REF: CEB/16/1

22 July 1944.

SUBJECT:- Return to the United States of Col. JAMES P. CROWDON - C.E.

TO:- Chief Commissioner, A.C.C.

1. The AAI Central Electrical Board was established and the undersigned, Colonel JAMES P. CROWDON, C.E., was appointed Executive Vice Chairman thereof by A.F.H.Q. Adv. Adm. Echelon Adm. Instruction No.27 dated 8 Feb 44.

2. Orders are presently to be issued abolishing the AAI Central Electrical Board, which will leave the Vice Chairman without a suitable assignment in this Theatre.

3. In view of the above, it is requested that I be relieved from duty with the 2675th Regiment and returned to the United States as promptly as possible.

JAMES P. CROWDON,
COLONEL CE,
Vice Chairman, AAI - C.E.B.

SUBJECT: Efficiency Reports.

TO : Colonel JAMES P. GROWDON, Electric Control Board, Allied Control Commission, (Prov), APO 394, U. S. Army.

1. WD AGO Form 67 for all field grade officers assigned to your organization, this date, are transmitted herewith.

2. Strict adherence to attached letter, this headquarters, file: 201.61, subject: Efficiency Reports, dated 2 June 1944, is directed. It is desired that all who will be responsible for the preparation of the efficiency report familiarize themselves with the contents of this letter which was prepared from AR 600-165 as amended. Familiarity with this letter will enable all officers to prepare the report correctly and with a minimum of time, a situation which did not exist for the period ending 31 December 1943.

2 June 1944

SUBJECT: Efficiency Reports.

TO : All Concerned.

1. Under the provisions of AR 600-185, dated 13 October 1942, as amended, the following information is published for your guidance in accomplishing semi-annual Efficiency Reports to be rendered as of 30 June 1944.

I - FIELD GRADE OFFICERS

1. An Efficiency Report on WD AGO Form Number 67 will be rendered on each officer of field grade of all components by the Senior (American) officer within each Company or Sub-Commission of Allied Control Commission on 30 June 1944 for the preceeding six (6) months, (1 January 1944 to 30 June 1944 inclusive). (Efficiency Reports will be rendered in duplicate on officers of field grade and on officers specifically subject to provisions of paragraphs 3b and c, AR 600-185. Original and duplicate copy will be signed by the reporting officer and forwarded to higher authority, as stated in paragraph 6, AR 600-185. All reports will be forwarded by the reporting officer within 10 days after close of the period covered by the report, - Change #5, AR 600-185, dtd 14 Apr 44).

2. This Efficiency Report consists of completed paragraphs, A, B, C, E, F, H-10, L, M, N, P, Q, and S of WD AGO Form Number 67. No others will be filled in. Paragraph 3c, AR 600-185, states that a full report may be submitted if the reporting officer so desires. However, in view of the number of field grade officers in this organization, and in order to provide a system of uniformity, it is requested that no full reports be rendered.

a. Paragraph "A" will include name, serial number, grade, arm or service, organization and official duty status of the rated officer to the officer rendering the report.

b. Paragraph "B" will show the entire six month period for which the report is rendered regardless of the length of time the officer reported upon has been under the command of the reporting officer. However, in the event that a SPECIAL Efficiency Report has been rendered on an officer for any portion of the six month period and the WD AGO Form 66-1 so indicated, the semi-annual report will not include that period of time, but a notation to that effect will be entered under Paragraph "P".

c. Paragraph "C" will include all stations at which the officer served during the period covered by the report. Such entries as "North Africa", "Sicily" "Italy", "Camp Grant, Ill", etc., are appropriate.

162

Declassified E.O. 12356 Section 3.3/NND No. 785019

d. Paragraph "E" will be confined to principal duties and will include all such duties performed during the period covered by the report.

(1) Basis for opinions will be indicated by lining out inappropriate words. Example: "Frequent observation of the results of his work". All others lined out.

(2) Duties performed at other organizations or under other commanders, the length of time of these duties, and the manner of their performance have been transcribed from entries on WD AGO Form Number 66-1, on file at this headquarters. In the event that there are no entries on the enclosed Efficiency reports, it is to be understood that there are no entries on WD AGO Form 66-1 (or that WD AGO Form 66-1 is not on file at this headquarters).

(3) If principal duties for any period of time are not recorded and the officer upon whom the report is rendered cannot furnish necessary information or no duties have been assigned fo any period, a remark, "Unknown" followed by the period of tim will be made.

(4) All fractions of months will be shown in thirtieths, (5/30, 14/30, etc). The total length of service shown in this paragraph will agree with length of service covered by the report.

(5) In describing the manner of performance of duty or in making any ratings, the following terms will be used:

(a) Superior: Outstanding and exceptional performance of the particular duty reported upon. Personal characteristics, professional qualifications, or efficiency above that considered EXCELLENT. (SUP).

(b) Excellent: Performance of the particular duty reported upon in a very efficient manner. Personal characteristics, professional qualifications, or efficiency above VERY SATISFACTORY but below SUPERIOR. (E).

(c) Very Satisfactory: Performance of a particular duty reported upon in an efficient manner, or efficiency above that acceptable as SATISFACTORY. (VS).

(d) Satisfactory: Performance of the particular duty reported upon or personal characteristics or professional qualifications up to a minimum standard - passably efficient. (S).

(e) Unsatisfactory: Performance of the particular duty reported upon or personal characteristics or professional qualifications below minimum standard - inefficient. (U).

Declassified E.O. 12356 Section 3.3/NND No. 785019

(f) Unknown: To be used in all cases in which the reporting officer has had insufficient opportunity during the period covered by this report to observe the officer reported upon to permit a rating as to the performance of the particular duty, his personal characteristics or professional qualifications. (Unkn).

(6) Whenever an efficiency report contains entries which may be considered in any sense unfavorable, the reason for the entry will be clearly stated, and the reporting officer will refer the entire report by indorsement to the officer reported upon for remark. (Par 5, AR 600-185).

(7) In all cases the rating of "Unsatisfactory" will be considered as unfavorable except when based on physical condition of person reported upon. Any comments which detract from the reputation or the lack of good qualities of the officer will also be considered as unfavorable. For the purpose of determining when a report is to be referred to the officer reported upon, no distinction will be made between unfavorable entries of fact and opinion. (Par 5, AR 600-185).

e. Paragraph "F" will be filled out completely by indicating an "X" in the appropriate square. If any of the six items are unknown it will be indicated by placing an "X" under the Unknown column.

f. Paragraph "H-10" only will be completed. Paragraph "H-1-9" inclusive will be left blank.

g. Paragraphs "I", "J", "K", "O", and "R" will not be filled out.

h. Paragraphs "L" and "M". If the answer to these are "No", then fill out accordingly.

i. Paragraph "N" will be specific and give sufficient information to permit higher authority to gain an adequate idea of the future value of the rated officer. It will also include the following statement: "In comparing this officer with all officers of his grade known to me, I would place him among the (Upper) (Middle) (Lower) third".

j. Paragraph "P" will include the following statement: "This officer (is) or (is not) performing duties commensurate with his grade."

k. Paragraph "Q". If the answer is "NO", then state No unfavorable entries.

l. Paragraph "S" will be filled out completely and if no inclosures, so state.

II - COMPANY GRADE OFFICERS AND WARRANT OFFICERS

1. In accordance with paragraph 1b, AR 600-185, 13 October 1942, no efficiency report will be rendered on company grade officers and warrant officers, but in accordance with paragraph 8c(7), Change 3, AR 605-90, dated 28 January 1943, the reporting officer will initiate a letter report (See Form attached as Appendix I) direct to the Commanding Officer, this Regiment, stating the following information, for entry on WD AGO Form 66-1 by the custodian.

a. Type of Duty in accordance with TM 12-405, TM 12-406, and TM 12-407.

b. Unit, organization or station. Example: Co "O", 2675th Regt, ACC.

c. Dates (From and To) of each duty performed within the organization. The last Duty performed to include 30 June 1944.

d. Manner of Performance in accordance with d. (5), Section I above.

e. Initials both type written and hand written. (See appendix I attached).

III- MISCELLANEOUS

1. Attention is invited to the fact that when these reports have been accomplished by the reporting officer the information thereon is classified "Confidential" and will be treated accordingly.

2. Efficiency Reports will be prepared so as to reach this headquarters not later than 10 July 1944. Any anticipated delay will be promptly reported to this headquarters.

3. In the event that an officer reported upon has been transferred from your unit during the month of June to another unit within this organization,

Declassified E.O. 12356 Section 3.3/NND No. 785019

Ltr, Efficiency Reports, dtd 2 June 44.

Efficiency Reports will be prepared and that period of time between date of transfer to 30 June 1944 will be indicated as "Unknown".

4. Efficiency reports should be neat and accurate. They should first be accomplished on work sheets in order to prevent strike overs and erasures. ALL ERASURES WILL BE INITIALED.

SUBJECT: Excelsior Hotel.

TO : Col. J. P. Growdon,
Hq, ACC.

Headquarters, Allied Control Commission, will shortly open the Excelsior Hotel, NAPLES, as a residential hotel and mess for Allied ACC officers of the rank of Colonel and above. Allied civilians of equivalent assimilated rank will also be eligible for accommodation. As accommodation is limited, officers are requested to make application to the Excelsior Hotel Mess Officer at the Administration Offices, 173 Via Santa Lucia, Scala "C", first floor, not later than 1 June 1944. Officers to whom accommodation is allotted will be notified by letter the date the accommodation may be taken up. Room assignments will be made on basis of rank. It is hoped that the hotel will be run in accordance with modern, first-class hotel practice. The following services will be available:

Gentlemen's Hairdresser
Ladies' Hairdresser
Manicurist
Laundry Services

The charge for residents will be 100 lire per person per day. The above charges are inclusive, except for wines, liquors and hairdresser. Tipping will be prohibited. Any guests introduced for meals, the number of whom will be limited, will be charged for at the rate of 25 lire per meal. Accounts will be rendered weekly and payment is requested within two (2) days of rendition of account. There is no accommodation for private servants, etc.

Subject: Recommendation for Promotion.

To : Commanding Officer, 2675th Regiment (ACC)(Prov). Attention: Colonel Growden.

1. It is recommended that Major Howard P. Bunger be considered for promotion to the rank of Lieutenant Colonel. He has served as Chief Construction Engineer for the Eastern Base Section since its organization in February of 1943. In that position he has performed an outstanding job of supervising all construction work done by this headquarters and has received the award of Legion of Merit in recognition of his accomplishments.

2. Due to the fact that there was previously no T/O vacancy in the Engineer Section for a Lieutenant Colonel, and lately because he was made available for rotation, it has not been possible to secure Major Bunger's promotion. However, he has been in the grade of Major for 21 months and has held a position normally calling for a Lieutenant Colonel for over one year.

3. This recommendation is made pursuant to paragraph 8, NATOUSA Circular 39, c.s.

A.C.M.F.
CENTRAL ELECTRICAL BOARD

2 March 1944

SUBJECT: Personel for Secretariat A.C.M.F. - C.E.B.

TO : Brig. Gen. D.O. Elliott;
Chief Engineer - A.F.H.Q.

Personal

1. Enclosed is a list of officers who appear from the very meager records available to have some qualifications for the planning position on the Board. They are listed in the order of their usefulness as it appears to me.

2. I am not personally acquainted with any of these officers and their records may or may not reflect their ability along the lines required to do the work of the Board.

3. In the case of Maj. H.P. Bunger, who is first on the list. I am acquainted with his work, which while restricted to the hydraulic field has been excellent. Maj. Bunker called to see me this morning. He informed me that he is now at the E.B.S. in Bizerte and that he has been stated for return to the States on rotation. However this will not be final until it has been approved by Gen. Larkin, for whom he woked in Panama. He would be quite pleased to take the job with the Board, provided the Board is in a position to accomplish something useful. If selected, he should be promoted to Lt. Col.

JAMES P. GROWDON

CENTRAL ELECTRICAL BOARD

1 March 1944

SUBJECT: Employment of Italian Power Engineers

TO : Executive Officer. Economic Section A.C.C.

1. Complying with your verbal request there is submitted here with a description of the Italian power engineers which the A.C.M.F. C.E.B. wishes to employ if as and when they are found.

2. Engineers who are or have been until recently, actively engaged in the generation, transmission or transformation of Electric Power in Italy.

3. Competent hidroulic engineers familiar with Italian practice.

4. Engineers employed by Italian or Swiss firms manufacturing (1) hydraulic machinery, (2) steam turbines, (3) generators, (4) transformers, (5) switchgear, (6) meters, (7) insulators and (8) wire.

5. Engineers selected by the Vice Chairman A.C.M.F. C.E.B.

SUBJECT: Employment of Italian civilian Engineers

TO : D.C.A.O. - A.C.M.F. Flambo

1. The work of the A.C.M.F. - C.E.B. will be greatly facilitated by the employment of competent Italian engineers, acquainted with the power systems in Italy, to assist the Secretariat in planning the rehabilitation of Italian Power Systems.

2. Authority is requested to employ qualified Italian engineers, when and as they are discovered and to pay them suitable saleries.

2nd Ind.
ACMF, Central Electrical Board, APO 394, 24 February 1944.

TO: Headquarters, Allied Control Commission, APO 394.

1. In view of first indorsement above it is requested that a decision be made whether or not these employees will be taken on the payroll of ACC or shall be employed by the Italian Government for duty with the board.
2. If the decision is taken that the engineers are to be employed by the Italian Government, it is believed that the Central Electrical Board should give its approval in selecting the engineers for duty with the board and that it must have

21 Feb 42

Declassified E.O. 12356 Section 3.3/NND No. 785019

the authority to dismiss engineers who prove unsatisfactory in operation.

JAMES P. GROWDON
Colonel CE
Vice Chairman A.C.M.F. - C.E.B.

3rd Ind. JJA/lab
Headquarters, Allied Control Commission, APO 394, 24 February 1944.

TO: Vice Chairman, A.C.M.F., Central Electrical Board

1. It is believed most desirable that the engineers required should be employed by the Italian Government and assigned for duty with the Board. This decision is made in view of the fact that every effort is being made to assist the Italian Government to establish itself in the territory which has already been turned over to it and eventually in the whole of Italy.

2. Arrangements should be made with the Italian Government in which the stipulations made in paragraph 2 of the 2nd Indorsement are understood and accepted by the Italian Government.

For the Chief Commissioner:

JOHN J. ALBRIGHT,
Colonel, Infantry,
Executive Officer.

4th Ind.

Electric Power Mission

31 December 1943.

SUBJECT: Electric Power Organization, Italy.

TO :

1. OBJECTIVES

a. To exercise overall supervision of the operation of existing generating transmission and transformation facilities to provide maximum utilization in the interest of essential military and civilian demands. This will require close contact and an exclusive official relationship with the owners and operators of the facilities.

b. To allocate the available power supply to the various areas and uses in the order of the relative urgency as established by AFHQ. It is not intended to deal with matters of distribution after allocation has been made.

c. To increase the available power supply by deciding upon expedient repairs to generation, transmission and transformation facilities, this to be done as far as possible with materials and personnel obtained from Italian sources and augmented, when necessary from outside sources such as Allied Military and material resources. This requires, in past, the use of trained personnel and proper equipment to carry out repairs and construction work. As a part or closely related is the determination of what can be successfully and expeditiously used to restore facilities to use.

d. To plan ahead in view of known and anticipated conditions for emergency power supply to areas immediately upon occupation either by use of emergency power equipment or the quick restoration of existing facilities.

e. To assist in planning the rehabilitation of permanent facilities to aid in the restoration of normal civilian economy.

Major Mallery O. Wooster 0-236441

Signal Corps

10th Bn. 2nd Replacement Depot

EXPERIENCE-CIVIL

Graduated Univ. of Md. Electrical Engr. 1928.
1 yr. Telephone Co. - Illumination Engineer.
2 yrs. Bell Telephone Labs. - Specification Engineer.
2 yrs. Pototomac Electric Power Company - Illumination Engineer.
3 yrs. U. S. Department Interior - Assistant Electric Engineer
2 yrs. Standard Oil Company - Electrical Engineer.
2 yrs. U. S. Navy, Public Works - Assoc. Elect. Engr.

EXPERIENCE-MILITARY

1 yr. - 2 Armd Div. - Combat and Administr.
1/2 yr. - Office Chief Sig. Off. - Equip. Coordination
1 yr - Southern S.C. School - Radar Administr.
4 Mos - SOS Sig Sect. - Supply Requisitions.
3 mos - 63rd Sig. Bn. - Construction and Operation.

REMARKS

Electrical experience consisted of the design construction inspection and supervision of electric light and power for all types of commerica, industrial and residential buildings. Including substations and undergrounds and overhead transmission systems. Complete communication layouts and installations including auxiliary power supply.
