A.C. PUBLIC WORKS
HIGHWAY EQUIPMENT

TO : Ing. Crocetta, Chief Technical Section, Min. of Public Works.
FROM : The Highway Equipment Officer, HQ.A.C.P.W. & U S/C.
SUBJECT : Tire and Battery Issues (Civilian)
REF : AD/15/8
DATE : 13 August 1945

1. Requests have been made on several occasions for lists of tire and battery requirements of Genio Civile, USVS, and Contractor Agencies. No reply has ever been received.

2. It seems to me that with the great existing need for both tires and batteries that your HQ. is much less concerned than conditions toward the rehabilitation of Italy warrant.

3. This Office has made arrangements whereby both tires and batteries may be requisitioned and supplied up for distribution. To requisition however it is necessary that requests originate in your organization and that the names of owners, name of motor vehicles, serial and operating permit numbers be listed with such requests.

4. It is imperative that such requests reach this Office as quickly as possible.

SUBJECT: Tires (Civilian)

TO : The Director
Industry Sub-Commission
(Attn: Capt. Bullock, Rubber Division)

FROM : The Chief, Engineering Division
Public Works and Utilities Sub-Commission

1. Reference your conversation with the Highway Equipment Officer, regarding the release by your office of 5000 repairable tires to the P.W. & U. Sub-Commission.

2. It is requested that 5000 tires, 600 x 16, 750 x 20, 900 x 20, and 1100 x 20, be released to this Sub-Commission for re-issue to Italian Ministry of Public Works and Contractor Agencies engaged on road and bridge projects of military importance. They will be picked up at point of issue by this Headquarters vehicles.

3. Payment will be made by the Ministry of Public Works through the Public Works and Utilities Sub-Commission Equipment Section.

SUBJECT: Tires for Contractors

TO : Capt. E. A. Milani, G.A.R.I., Field Assistant, Florence.

1. Re your letter about tires for contractors.
2. Attached is a list showing the tires we now have available and the price—we have no tubes.
3. If you will send the contractors needing sizes available to Rome with a letter from you, they will be issued to them. The sizes unavailable are being ordered and you will be advised when they arrive.
4. Have contractors come prepared to pay on delivery and with the truck make, number, permit, etc. for permits to use military tires. These are issued in Rome.

FROM : F.O. GRIFFITH, Highway Equipment Officer, HQ.AC.PW.
& U. Sub-Commission.
SUBJECT: Tire Issues, Civilian.
REF : AD/15/2
DATE : 25 June 1945.

1. Please submit a list of tire and tube requirements for Contractors who have trucks immobilized, for lack of tires, which could be utilized in the transportation of stone in and from quarries in your territory.
2. This list must show the following information:
 - a) Priority of importance with respect to work to be done.
 - b) Number and sizes by individual Contractors or owners.
 - c) Name of Contractor or owner in full and address.
 - d) Do not include any orders for 600 x 16 tires. We are interested only in the transport of materials and not personnel.
3. From existing information in this office we soon shall receive a limited quantity of tires for civilian sales. Presumably more later will be made available. It is requested that careful study be made of field construction conditions so that the most possible may be accomplished with the limited quantities available. Low priority demands will be used as a basis for future requisitions and are of equal importance.
