Jeep "FORD", Plant No:178, USA Reg. 20152399,
Ser.No: GPW 65440
Driver: BERTI Domenico, USVS Genio Civile Florence.

I arrived on duty from Florence late on October 27th, 1945 and I was unable to get the driver take the car to Contin's Plant at that hour; so the car was parked at 11.30 p.m. inside of the garden of the house at 22, Via Bartolomeo Eustachio, Rome, where I spent the night. The car was looked with a chain on the steering wheel and the gate of the garden was looked too. At 1.00 a.m. Signor Semmola, who lives in the same house saw that the car was still there. At 6,30 a.m. the "portiere" of the house found that the gate of the garden had been forced and was completely open; at about 700 a.m. I was informed that the car had been stolen. I got Mr. L.H. Frampton on the telephone and reported to him that the jeep had been stolen. He sent a car to pick me up and accompanied me to the M.P. HQ. (Traffic Section) where a statement was made and signed by me on this subject.

29 October 1945

SUBJECT: Statement re Stolen Vehicle (Jeep) USA Reg. 20152399

The morning of Sunday, 28 October 1945, at approximately 0730 hours, Capt. E.A. Milani, GARI, Field Assistant to the A.C., P.W. & U. Sub/C, Highway Equipment Officer, whose station was Florence and who had been ordered to report to Rome for conference, called me by telephone to report that his assigned vehicle had been stolen.

Since the Military Police policy is not to accept reports of stolen vehicles by telephone, I made arrangements for transportation to bring Cap. Milani and myself to the Military Police station at Piazza Collegio Romano where we reported to the Officer-in-charge who directed us to the NCOIC, Traffic Section.

A full report was made as required.

Later in the day I personnally inspected the scene of the theft and verified statements of Cap.Milani. I found that the vehicle had been locked in the garden behind a very substantial, high, iron gate with a double locking device which should ordinarily have been considered safe against forcing open.
