignment to this Sub-Commission will be appreciated.

Dear Captain Parker,

Thank you for your interest in our work as displayed by your letter of 21 October.

At the present time we have requested an increase in the number of officers included in our T/O. It appears that our request for assistance will be favourably considered by higher authority at an early date.

I would be pleased to have you visit me when you are in this vicinity. We can discuss the matter further at that time.

Sincerely

V.S. Renton
Major, Inf.

SERVICE COMPANY
760TH TANK BATTALION
A.P.O. #464

21 October 1944

Major VINAL S. RENTON,
Public Works and Utilities Sub Commission,
Headquarters 2675th Regiment,
Allied Control Commission, A.P.O. #394, U. S. Army.

Dear Major RENTON:

Enclosed herewith is copy of my letter requesting transfer to 2675th Regiment, Allied Control Commission, A.P.O. #394, U. S. Army.

Due to the tactical situation it has been impossible to write you before this date.

My letter must go through necessary channels. I hope it is not too long reaching your Headquarters.

It is my sincere wish that the transfer will be approved. I very definitely want to work with you. Anything that you may be able to do to expedite the transfer will certainly be appreciated.

In spite of bad weather conditions and very difficult terrain, things up here are going well.

I am not sure but I expect to be able to pay you another visit some time during the 7th and 10th days of November.

My kindest personal regards to you and Major BARRY.

Elmo E. Parker
ELMO E. PARKER,
Captain, Infantry.

Van- Cl drop this
chap personal note acknowledgment -
Tell him T/O is still in mail -
but that it looks very favorable -
and that we'll expedite as
soon as T/O appears.

[illegible] COMPANY
760th TANK BATTALION
A.P.O. #464

21 October 1944.

SUBJECT: Request for Transfer.

TO : Commanding Officer, 760th Tank Battalion, A.P.O. #464, U. S. Army.

1. Request that I be transferred to the 2675th Regiment, Allied Control Commission, A.P.O. 394, U. S. Army.

2. I feel that I would be of more value to the military service in a Public Works and Utilities capacity due to previous experience in civilian life as follows:

a. Approximately four (4) years experience in the construction department of Pacific Gas and Electric Corporation, with experience in power line construction and repair, range and water heater repair, setting electric meters and general trouble shooting.

b. Nine (9) months experience in Public Relations work and as a power salesman for Pacific Gas and Electric Corporation.

3. I have informally discussed transfer with Major Vinal S. Benton, Public Works and Utilities Sub Commission, Headquarters 2675th Regiment, Allied Control Commission, and understand that a position vacancy may exist.

ELMO F. PARKER,
Captain, 760th Tank Bn.,
Commanding.

1st Ind.

(Attention Regional Engineer)

1) - It is proposed to assign some of the officers from the Electrical Division Public Works and Utilities S.C. to the regions as a temporary measure and for the purpose of giving greater assistance to those regions where it is considered that a weakness in officer personnel exists at present.

2) - For your region Maj.Bell and Capt.Trommershausen will be placed on temporary assignment and it is requested that you arrange for Capt.Trommershausen, Lt.Butcher and Lt.Wade-Brown to work under the direction of Maj.Bell.

3) - Maj.Bell is fully aquainted with our requirements for the rehabilitation of Power Plants and transmission lines within your region and it is hoped that you will be able to give him your full support particularly in the supply of transport and any urgent material which he will be requiring from time to time.

4) - The officers from the Electrical Division Public Works and Utilities S.C. will be visiting Maj.Bell from time to time to discuss technical problems and to coordinate the general Italian Electrical Plan and it is requested that a copy of Maj. Bell's reports to you be forwarded to the Public Works and Utilities S.C. for the attention of Lt.Col.W.M.LAPPER.

5) - It is regretted that owing to shortage of officer personnel it is not possible to make this a permanent assignment but the arrangement will stand so long as operational conditions allow.

TO : Establishment Section, Hq AC

15

1. Ref signal message ALCOM number 6764 of 21 Nov 44 repeated Economic Section, G-1 (A).

2. In view of the fact that the a/m Special Orders were published apparently simultaneously with the dispatch of the signal message referred to above requesting concurrence of this Hq to the attachment on temporary duty of the a/m officer, the order would appear to supercede such concurrence, which is readily given.

3. As Major Eberle has only just completed a special course, in which he has qualified for prospective special duty, it is requested that the order may be amended to read, "Subject to immediate recall without notice" instead of "Subject to recall at 48 hours notice".

4. It will be realised that the special duties for which this officer has just been trained make it necessary that his services shall be immediately available on call from Hq AAI.

ROBERT P. MARSHALL
Colonel, FA

Public Works and Utilities Sub-Commission

188/ /PWU. 7 Nov.44

SUBJECT: Transfer.

TO : Major Carlos V. Callegos - 0257361 -
2615 Technical Supervision Regt.
APO. 386 - U.S. Army.

1. Your letter of 23rd of October 1944 has been brought to my attention after my return from America.

2. There is considerable uncertainty at the present time as to the retention of military personnel in A.C.C. and for that reason I do not think it advisable to take any steps at this time looking to your transfer to this Sub-Commission. Should the status change in the near future, I shall be very glad to take this matter up with you at that time.

L.A. JENNY,
Lt-Colonel, C.E.,
Director.

20 July 1944.

SUBJECT: Transfer to A.C.C.
TO : Major Carlos V. Callejeges, Base Area Command.

1. An arrangement has been made now whereunder the Public Works and Utilities Sub-Commission, A. C. C. can have additional officers attached to it for duty. However, it is necessary that the following procedure be carried out so as tohave proper clearance.

2. The officer to be transferred will obtain from his Commanding Officer an order attaching him to the Public Works and Utilities Sub-Commission, A.C.C. for duty.

3. The Public Works and Utilities Sub-Commission is desirous of having you attached to it for duty and we shall appreciate it if your Commanding Officer will please issue such an order attaching you to A.C.C. as outlined above.

L. A. JENNY,
Lt Col., C.E.
Director.

23 October 1944

SUBJECT: Personal Correspondence.

TO : Lt. Colonel L.A. Jenny, Director, Public Works and Utilities Sub-Commission, Allied Control Commission, APO 394.

1. On July 20, 1944, you requested my transfer to the Public works and Utilities Sub-Commission, Allied Control Commission.

2. I was interviewed by you and accepted. But due to my duties with the Rome Area Allied Command, I was not available at that time. My duties in the Rome Area Allied Command Engineering Section were to rehabilitate the water supply system for the city of Rome. I undertook this responsibility on June 5th and it was successfully accomplished.

3. I am now assigned to the 2615 Technical Supervision Detachment, APO 386, a Yugoslav Labor Detachment. This assignment is entirely out of my field of work as an engineer. I feel, in this assignment I am not discharging the duties of greatest value to the service of the Government for which I have been trained.

4. I speak and understand Italian quite sell, with my experience in working with Italian Engineers and knowing their particular methods and ways of work. I can be of greater value and service to the Government on duties I can discharge best. I have also experience in bridge construction, road building, general construction, drainage and sewer lines.

5. My transfer to the Public Works and Utilities Sub-Commission can be through S.O.S. NATOUSA, Headquarters.

Carlos V. Gallegos

PUBLIC WORKS AND UTILITIES SUB-COMMISSION

LWL/ag 2

Reference : 183/ /PWU
Subject : Attachment of Lieut.W.G.Beer, CE to 2675th Regiment
To : COMMANDING OFFICER 396 ENGINEER Gen. Company, APO 782, U.S.Army

6 Nov. 1944

1) - Under the terms of AFHQ Administrative Memorandum N° 43 the Allied Commission is charged with planning and supervising the rehabilitation of Italian electric power facilities. To fulfill this obligation requires additional officer personnel in the Allied Commission.

2) - It is understood that Lieut.W.G.Beer, C.E. of this 396 Engineer Gen. Co. is available for transfer. It is believed that his electrical background would make him a valuable officer in connection with the rehabilitation program mentioned above, and it would be appreciated if his request for transfer to the 2675th Regiment (the Regimental designation of Allied Commissione personnel) were approved.

E.J.BARRY
Major, C.E.
Acting Chief Elec.Div.

27, Oct. 1944

Now that you've gotten your routine type of correspondence out of the way — business. Sue sent a ~~[illegible]~~ request for transfer thru to Co. Hq. which would like from you a statement to be attached to said request for transfer in substantiation of it. (whew!) Just say that you have a spot open, and that you're willing, in spite of your better judgement, to put up with me for an indefinite period, etc, etc.. Send it post haste to the C.O. 396 Engr. Const. Company. APO 782. U.S. Army.

Meanwhile, weather permitting I might get to Rome in the next few days, and if ever in Naples drop in on us at 2nd Bn. 345th Engrs (Phone 50590) for a gin-fizz and a seat in front of the fireplace.
