APO 394
PUBLIC WORKS AND UTILITIES DIVISION

TO : HQ. PW & U. Sub-Commission (Att: Capt. Shepard)
FROM : F.O. Griffith, Highway Equipment Officer
SUBJECT : Issue of Equipment
REF : AD/6/1
DATE : 15 April 1945.

1. Equipment has been issued to H.H. Townsend, RE. 3o. Region as follows:

a Six asphalt kettles, with accessories: U.S.A. Serial

Nos. 0552244 Plant No. 46
" 037631 " " 47
" 0552234 " " 48
" 03737624 " " 49
" 0552276 " " 50
" 037622 " " 51

165 Gal capacity complete with 2-600x16 tires each and the following accessories each:

Burner Unit: Fuel tank
Burner, Single
Oil Hose - 4½ ft. long

Motor Spray: Rotary gear pump
Attachment : Spray Hose - 20 ft. long
Hand Spray bar and nozzle
Hame Strap for spray hose

Barrel Hoisting Attachment: Davit
Chain Block
Barrel Spreader
Supporting Leg

Barrel Grid
Cleanout rod
Thermometer

Set of Spare Parts & Tools:

4-5 Burner tip - kerosene
4-30 Burner tip - gasoline
14 Cleanout rod - burner tip
AM - 1-A Hose, Oil, 4-1/2' lg. with ftgs.
#30 Washer, cup-leather

TO : HQ. P W & U. Sub-Commission
(Att: Captain Sheppard)
FROM : F.O. Griffith, Highway Equipment Officer

SUBJECT : Equipment Deliveries
REF : AD/5/5
DATE : 14 April 1945

1. The following was delivered in Naples from 409 R.M.P. on April 11, 1945:

Truck 15 CWT 4x2 Ford WD. Z5229027

2. One spare tire, tool kits, jacks pumps and assorted spare parts for six trucks were also issued.

3. This truck failed enroute from 409 RMP to Bari and had to have transmission repairs. Parts not being available in REME in Bari an entirely new engine complete with transmission was drawn and installed under our direction. Vehicle in 1st class condition.

4. This vehicle and 15 CWT, WD 5316132, plant Nos. 19 and 18 respectively, are reserved for transportation for myself and civilian engineer staff and will not be available for issue until other means of transport may become available.

Respectfully

TO : HQ. AC. PW & U. Sub-Commission
(Att: Captain Sheppard)
FROM : F.O. Griffith, Highway Equipment Officer

SUBJECT : Equipment Deliveries
REF : AD/5/8
DATE : 14 April 1945

1. Returned herewith is letter and authorities covering the issue at thirty three trucks from 15 RVP and 409 R.V.P.

2. Delivery is complete except for thirteen 6x4, 3 ton lorries and one 15 CWT from 409 R.V.P.

3. These trucks will probably not become available until after the end of the war since existing policy at 409 RVP. is to service all class. 5 vehicles to class 1 thereby becoming unavailable to us under our authorities.

4. It is respectfully requested that authority be obtained from AFHQ. changing the issue to another source, preferably in the Rome or Leghorn Areas for easier availability.

5. This equipment is believed to be most important of that otherwise being received since the operation of any other plant is crippled with inadequate transportation facilities.

6. Please advise of what disposition is planned.

7. Arrangements as indicated in my letter dated 16 March 1945, Ref. AD/5/3, paragraph three, is no longer available in Bari.

Respectfully

F.O. Griffith
Hq's. Equip. Officer

TO : HQ. AC. PW & U. Sub-Commission
(Att: Captain Sheppard)
FROM : F.O. Griffith, Highway Equipment Officer

SUBJECT : Equipment Deliveries
REF : AD/5/6
DATE : 14 April 1945

1. Approximately thirty pneumatic picks (paving breakers) together with points and spades were drawn from Italian Army stores Depot 686. Also six cases of Ford 4x4, 4 ton, miscellaneous spare parts.

2. Pneumatic picks will not be unpacked until reaching Leghorn and an inventory will be then supplied your office.

3. The spare parts, while not fitting our equipment, have a trade value for our parts if required. An inventory will be supplied when unpacked.

4. Approximately one ton of spare parts as generators, carburators, engine blocks, crank pans, heads and etc. has been cannibalized from various sources of availability for our existing truck equipment. This will be inventoried at a later date since supply sources are still available and your office advised.

EF/cc

11 April 1945

SUBJECT: Rock Crushers.

TO : Chief Public Works Division AC, APO 394.
(Attention: Lt. Colonel V.S. Thompson, RCE)

1. Please be advised that Penbase's road maintenance program for the immediate future calls for gigantic quantities of crushed stone.

2. It will be impossible for Penbase to meet this demand with the present equipment they now have on hand, as much of this equipment will be withdrawn from existing quarries and shipped forward.

3. Hence it is imperative that we install AC rock crushing plants in civilian quarries which are likely to be evacuated by Penbase if we do not want our road program to suffer.

4. This matter has been discussed with Lt. Col. M. Broyles, Chief Construction Branch, PBS, who informs me that the minimum requirements will be 10 complete sets, i.e. 10 Primary and 10 Secondary units with their accompanying air compressors.

5. It is my understanding that an additional shipment of rock crushing plants and air compressors is expected shortly.

6. May I have your permission to allow Penbase to set these up for us in strategic quarries as with the previous group?

EDMUND FELDMAN,
Major, AUS,
AC - PBS Liaison.

To : Transportation Sub-Commission.

Reference AC/530/2/Tn 3 dated 17 April 1945.

1. The following items listed on above letter appear to be for this Sub-Commission:

(a). Asphalt Kettles 34

(b). Air Compressors 12

2. It is possible that 25 jeeps are also scheduled, as that quantity is on requisition and outstanding.

3. It is desired that the items be off loaded at Naples, if possible, for subsequent rail shipment to Rome.

Public Works and Utilities Sub-Commission

202/PWU 20 April 1945

Subject: Payment for Personnel
on Highway Equipment.

To : Finance Sub-Commission
Office of Chief Accountant
(Att: Capt. Tipping).

87 refers

1. Numerous items of road machinery have been delivered for use on military highways under the direction of this Sub-Commission. This equipment is to be operated by the Genio Civile and is to become the property of the Ministry of Public Works.

2. To ensure that this equipment is effectively utilized and that Genio Civile employees are properly trained in operation and maintenance an American Civilian Mr. F.O.Griffith has been placed in charge of the program. It will be necessary for him to employ certain key personnel as his representatives in the various localities in A.M.G. territory where the equipment will be working . It is not anticipated that more than 10 persons will be required as all except the minimum supervisory personnel will be paid by Genio Civile.

3. This equipment will be employed from time to time in each of the active Regions therefore authority is requested for Mr. Griffith to present payrolls to the nearest Finance Officer and receive necessary funds.

4. Your assistance in solving this problem will be appreciated.

Dir.Gen.dei Serv.Tecnici

N. 4958

Oggetto: Macchinari per lavori stradali -

Sono in arrivo numerosi macchinari e attrezzature per lavori stradali i quali saranno gestiti da una apposita organizzazione della Commissione Alleata a Capo della quale è stato preposto il Sig. F.O. Griffith. Tali macchinari e attrezzature, che diverranno poi di proprietà del Ministero dei LL.PP. saranno attualmente usati per lavori di precedenza militare. E' di grande importanza che questa organizzazione possa essere in grado di funzionare al più presto possibile in quanto essa potrà in parte sostituire gli aiuti che attualmente sono forniti dall'Esercito Alleato e che verranno a mancare con la liberazione dell'Italia Settentrionale.

E' necessario che gli Uffici del Genio Civile di Livorno e quello della Viabilità Statale di Firenze diano la massima collaborazione ed ogni più rapido aiuto al Sig. Griffth affinchè egli possa essere facilitato nel suo compito.

Si prega il Provveditore Regionale, al quale la presente è diretta per conoscenza, a voler personalmente vigilare perchè i dipendenti Uffici rispondano pienamente alla presente richiesta.

IL DIRETTORE GENERALE

Prot. N° 4958 Allegati

Roma, 21 APR. 1946/XXIV A.

To: Ing.Capo Genio Civile LIVORNO
Ing.Capo dell'Ufficio speciale del Genio Civile per la Viabilità Statale FIRENZE

and for information:

Al Provveditore Regionale alle OO.PP. FIRENZE

Alla Sottocommissione LL.PP. e Servizi A.C. R O M A

Risposta a nota del N° Div.

xxxxxxxx Subject: Machinery for road work.

Many machinery and equipment articles for road work are arriving, which will be operated by a special organisation of the Allied Commission, under the Direction of Mr. F.O. Griffith. Such machinery and equipment, which will later become a property of the Ministry of Public Works, will at present be used for military priority work. It is extremely important that such organisation may be able to function as soon as possible, for they will partially substitute the aid which has now being given by the Allied Forces and that will be lacking soon after North Italy's liberation.

The Genio Civile at Leghorn and the State Highway Office in Florence must furnish their utmost co-operation and every quickest help to Mr.Griffith that his task may be made easier.

The "Provveditore Regionale" whom this letter is also sent for information, will be so kind as to personally survey that the dependent Offices fully comply with the present instructions.

THE GENERAL DIRECTOR 672

SUBJECT : Equipment Deliveries
REF : AD/5/5
DATE : 14 April 1945

1. The following was delivered in Naples from 409 R.V.P. on April 11, 1945:

Truck 15 CWT 4x2 Ford WD. Z5229027

2. One spare tire, tool kits, jacks pumps and assorted spare parts for six trucks were also issued.

3. This truck failed enroute from 409 RVP to Bari and had to have transmission repairs. Parts not being available in REME in Bari an entirely new engine complete with transmission was drawn and installed under our direction. Vehicle in Ist class condition.

4. This vehicle and 15 CWT, WD 5316132, plant Nos. 19 and 18 respectively, are reserved for transportation for myself and civilian engineer staff and will not be available for issue until other means of transport may become available.

Respectfully

(Att: Captain Sheppard)
FROM : F.O. Griffith, Highway Equipment Officer

SUBJECT : Equipment Deliveries
REF : AD/5/8
DATE : 14 April 1945

1. Returned herewith is letter and authorities covering the issue at thirty three trucks from 15 RVP and 409 R.V.P.

2. Delivery is complete except for thirteen 6x4, 3 ton lorries and one 15 CWT from 409 R.V.P.

3. These trucks will probably not become available until after the end of the war since existing policy at 409 RVP. is to service all class. 5 vehicles to class 1 thereby becoming unavailable to us under our authorities.

4. It is respectfully requested that authority be obtained from AFHQ. changing the issue to another source, preferably in the Rome or Leghorn Areas for easier availability.

5. This equipment is believed to be most important of that otherwise being received since the operation of any other plant is crippled with inadequate transportation facilities.

6. Please advise of what disposition is planned.

7. Arrangements as indicated in my letter dated 16 March 1945, Ref. AD/5/3, paragraph three, is no longer available in Bari.

HEADQUARTERS ALLIED COMMISSION
APO 394
Public Works and Utilities Sub-Commission

68

13 April 1945

202/PWU

SUBJECT: Attachment of Italian Troops

TO : Economic Section

1. Request is made to have a unit of Italian troops attached to the Public Works and Utilities Sub-Commission. This unit should number approximately 300 officers and men who will be trained to service, maintain, and operate the heavy road and construction equipment now being received from the United States.

2. About 4000 tons of road equipment valued at several million dollars was requisitioned originally about a year ago but revision and cancellations reduced this somewhat. The equipment includes rock crushing plants primary and secondary, air compressors with rock drill and other attachments, asphalt mixing plants, concrete mixers, motorized road graders, scrapers, tractors, trailers, trucks, and other accessory equipment. Some of this equipment is now here and more arriving. It is to become the property of the Italian Government but is to be allocated and operated under the control and supervision of the Public Works Division of this Sub-Commission.

3. An American specialist was placed in charge of coordinating the program and training the civilian personnel of the Ministry of Public Works. Experience is bringing forth a number of difficulties.

6709

(a) Inability of the Ministry of Public Works to secure the services of properly qualified personnel at the established salary scales they are permitted to pay.

(b) Unwillingness of civilian workmen to move from their homes to points throughout Northern Italy as required.

(c) Confusion and delays occurring for reason of passes, billets, rations when endeavoring to circulate civilians in Army Areas.

Declassified E.O. 12356 Section 3.3/NND No. 785019

(d) Lack of control of labor turnover with civilians who are partially or completely trained, but quit to accept better pay rates.

4. It is believed that by the assignment of an Italian military construction or mechanical service unit to this duty, these difficulties will be eliminated. Such a unit to have the necessary complement of officers for administrative as well as operational purposes and composed of personnel qualified to supervise and act as skilled operators of this mechanical equipment. They would not be used as ordinary labor; such laborers can be recruited in the locality in which the equipment operates. An experienced officersof this Sub-Commission would be assigned to supervise and coordinate the tasks with the officers of the Italian unit.

5. The advantages of such an assignment:

(a) The service, maintenance, and operation of this heavy equipment will be more continuous and much more efficient. The supply of parts more easily controlled. Too frequently a $10,000 machine is immobilized and valueless for want or neglect of a minor part.

(b) Problems of quarters and messing will be greatly simplified.

(c) Entry into and movements within forward areas will be expedited.

(d) Personnel turnover will be practically eliminated.

(e) The Allied War Effort, the Italian Army, and the post reconstruction program will be enhanced by training a unit which will carry out and pass on that training instead of losing or dissipating it in frequent personnel shifts or turnovers as are commonly found with civilian operators.

SUBJECT: Rock Crushers.

TO : Chief Public Works Division AC, APO 394.
(Attention: Lt. Colonel V.S. Thompson, RCE)

1. Please be advised that Penbase's road maintenance program for the immediate future calls for gigantic quantities of crushed stone.

2. It will be impossible for Penbase to meet this demand with the present equipment they now have on hand, as much of this equipment will be withdrawn from existing quarries and shipped forward.

3. Hence it is imperative that we install AC rock crushing plants in civilian quarries which are likely to be evacuated by Penbase if we do not want our road program to suffer.

4. This matter has been discussed with Lt. Col. M. Broyles, Chief Construction Branch, PBS, who informs me that the minimum requirements will be 10 complete sets, i.e. 10 Primary and 10 Secondary units with their accompanying air compressors.

5. It is my understanding that an additional shipment of rock crushing plants and air compressors is expected shortly.

6706

6. May I have your permission to allow Penbase to set these up for us in strategic quarries as with the previous group?

Edmund Feldman

EDMUND FELDMAN,

SUBJECT: Air Compressors.

TO : Officer in Charge, AC, Warehouse 12150.
(Attention: Captain Ramsey)

Kindly amend my letter of 6 April 1945 regarding 10 air compressors as follows:

1. By virtue of the authority delegated to me by the Public Works and Utilities Sub-Commission of the Allied Commission you are hereby requested to release to the Engineer of Penbase six (6) Le Roi, 105 cu ft, air compressors, mounted on 6x6 GMC trucks with pneumatic tools and spare parts.

2. You will at the same time release to the 854th Quarrying Company of the Royal Engineers four (4) Ingersoll Rand, 105 cu ft, air compressors, trailer mounted with pneumatic tools and spare parts.

3. These machines are now held for your account at the Engineer Supply Depot 2176. Please issue the necessary "Release Vouchers" to Penbase and to the 854th Quarrying Company

4. As soon as I receive notice as to the location of the quarries in which these machines will be installed I will inform you.

Risposta a nota del N° Div.

OGGETTO Danni alle attrezzature fornite da reparti del Genio Militare Alleato -

Per lavori di interesse militare i reparti del Genio Militare Alleato (C.R.E. oppure P.B.P.) forniscono spesso attrezzature diverse (spanditrici di bitume, caldaie per bitume, pompe ecc.) che in genere sono date in consegna agli appaltatori.

Qualche reparto, all'atto del ritiro dei macchinari, alla fine del lavoro, ha segnalato al Quartiere Generale dell'A.C. che esso presenta danni o perdite di accessori, chiedendo inoltre il risarcimento del danno.

Occorre pertanto che i funzionari degli Uffici addetti ai lavori vigilino attentamente affinchè il predetto macchinario sia riconsegnato ai reparti nel migliore stato possibile, esenza dipendenti da incuria o da cattivo uso.

Inoltre, mentre sarà provveduto a segnalare agli Uffici quali sono i danni già riscontrati e che dovranno essere rimborsati dagli appaltatori si dispone che nei contratti sia inserita una clausola contemplante le penali a cui dovrà essere soggetto l'appaltatore nel caso si verifichino tali danni. Tale penale dovrà essere stabilita per ogni giorno di mancato uso a causa della necessaria riparazione, commisurata alla importanza del macchinario, in base ai prezzi correnti di noleggio.

Subject : Damage to equipment supplied by Allied Engineers Units.

Equipment for military works is often supplied by Allied Engineers Units (CRE or PBS), including Bitumen sprayers and kettles, pumps etc. As a rule, the equipment is loaned to contractors.

Some unit, when collecting the equipment, has informed the HQ. of Allied Commission that said suffered damage or loss of parts, and has requested the reimbursement of damage.

It is therefore necessary that the officials in charge of works exercise the greatest care in order that said equipment is handed back to the units in the best possible condition, with no damage consequent to lack of care and misuse.

We will inform the Offices as to the damage already ascertained which must be refunded by the contractors, and we order that a clause stating the fines to be paid by the contractor when such a damage is made, be inserted in the contracts. The fine will be set out for every day of non-use of the equipment owing to the repair needed, and will be in proportion to the importance of the equipment, taking as a basis the current prices of loan.

The actual expenses for repairs will also be charged against the contractor.

Please acknowledge as soon as possible 6685

HEADQUARTERS ALLIED COMMISSION
APO 394
Public Works and Utilities Sub-Commission

26 March 45.

202/PWU.

SUBJECT: Construction Equipment.

TO : Public Relations Branch (att: Major Leacocos)

1. Nearly a year ago the Public Works and Utilities Sub-Commission, with the approval of A.F.H.Q., placed a requisition in the United States for approximately 4,000 tons of heavy highway construction equipment including trucks and other transportation equipment.

2. In view of the need for this equipment in other Theatres we were not able to obtain any of this equipment until very recently. The following is a list of equipment which has actually arrived in Italian ports:-

3	Trailers - 8 ton capacity
3	Trailers - 16 ton capacity
2	Carry all Scrapers - 8 Cu.Yd. Capacity
17	Cargo trucks - 3 tons
3	Trucks - 1 ½ ton
1	Air compressor
5	Crushing and screening plants
26	Asphalt Kettles
1	Asphalt mixing plant complete.

Some of this equipment has been assembled and is already in use. The other equipment is being assembled and made ready for operation and will be put in use as soon as it is assembled.

3. The equipment which has already arrived represents approximately 10% in tonnage. About 10 to 15% more has been assigned and is supposed to be on the way to Italy, but we have no notice as yet of any further arrivals.

4. It should be pointed out, however, that some of the

Declassified E.O. 12356 Section 3.3/NND No. 785019

equipment such as trailers and scrapers have arrived here without the power unit to move these pieces of equipment. Without these power units that equipment cannot be used. We do not know when power units may arrive.

5. I believe that this gives you the information you desired.

L.A. JENNY,
Colonel, C.E.,
Director.

Highway Equipment

In the early months of 1944 this sub-Commission requisitioned approximately 4000 tons of highway construction equipment for use in connection with the Military Highway. Considerable difficulty was encountered in having the various items made available as Military requirements had first priority on stocks but in February the first shipments arrived. To date the following items have been deliverd:

3 Trailers - 8 ton capacity
3 Trailers - 16 ton capacity
2 Carry all scrapers - 8 Cu.Yd. Capacity
17 Cargo trucks - 3 tons
3 Trucks - 1 ½ ton
1 Air compressor
5 Crushing and screening plants
26 Asphalt Kettles
1 Asphalt mixing plant complete.

The above items, aggregating approximately 375 Tons of the total, are now in use on operating projects or are being assembled for immediate use.

Information has been received on the remaining items which indicate that deliveries can be expected during April and May and completed by the end of May.

MEMORANDUM

To : Director, Public Works and Utilities Sub-Com.

1. At your request Requisition N°.AC-ENG-95-45 covering import requirements of construction has been referred to the Ministry of Public Works for review and further justification. Engineer Reggiani has today reported the results of the review which information is outlined below:

2. The Ministry of Public Works in making their initial estimate of import requirements included extensive quantities of all types of heavy construction equipment as well as smaller items as covered by subject requisition. When this estimate was submitted to the Italian Government reviewing committee on imports it was soon realized that available credits would not permit the inclusion of items of such magnitude. It was then decided that the list be reduced to small power units (electrical and gasoline) and to compressors with the long-term plan being based on the use these items in both construction and in connection with the rehabilitation of all available heavy equipment. Considerable quantities of such items as stone crushers, concrete mixers, cranes, hoists, etc. remain in Italy at present but cannot be put to use due to the critical electrical situation. Electrogenerating sets will reactivate this equipment gasoline motors are critically short with small prospects of any new manufacture in the near future. These motors will be used in repair shops, carpenter shops, building and bridge reconstruction, quarry operations etc. The most critical need for air compressors is in connection with bridge and building demolition and quarry operation. The estimate of the above items is based on(a)known destruction figures (b) number of active construction Companies (c) number of workmen estimated as necessary in reconstruction (d) quantities of similar equipment available before the war. (e) miles of State provincial and communal roads to be maintained.

6

../..

Declassified E.O. 12356 Section 3.3/NND No. 785019

3. In our opinion the estimated requirements are not excessive.

14 February 1945

SUBJECT: Vehicles and Equipment Released in Theatre against MGS-180-ENG/LAC Airgram 35

TO : G-5 AFHQ

1. Reference your H-2 8 February 1945.

2. All equipment to be released under MGS-180-ENG/LAC Airgram 35 is to be assigned to the Public Works and Utilities Sub-Commission A.C. and not to the Transportation Sub-Commission. This is highway construction equipment to be used exclusively on military highways under the jurisdiction of the Public Works and Utilities Sub-Commission and military approval was obtained accordingly.

3. References made by you in paragraphs 3 and 4 in the above named communication regarding the turnover of this equipment to Transportation Sub-Commission should be changed to read Public Works and Utilities Sub-Commission. Likewise, all future assignments of equipment under this requisition should be made to Public Works and Utilities Sub-Commission.

4. The Public Works and Utilities Sub-Commission is assigning an officer to take charge of this equipment and he will present releases to you as soon as he can proceed to Naples to take charge of that equipment.

MEMORANDUM

078/3/PWU

13 February 1945

TO : Director, Public Works and Util.S/C.

1. We are in receipt of copy of letter from G-5 Section, Allied Force Headquarters, to HQ., Allied Commission (attn: Supply and Resources Div.) advising that 3 trucks 15 cwt and 30 lorries 3 ton are available for immediate release against our requisition MGS-180-Eng. It further stated that the vehicles would be released to transportation Sub-Commission upon presentation of proper release notes.

2. We believe it advisable at this time to outline to you our plan for the utilization of these vehicles in connection with the Military Highway program. Release has just been secured from P.B.S., of one complete asphalt mixing plant. We propose to establish this plant at some strategically located quarry near Rome where aggregate is available in adequate quantities and where haul distances will be reasonable to the network of highways leading from Rome. The 33 trucks in at least the initial stages will become an integral part of the complete Unit and will be used to haul both crushed stone and mixed paving material to job site. Additional trucks are on requisition, but until they are made available, it is deemed best to definitely allocate these initial vehicles to the asphalt paving unit.

3. We wish to stress the importance of considering this transport as a part of a complete paving unit and not as merely additional vehicles to be attached to and operated by any existing truck pool.

SUBJECT: Vehicles & Equipment released in Theatre against MGS-180-ENG/LAC Airgram 35

TO : Headquarters, Allied Commission, APO 394 (Attn. Supply & Resources Div.)

1. Reference is made to copies of signals 58437 WS6(C) of 9 Jan and F-86139 of 16 Jan. between Troopers and this Headquarters which were forwarded you 16 Jan.

2. The latter signal from British Service this Headquarters agreed to make available British Substitutes against items 16 & 18 of LAC Airgram 35.

3. Attached are both Q(AE) and ORD.(Br.) Vehicle Release Notes for 3 trucks 15 cwt against item 18, and 30 lorries 3-ton against item 16. These vehicles will be released to Transportation Sub-Commission upon presentation of both notes.

4. Transportation Sub-Commission should arrange collection soonest and notify this office when vehicles referred are in the possession of Allied Commission.

5. Further to our H-2 of 23/1 para 4, also H-2/F-9 of 3/2. May we now be advised of the status of releases referred?

For the Assistant Chief of Staff, G-5:

R. V. GRADY
Capt., AC

Ref. H-2/F-9

SUBJECT: Supplies for AC awaiting collection at PBS Depot, Naples.

TO : Headquarters, Allied Commission, APO 394 (Attn. Supply & Resources Div.)

1. Ref is made to our H-2 of 23/1 para 2, and our F-9 of 28/1 para 1c.

2. We have been informally advised by Public Works & Utilities Southern Region that the Highway Repair Equipment and Anti Friction Metal referred is awaiting A.C's collection at PBS Depot, Naples and it is desired that these items be cleared without delay.

3. It is requested that you arrange collection soonest and that we be advised when this has been carried out.

Ref. H-2

SUBJECT: Road Maintenance Equipment
(MGS-180-ENG/LAC Airgram 35)

TO: Headquarters, Allied Commission, APO 394
(Attn. Supply & Resources Div.)

24 JAN 1945 NOT A.G. C.C.A.C. SUPPLY

1. Further to our H-2 of 18/12, subject as above, and LAC 664 which was attached. Authorization has now been granted for the release of items available without replacement ex U.S. theatre stocks. Only one unit of item 21 is now available ex theatre however and as one unit against the total requirement of 5 units has already been called forward (see para 7 below) we shall request allocation of procurement responsibility for remaining 3 units.

30 units

2. Attached is a copy of Reqn. MTO-ENG-IV-4743 for equipment located in P.B.S. You are requested to take immediate action by contacting that Base Section and effecting coordinated release and collection of the following L.A. 35 item no's. which are referred. No's. 7,8,9 in full and no's. 26 thru 29 (1 unit each).

3. Also attached is a copy of Engineer Shipping Document MTO-ENG-IV-4744, Consignor CG MBS, Consignee ESO PBS (Southern District) in respect of one unit of item 21. This document is being despatched to effect delivery to DUKO for release to AC upon arrival.

4. You should keep this office informed regarding status of these two releases ex theatre stocks and also advise promptly when transfer is completed.

5. Further, to bring you up to date with action taken on the balance of this requisition. Against item 25 London has advised that 30 concrete mixers 10/7 cubic ft mounted steel wheels not pneumatic tyres are available for immediate shipment. Call forward has been initiated for March arrival.

6. Earliest possible availability on items 1,6,10,11,16,24,26,27,28,29 is early 1946 (here 3 units only of items 26 thru 29 are referred, see para 2). Military requirements make it very probable that delivery will be even later - CCAC have therefore cancelled these requirements. It has been noted that British Service this headquarters in answer to a Troopers message stated 30 lorries against item 16 could be provided from Theatre holdings of used vehicles (F-86139 of 16/1, copy to you on 18/1 refers) - CCAC will be informed regarding this.

7. Item No's. 3,14,19 and 20 in full, and item 21 (1 unit only) have been called forward for shipment to MITE during "D" period under ltr requisition ENG IV-0489 TOG. Estimated tonnage 912 ship tons.

8. Item No's. 5 & 17 will be available in U.S. in Jan.45. Items 2 & 4 in Feb 45 and item 30 of a non standard type in April 45 will also be available in U.S. These items are being called forward accordingly, copy to you. 66 49

Ref. H-2 18 December 1944

SUBJECT: Road Maintenance Equipment
(MGS-180-ENG/LAC Airgram 35)

TO : Headquarters, Allied Commission, APO 394
(Attn. Supply & Resources Div.)

1. In order to bring you up to date with action taken on above mentioned requisition, copies of signals CAL 933, LAC 864, CAL 1009, and Requisition ENGIV-Q472 on NYPE are attached.

2. Information contained in these attachments should be noted in conjunction with the following comments:

CAL 933, para 3. Substitutions for items 13 & 15 were agreed to (your 6426 of 13/11 refers). Our H-2 of 24/10 passed to you information contained in CAL 864.

LAC 864. Our H-2 dtd. 3/12 paras 3 & 4 refer. CCAC have not yet signalled authority for release of items available without replacement ex US theatre stocks. Note that this signal amends CAL 933 with regard to items 9 & 21.

CAL 1009. Para 2 (item 12) was later amended to read "25, units available in Dec.44".
Acceptance of substitutions referred to in penultimate para had already been agreed to - concurrence has again been signalled.

Reqn. ENGIV-Q472 dtd. 11/12 on NYPE. It has been requested that this requisition be amended to include all of item 12 (25 units) in accordance with amendment to CAL 1009.

3. U.K. has been asked to state availability and ETA of item 15 and substitution for item 25.

For the Acting Assistant Chief of Staff, G-5:

13 Dec. 1944

Memo. for Mr. Antolini.

Important point to be discussed in Washington.
PRIORITY FOR CIVIL REQUISITIONS.

I have stated on many occasions since my return from Washington that, unless the F.E.A. is given a good priority on requisitions for civil material or equipment placed by us it will take 1 year or more before these can be shipped. Therefore, some definite procedure should be established in Washington giving the F.E.A. a high priority, possibly an A-I, (as compared with Military AA-I) on such requisitions where we request URGENT action. We on the other hand should then carefully review all requests and only ask for URGENT action if, in our opinion, the matter under review is one of absolute first priority.

3 December 1944

SUBJECT: Road Maintenance Equipment.

TO (10): Headquarters, Allied Commission, APO 394.

1. The supplementary requirements as listed in your letter AC/094/PWU dated 3 November and 078/3/PWU dated 15 November for highway equipment in Italy have been screened by this Headquarters and not favorably considered for supply at this time.

2. Following for your information are the Chief Engineers observations relative to this supplementary requirement:

"a. The intent of the original requisition was to properly set up A.C. as a supervisory organization employing civilian personnel and available civilian equipment for maintenance of essential military roads in rear areas thus relieving A.A.I. of this responsibility and reducing the number of PBS service troops employed in this work to a minimum. The basis of 3,000 Km of highwas was assumed as sufficient mileage to care for all of Italy and the listed equipment was predicated on this.

b. At the present time much of the road work under A.C. is supervised by PBS personnel and accomplished with equipment furnished by PBS. This situation appears to be due to the lack of personnel and equipment requested in the original requisition rather than to increased mileage. Lack of this equipment has hindered the A.C. in the developement of working organization. It is believed that the original schedule of equipment is sufficient for immediate needs and that additional items 32 and 33 shown on the supplemental requisition are for the large part excessive in quantity and may in part be acquired through local sources."

3. We previously notified you that we were obtaining information as to present theatre availability of items on LAC Airgram 35. It has been established that no equipment is available from British theatre stocks without replacement. The following items are available from U.S. theatre stocks without replacement:

Item	Quantity

15 Nov. 1944

Reg. No. MGS - 180 - ENG (LAC Airgram 35)

Item 31. Spare parts and miscellaneous supplies for equipment for one year.

1. The power units in heavy equipment varies considerably and the parts listed herein are therefore on a prescriptive basis. It is assumed each unit at normal extensive operation will require one major overhaul each year. To this has been added 10 % in those parts affected by operational wear to compensate the probable lack of experience among Italian operators in the use of modern models. This may prove to be too conservative and it is respectfully recommended some one acquainted with the ability of Italian operators be requested to judge in that respect.

2. Parts needed to maintain ten trucks (dump), of 4 Cu.yd. Cap. up, for a period of one year:

a. Engine:

4 sets standard size piston rings.
4 sets " " bearing inserts.
6 sets engine gaskets (complete).
5 sets valve springs, guides, pushrods, lifters, locks and rocker arms.
4 sets valves.
3 Oil pump assemblies.
4 Water pump assemblies.
6 Water pump kits.
6 Fan assemblies.
10 sets fan belts.
3 sets pulleys (generator - crankshaft - water)
4 Fuel pumps.
6 Fuel pump kits.
5 Carburator kits.
3 Carburators.
6 sets gas lines & fittings.
5 Distributor caps.
3 Distributors.
4 Distributor rotors.
6 sets distributor points.

3 Sets complete brake lines.
1 Brake booster complete.
4 " " kits.
2 " pedals.
6 " pull back springs.

g. Dump Hoist:

2 Power take off units.
6 Sets power take off gears, shafts, bushings and gaskets.

6 Drive shafts.
10 Sets drive shaft "U" joints.
2 Hoist pumps.

6627

1943

Declassified E.O. 12356 Section 3.3/NND No. 785019

6 Hoist pump repair kits.
6 Complete oil lines.
3 Hoist pistons complete.
3 Hoist piston rods, rings, head, studs, and gaskets.
4 Sets hoist arms, rockers, tracks & rollers.

h. Miscellaneous:

4 Windshield wiper motors.
24 " " blades.
5 Sets headlights.
25 Headlight lenses & cork gaskets.
60 " bulbs (21 - 32 C.P.)
10 " reflectors.
4 Sets headlight wiring.
20 Complete tail lights.
10 Sets windshield glass.
25 Tail light bulbs.
4 Sets tail light wiring.
10 Sets door glass.
10 Sets door latch & handles.
3 Batteries.
6 Sets battery cables.
6 Starter buttons, switches & cables.
20 Rear springs.
10 " helper springs.
20 Front springs.
6 Rear spring shackles.
6 Front spring shackles.
4 Sets tail gate brackets & pins.
3 Sets body hinges.
50 Tailgate hooks.
10 Tires.
20 Tubes.
2 Front wheel
1 Rear "
3 Sets wheel rims.
15 Sets wheel lugs & nuts.

3. Parts to maintain 10 shovels as ordered:

a. Engine (Gasoline only) (If Diesel see note)

2 Sets Std. piston rings.
3 Sets " bearing inserts.
3 Sets engine gaskets.
2 Sets valve springs, guides, pushrods, lifters, locks and arms.

1941

Declassified E.O. 12356 Section 3.3/NND No. 785019

2 Sets valves.
1 Oil pump assembly.
1 Water " "
1 Fan assembly.
20 Sets fan belts, generator - water.
1 Set pulleys (generator-water)
1 Fuel pump.
1 Carburator.
2 Sets gas line & fittings.
2 Distributor or 2 Magnetos.
3 Sets distributor parts.
2 Coils.
4 Sets ignition wires.
1 Set Std. pistons & rings.
6 Connecting rods.
1 Crankshaft.
1 Camshaft.
3 Sets radiator hose & clamps.
60 Spark plugs and gaskets.
1 Generator.
5 Sets brushes.
1 Starter Motor.
2 Sets starter brushes.
6 Starter springs.
2 Voltage regulators.
1 Air cleaner.
1 Ignition switch with cable.
1 Oil filter.
160 Oil filter cartridges.
20 Floodlights.
10 Batteries.
6 Sets battery cables.
2 Starter switches complete w/cables.

b. Other parts needed to maintain 10 power shovels one year:

12 Sets of lined bands comprising those for swing, hoist, crowd, brake & booster.
120 Sets factory band lining W/rivets.
10 Sets bushings and pins for dipper.
10 Sets bushings and pins for caterpillars.
10 Sets sheaves, shaft & bushings for boom point.
20 Snatch block sheave pins & bushings.
10 Sets dipper stok wearing plates.

6620

1945

Declassified E.O. 12356 Section 3.3/NND No. 785019

10 Sets swing collects (if used).
2 Extra fans.
4 Sets material to replace pipe lines that vibrate.
1 Complete set fuel lines with fittings.
20 Extra sets teeth & fasteners.
24 Complete assorted cable riggings.
150 Sized cable clamps.

All special wrenches & grease guns each machine.

Note: Gears, shafts and allied parts not subject to any defined proportion of wear or breakage. No parts ordered in this category, since they may be repaired or replaced by local foundry-machine shops.

4. Parts & Supplies to maintain 30 Bulldozers one year:

a. Engine - See Diesel note.

b. Miscellaneous parts & supplies.

32 to 48 cutting edges for blades.
30 Hydraulic system valves.
20 Complete hydraulic lift units.
30 Extra final drive, transmission and cluth seals.
50 Sets pins and bushings.
3 Sets rails.
50 Track shoes.
36 Sets master and steering clutch facings.
36 Sets upper track rollers.
8 Sets lower " "
10 Sets front idlers.
10 Sets rear sprockets.
36 Draw bar pins (extra)
Large assortment hydraulic system packing.
15 Complete sets high pressure hose and clamps.
36 Sets brake linings.
10 Final drive assemplies, complete.
5 Complete sets gear cases, including crank case.

5. Patrol Graders. To maintain thirty-five machines one year.

a. Engine - diesel - see diesel note.

b. 72 cutting edges for blades.
36 Sets cluth facings.

6619

1941

Declassified E.O. 12356 Section 3.3/NND No. 785019

16 Complete clutch assemblies.
15 " transmission " .
6 Hydraulic piston rods and packing, for blade control.
8 Complete sets high pressure hose.
18 " " " " packing.
150 Tires - 200 Tubes.

6. Rollers. Low speed - low compression motors, gear driven. Accessories available from other equipment - gears, shafts, etc. repairable in local machine shops.
No parts ordered.

7. Compressors (30): Gasoline - if Diesel see note. For 30 as indicated.

a. Engine:

10 Sets std. size piston rings.
12 Sets " " bearing inserts.
30 Sets engine gaskets.
20 Sets valve springs, guides, pushrods, lifters, locks, rocker arms T or L head motors - valve parts supplied in proportion less "in head" parts.
10 Oil pump assemblies.
10 Water pump " .
15 " " kits.
10 Fan Assemblies.
60 Fan belts. (sets)
10 Fuel pumps.
18 " " kits.
6 Carburators.
20 " kits.
10 Complete gas lines & fittings.
6 Distributors) or magnetos
10 Distributor caps, rotors.) if used.
30 Sets distributor points)
12 Coils - ignition.
10 Sets ignition wire.
50 Std. pistons & pins.
18 Connecting rods.
3 Crankshafts.
6 Cylinder heads.
3 Camshafts.
30 Sets hose connections & clamps
360 Spark plugs & gaskets.
10 Oil filters.
300 Oil filter cartridges.

6618

1947

Declassified E.O. 12356 Section 3.3/NND No. 785019

b. Air End.

10 Sets Std. rings.
90 Sets gaskets.
2 Transmissions complete.
6 Shift levers assemblies complete with forks

8. Crushers (25). Gasoline. (If diesel see note)

a. Engine:

25 Sets Std. size piston rings.
25 Sets " " bearing inserts.
25 Sets engine gaskets.
25 Sets valve springs, guides, inserts, pushrods, locks, etc.
10 Sets valves, intake, 20 sets exhaust.
10 Sets oil pump assemblies.
20 Water pump assemblies.
25 " " kits.
10 Fan assemblies.
100 Fan belts, sets.
15 Fuel pumps.
25 " " Kits.
15 Complete gas lines & fittings.
6 Magnetos, complete with shafts.
15 Sets ignition wiring.
100 Std. pistons & pins.
10 Connecting rods.
4 Crankshafts.
6 Cylinder g heads.
3 Camshafts.
100 Sets hose connections & clamps.
360 Spark plugs & gaskets.
25 Oil filters.
500 Oil filter cartridges.
25 Complete transmission & gear assemblies, sprockets, etc.
25 Complete sets chain assemblies - drive.
25 " " shafts and bushings.
25 Stationary crusher jaws.
50 Movable " "
25 Sets each, jaw plate bolts with nuts, locks.
10 Complete sets jaw roller, bearing inserts.
5 Sets bearing caps, jaw roller.

6617

19481

Declassified E.O. 12356 Section 3.3/NND No. 785019

10 Sets grease cups.
25 Complete toggle bolt and tension spring assemblies.

9. Pumps (30).

a. 30 Sets std. piston rings.
15 " bearing inserts.
10 bearing assemblies complete
30 Sets valves, filters, pushrods, inserts.
3 Carburators.
6 Magnetos, complete with shafts.
60 Spark plugs with gaskets.
2 Cylinder heads.
60 Sets engine gaskets.
6 Impeller shafts.
30 Water impellers complete with shim washers and nuts.
30 Water end packings, complete.
15 Extra sections each intake and discharge hose.

10. Mixers (46)

a. 20 Sets std. size piston rings.
20 Sets " bearing inserts.
46 Sets engine gaskets, complete.
10 Sets intake valves, 25 exhaust valves.
15 Sets valve springs, lifters, rods, inserts, guides.
5 Water pump assemblies.
10 " " kits.
5 Fan assemblies.
100 Fan belt sets.
12 Fuel line assemblies with connections.
10 Magnetos and shafts assemblies.
24 Std. pistons with pins.
24 Connecting rods.
2 Crankshafts.
6 Cylinder heads.
120 Sets hose connections & clamps.
300 Spark plugs with gaskets.
6 Sets drive gears and shaft assemblies, complete.
2 Extra lengths of skip elevator cable for each unit.
1 Extra left hand cable sheave (small) for each unit.
1 Extra wheel cable sheave (right) each type and bull size unit.
1 Extra check valve, water dome, each unit. 6615
2 Complete sets hose connections in water supply lines, each unit.

19491

Declassified E.O. 12356 Section 3.3/NND No. 785019

1 Each extra valves in water supply lines, each unit.
2 Each extra water control assemblies each type unit or size unit.
1 Each water guage glass extra each unit.
1 Extra timing device assembly, each type unit.
1 Extra hoist lever assembly (skip) each size of type unit.
2 Each factory friction clutch linings for hoist, complete with rivets, each machine.

DIESEL note: Parts requirement varies with the different makes of diesel equipment, fuel systems and ignition system differ, starting mechanisms vary. Parts may not, therefore, be adequately anticipated, except lists be compiled separately for each type equipment manufactured. The Manufactures may be relied upon to supply the spare parts required over any given period of operation provided they may know generally the conditions under which the equipment will be operated and the probable approximate extensiveness of operations. Requests for the furnishing of this service should also give attention to the unusual abuse parts effected by inexperienced operators will receive with a request for proportionate increases in those parts.

FIELD REPAIR SHOP: This list is for one repair depot. Should be increases by the number of such stations considered necessary. (15 shops recommended)

a. Equipment:

Bench drill with extra chuck.
Portable drills heavy & light w/ extra chucks
2 Sets drill bits (high speed).
1 Bench grinder, double head with Ass't. wheels & wire brushes.
2 Each. three ton & 5 ton chain hoists.
3 20' chains 1/2" with hooks, shackles and repair links.
2 Dollies for engine moving.
1 Four wheel roller jack.
2 Five ton hydraulic jacks.
1 Twenty-five ton hydraulic jack.
Vises - 2 - 6" jaw and one heavy to 12"
1 Warehouse truck.
Assorted hand grease guns with adapters and extensions.
1 Electric or pneumatic grease gun with extra hoses & heads.
1 Transmission greaser (hand)

6615

Declassified E.O. 12356 Section 3.3/NND No. 785019

b. Tools:

3 Complete sets "mechanics sets" wrenches, extra end, sockets and "stillsons".
1 Oversized socket set for heavy equipment and often needed on trucks repairs.
6 Each, 1 to 5 Lb. Cncl. ball and peen hammers.
1/4 Gross each, ignition point files, double cut midget, magnete, flat and round bastard, mill, second cut and smooth, rat tailed and triangular.
2 Sets taps and dies for standard, S.A.E. and for pipe thread in 1/8" to 1".
12 Ass't. screw drivers including patet screw holder.
12 Ass't. pliers, side cutters.
1 Punch & chisel set.
3 Hack saw frames - 1 Gross blades.
1 Set taper pins (assorted.)
1 Set drift pins "
6 Stud removers.
2 Pinch bars - 1 wrecking bar.
1 Complete set blacksmith tools including anvil and forge.
1 Soldering outfit complete.

c. Supplies:

White lead, friction tape, emery cloth, solder & flux, stock of asbestos, graphite-packing, sheet packing, braided packing, gasked compound, copper tubing ass't., copper tubing fittings & tools, valve grinding compound, penetrating oil, graphite.
+ Assorted nuts, bolts & cap screws.

+ This item will need be determined in accordance with types equipment furnished since certain quantities of certain sizes will be needed?

Flat& lock washers, lag-wood and metal screws, assorted cotter keys, insulated copper and mild steel wire, oil cans, gear pullers, whell pullers, piston ring compressor, adjustable reamers, drop cords, wire brushes, fuses.

Complete ass't. of grease fitting including heavy button types peculiar to much heavy equipment.

661

Declassified E.O. 12356 Section 3.3/NND No. 785019

d. Welding:

Complete electric welding outfit with extra cables.
Complete Oxy-Acetylene outfit with extra hoses, tips, flints, "c" clamps, welding and brazing rods, flux.

e. T i r e S h o p:

Air compressor with pipe & fittings.
Extra chucks and washers.
Hot patch vulcanizers - large stock gum & rubber for patches.

Large Ass't. tire valves.
Set tire hammers, irons, spreaders.
6 Tire & gauges.
100' air hose.
5 Gross valve cores.
1 Gross " caps.
Large ass't. blow out patches.
1 Tube testing trough.

f. Battery Shop:

Heavy duty battery charger.
2 Hydrometers.
50 Gal. acid.
1 Small still. (oil burning)

g. Filling Station:

4 - 5 Gal. gasoline cans.
12- Drum faucets.
6 - Water buckets.
Funnels - 4 two Gal. 4 - 2 - qt. sizes.
Oil measures pumps.
25 Gal. brake fluid.
Anti-freeze testers.

ACC/094/PWU

3 Nov. 1944

SUBJECT : Road Maintenance Equipment.
Reference Req.N° M.G.S.-180-Eng
(LAC Airgram 35)

TO : Allied Force Headquarters,
G-5 Sect.Econ. & Supply Div.

Reference your H-2 dated 24 October 1944.

1. In the light of information contained in your letter, the subject requirement has been reviewed in this H.Q. The total road mileage which we have now assumed is greatly in excess of mileage considered when the requirement was originally estimated, therefore it is desired that certain items be increased.

2. We wish to recommend that items of the subject requisition be amended as follows:

Item 1. Tractor - Increase to 10
" 2. Tractor - " " 20
" 3. Shovel - Increase capacity from 1/2 C.Y. to 3/4 Cu.yd.- Other specification and number of units to remain unchanged.
" 4. Truck 5/6 ton.- Increase to 6
" 15. Truck 3½-4 ton Dump.-Increase to 882
(Basis: 9 trucks per Province)
" 16. Trucks, Cargo, Increase to 50
" 20. Compressor, Increase to 10
" 21. Compressor, Increase to 10

3. Please add the following items to the subject requisitions :

6612

Declassified E.O. 12356 Section 3.3/NND No. 785019

Item 32. Trailer, full, low bed,
24 ton Capacity 2

Item 33. Quarrying Supplies.

(a)	75	- Jackhammers. 7/8" shank. Recommend Ingersall - Rand or Cleveland.
(b)	300	- 7/8" x 2' - 0" drill rods
(c)	300	- 7/8" x 4' - 0" drill rods
(d)	300	- 7/8" x 6' - 0" drill rods
(e)	225	- 7/8" x 8' - 0" drill rods
(f)	225	- 7/8" x10' - 0" drill rods
(g)	225	- 7/8" x12' - 0" drill rods
(h)	500	- Pos 7/8" x 20' steel octogan rod stock.
(i)	525	- Cross jackbits 1 3/4" to 2 1/4".
(j)	350	- 50' sections airhose.
(k)	1500	- Male & female couplings.
(l)	125	- Line lubricators.
(m)	25 ~~50~~	- 20 hole detonators magneto type.
(n)	25 ~~75~~	- Galvanometers.
(o)	25	- Paving breakers 1 1/8" shanked.
(p)	200	- 4" spade (breaker)
(q)	150	- Points 1 1/8" x 18" to 24".
(r)	400	- 1 1/8" octogan steel stock.

4. It is proposed to furnish you a detailed breakdown of parts as covered by item 31 of the requisition. This list is now in process of preparation and will be forwarded when completed.

For the Acting Chief Commissioner.

A.G. ANTOLINI
Acting Head
Economic Section.

Ref. H-2

Subject: Road Maintenance Equipment.
Reference Req. No. MGS-180-ENG (LAC Airgram 35)

To : Headquarters, Allied Control Commission: APO 394
Attn: Economic Section, Public Works and Utilities
Sub-Commission)

1. This is to advise you that the subject requirement has been approved by CCAC as a civilian supply requirement although the latest advice from CCAC states that supply responsibility as between the U.S. and the U.K. has not been determined.

2. CCAC has also requested, in view of the time that has elapsed since the original submission of the requisition which included a statement of items available from theater stocks, that a fresh determination be made as to theater availabilities. This determination is again being made by this office.

3. In view of the delay that has now occured in securing complete CCAC action on this requisition, it is thought that you may wish to review the requirements as originally submitted by you in the light of any increase in road mileage which you may have been asked to assume maintenance on by AAI.

4. Prior to replying to CCAC with respect to current theater availabilities, your comments are requested as to any amendments that you may wish to make in MGS-180-ENG as it now stands. Since rapid action on this matter is desirable, you are requested to advise this office at the earliest possible time as to whether or not you intend to amend this requisition, rather than withhold your comments until any such amendments are prepared.

For the Assistant Chief of Staff, G-5

J.E. BUTTERWORTH
Colonel, Infantry
Economics & Supply Division.

Re: note to send to our Highway Comm. Equip. Reg'n. file

Dep. 15/11

660

1961

Declassified E.O. 12356 Section 3.3/NND No. 785019

9A

Reg. No. MGS - 180 - ENG (LAC Airgram 35)

Item 31. Spare parts and miscellaneous supplies for equipment for one year.

1. The power units in heavy equipment varies considerably and the parts listed herein are therefore on a prescriptive basis. It is assumed each unit at normal extensive operation will require one major overhaul each year. To this has been added 10 % in those parts effected by operational wear to compensate the probable lack of experience among Italian operators in the use of modern models. This may prove to be too conservative and it is respectfully recommended some one acquainted with the ability of Italian operators be requested to judge in that respect.

2. Parts needed to maintain ten trucks (dump), of 4 Cu.yd. Cap. up, for a period of one year :

a. Engine:

4 sets standard size piston rings.
4 sets " " bearing inserts.
6 sets engine gaskets (complete).
5 sets valve springs, guides, pushrods, lifters, locks and rocker arms.
4 sets valves.
3 Oil pump assemblies.
4 Water pump assemblies.
6 Water pump kits.
6 Fan assemblies.
10 sets fan belts.
3 sets pulleys (generator -crankshaft - water)
4 Fuel pumps.
6 Fuel pump kits.
3 Carburator Kits.
3 Carburators.
6 sets gas lines & fittings.
5 Distributor caps.
3 Distributors.
4 Distributor rotors.
6 Sets distributor points.
4 Condensors.
4 Coils.
6 sets ignition wires.
2 Oil gauges (engine & dash units)

6608

Declassified E.O. 12356 Section 3.3/NND No. 785019

12 Std. pistons & pins.
6 Connecting rods.
1 Crankshaft.
2 Cylinder heads.
1 Camshaft.
6 Radiator cores & caps.
12 Sets radiator hose & clamps.
120 Sets spark plugs & gaskets.
2 Generators.
4 Generator arms.
10 Sets generator brushes.
1 Starter motor.
1 Starter arm.
4 Sets starter brushes.
6 Starter springs.
3 Voltage regulators.
1 Air cleaner.
3 Ignition switches & cables.
2 Ammeters.
3 Thermostats.
2 Oil filters.
150 Oil filter cartridges (This item very important).
5 Accelerator pedals.

b. Clutch:

3 Pressure plate assemblies.
6 " " kits.
15 Lined discs.
6 Clutch pilot bearings.
6 Clutch throwout bearings.
2 Clutch pedals.
6 Clutch pull back springs.

c. Transmission:

2 Complete transmissions.
4 Sets transmission gears, shafts & bearings.
6 Sets transmission gaskets.
4 Complete gear shift levers.

d. Line Drive:

5 Complete drive shafts.
10 " front universal joints.
10 " rear " "

Note: If Macks or Diamond Ts' double this.

6607

Declassified E.O. 12356 Section 3.3/NND No. 785019

e. Differential:

1 Complete rear end.
15 Ring gear and pinion sets & bearings.
3 Complete spider gear assemblies.
+ 15 Sets spider gears, washers & shims.
15 Sets axle drive gears.
20 Sets gaskets.
25 Axle shafts and gaskets.
20 Sets axle studs & nuts.
10 Rear covers & plugs.

f. Brakes:

20 Sets lined brake shoes.
3 Front wheel cylinders.
3 Rear " "
3 Front " kits
3 Rear " "
2 Master cylinders.
2 Hand brakes complete and linings.
2 Set brake drums.
4 Master cylinder kits.
3 Sets complete brake lines.
1 Brake booster complete.
4 " " kits.
2 " pedals.
6 " pull back springs.

g. Dump Hoist:

2 Power take off units.
6 Sets power take off gears, shafts, bushings and gaskets.
6 Drive shafts.
10 Sets drive shaft "U" joints.
2 Hoist pumps.
6 Hoist pump repair kits.
6 Complete oil lines.
3 Hoist pistons complete.
3 Hoist piston rods, rings, head, studs, and gaskets.
4 Sets hoist arms, rockers, tracks & rollers.

h. Miscellaneous:

4 Windshield wiper motors.
24 " " " blades.
5 Sets headlights.

660

19591

Declassified E.O. 12356 Section 3.3/NND No. 785019

25 Headlight lenses & cork gaskets.
60 " " bulbs (21 - 32 C.P.)
10 " " reflectors.
4 Sets headlight wiring.
20 Complete tail lights.
10 Sets windshield glass.
25 Tail light bulbs.
4 Sets tail light wiring.
10 Sets door glass.
10 Sets door latch & handles.
3 Batteries.
6 Sets battery cables.
6 Starter buttons, switches & cables.
20 Rear springs.
10 " helper springs.
20 Front springs.
6 Rear spring shackles.
6 Front spring shackles.
4 Sets tail gate brackets & pins.
3 Sets body hinges.
50 Tailgate hooks.
10 Tires.
20 Tubes.
2 Front wheel
1 Rear "
3 Sets wheel rims.
15 Sets wheel lugs & nuts.

3. Parts to maintain 10 shovels as ordered:

a. Engine (Gasoline only)(If Diesel see note)

2 Sets Std. piston rings.
3 Sets " bearing inserts.
3 Sets Engine gaskets.
2 Sets valve springs, guides, pushrods, lifters, locks and arms.
2 Sets valves.
1 Oil pump assembly.
1 Water " " .
1 Fan assembly.
20 Sets fan belts, generator -water.
1 Set pulleys (generator-water)
1 Fuel pump.
1 Carburator.
2 Sets gas line & fittings.
2 Distributor or 2 Magnetos.
3 Sets distributor parts.
2 Coils.

6605

1961

Declassified E.O. 12356 Section 3.3/NND No. 785019

4 Sets ignition wires.
1 Set Std. pistons & rings.
6 Connecting rods.
1 Crankshaft.
1 Camshaft.
3 Sets radiator hose & clamps.
60 Spark plugs and gaskets.
1 Generator.
5 Sets brushes.
1 Starter motor.
2 Sets starter brushes.
6 Starter springs.
2 Voltage regulators.
1 Air cleaner.
1 Ignition switch with cable.
1 Oil filter.
160 Oil filter cartridges.
20 Floodlights.
10 Batteries.
6 Sets battery cables.
2 Starter switches complete w/cables.

b. Other parts needed to maintain 10 power shovels one year:

12 Sets of lined bands comprising those for swing, hoist, crowd, brake & booster.
120 Sets factory band lining w/rivets.
10 Sets bushings and pins for dipper.
10 Sets bushings & pins for caterpillars.
10 Sets sheaves, shaft & bushings for boom point.
20 Snatch block sheave pins & bushings.
10 Sets dipper stick wearing plates.
10 Sets swing collects (if used)
2 Extra fans.
4 Sets material to replace pipe lines that vibrate.
1 Complete set fuel lines with fittings.
20 Extra sets teeth & fasteners.
24 Complete assorted cable riggings.
150 Sized cable clamps.

All special wrenches & grease guns each machine.

Note: Gears, shafts and allied parts not subject to any defined proportion of wear or breakage. No parts ordered in this category, since they may be repaired or replaced by local foundry-machine shops.

Declassified E.O. 12356 Section 3.3/NND No. 785019

4. Parts & Supplies to maintain 30 bulldozers one year:

a. Engine - See Diesel note.

b. Miscellaneous parts & supplies.

32 to 48 cutting edges for blades.
30 Hydraulic system valves.
20 Complete hydraulic lift units.
30 Extra final drive, transmission and cluth seals.
50 Sets pins and bushings.
3 Sets rails.
50 Track shoes.
36 Sets master and steering clutch facings.
36 Sets upper track rollers.
8 Sets lower " " .
10 Sets front idlers.
10 Sets rear sprockets.
36 Draw bar pins (extra)
Large assortment hydraulic/ system packing.
15 Complete sets high pressure hose and clamps.
36 Sets brake linings.
10 Final drive assemblies, complete.
5 Complete sets gear cases, including crank case.

5. Patrol Graders. To maintain thirty-five machines one year.

a. Engine - diesel - see diesel note.

b. 72 cutting edges for blades.
36 Sets cluth facings.
16 Complete clutch assemblies.
15 " transmission " .
6 Hydraulic piston rods and packing, for blade control.
8 Complete sets high pressure hose.
18 " " " " packing.
150 Tires - 200 Tubes.

6. 6 Rollers Low speed - low compression motors, gear driven. Accessories available from other equipment - gears, shafts, etc. repairable or replacable in local machine shops. No parts ordered.

7. Compressors (30); Gasoline - if Diesel see note. For 30 as indicated.

a. Engine:

10 Sets std. size piston rings.
12 Sets " " bearing inserts.
30 Sets engine gaskets.

1921

Declassified E.O. 12356 Section 3.3/NND No. 785019

20 Sets valve springs, guides, pushrods, lifters, locks, rocker arms. Tor & head motors - valve parts supplied in proportion less "in head" parts.

10 Oil pump assemblies.
10 Water pump " .
15 " " kits.
10 Fan Assemblies.
60 Fan belts. (sets;)
10 Fuel pumps.
18 " " kits.
6 Carburators.
20 " kits.
10 Complete gas lines & fittings.
6 Distributors) or magnetos
10 Distributor caps, rotors.) if used.
30 Sets distributor points)
12 Coils - ignition.
10 Sets ignition wire.
50 Std. pistons & pins.
18 Connecting rods.
3 Crankshafts.
6 Cylinder heads.
3 Camshafts.
30 Sets hose connections & clamps.
360 Spark plugs & gaskets.
10 Oil filters.
300 Oil filter cartridges.

b. Air End.

10 Sets Std. rings.
90 Sets gaskets.
2 Transmissions complete.
6 Shift levers assemblies complete with forks

8. Crushers (25). Gasoline. (If diesel see note).

a. Engine:

25 Sets Std. size piston rings.
25 Sets " " bearing inserts.
25 Sets engine gaskets.
25 Sets valve springs, guides, inserts, pushrods, locks, etc.
10 Sets valves, intake, 20 sets exhaust.
10 Sets oil pump assemblies.
20 Water pump assemblies.
25 " " kits.
10 Fan assemblies.
100 Fan belts, sets.

660

Declassified E.O. 12356 Section 3.3/NND No. 785019

9h

15 Fuel pumps.
25 " " kits.
15 Complete gas lines & fittings.
6 Magnetos, complete with shafts.
15 Sets ignition wiring.
100 Std. pistons & pins.
+A 10 Connecting rods.
4 Crankshafts.
6 Cylinder heads.
3 Camshafts.
100 Sets hose connections & clamps.
360 Spark plugs & gaskets.
25 Oil filters.
500 Oil filter cartridges.
25 Complete transmission & gear assemblies, sprockets, etc.
25 Complete sets chain assemblies - drive.
25 " " shafts and bushings.
25 Stationary crusher jaws.
50 movable " " .
25 Sets each jaw plate bolts with nuts, locks.
10 Complete sets jaw roller, bearing inserts.
5 Sets bearing caps, jaw roller.
10 Sets grease cups.
25 Complete toggle bolt and tension spring assemblies.

9. P u m p s (30).

a. 30 Sets std. piston rings.
15 " bearing inserts.
10 bearing assemblies complete.
30 Sets valves, filters, pushrods, inserts.
3 Carburators.
6 Magnetos, complete with shafts.
60 Spark plugs with gaskets.
2 Cylinder heads.
60 Sets engine gaskets.
6 Impeller shafts.
30 Water impellers complete with shim washers and nuts.
30 Water end packings, complete.
15 Extra sections each intake and discharge hose.

10. M i x e r s (46).

a. 20 Sets std. size piston rings.
20 Sets " bearing inserts.
46 Sets engine gaskets, complete.
10 Sets intake valves, 25 exhaust valves.
15 Sets valve springs' lifters, rods, inserts, guides.

Declassified E.O. 12356 Section 3.3/NND No. 785019

5	Water pump assemblies.
10	" " kits.
5	Fan assemblies.
100	Fan belt sets.
12	Fuel line assemblies with connections.
10	Magnetos and shafts assemblies.
24	Std. pistons with pins.
24	Connecting rods.
2	Crankshafts.
6	Cylinder heads.
120	Sets hose connections & clamps.
300	Spark plugs with gaskets.
6	Sets drive gears and shaft assemblies, complete.
2	Extra lengths of skip elevator cable for each unit.
1	Extra left hand cable sheave (small) for each unit.
1	Extra bull wheel cable sheave (right) each type and size unit.
1	Extra check valve, water dome, each unit.
2	Complete sets hose connections in water supply lines, each unit.
1	Each extra valves in water supply lines, each unit.
2	Each extra water control assemblies each type unit or size unit.
1	Each water guage glass extra each unit.
1	Extra timing device assembly, each type unit.
1	Extra hoist lever assembly (skip) each size of type unit.
2	Each factory friction clutch linings for hoist, complete with rivets, each machine.

DIESEL note: Parts requirement varies with the different makes of diesel equipment, fuel systems and ignition system differ, starting mechanisms vary. Parts may not, therefore, be adequately anticipated, except lists be compiled separately for each type equipment manufactured. The Manufacturers may be relied upon to supply the spare parts required over any given period of operation provided they may know generally the conditions under which the equipment will be operated and the probable approximate extensiveness of operations. Requests for the furnishing of this service should also give attention to the unusual abuse parts effected by inexperienced operators will receive with a request for proportionate increases in those parts.

1. FIELD REPAIR SHOP. This list is for one repair depot. Should be increased by the number of such stations considered necessary. (15 RECOMMENDED)

a. Equipment:

Bench drill with extra chuck.
Portable drills heavy & light w/ extra chucks
2 Sets drill bits (high speed).
1 Bench grinder, double head with Ass't. wheels & wire brushes.
2 Each. three ton & 5 ton chain hoists.
3 20' chains 1/2" with hooks, shackles and repair links.
2 Dollies for engine moving.
1 Four wheel roller jack.
2 Five ton hydraulic jacks.
1 Twenty-five ton hydraulic jack.
Vises - 2 - 6" jaw and one heavy to 12"
1 Warehouse truck.
Assorted hand grease guns with adapters and extensions.
1 Electric or pneumatic grease gun with extra hoses & heads.
1 Transmission greaser (hand)

b. Tools:

3 Complete sets "mechanics sets" wrenches, extra end, sockets and "stillsons".
1 Oversized socket set for heavy equipment and often needed on trucks repairs.
6 Each, 1 to 5 Lb. Incl. ball and peen hammers.
1/4 Gross each, ignition point files, double cut midget, magnets, flat and round bastard, mill, second cut and smooth, rat tailed and triangular.
2 Sets taps and dies for standard, S.A.E. and for pipe thread in 1/8" to 1".
12 Ass't.screw drivers including patent screw holder.
12 Ass't. pliers, side cutters.
1 Punch & chisel set.
3 Hack saw frames - 1 Gross blades.
1 Set taper pins (assorted.)
1 Set drift pins " "
6 Stud removers.
2 Pinch bars - 1 wrecking bar.
1 Complete set blacksmith tools including anvil and forge.
1 Soldering outfit complete.

699

Declassified E.O. 12356 Section 3.3/NND No. 785019

c. Supplies:

White lead, friction tape, emery cloth, solder & flux, stock of asbestos, graphite-packing, sheet packing, braided packing, gasked compound, copper tubing ass't., copper tubing fittings & tools, valve grinding compound, penetrating oil, graphite.

Assorted nuts, bolts & cap screws.

This item will need be determined in accordance with types equipment furnished since certain quantities of certain sizes will be needed.

Flat & lock washers, lag-wood and metal screws, assorted cotter keys, insulated copper and mild steel wire, oil cans, gear pullers, wheel pullers, piston ring compressor, adjustable reamers, drop cords, wire brushes, fuses.

Complete ass't. of grease fitting including heavy button types peculiar to much heavy equipment.

d. Welding:

Complete electric welding outfit with extra cables.

Complete Oxy-Acetylene outfit with extra hoses, tips, flints, "c" clamps, welding and brazing rods, flux.

e. Tire Shop:

Air compressor with pipe & fittings.
Extra chucks and washers.
Hot patch vulcanizers - large stock gum & rubber for patches.
Large Ass't. tire valves.
Set tire hammers, irons, spreaders.
6 Tire gauges.
100' air hose.
5 Gross valve cores.
1 Gross " caps.
Large ass't. blow out patches.
1 Tube testing trough.

f. Battery Shop:

Heavy duty battery charger.
2 Hydrometers.
50 Gal. acid.
1 Small still. (oil burning)

g. Filling Station:

4 - 5 Gal. gasoline cans.
12 - Drum faucets.

6598

Declassified E.O. 12356 Section 3.3/NND No. 785019

6 - Water buckets.
Funnels - 4 two Gal. 4 - 2½qt. sizes.
Oil measures, 4 qt.
4 Rotary barrel pumps.
25 Gal. brake fluid.
Anti-freeze testers.

NOT UNDERSTOOD IS THE DISAPPROVAL IN LAC 561 OF "HIGHWAY REPAIR AND MAINTENANCE EQUIPMENT REQUESTED IN LAC AIRGRAM 35". THIS IS APPARENTLY BASED ON RATING ONE "TO PREVENT DISEASE AND UNREST WHICH WOULD PREJUDICE MILITARY OPERATIONS". JUSTIFICATION IN LAC AIRGRAM 35 WAS BASED ON "OPERATIONAL EXPEDIENCY" AND RATING ONE, NOT USED. LINES OF COMMUNICATION FOR BOTH MILITARY AND CIVIL SUPPLY IN ITALY ARE NECESSARILY LONG AND DIFFICULT BECAUSE OF DEARTH OF DEEP WATER PORTS, DAMAGED RAILWAYS, DAMAGED AND BADLY WORN HIGHWAYS. IT IS ESSENTIAL THAT PRIMARY HIGHWAYS BE KEPT IN SUFFICIENT STATE OF REPAIR TO ENABLE MOVEMENT FIRST OF THE NECESSARY MILITARY SUPPLIES AND SECONDLY TO MEET MINIMUM CIVILIAN NEEDS. EQUIPMENT AVAILABLE TO THE MILITARY FORCES IS NECESSARILY UTILISED IN FORWARD AREAS, THUS LEAVING REAR AREAS WITH MANY MILES OF ESSENTIAL ROADS IN LACK OF EQUIPMENT FOR NECESSARY MAINTENANCE. HAND REPAIR OF HIGHWAYS IS TOO SLOW TO MEET REQUIREMENTS AND HIGHWAY EQUIPMENT IS NEEDED TO ACCOMPLISH ESSENTIAL WORK ON TIME. IT IS PROPOSED TO USE THIS EQUIPMENT PRIMARILY ON HIGHWAYS OF MILITARY IMPORTANCE, THEREBY RELEASING MILITARY EQUIPMENT AND PERSONNEL FOR USE ELSEWHERE. IT IS REQUESTED THAT FURTHER CONSIDERATION BE GIVEN TO THIS REQUEST.

LAC 232

Not understood is the disapproval in CAL 361, of "Highway repair and maintenance equipment requested in LAO airgram 35." This is apparently based on rating 2, "to prevent disease and unrest which would prejudice military operations". Justification in LAO airgram 35 was based on "operational expediency" and rating 2 was not used. Lines of communication for both military and civil supply in ITALY are necessarily long and difficult because of dearth of deep water ports, damaged railways, damaged and badly worn highways. It is essential that primary highways be kept in sufficient state of repair to enable movement, first of the necessary military supplies, and secondly to meet minimum civilian needs. Equipment available to the military forces is necessarily utilized in forward areas, thus leaving rear areas with many miles of essential roads in lack of equipment for necessary maintenance. Hand repair of highways is too slow to meet requirements and highway equipment is needed to accomplish essential work on time. It is proposed to use this equipment primarily on highways of military importance, thereby releasing military equipment and personnel for use elsewhere. It is requested that further consideration be given to this request.

ALLIED FORCE HEADQUARTERS

LAC AIRGRAM 35, 15 June 1944.

From : FHCEG

To : CCS, for CCAC (4 copies)

Subject: Requisition Number MCS-180-ENG.

Ship to: (Detailed shipping instructions will be forwarded when allocation is notified).

The following items are requested for allocation in relation to their availability and the CCAC's appraisal of the justification. The quantities requested give effect to screening by this headquarters.

If allocation is approved it is requested that procurement be initiated and this headquarters advised so that normal supply procedure may be effected.

	Item No.	Stock Number.	Article		Required *
			Tractor, Crawler type, Diesel Engine Driven, 70-90 Drew Brake Horse power; Standard; Complete with Angle Dozer, cable-Operated, power control unit cable-operating Double-Drum Rear-Mounted		
	1	78-8168.02-0	Make & Model Unspecified.	ea.	6
			Tractor, crawler type, Diesel Engine Driven, 35-40 DBHP, Standard, Complete with Power control unit cable-operating, double-drum rear-mounted.		
X	2	78-8138.625-0	Make & Model Unspecified	ea.	6
			Sweeper, Rotary Broom Tractor, mounted and powered; One way sweeping, 30 in. x 7 ft. Brush (ES-AB-1258)		
	3	78-7795.2-0	Make & Model Unspecified	ea.	6
			Shovel, Crawler Mounted, gas engine, driven, ½ cu.yd. with attachments. (ES-R-1443)		
	4	78-7585.05-0	Make & Model Unspecified	ea.	688
			Truck, Tractor 5/6 ton, 4x4 2-DT 134 1/2 in. wheelbase,		
X	5	78-9464.7-0	Make & Model Unspecified.	ea.	3 ✓
			Truck, Tractor, 4 to 5 ton, 4x4,		

O = U.S.
O = U.K.

Declassified E.O. 12356 Section 3.3/NND No. 785019

Declassified E.O. 12356 Section 3.3/NND No. 785019

CONFIDENTIAL

JUSTIFICATION:

1. The CG, A.A.I. have requested ACC to relieve them immediately of all responsibility incident to Road Maintenance and Repairs in Rear Areas. AAI have not the personnel nor equipment available to maintain these highways and carry on their military operations. Therefore, it is necessary for A.C.C. to assume this work. Since most of the equipment was destroyed or confiscated, this list has been drawn up as Minimum Essential Quantities for repairs and maintenance and has been carefully reviewed by the Engineer Services.

2. The Area for which equipment is being requested is indicated on the attached Map. This contemplates the maintenance and repair of 3,000 kilometers of roads of which 65% are classified as important military highways and the balance necessary to required civil operations. Since CG, A.A.I. requested ACC to assume this responsibility the Allied Armies have started an advance which will cause AAI to call on ACC to assume considerable additional mileage responsibility.

3. Maintenance and Repair will only be to the extent necessary to carry present loads and with no view to permanence or basic improvement. Roads of Military Importance will have first priority.

4. Equipment to the exact specifications indicated is desirable but not absolutely essential to the quality of restoration and maintenance required.

5. Equipment furnished on this requisition will not be sold to the Italian Government until the latter has demonstrated positively its capacity and willingness to maintain the Highway Net under conditions imposed by A.C.C. When A.C.C. believes that the sale should be made its approval will be made to this Headquarters through A.A.I.

6. A.C.C. is with its present and prospective personnel prepared to:-
   a. Train Italian Personnel.
   b. Supervise Italian Personnel in the operation of this Highway Equipment in repairing and maintaining Roads delineated in paragraph 2.

7. The Personnel matter has been coordinated with AAI in connection with the Highway program.

RATING: On a basis of Operational Expediency.
