SUBJECT: Purchase of trucks.

In relation with the contract of Nov.14.th,re the cessione to our firm of 3 T.trucks 4x4,and following the verbal notice given to us,of the possibility that the Public Worcks will withdraw said trucks,we wish herewith to point out that:

1°) As clearly stated in the mentioned contract the aforesaid trucks have been consigned to us inefficient and in a very bad state;

2°) Only since very few days,after overcoming many difficulties and having spent important sums,the above mentioned trucks have been put by us in working order,and assigned to the reconstruction of bridges in the Province of Pisa,to road construction in the Province of Rome and to other building works under completion;

3°) Therefore,in case the above mentioned trucks should be given back,it is evident that an important financial damage should come to our company,that cannot stand this loss;besides, the surrender of the trucks would be equally harmful to the builing works to whom they have been assigned;

4°) In relation to the above,and to our need of keeping on using the trucks for worcks of national interest,we renew herewith our request,already made with our letter of Nov.28.th, that the above mentioned trucks be sold to us at a proper price, with should keep into consideration the state of the vehicles at the moment they were given to us. Such price will be immediately paid by us at the moment of the signature of the sales contract.

In the trust that this request will be favorably accepted,we remain,

Truly yours
