SME, LABOR
MAR. - JUNE 1944

SOCIETÀ MERIDIONALE DI ELETTRICITÀ

MEMORANDUM FOR COL. GROWDON

- 1) At the beginning of the second fortnight of November 1943, some of our workmen stopped working for a few hours.

On November 20th, an advance of L. 1.000 on dismissal indemnities was granted to all permanent workers. Extraordinary workers, workers under full age got L. 500. The advance had been decided upon before the agitation.

- 2) On January 11st, 1944, some of our workers stopped working for the whole day. Permanent workmen got an advance on dismissal indemnity of L. 500, while the others received L. 300. Moreover an allocation of 60 gr. of flour and 25 gr. of soup powder per day was granted by A.M.G. for all of them.
- 3) From March 15th to March 18th, all our workers went on strike. They received a sale credit of L. 2.000 of foodstuffs, to be distributed in three months. They were promised that wages would be adjusted.
- 4) On May 6th, an other strike took place. An advance on the adjustment was required. It was established that no advance could be granted at the time being.
- 5) On May 19th, workers went on strike again requiring the advance of n.4). In accordance with the A.M.G.'s suggestions an advance of L. 1.500 was given.
- 6) On June 9th and 10th workers left work urging the approval of the agreement on wages adjustment.

After they went back to work on June 14th, col. Poletti at a meeting he had called disclosed that the agreement had been approved, and that an advance of L. 500 would be paid.

- 7) On June 24th, from 0800 hours to 1430 hours and on June 26th, from 0800 hours to 1000 hours some of our workmen went on strike for obtaining an advance of L. 300 on the income-tax deducted from the 70 % increase, and which were to be refunded.

The dispute is under investigation of the Regional Labor Office since the two parties filed written statements about their points of view.

In all their attempts of strike, which have lasted always only few hours, the production service has ever been guaranteed.

Naples, 27th June, 1944
EM/GDr

A.A.I.
CENTRAL ELECTRICAL BOARD
APO 400

REF: CEB/19/7

26 June 44.

SUBJECT:- S.M.E. Labour.

TO:- CE HQ AAI CMF.

1. Herewith in Italian, with English translations, correspondence which has passed between various offices of A.C.C. and the S.M.E. in connexion with a labour dispute of 24 June 44.
2. This information is forwarded you for onward transmission to the C.A.O., if you deem it necessary, in view of the fact that the treatment meted out to the S.M.E. officials does not call for harmony between employers and employees which in turn has a detrimental effect on the war effort.

JAMES P. GROWDON,
COLONEL CE,
Vice Chairman, AAI - C.E.B.

860.

MEMORANDUM FOR COL. GROWDON

Col. Poletti called for this morning a meeting of the representatives of both the managements and the employees of S.M.E. and S.E.D.A.C.

The meeting took place this morning.

Col. Poletti stated that he wished to reach a solution to the well known problem of an adjustment to salaries and wages.

He thinks it suitable to discuss the points thereof, with but some of the representatives present - five in number -

Meetings will start to-morrow morning.

As he expects that the discussions will take some time, he proposes that the employers should grant an advance of L. 1.500 to their dependents on the amount of the adjustment which is to be retroactive to March 1st.

The proposal is passed by the employers.

Naples, 19th May 1944

AMG Rear Eighth Army.

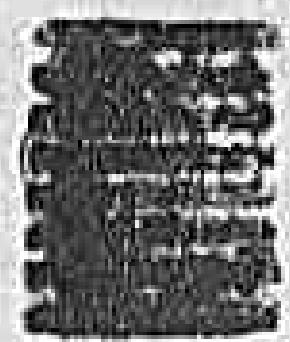

OA/67.

10 May, 44.

Central Electrical Board, A.A.I. (15)

1. Your letter CEB 19/7 of 4 May 44. was received at this HQ on 9 May 44.
2. In the letter from C.E., HQ A.A.I. you quote, passes for travel of about 12 persons to PIEDIMONTE D'ALIFE were specified.
3. Your request is in general terms for 185 persons to cross the VOLTURNO and CALORE Rivers, and suggested for 3 months.
4. Eighth Army have fixed the Army Rear Control Line as (Italy Road map 1/200,000) Junction with 2 District at CASTRO FIGNANO (H 4834) - River BIFFERNO to BOLANO (H.3920) thence a straight line to PIEDIMONTE D'ALIFE (incl) (H.3106) thence rd to PONTE UMBERTO MARGHERITA (H.2798) thence the line of River VOLTURNO Southeast to Junction with River CALORE thence line of River VOLTURNO Southwest to Eighth Army Boundary with Fifth Army at CAPUA (excl.) (N.173793).
5. Passes to cross that control line forward are kept to the lowest possible minimum in accordance with the Army's requirements for operational security.
6. The issue of passes in general terms to cross the Control Line and move freely in unspecified areas within Army Area would not be compatible with that policy.
7. It is suggested that all the employees you name who are not key personnel be sent to their employment in groups under the supervision of Allied personnel who should be furnished with a duty pass and nominal roll of all persons carried in each vehicle.
8. With regard to the key personnel (who, it is assumed, will be few), this HQ should be furnished with names, addresses, identity card Nos., and specific place of duty or area in which it is desired they have free movement.

P.C. Duke Tan Laga RA
 8/11

In data 25 aprile 1944 il sig. Criscuolo Pietro di Antonio della classe 1922 distretto di Nola appartenente al 10° Reggimento Autieri Napoli ha ricevuto cartolina precetto di richiamo alle armi.

Dato che il suddetto nominativo fa parte del personale addetto a trasporti con automezzi da noi attualmente tenuti in fitto, sarebbe di nostro interesse la sua permanenza al nostro servizio.

Vogliate, pertanto, ottenerne l'esonero da parte delle Autorità Italiane.

TranslationCentral Electrical Board
Via P.E.ImbrianiN A P L E S

ON April 25th, the driver Criscuolo Pietro of Antonio, class 1922, was called up for duty in the Army, and has to report to the Military District office of Nola.

Mr. Criscuolo, who previously belonged to "10 Reggimento Autieri - Napoli (10th trucks Regiment - Naples)", is a skilled truck driver and belongs to the personnel that presently attend on our account to transportations by means of trucks we have hired.

As it is very difficult under the present circumstances, to find drivers we ask you to kindly obtain on our behalf his exemption from military service.

With best thanks in advance, we remain
truly yours.

ALLEGATO
N. 10874

A.A.I.
CENTRAL ELECTRICAL BOARD
APO 400

REF: CEB/19/7

4 May 1944.

SUBJECT:- Electrical Power Company Employees

TO:- AMB Rear EIGHTH Army

COPY TO:- CE HQ. AAI CMF.

1. Reference CE HQ AAI letter, 2550/1/RE dated 27 April 44.
2. In accordance with instructions contained in the a/m CE letter, we attach hereto two lists giving the names and Identity Card numbers of employees of the Societa Meridionale di Elettricit  for whom permits are required to cross the CALORE and VOLTURNO Rivers in order that they may carry out maintenance and repairs to power plants and transmission lines.
3. Names on List "A" are those employees who will be required to cross the above mentioned rivers to carry out maintenance, while those shown on List "B" will be required to cross daily to carry out repairs and rehabilitation of power plants and transmission lines.
4. It is suggested that permits be issued to cover three months.

SUBJECT:- Electrical Power Company Employees.

Headquarters
A. A. I. 14

2550/1/10

27 Apr '44

AMG
Rear Eighth Army.

1. The reopening of the electrical power plant at PIEDIMONTE D'ALIFE requires the attention of Italian civilian electricians employed by Italian electrical companies under the direction of the AAI Central Electrical Board.
2. These employees live in NAPLES and are transported daily to and from PIEDIMONTE D'ALIFE. At present they are escorted over the R. VOLTURNO each morning by an NCO of this office. This arrangement is obviously unsatisfactory from our point of view, and it is requested that official passes to cross the VOLTURNO be issued as soon as possible.
3. There are at present about 12 employees being transported daily but it is understood that this figure may be increased.

John Stevens
Major RE,
for Major General,
Chief Engineer.

Copy to: AAI Central Electrical Board. ✓
(Please forward immediately full
details of the men for whom passes
are required to AMG, Rear Eighth
Army)

MEMORANDUM FOR COL. HENSLEY

As we have already related to Col. Hensley, we confirm that the most of our hand-works have been riotting since this morning in Naples. They stay inactive on their work-spots and prevent engineers and technical employees from carrying on their duties.

In order to resume a normal activity the workmen request :

- 1) The delaying to the close of the war of the deduction from their wages of the amounts for the food stuffs supply they receive from the S.M.E. through the latter's "Distributorio" (Food distribution Institution).
- 2) The withdrawal of the "S.M.E." from the "corporation for the food stuff distribution" set up in Naples by the Electric Companies, the Waterworks Co., the Gas Co. and Telephone Companies in order that the said "Distributorio" might be kept operating.
- 3) An advance of L. 2.000, whatever its kind may be.

We cannot absolutely grant such requests as they are completely in conflict with the directions we received from the A.M.G.

In compliance with Col. Hensley's request, we state that the "works commission" which represent the S.M.E. workmen towards the Company, in all concerning the pursuance of the labor laws, consists of the following members :

- Panzella Antonio	secretary	(for addresses see Italian
- Giannini Ernesto	member	copy)
- Balzano Tommaso	"	
- Santini Giovanni	"	
- La Marca Nunzio	"	
- Napoli Luca	"	
- Calena Mario	"	
- Grillo Giuseppe	"	
- Lucarelli Vincenzo		

803

Also in compliance with Col. Hensley's request we are preparing three detailed reports as to the workmen claims.

~~700,000~~

MEMORANDUM FOR COL. HENSLEY

1st request of the S.M.E. workmen "delaying to war and of the deduction from wages of the amounts for supplied food stuffs."

Since the beginning of the war the "Meridionale" has been operating "Food distributing service" through which its staff has been supplied with both cards rations and food stuffs which may be freely bought on the market.

Such a service has made its staff cope with the emergency difficulties in a less distressing way than all other civilians.

The food stuffs have been very often supplied at prices lower than the actual purchase ones.

The amounts thereof are to be deducted from wages.

In order to make such a payment as bearable as possible the deduction thereof is carried on long after the distribution. So much so, that the debts concerning the food supply of last November will be deducted from the wages which are to be paid on March, 17th.

As such deductions very often reach high amounts (sometimes more than L. 1000) it had been agreed upon with the staff representatives, that the Company would grant a reduction should the whole deduction cut the wages amount to less than L. 500,=.

The secretary of the "Work Commission" which had transacted the matter with the Company, seemed satisfied with such agreement, that he had completely approved.

On the contrary, the workmen have refused to recognise it and request that all deductions be delayed to the close of the war

NAFLES, 15 Mar' 1944 -

MEMORANDUM FOR COL. HENSLEY

Second request of the workmen of the South Electric Co.; the S.E. Co. should retire from the Cooperative Society for the Distribution of foodstuffs, which has been lately established among the Neapolitan Companies carrying on electrical, gas, telephone and water works services, and start again its own service of food distribution among its dependents only.

As already stated in the memorandum concerning the request n. 1, the S.E. Co. has carried on, since this war began, a service of distribution of foodstuffs to its staff.

As the S.E. Co. dependents judged it fit to unite of late with the dependents of other Neapolitan Public Utility Companies, these latter (who had not enjoyed, so far, the same facilities granted to those of the S.E. Co.) requested that foodstuffs should be distributed also to them by their Companies - This is why the wellknown Cooperative Society was established; this has been patronized by Col. Poletti and also Col. Hensley has been taking care of it for some time.

Our personnel does not trust this Cooperative any more, for this has proved practically incapable of purchasing, and distributing foodstuffs; they request therefore that our own Food Distributing Service be started again for their sole needs, which it had already proved fully apt to meet.

MEMORANDUM FOR COL. HENSLEY

3rd request of the S.M.E. workmen "a L. 2000 advance".

The ground such a request lays on, is that the high prices of every kind of food stuffs, including necessities, have no doubt completely broken down the workmen.

After Col. Poletti's refusal thereof which took place before Col. Hensley and both the industrialists and workmen, the Company cannot take any proper step as to this matter. The latter, in fact, would be in any case, in conflict with Col. Poletti's unmistakable directions.

NAPLES, 15 Mar' 1944 -

SOCIETÀ MERIDIONALE DI ELETTRICITÀ

MEMORANDUM FOR COL. GROWDON

We refer to you, annexed to the present, the list of the technical staff responsible of our service.

We are not able to give adeguata data about Reggio-Villa S. Giovanni Gioia Tauro-S. Eufemia-Scalea-Salerno-Doganella because:

- The first three plants belong to the Società Elettrica delle Calabrie - Catanzaro, one of our dipendent Companies. We have asked for information and we have had the following reply. In Reggio the electrical service of the town is supervised by an engineer: Giuseppe Simonetti. In Villa S. Giovanni Calabria Company has very small installations; there is only a workman responsible of the service. Gioia Tauro is not supplied directly by Calabria Company, but through a second hand dealer: The Azienda Musco.
- The forth and fifth to the State Railways
- Salerno belongs to the Società Elettrica della Campania; the responsibility has given to eng. Longobardi Claudio.
- Doganella belongs to Ente Autonomo del Volturno.

Naples, 13 apr. 1944

EM/CS

* These employees live in a house adjacent to the plant in each case.

Employee = Staff.

Workman = Skilled Technician.

SUBJECT:- Passes for Italian personnel working
on Power Lines.

Headquarters
A. A. I.

5

2550/1/RE

2 April 44

O Vice-Chairman
AAI, Central Electricity Board —

1. 2000 copies of passes for Italian personnel working on Power lines are forwarded herewith.
2. These have been wrongly printed on paper instead of card. The Military Printing Press is being instructed to reprint them on card, but it is hoped that the paper ones will be satisfactory until the others are ready.
3. Correspondence is returned herewith.

A. Stevens
Major
for Brigadier
Chief Engineer

Copy to:- DD: AAI Admin Ech
(By whom application
to CEI should be made
for any passes
required. One copy
is enclosed).

Ref: CEB/3/4

30 March 1944

SUBJECT:- Labour Situation - S.M.E.

TO:- Brig N.A. COXWELL ROGERS, OBE DSO, CE HQ A.A.I.

1. Lt-Col W.M. LAPPER, ACC representative on the C.E.B. and Lt-Col Julius SMITH, ACC Labour Sub Commission, called at my office at 1600 hrs on 29 Mar 44 to advise me that the workmen of the S.M.E. had demanded:-

- (a) an increase in pay of approx 40 lire per man per day
- (b) that the Company supply food, and
- (c) that all workmen be given a grant of food or other goods to the amount of 2,000 lire per man.

Sig GENTILI, the spokesman for the workmen, demanded that these conditions be agreed to by 31 March 1944, and said that in the event of their not being granted a strike would occur.

At a meeting earlier on that day between ACC representatives, Sig GENTILI, and the representative of the S.M.E., Sig GENTILI was told that the demands as made could not be unconditionally granted, that the position of the workmen would be carefully studied and steps taken to remedy it.

2. At 1900 hrs, 29 March 1944, Colonel JAMES P. CROWDON and Lt.Col. W.A.R. SMITH, RE, advised you of the situation and informed you that a serious strike was threatened.

3. You instructed Colonel CROWDON that he was to take no action in the event of a strike, that he was not to participate in any way in the negotiations with respect to the labour situation, nor was he to offer any advice with respect to how the matter should be handled.

JAMES P. CROWDON,
COLONEL CE,
Vice Chairman, AAI - C.E.B.

-----Headquarters,
Allied Armies in Italy,
(Administrative Echelon).
C.M.F.
2059/5/Q224 March 44.
-----Executive Commissioner,
Allied Control Commission.

I regret that I am not prepared to issue instruction to give effect to the decisions advised to me in your letter 15/26/CA of 18 Mar. 44.

I offered to discuss this question, which has been brought to a head by the strike of the electrical workers, but was informed that the Chief Commissioner did not wish a conference on the matter.

I take exception to the statement that the present rates were fixed arbitrarily. On the contrary they were fixed after very careful study by the experts on this subject and representation of AMG/ACC sitting as the Labour Committee of the Local Resources Board. Their recommendations were approved by the Local Resources Board itself, on which AMG/ACC is represented.

It is impossible for me to agree that wages of civil labour employed by the fighting Services shall be fixed by the sole decision of the Chief Commissioner, ACC. The established method for settling the matter is the Local Resources Board on which all interested parties are represented. I shall be glad to discuss it at any time personally with the Chief Commissioner, but I cannot speak on behalf of the Services not under command of C.-in-C., A.A.I. and should therefore have to refer to the Local Resources Board any agreement reached.

As regards control by the Chief Engineer of civil electrical companies, if the requirements of the fighting Services are not met by other methods, it will be necessary for the Chief Engineer to institute a sufficient degree of control to ensure that they are met.

I propose to bring this correspondence before the Local Resources Board for their consideration. Meanwhile the rates of pay and conditions of service, including mid-day meal, approved by the Board will continue.

(sgd) BH ROBERTSON

Major-General,
Chief Administrative Officer.

SOCIETÀ MERIDIONALE DI ELETTRICITÀ

(H)

MEMORANDUM FOR COL. GROWDEN

As our Company owns and operates many generating stations, substations, transmission and distribution lines in all Southern and in part of Central Italy it needs that a certain number of members of its management, employees and workmen may be able, at any moment, to travel freely from and to all places where our system extends.

The passes for public utility services ^{few} were until a few days ago directly issued by the A.M.G. P.U. Section (in our building) so that we never suffered any delay.

Now the proceeding has been much complicated.

Passes must be issued in order:

- 1) To travel north of the rivers Volturno and Calore
- 2) To enter the province of Foggia
- 3) To travel to the provinces under Italian Government, south of Salerno Province.

Our requests ^{most} of which include all three above mentioned points - are first filed to the P.U. Sect. Of the A.M.G. for approval; then are sent over to the Mil. Police Office (Municipio, Bdg. Capt. Madyll). From this latter office, whenever the crossing of the rivers of the permit to Foggia are requested, the applications are sent respectively to the Vth Army Hdq. (Office Lt. Cowan-Capua) and/or to the Hdq. in Foggia, for approval.

All this lasts long, and these delays seriously jeopardizes the execution of our repairing works, the maintainance of plants and lines and the whole of our service, which is also of great military importance.

On march 3rd we asked, for instance, for some passes - some of these requests could not be expedited by the Vth Army Office (which was, then, in Caserta) because of a mistake not caused by us - We asked then

SOCIETÀ MERIDIONALE DI ELETTRICITÀ

2.

again for them on march 14th, in addition to other names, but have, so far not yet obtained them (see annex 1); this has caused a great delay in the repairing works in our Matese plant.

Therefore we ask your Office to kindly take the proper steps in order to expedite them and, if possible, to make easier the whole procedure for the issue of passes for public utilities.

We also enclose herewith copies of other letters filed to the Mil. Police Office in Naples (A.M.G. Municipio) with the approval of the P.U. Section: - 1) for the renewal of 236 general passes already granted to us and expiring on march 31st (most pressing); 2) for the issue of 79 new permits to cross the Rivers Calore and Volturno for our workmen; 3) for the issue of 12 new general passes for our dependents and dependents of other firms working on our account; 4) for the renewal and issue of some passes (9) to go to Ischia for dependents of the SAFEN Co, controlled by us, which operates electric power steam plants in that island.

Your Office would very much oblige us if it could expedite all said requests and recommend that the passes be issued with a three months term of availability, in consideration of the permanent needs for which they are requested.

NAPLES, march 25th 1944

Governo Militare Alleato
Comando diN A P O L I

Vogliate cortesemente rinnovare i seguenti permessi generali P.U. già concessi a dirigenti, impiegati ed operai della nostra Società e di altre ditte che lavorano per nostro conto e che scadranno al prossimo 31 marzo. Essi dovrebbero essere rinnovati con validità almeno trimestrale, dato il carattere di continuità delle esigenze per cui sono emessi e la difficoltà di curare troppo spesso le pratiche per il loro rinnovo, autorizzando i portatori a recarsi in tutte le provincie dell'Italia occupata e liberata - compreso Foggia - con espressa autorizzazione di recarsi anche a nord dei fiumi Volturno e Calore.

E' infatti indispensabile per le esigenze della nostra Società di disporre di detti permessi, dato che essa possiede e gestisce impianti di produzione e linee di trasporto e distribuzione di energia elettrica in tutta l'Italia Centro Meridionale anche a nord dei fiumi Volturno e Calore, con una complessa organizzazione tecnica ed amministrativa nelle varie regioni, tutta controllata e diretta dagli uffici centrali in Napoli.

(names follow translation)

TranslationAllied Military Government

TRANSLATION LS/BDF

March 30th 1944

TO : S.M.E.

TO : Gen. Confederation of Labour.

Following articles set forth our agreement of this morning:

1) The sums of money advanced until now to the workmen by supplying foodstuffs to them shall not be reimbursed to the Company till further orders.

2) The Company will grant a two thousand lire loan to each workman. The Company will supply foodstuffs to its dependents up to the said amount, at any time within the period from April 1st to May 31st inst. These sums shall not be reimbursed to the Company till further orders.

3) No further loan, money advance or credit of any kind shall be granted. The foregoing agreement for an advance of 1.000 L. to married men and of 500 L. to unmarried ones to draw foodstuffs through the Cooperative is rescinded.

4) Any strike or stoppage whatever in work is forbidden.

Sign.: Ch. Poletti

Lt. Colonel

Regional Commissioner.

A.C.M.F. Central Electrical Board.
A.C.M.F.

17 March 1944.

A.C.M.F. Central Electrical Board.

Minutes of a meeting held in the offices of the Central Electrical Board at approx 1015 hrs 17 Mar 1944.

Present: Colonel James F. Growdon

Vice Chairman

Lt/Col W.A.R. Smith R.E.

Major L.G. Price R.E.

Representatives of:

S.M.E. workers Sig Gentili.

S.M.E.

Interpreters.

C.E.B.

D.D.M.

C.E.B.

1. Sig Gentili outlined the workers "Economic Requests"

- No deduction to be made from the workers wages for food supplied them in November 1943.
- Supply of food to continue with no deduction from wages.
- Immediate payment of 2000 lire.
- Improvement of wage conditions in the future.

2. Col Growdon replied, that as from the evening of 16/3/44 electricity supply became a military function therefore, all electrical workers and operators were to consider themselves as under Military management from that date. Col Growdon further stated that the workers must return to normal work immediately, i.e. by 1200 hrs 17/3/44, after which the worker's differences would be "considered insofar as is possible". Col Growdon emphasized that "to strike is to assist the enemy".

3. Sig Gentili stated he is a friend of the Allies and had previously advised the workers not to strike but the workers were "starving". He would therefore like an Officer to attend a meeting of the workers and repeat to them Col Growdon's reply to his (Sig Gentili's) requests.

4. Col Growdon repeated that only after the workers return to normal work could the worker's grievances be considered.

5. The above statements were read over to all present at the meeting so that each and everyone were quite clear as to the position.

Major L.G. Price R.E. was elected to attend a meeting of the workers and make a statement as outlined in para 2.

The meeting closed at approx 1100 hrs.

Sig Gentili called at the office at 1150 hrs and asked that authority be given to S.M.E. to pay the workers their wages without deductions as everything would be back to normal by the evening of 17/3/44. After consulting Col Growdon by telephone, Major Price informed Sig Gentili that the decision of the C.E.B. was that only after conditions were restored to

1. Sig Gentili outlined the workers' Economic Requests:

- a. No deduction to be made from the workers' wages for food supplied them in November 1943.
- b. Supply of food to continue with no deduction from wages.
- c. Immediate payment of 2000 lire.
- d. Improvement of wage conditions in the future.

2. Col Crowdon replied, that as from the evening of 16/3/44 electricity supply became a Military function therefore, all electrical workers and operators were to consider themselves as under Military management from that date. Col Crowdon further stated that the workers must return to normal work immediately, i.e., by 1200 hrs 17/3/44, after which the worker's differences would be "considered insofar as is possible". Col Crowdon emphasized that "to strike is to assist the enemy".

3. Sig Gentili stated he is a friend of the Allies and had previously advised the workers not to strike but the workers were "starving".

He would therefore like an Officer to attend a meeting of the workers and repeat to them Col Crowdon's reply to his (Sig Gentili's) requests.

4. Col Crowdon repeated that only after the workers return to normal work could the workers' grievances be considered.

5. The above statements were read over to all present at the meeting so that each and everyone were quite clear as to the position.

Major I.G. Price F.E. was elected to attend a meeting of the workers and make a statement as outlined in para 2.
The meeting closed at approx 1100 hrs.

Sig Gentili called at the office at 1150 hrs and asked that authority be given to S.M.E. to pay the workers their wages without deductions as everything would be back to normal by the evening of 17/3/44. After consulting Col Crowdon by telephone, Major Price informed Sig Gentili that the decision of the C.E.B. was that only after conditions were restored to normal could any consideration be given to his request.

Sig Gentili then suggested to Major Price that as the workers had decided to continue work normally it would only aggravate the situation if a Military Officer were to meet the workers and make a statement. Major Price agreed to this suggestion.

Colonel Crowdon received a delegation of the workers at 1415 hrs same date.

- Q. Are you representatives of the S.M.E. workers or of a labour organisation?
- A. We represent the workers of S.M.E.
- Q. Did Sig Gentili convey to you my message that' (repeat of para 2, above) ?

A. No.

- Q. Do you realize that by striking you are assisting the enemy?

A. (Cries of No.) We are prepared to fight for the Allies if necessary. (para 2 above was repeated to the workers' ~~delegation~~)

Col Crowdon assured the workers that they would be fed by the Army under the same conditions as other workers who were working for the Army.

The delegation was then dismissed its attitude was quite friendly throughout the discussion.

* See note overleaf.

*Before being dismissed the delegation was instructed to tell the workmen to return to normal working conditions immediately and to report to this office at 0900 hrs on Saturday 16/3/44 that this instruction had been carried out.

The delegates did not report to this office as instructed.

19/7
ANNEX B. (1)

MEMORANDUM ABOUT THE ENFORCEMENT OF THE REGIONAL ORDER N.2 OF THE ALLIED MILITARY GOVERNMENT AND ABOUT THE TOTAL CHARGES ENSUING THEREFROM FOR THE COMPANY.

cccccccccccc

1st QUESTION.

Which was the average monthly salary that an employee of the S.M.E. received before the raise and which will be the salary an employee will get after the raise?

ANSWER:

As the employees of the S.M.E., according to the Company's regulation are classed in six categories, the average monthly pay of an employee of each category was and will be as follows:

Category	Average salary incl. extra fees for presence		Average addit. fees for those who have a fa- mily at their charge		TOTALS	
	before the raise	after the raise	before the raise	after the raise	bef;	afte:
<u>MANAGEMENT</u> : Managers, Assistant- Managers, Attorneys, Chief Eng. and func- tionaries of equiv. rank.	4.766,==	6.642,==	199,=	199,==	4.965-	6.841-
<u>1st CATEGORY-Group A:</u> Chiefs of most impor- tant services, of groups of plants, direct co- operators of the ma- nagement of the Co.	3.236,==	4.883,==	199,=	199,=	3.435-	5.082-
<u>1st CATEGORY-Group B:</u> Chiefs of Services, Of- fice Chiefs, Techn. fore- men and other techn. & administr. employees of equivalent rank	2.589,==	4.065,==	199,=	199,=	2.788-	4.264-
<u>2nd CATEGORY -Group A</u> Admin; & Techn. employees	2.535,==	3.995,==	199,=	199,=	2.734-	4.194-

756
56

- 2 -

<i>Category</i>	Average salary incl. extra fees for presence		Average addit. fees for those who have a family at their charge		TOTALS	
	bef. the raise	aft. the raise	bef. the raise	aft. the raise	bef. the raise	aft. the raise
3rd CATEGORY-Group A: Adminstr. & Techn. empl. performing more executive work	1.338,=-	2.240,=-	199,=-	199,=-	1.537,=-	2.439,=-
3rd CATEGORY-Group B Assistant & Subaltern employees (typists, office & cash-dept. clerks and so on)	1.064,=-	1.802,=-	199,=-	199,=-	1.263,=-	2.001,=-

It must be kept in mind that, besides their fixed monthly salary, the employees receive an annual gratification, amounting to a 13th salary. Some of them get also fixed indemnities for special services. Besides, increased salaries are paid for all work done beyond and in addition to the ordinary working time.

2nd QUESTION

Which is the whole monthly expenditure for salaries the Company had and will have to face before and after the raise?

ANSWER.

In view of the classification in six categories, the total monthly charges for salaries (for each category and general) was and will be as follows:

a) Average amount of salaries monthly paid to employees before the raise:

	Management	1.A	1.B	2.	3.A	3.B
- Categories:	42	25	20	139	299	294
- N. of employees						
- Salaries & indemn. of presence	200.172,=-	80.900,=-	51.780,=-	352.365,=-	400.062,=-	312.816,=-

GENERAL TOTAL AMOUNT: 755 1.398.095,=-

- 3 -

b) Average amount of salaries monthly to be paid to employers after the raise:

- Categories	Management	1.A	1.B	2.	3A	3B
- N. of employees	42	25	20	139	299	294
- Salaries & indemn. of presence	278.989	122.080,=	81.314,=	555.374	669.999	529.905

GENERAL TOTAL AMOUNT L. 2.237.661,=
have

From these sums the amounts of the indemnities for presence *have* to be detracted because these latter do not affect the other items provided for in the labour contracts and following percentages must be added instead:-

- a) a rise of 8,33% for the 13th month salary
- b) an average rise of 10% for indemnities
- c) " " " " 10% " work beyond office time
- d) " " " " 40% " accessory charges (social insurances, contingency funds, additional fees for family charges; fund for called to army employees, mutual sick fund for employees, dismissal indemnities).

The greater expense the Company has to face because of the adjustment of salaries will therefore amount in round figure to L.ire 15.650.000,==

3rd QUESTION

Which was the average daily wages a workman of the Company got before and which the one he will get after the adjustment?

ANSWER.

As the workmen of the S.M.E., according to the Company's regulation are classed in three categories, the average daily wages of a workman of each category was and will be as follows:-

(See next page)

752

- 4 -

<i>Category</i>	<i>Average ^{Salary} incl. extra fees for presence</i>		<i>Average addit. fees for those who have a family at their charge</i>		T O T A L S	
	bef. the raise	aft. the raise	bef. the raise	aft. the raise	bef. the raise	aft. the raise
- 1st CATEGORY: Selected qualified workmen (f. inst.: foremen, workmen specialized in assembling and mounting electr. and mechan. fittings and machines, licensed steam-engine drivers, and so on)	42,95	72,05	8,75	8,75	51,70	80,80
- 2nd CATEGORY: Unqualified workmen, ~~porters~~	37,45	63,25	8,75	8,75	46,20	72,00
- 3rd CATEGORY: Assistant workmen, porters, caretakers and watchmen.	32,90	55,95	8,75	8,75	41,65	64,70

It must be kept in mind that, besides the aforesaid wages the workmen are given an annual gratification whose amount equals 116 hours wages. Some of them get also fixed extra fees for special services. Besides, increased wages are paid for all work done beyond and in addition to the ordinary working time.

4th QUESTION

Which is the whole daily expenditure for wages the Company had and will have to face before and after the adjustment ?

ANSWER

In view of the classification of the workmen in three categories, the total daily charge (for each category and general) was and will be ^{75.3} following:

- 5 -

a) Average amount of wages paid before the adjustment

-Category	1st	2nd	3rd
-N. of workmen	211	472	610
-daily wages incl. fees for presence	9.042,==	17.676,==	20.069,==

TOTAL DAILY AMOUNT: L. 46.757,==

b) Average amount of wages to be paid after the adjustment

-Category	1st	2nd	3rd
-N. of workmen	211	472	610
-daily wages incl. fees for presence	15.202,==	29.854,==	34.129,==

TOTAL DAILY AMOUNT: L. 79.185,==

From this fixed daily amount that of the additional fees for presence must be detracted, because these latter, do not affect the other items provided for in the labour contracts; the following percentages must be added instead:

- a) a rise of 4% for gratifications;
- b) an average rise of 10% for indemnities;
- c) " " " " 10% " work done beyond working time
- d) " " " " 40% " accessory charges (social insurances, contingency fund, additional fees for family charges, fund for called to army workmen; mutual sick fund for workmen, industrial accident insurance).

The greater expense the Company has to face because of the adjustment of wages will therefore amount, in round figure, to L. 16.800.000 per year.

o
o o

In the whole the greater expense for salaries and wages sums up to L. 32.450.000 per year. Should we even take into consideration our extraordinary workmen, viz., those whose work is not ruled by our ordinary labour contract, then a further greater expenditure of L. 1.200.000⁷⁵² should be added to the figure above.

NAPLES, December 18th, 1943.

ANNEX CMEMORANDUM ABOUT HOW THE STAFF OF THE SOUTHERN ELECTRIC CO. HAS ACCEPTED THE REGIONAL ORDER N° 2 CONCERNING THE ADJUSTMENT OF SALARIES AND WAGES.QUESTION :

Were the employees and workmen of the Southern Electric Co. satisfied with the increase ?

Answer :

They wish they had obtained more; they had even asked that an indemnity for the high living costs should instead be paid to them, whose fixed amount was to be of L. 120 a day, for all the categories.

We feel however that the employees are more satisfied than the workmen, as these latter actually get wages whose average standard is much lower than that of the salaries, because the workmen labour contract was agreed upon far before the stipulation of that for the employees (the former dates from 1929, the latter from 1939).

We must also add that our personnel which long since had lived on in a state of economical instability - has met, from last September on, with such difficulties as cannot possibly be got over.

Since then the Company has been bound to grant them three successive loans; for a total amount of L. 3.700.000. Now our dependants ask that an allowance be granted by the Company for the whole amount of the sums they have already borrowed and even request that a further sunk subsidy of L. 3.000 - be paid to each of them, in order to enable them to face all debts they had to contract till now, as they state.

Should these two requests be fully or even partially granted, then even the power sale rates proposed in our memorandums (see Annex A and D) ought to be furtherly raised.

We can however affirm that no further increase would be demanded by our staff, were it only possible to meet its elementary needs, by means of an adequate supplying of necessities at normal prices.

NAPLES Dec. 20th 1943.

ANNEX D -

MEMORANDUM ABOUT A FURTHER RAISE OF THE POWER SALE RATES REQUESTED BY
THE COMPANY IN CONSEQUENCE OF THE ENFORCEMENT OF THE REGIONAL ORDER N.2

While carrying out the directions of the A.M.G. Regional Order n. 2, concerning the temporary adjustment of salaries and wages, we have noticed that the charges arising therefrom for the Company - by a literal interpretation of the order's text.- are much heavier than those reckoned with in the memorandum which was handed over to Capt. Wingate already on Nov. 22nd 1943 and has then been filed to the Financial Section of the A.M.G. (Capt. Pommeroy).

That memorandum was about a request of increase in the power sale rates because of the state of the electrical plants and of the increase in some expenses ~~arising~~ from the present circumstances, among which the expenses for the staff rank.

As it can easily be inferred, the ~~heaviest~~ charges result from the ~~greater~~ percentage of increase for the wages and from the even more noticeable raise of the salaries and of their accessory charges.

The whole greater increase is deemed to amount to ~~not less than~~ ^{about} L. 8.500.000 per year, so that the presumptive total of the greater expenditure goes from L. 136.000.000 up to L. 144.500.000 per year.

In the aforesaid memorandum we already ~~tried~~ to demonstrate that the thereby requested adjustment of rates was still inadequate to make good for the deficit arising both from the greater expenses and the reduction of our incomes; now the deficit sums up to ^{almost} 16 millions lire.

It is a matter of course that such a deficit could not be accepted; but it could be partly got over by means of a further 10 per ^{7.50} cent average raise of the adjusted rates as proposed in the memorandum.

Should this further increase be allowed, there would still remain a deficit of more than L. 3.000.000; actually this will even prove greater because of the fact that the rise of the salaries and wages will also

effect the item "miscellaneous expenses" quoted in the memorandum: the greater expenditure for the staff, that all industries will have to face, shall indeed cause a rise in the costs of raw materials, transportation and so on, greater, than it had been foreseen.

All the above is independent of what stated in the Annex C.
