1. On .2. November 44... repaired salvage clothing to the value of .11,550. Lire.. was released to you on Issue Voucher N°....65....., on deferred payment.

2. It would appear that payment has not yet been made into Bank D'Italia Naples for credit of AFA a/c N° 1.

3. However, certain units, to whom no clothes have been released, have made payments, and it is felt that perhaps you have broken down bulk allotment, and individual units are making these payments.

4. As you can see, it is quite impossible to keep accounts if this is the case, and therefore it is essential that the units or organizations to whom the garments are released, should make the payments, quoting the reference of the Release Note.

OGGETTO RICHIESTA SCARPE AMERICANE RIATTATE A PAGAMENTO

SUBJECT: Request for American used shoes, under payment.-

Si prega trattare per ogni lettera un solo argomento, e indicare nella risposta il N. di Protocollo a cui si risponde.

Il personale dipendente presso gli Uffici del Genio Civile va soggetto ad intenso logorio delle scarpe perché si reca sui luoghi di esecuzione dei lavori.

Dato l'alto costo delle calzature non é consentito al suddetto personale l'acquisto sul mercato ordinario.

Si prega pertanto la cortesia di cotesta Commissione di voler consentire la concessione a pagamento di N° 378 paia di scarpe riattate da distribuire al personale in servizio di cui all'accluso elenco.

Si ringrazia

Il PRESIDENTE

dott. Napolitano

The personnel depending on the Genio Civile Offices, owing to their employement wear awfully their shoes because they have to go every day to the places where the works are carrying out.

Owing to the very dear prive of shoes, the said personnel cannot purchase them on the ordinary market.

Therefore that Commission is kindly asked to allow the ~~allotme~~ allotment of shoes, under payment to be given to the personnel specified in the attached list. The pairs of shoes ought to be 378.

Many thanks

1. Your letter Reference: 314/PWU/ of 25 April 1945.

2. It is regretted you were not satisfied with the salvaged repaired garments allocated to Public Works & Utilities Sub-Commission HQ. AC. under Release Order Ref: U/111 dated 3 April 1945.

3. Whilst this Division would be pleased to exchange these garments it cannot be guaranteed that a new consignment would be more acceptable, as unfortunately the same class and quality of the third choice material available to this Division, does not permit a better repaired garment.

4. When this Salvaged Clothing is handed over to this Division by M.M.I.A. it is already laundered, but stains may give another impression, however, when issued, they should be washed again before being worn as owing to storage, handling and transportation they cannot be regarded as clean.

5. On further consideration should the Italian civilians not wish to have the garments in question, and you will return them to this Division, a refund to the value of the clothes returned will be made immediately, provided that the articles are in a similar condition as when issued.

SUBJECT : Repaired Army Clothing

TO : Ministry of Industry, Commerce, and Labor

1. For several months the Commerce Sub-Commission has been repairing and dyeing salvaged army clothing and distributing it under terms of a priority schedule laid down by the A.C. Priorities Board. For the past three months the schedule has been as follows:

A. 60% of all clothing which became available was allocated to eight (8) Allied agencies employing civilian labor. This clothing is divided among the agencies in exactly the same proportions as the number of workers of each individual agency bears to the total number of workers employed by all the agencies. For example, the Directorate of Labor (B) supervises the employment of 44% of all civilian employees of the 8 important Allied agencies mentioned above, therefore it receives 44% of all the clothing which becomes available to this category. These 8 Allied agencies are:

Directorate of Labor (B)
Military Railway Service
Peninsular Base Section
Navy Sub-Commission, for Royal & U.S.Navies
American Army Air Force
5th Army
Adriatic Depot
Royal Air Force

B. 28% of all clothing which became available was consigned to the Civil Affairs Section A.C. and was divided among Displaced Persons Sub-Commission, Public Safety Sub-Commission and the Patriots Branch, according to their needs.

C. 12% of all clothing which became available was consigne to the Economic Section and was divided among the following Sub-Commissions: Communications, Public Works & Utilities Transportation (for dock, port and warehouse workers). 4267

2. In the three months of operation it was found that several other groups of workers deserved clothing allocations, particularly the miners and certain agricultural workers. Further, it was realized that in certain areas it was becoming very difficult for Allied officers to undertake the work of distribution, especially in areas now under the authority of the Italian Government.

3. Therefore, at the meeting of the AC Priorities Board of 20 March i was agreed that the new schedule of allocations should be as follows:

A. 60% to the heavy outdoor workers of Allied agencies must remain unchanged as these employees are making a most valuable contribution to the war effort.

B. 15% would be allocated to the Civil Affairs Section to be divided between Displaced Persons Sub-Commission and the Patriots Branch.

C. 25% would be allocated to the Ministry of Industry, Commerce and Labor which will make further distribution.

4. This 25% of all available clothing will be immediately collected by the Ufficio Provinciale dell'Industria e del Commercio in Naples and warehoused by it until allocations are made by the Ministry.

5. 25% of the repaired army shoes reprocessed under the supervision of the U.P.I.C. will also be made available to the Ministry for allocation.

6. Financial arrangements regarding payment by workers or agencies receiving clothing and boots through the Ministry of Industry, Commerce, and Labor, will be made by that Ministry.

7. This office will make clothing and shoes available only to units of the Allied Armed Forces employing civilian labor, Displaced Persons Sub-Commission and Patriots Branch. All demands for repaired clothing and boots originating from other than these units and received by this office, in the future will be forwarded to the Ministry.

8. Thus in the future ministries of the government will bid for repaired clothing and shoes for workers or groups under their supervision and not the corresponding AC Sub-Commissions as in the past.

./.

2089

Declassified E.O. 12356 Section 3.3/NND No. 785019

9. The distribution of this clothing and these shoes (the 25%) will be made at the discretion of the Ministry, but it is suggested that the Ministry set up a priorities schedule which will at least make provision for certain essential groups which the experience of this office has shown as deserving of regular allocation. Such groups would be as follows:

A.- Public Safety Agents - Guardia di Finanza, Vigili Fuoco, etc.
B.- Communications Workers
C.- Public Works and Utilities employees
D.- Transportation Workers - employees in ports, warehouses, docks, etc.
E.- Miners - particularly those of the Sardinian coal mines and the Sicilian sulphur mines.

10. This Sub-Commission would very much appreciate having the Ministry forward to it a monthly report of allocations made in order that a continuous record may be kept of all repaired army clothing and shoes distributed to civilians and agencies employing civilians in Italy.

Oggetto : Richiesta indumenti vestiario per operai

All'attenzione del Ten. Wade Brown

1°) Come da comunicazione fattaci dal Dott. Roberti della Società Romana di Elettricità e facendo seguito alla precedente richiesta n° 2149/ Serv. Linee presentata dai nostri Servizi Elettrici in data 19/12/1944, richiesta che era stata limitata ad un ristrettissimo numero di operai per le più immediate ed ingenti necessità del momento, trascriviamo quì appresso la forza dei vari Stabilimenti :

Stabilimenti Siderurgici - Terni	operai	4000
" Elettrochimici-Papigno(Terni)	"	1200
" " Nera Montoro(Terni)	"	1000
Servizi Elettrici - Papigno (Terni)	"	800
Miniere e Cementerie - Spoleto	"	2600
Nuovi Impianti Idroelettrici	"	800
Servizi Generali Direzione Generale-Terni	"	300
Totale operai		10700

Questa cifra è grandemente superiore a quella del 5 Dicembre 1944 425
ed è l'indice dello sforzo che la nostra Società sta compiendo per la rimessa in efficienza dei propri Stabilimenti e per entrare il più rapidamente possibile in fase produttiva.

2°) Facciamo inoltre presente che la quasi totalità delle nostre maestranze risiedono nella zona di Terni e pertanto, a causa degli eventi bellici, sono rimaste quasi del tutto prive di abitazioni e, conseguentemente, di effetti personali, con grave pregiudizio alle possibilità lavorative di ciascun operaio.

Gli indumenti richiesti sono necessarissimi soprattutto per

il lavoro, date le particolari e spesso sfavorevoli condizioni ambientali in cui le maestranze debbono svolgere la propria attività (umidità, freddo, ambienti saturi di vapori acidi ecc.

3°) Gli indumenti maggiormente necessari sono i seguenti e se ne richiede un quantitativo tale che permetta di assegnare ad ogni lavoratore un corredo completo, sia pure ridotto al minimo indispensabile :
