Memorandum No. 214

Subject : Request of Transformer Oil.
Soc. Montecatini - Fabbrica di colla d'ossa, grassi e concceria - Roma.

To : HQ. A.C. PUBLIC WORKS AND UTILITIES SUB-COMMISSION.

1. The above Company has requested CIP an allocation of :

50 Kgs. of Transformer Oil. 50 Kgs

2. This quantity is needed for the filling of the apparatus under mentioned :

- 2 starting rheostates for 25 HP engines
- 2 " " " 10 HP "
- 1 distance-switch of 220 V. - 150 A.

3. At present Soc. Montecatini has filled these apparatus with Transmission Oil due to lack of Transformer Oil, but this resulted in serious inconveniences. Therefore it is necessary to provide same with proper type of oil.

4. It is our opinion that the request is justified.

5. Attached is the declaration of the electric power supplying company.

Memorandum No. 215

Subject : Request of Transformer Oil.
Agro Pontino Mills - Latinia.

To : HQ. A.C. PUBLIC WORKS AND UTILITIES
SUB - COMMISSION.

1. The above Firm has requested CIP an allocation of :

600 Kgs. of Transformer Oil. 500 Kgs

2. The applicant declares that this quantity is necessary for the filling of the following equipment :

- 1 Transformer of 250 KVA - 20.000/260 V.
- 1 Switch (regarding the above apparatus)

3. The pre-existing fillings were lost following sabotage by the Germans, who burned them with flame-throwers.

4. Actually the apparatus are under repairs at Firm S.A.C.E.T., 88, Via Ostiense - Rome and are awaiting for the oil to be tested and successively put in operation.

5. CIP thinks that the request is justified.

6. Attached is the declaration of the electric power supplying company.

7. Will you please let us know your decisions on the matter.

Memorandum No. 212

Subject : Request of Transformer Oil.
Firm Fratelli Fumagalli,
Sassari.

To : HQ. A.C. Public Works and
Utilities Sub-Commission.

1. The above Firm has requested CIP an allocation of:

300 Kgs. of Transformer Oil.

2. This quantity is necessary for the filling of the following apparatus, which were recently repaired and now must be put in operation :

- 1 Transformer of 15 KVA - 15000/260/150 V.
- 1 " " 12 KVA - "
- 1 " " 10 KVA - "

300

3. In addition it is needed to reinstate the level of 7 transformers, with power varying from 10 up to 50 KVA - 15000/260/150 V.

4. The Firm Fumagalli distribute electric power to the Sassari Province.

5. CIP thinks that the quantity requested is justified.

6. We are awaiting your decisions on the matter.

Memorandum No. 208

Subject : Request of Transformer Oil.
Ferrovie Elettriche Abruzzesi,
Pescara.

To : HQ. A.C. PUBLIC WORKS AND
UTILITIES SUB-COMMISSION.

1. Reference to our Memo No. 421, 23 April 45 addressed to AFHQ Petroleum Section, Rome Area Allied Command.

2. The above Firm has requested CIP a further allocation of :

800 Kgs. of Transformer Oil.

3. This quantity, which is needed for the same purposes mentioned in the aforesaid letter, has to be added to the 1500 Kgs. already allotted to complete the charges of the apparatus.

4. The previous request was made on the basis of a wrong valuation of the capacity of the above mentioned apparatus. In effect, the capacity of 1 Transformer of 1020 KVA – 6640 V. varies, according to the manufacturing Firm, from 1.700 Kgs. up to 1900 Kgs.

5. Mr. Vetere has already spoken with you about the foregoing.

Memorandum No. 202

Roma, 7 June 1945
Via del Tritone, 181

Subject : Request of Transformer Oil.
S.A.I. per la Produzione Calci & Cementi di Segni - Vibo Valentia Installation.

To : Eq. A.C. PUBLIC WORKS AND UTILITIES Sub-Commission.

1. The above Firm has requested CIP an allocation of Transformer Oil necessary to reinstate the level of the following equipment :-

1 Transformer of 2000 KVA - 60.000/6.000/500 V.
3 Oil switches of 60.000 V.
3 " " " 6.000 V.
3 " " " 500 V.
3 Switches for a tension of 60.000 V.
28 Starting rheostates of which 2 of 6000 V. and 26 of 500 V.
47 Reducers of 500 V.
44 Starters for large engines
83 Safety switches.

250 Kgs

2. As the total contents of the aforesaid apparatus is of about 8000 Kgs. and as an average of 4% is needed for the reinstatement of the normal levels, CIP thinks that an allocation of 300 Kgs. of Transformer Oil would be sufficient.

3. Attached is the declaration of the electric power distributing company.

C/o A/C Advanced Section Electr.Div. P.W. & U. S/C
C i/c Electr. Div. P.W. & U. S/C A.C. Milan Office

1. It appears necessary once again to set out the procedure, which is to be adopted in order to obtain Transformer oil.

2. Transformer oil is highly refined and can be used for many purposes other than electrical it is necessary therefore, that a strict control be exercised in its distribution.

3. In consultation with AFHQ Petroleum Section, C.I.P. the distributors, and this Division it was agreed that Electrical Division P.W. & U. S/C this HQ should carefully screen all demands and approve the release.

4. The organization is as follows, the elect. Division this HQ is responsible to AFHQ for an estimate of future requirements, on the basis of that estimate, AFHQ bid for import, the transformer oil is imported into a base depot (usually near the port) and is released to C.I.P. depots as demanded.

5. Procedure. The electrical Companies place their demands on the distributors (C.I.P. nearest office) these demands are forwarded to C.I.P. head office which office pass the demands to this Division for screening. If approved the approval is forwarded to C.I.P. Head Office copy to AFHQ Pet Sec, and AFHQ automatically release to C.I.P.

6. We are informed by both AFHQ and C.I.P. that this system is working very well and with very little delay to the applicant.

7. In the case of industrial users, it is necessary that a certificate, signed by the electricity company, be furnished with the application to the effect that a supply of electricity is available and that the industrial user is authorized to use the electrical plant.

Memorandum No. 203

Subject : Request of Transformer Oil.
S.A. Cellulosa Lucana, Salerno.

To : HQ. A.C. PUBLIC WORKS AND UTILITIES SUB-COMMISSION.

1. The above Firm has requested CIP an allocation of :

550 Kgs. of Transformer Oil. 100 Kgs.

2. The applicant declares that this quantity is neccessary for the following purposes :

- to complete the refilling of 1 Transformer of 130 KVA - 30260 V. The actual contents covers a little more than 2/3 of the normal level.

- to fill an automatic switch of 30.000 V. at 100 A.

3. It is our opinion that 130 Kgs. would be sufficient for the aforesaid purposes.

4. Attached is the declaration of the electric power supplying company.

5. Please let us know your decisions in this respect.

Memorandum No. 188

Subject : Request of Transformer Oil.
Lanificio di Ponte Felcino,
Ponte Felcino (Perugia).

To : HQ. A.C. PUBLIC WORKS AND
UTILITIES SUB-COMMISSION.

1. The above Firm has requested CIP an allocation of :

17 Kgs. of Transformer Oil. agreed

2. The applicant declares that this quantity is necessary for the periodical reinstatement of the level of the following equipment :

- 1 Transformer of 222 KVA - transformation rate 3000/260 V.
- 1 " " 35 KVA - " " 3000/260 V.
- 1 " " 35 KVA - " " 10000/3000 V.
- 3 Switches " 12, 18, 120 A. - 260 V.
- 2 Distance-switches of 8 A. each.

3. CIP thinks that the request is justified.

4. We are not attaching the declaration required as the applicant produces by own means the electric power needed for its factory.

5. We are awaiting your decisions on the matter.

Subject: Request for allocation of Transformer Oil. Soc. An. per l'Esercizio di Pubblici Servizi, Esercizio Ferrovia Cumana, Naples.

To : HQ. A.C. Public Works and Utilities Sub-Commission.

200 Kgs.

1. CIP has received the following request from the above indicated Company:

235 (two hundred thirty five) Kgs. Transformer Oil

Same declares that this quantity is needed for completing the filling of the apparatus shown below:

No. 1 Three phase admission switch with an operating tension of 12.000 V.

10 Kgs. are needed for completing the filling.

No. 3 Oil switches for starting syncronous motors.

150 Kgs. are needed for completing the filling.

No. 3 Three phase starting transformers of 460 KVA, transforming rate 9200/4600 V.

60 Kgs. will be needed for completing the filling.

No. 1 Three phase transformer of 6 KVA, transforming rate 9200/60 V.

10 Kgs. will be needed for completing the filling.

No. 5 current reducers, transforming rate 60/5 A

2 Kgs. are needed for completing the filling.

No. 3 Single phase transformers, transforming rate 9200/110 V.

3 Kgs. are needed for completing the filling.

Memorandum No. 170

Subject : Request of Transformer Oil.
Firm Nerini & Bardelli -
Prato.

To : HQ. A.C. PUBLIC WORKS AND
UTILITIES SUB-COMMISSION.

1. The above Firm has requested CIP an allocation of :

100 Kgs. of Transformer Oil. 80 Kgs

2. The applicant states that this quantity is necessary for the total filling of the following equipment :

- 1 Transformer of 40 KVA - transformation rate 9000/260 V.
- 1 Automatic swtich - inserting power 10.000 V.

The pre-existing oil has been lost following war operations.

3. CIP thinks that the request is justified.

4. Attached is the declaration of the electric power supplying company.

5. Please let us know your decisions in this respect.

Subject : Request of Transformer Oil.
Soc. Chimica dell'Aniene -
Rossignano Solvay Inst.
(Leghorn).

To : HQ. A.C. PUBLIC WORKS AND
UTILITIES SUB-COMMISSION.

1. The above Firm has requested CIP an allocation of :

800 Kgs. of Transformer Oil. ✓

2. The applicant declares that this quantity is needed to complete the refilling of the following equipment :

- 1 transformer of 1730 KVA - transformation rate 6000/54 and
- 104 distance-switches of 220 V.

3. The laking oil was picked up, by order of the Allied Authorities, to complete the refilling of two other transformers damaged following war operations, and rehabilitated to supply electric power to the town of Leghorn.

4. In our opinion the quantity requested is justified.

5. Attached is the declaration of the electric power supplying company.

6. Please let us know your decisions on the matter.

Pet - Fuel 2 B

Da compilarsi in duplice copia

Ricevuta N.° 345

Al COMITATO ITALIANO PETROLI (C. I. P.)

Data. Maggio 1965

Deposito Provinciale di POTENZA

Richiesta di oli e grassi lubrificanti - oli di vaselina per scopo di lubrificazione e di olio per trasformatori

(Dalla presente richiesta deve escludersi il fabbisogno di lubrificanti destinati a motori a scoppio ed a combustione interna - sia mobili che fissi - ed il fabbisogno di lubrificanti e di oli per trasformatori delle Aziende produttrici e distributrici di energia).

Trimestre: dal aprile al giugno 194 5

Ditta S.A. CELLULOSA EUCANA - per azioni -

con sede in SALERNO - Corso Garibaldi 130

Genere di industria CARTIERA

per lo Stabilimento di FENOSI (Prov. di Potenza)

(Le Aziende che posseggono due o più Stabilimenti debbono compilare richiesta separata per ogni Stabilimento).

(Provincia di POTENZA)

Si richiamano gli articoli 6, 7 e 8 della legge 8-7-1941 N. 645

Art. 6 - Chiunque, avendo ricevuto, per disposizione delle Autorità, contingenti di merci, dà ad essi una destinazione diversa da quella per cui sono stati assegnati, è punito con la reclusione fino a tre anni e con la multa fino a L. 20.000.
La stessa pena si applica a chi, avendo l'obbligo di impiegare in modo determinato le merci di cui dispone, dà ad esse una destinazione diversa.

Art. 7 - Chiunque fa commercio di cose delle quali è venuto in possesso violando le norme per il razionamento o per il contingentamento di esse, o altrimenti le impiega a scopo di lucro, è punito con la reclusione fino a tre anni e con la multa fino a L. 20.000

Art. 8 - Chiunque, mediante false attestazioni o dichiarazioni mendaci, procura a sè o ad altri l'attribuzione di contingenti o di razioni di merci che non gli spettano o maggiori di quelle spettantigli, è punito, se il fatto non costituisce reato più grave, con la reclusione fino a un anno e con la multa fino a L. 10.000.

Declassified E.O. 12356 Section 3.3/NND No. 785019

e di olio per trasformatori

Subject : Electric power companies requirements.
Soc. Elettrica Mormannese - Mormanno (Cosenza).

To : HQ. A.C. PUBLIC WORKS AND UTILITIES
SUB COMMISSION.

1. The above Firm has requested CIP an allocation of :

30
100.

100 Kgs. of Lubricating Oil
333 " " Transformer Oil .

2. Soc. Elettrica Mormannese declares that the lubricating oil is necessary for the lubrication of the following machinery :

- 1 electric engine for the operation of a 5 HP pump
- 1 three-phase alternator of 113 KVA at 260 V.
- 1 " " " 75 KVA " 260 V.

3. The Transformer Oil is required for :

a. the total filling of :

- 1 Transformer of 5000 V. - installed at Salviera Power Plant

b. the reinstatement of the level of :

- 1 Transformer of 5000 V. - installed at Battendiero Power Plant
- 1 " " 8000 V. - " " Salviera Power Plant
- 1 " " 8000/150 V. - " " Frazione Avena Cabin
- 1 " " 8000/150 V. - " " Papasidero "
- 1 " " 5000/150 V. - " " Battendiero "
- 1 " " 5000/150 V. - " " Salviera "

4. The quantity requested covers a three months requirement.

5. The data supplied by the applicant on the transformation apparatus are not sufficient to consent us to give our opinion about the requested quantity.

6. Please let us know your decisions on the matter.

Memorandum No. 141

Subject : Electric power companies requirements.
Ditta F.lli Risoli - Francaville M.
(Cosenza).

To : HQ. AC. PUBLIC WORKS AND UTILITIES
SUB COMMISSION.

1. The above Firm has requested CIP an allocation of :

120 Kgs. of Transformer Oil.

2. The applicant states that this quantity is needed for the partial filling of the following equipment :

- 1 Transformer of 30 KVA - tension 260/6000 V.
- 1 " " 36 KVA - " 6000/260/150 V.

3. As the 2 transformers have a total capacity of about 250 Kgs. it is our opinion that a consumption of 120 Kgs. would have lowed the levels beyond the minimum quantity required to guarantee a good functioning.

4. If you think it necessary we may make further enquires and let you know the results.

5. We are awaiting your decisions on the matter.

Memorandum No. 117

Subject : Request of Transformer Oil.
Dolores Papaleo - Aradeo (Lecce).

To : HQ. A.C. PUBLIC WORKS AND
UTILITIES SUB-COMMISSION.

1. The above Firm has requested CIP an allocation of :

100 Kgs. of Transformer Oil.

2. The applicant states that this quantity is necessary for the total filling of :

1 Transformer of 15 KVA - transformation rate 18.000/260 V.

3. It is our opinion that 80 Kgs. would be sufficient to cover said needs.

4. Attached is the declaration of the electric power supplying company.

5. Please let us know your decisions on the matter.

Memorandum No. 109

Subject : Request of Transformer Oil.
Pietro Miliani Paper Mill - Fabriano.

To : HQ. A.C. PUBLIC WORKS AND UTILITIES
SUB - COMMISSION.

1. The above Firm has requested CIP an allocation of :

3,300 Kgs. of Transformer Oil.

2. The applicant declares that this oil is necessary for the total filling of the following equipment, the charges of which were destroyed following war operations :

- 2 Transformers of 450 KVA - transformation rate 15.000/3000 V.
- 3 " " 200 KVA - " " 3.000/200 V.
- 5 Automatic switches in bath oil.

3. It is our opinion that the quantity requested is justified.

4. The Miliani Paper Mill has to start urgently the production of bank notes paper for account of the Italian Covernment.

5. We understand that the above Paper Mill has already obtained the supply of electric power.

6. In consideration of the urgency of this request, we send it without the declaration of the electric power supplying company which will be forwarded as soon as in our hand.

7. Please let us know your decisions on the matter.

Memorandum No. 101

Subject : Request of Transformer Oil.
S.A. Ledoga - Catanzaro Marina.

To : Hq. A.C. PUBLIC WORKS AND UTILITIES SUB-COMMISSION.

1. S.A. Ledoga has requested CIP an allocation of :

41 Kgs. of Transformer Oil.

2. The applicant states that this quantity is necessary for the reinstatement of the levels of the following equipment :

- 9 rheostates for the starting of electric engines, one of which for a 105 HP engine.
- 7 automatic switches, one of which for a 155 HP engine.

3. It is our opinion that the quantity requested is justified and covers said needs.

4. We are not attaching certificate of the electric power supplying company because S. Ledoga hold 2 thermoelectric power stations for a total amount of 300 KVA and produces directly the electric power needed in the functioning of its plants. S.A. Ledoga hold the "license for the operation of electric power plant" No. 128 dated 3 Jan. 45 issued by Ufficio Tecnico Imposte di Fabbricazione of Catanzaro.

5. We are awaiting your decisions on the matter.

Rome

We refer to our previous request concerning various materials we have addressed to you on March 6th ult.

In connection with the expected transfer of P.W.B.s services to our administration and with the aim of ensuring the necessary continuity of the said services, at least 1500 litres of transformer oil should be put at our disposal.

We need this oil to fill one 1000 KVA transformer which is about to be repaired. This transforer is the twin of the only one which now feeds Torrenova Station completely.

We beg you therefore to comply with our request in as much as the oil in question is not available on the market.

037/2

MEMORANDUM

1) The Electric Companies have received during the months of February, march and April about 5,800 tons of foreign coal shipped from Fumicino.

2) The Societa' Romana Gas informs now that about 5,200 tons of this coal have been collected by mistake, since they were intended for it. 273

3) The mistake, according to the Romana Gas, has been fostered by the following circumstances:

a) Neither Romana Gas nor the Electric Companies knew exactly the amount of their respecture allocations of coal

b) The waggons were shipped without labels, and the documents followed them with a certain delay

c) The shunting of waggons to Gas Co. and Electric Cos. was stated by S.R. (Ostiense Sidings) The S. Railways allowed the delivery to be made to El. Cos., irrespective of the fact that the documents were mued for "Gas Works" instead of "Electric Company". They probably presumed that the waggons were bearing such address because of the fact that they had to be shunted 448 to the Gas Works' junction

d) The cars were procesed on the track of El. Cos. by the Romana Gas, which did never raised any objection

e) Both the Coal Section and the Supply Section (of PWU were informed daily of the arrivals and collections, and no contrary order was ever given by them.

Declassified E.O. 12356 Section 3.3/NND No. 785019

4) The Electric Cos. used to burn lignite, but they had been told by the PWU that they had to build up large stocks. This was impossible to be done with lignite, owing to its self-combustion, and so they thought it natural to receive coal for stock-piling purposes.

4) The above is pointed out because the Società Romana Gas requests the restitution of 5,200 tons of coal, and, should this be made, the Electric Companies would have to do without a preservable stock-pile, in opposition with the instructions of PWU.

Rome, 21 April 1945.

All'ELECTRICAL BOARD

ROMA

La Società FORZE IDRAULICHE DELL'APPENNINO CENTRALE, con sede in Pistoia, Via Pratese, 15, esercente l'impianto di produzione e distribuzione di energia elettrica nella Provincia di PISTOIA domanda che le venga concessa la quantità di kg. 6.000 d'olio isolante necessaria per il riempimento di un trasformatore da 5.000 kVA a 65 kV e di uno da 1.000 kVA a 30 kV.

Detti trasformatori furono danneggiati dai sabotatori tedeschi e trovansi già in stato di avanzata riparazione, per cui è necessario che l'assegnazione richiesta sia concessa con sollecitudine, onde non ritardare l'entrata in servizio di queste unità, indispensabili per assicurare il servizio di distribuzione nella zona servita dalla scrivente Società.

Con ossequio.

Soc. Meridionale di Elettricità (S.M.E.) - Naples.

To : HQ. A.C. Public Works & Utilities Sub-Commission.

1. The above indicated Company has requested CIP an allocation of:

85.000 Kgs. (eighty-five thousand) Transformer Oil

2. S.M.E. is presently rehabilitating several distributing sub-stations and it is necessary to provide for the fillings shown below:

- Sub-station of Agnano IIº

No. 1 transformer of 24.000 KVA 150/60/9 V. 30.000 Kgs.

- Sub-station of IIIº Salto del Pescara -

No. 1 transformer of 20.000 KVA 150/25/6 V. 35.000 "

- Sub-station of Lete

No. 1 transformer of 12.000 KVA 60/69 V. 20.000 "

3. Please advise us as to your decisions on the foregoing.

Memorandum No. 79.

Subject: Electric Companies requirements (Lubricants).
Electrical Group Soc. Meridionale di Elettricità (S.M.E.) - Naples.

To : HQ. A.C. Public Works & Utilities Sub-Commission.

1. We had duly informed S.M.E. as regards anticipated requirements for 1945 made out by you in December 1944.

2. Soc. Meridionale has notified us the effective annual needs resulting from examination of requirements of machinery installed in each individual station or sub-station presently operating, and summary of this detailed examination is given in the attached lists.

Results are shown below:

S.A.E. 10 - 1945 allocation	-	3.000 Kgs.	sufficient	2.040 Kgs.
" 30 - " "	-	- "	necessary	80 "
		3.000 Kgs.		2.140 Kgs.
N.S. 3050 - " "		18.000 "	necessary	34.220 "
N.S. 2190 - " "		8.000 "	"	8.100 "
Soluble Cutting Oil A x S 1469 " "		- "	"	420 "

CIP

2. Naturally the consignments effected from 1st Jan. 1945 up to the present must be deducted from the quantities indicated as annual requirements by the stations and sub-stations.

3. In addition S.M.E. is presently repairing several sub-stations and independent of the requirements of same when they will be in operation, said Company has requested the following quantities to CIP for filling the equipment installed:

<u>Sub-station of Agnano II</u>		
2 synchronous motors of 10 MVA - 675 cycles 14	N.S. 3050	550 Kgs.
<u>Sub-station of Aventino</u>		
Regulator and alternator turbine 12800 KVA - 270 cycles p. 1'	N.S. 3050	3.000 "
Gear box of grue	Grease No. 3	200 "
<u>Sub-station of Lete</u>		
Regulator and alternator turbine of 7000 KVA 540 cycles p. 1'	N.S. 3050	1.300 "

In total 4.850 Kgs. N.S. 3050
200 " Grease No. 3

4. The quantities for first fillings are needed during the present second quarter of 1945.

5. Please advise us as to your decisions in respect of the foregoing.

Subject : Coal- Rome Power Plants

To : Director, Industry Sub Commission
(Coal Division)

1. Reference conference held in the room of Chief Electrical Division AC HQ 18 April 1945 (Colonel Evans in attendance).

2. It is confirmed that the solid fuel stocks at the Rome Power Plants are approximately 8000 Tons which amount is sufficient for 40 days running of the plants at estimated present output.

3. It is intended that the Rome Power Plants shall be run daily at 10.000 Kw for 16 hours per day turning out 160.000 Kwhs at an estimated consumption of 1.4 Kgs of coal per Kwh which means that the amount of coal required daily will be 224 Tons. We shall be glad, therefore, if you will arrange to deliver not less than 200 Tons of Coal daily to the above plants until further notice.

4. We will bear in mind to give you timely notice if it is proposed to deviate from the above quoted consumption.

5. This letter cancels our 6/1-132/PWU dated 13 April 1945.

Memorandum N° 73

Subject: Request for Allocation of Mineral Oil.
Soc. SPERO - Gestione L'Insulare - Catania.

To: HQ. AC., Commerce Sub-Commission

I. The above Company, producer of carbon-sulphide, was granted an allocation of IO.OOO Kg. of Medium Heavy Lubricating Oil during the last months for the needs of its activity. The request was at that time addressed to AC., Catania, (Maj. Watson) which, after having checked the actual needs, approved the allocation.

2. As at present the proper Offices of AC. in Sicily have ceased to exist, SPERO Company has requested CIP for a new allocation of

IO.OOO Kgs. Medium Heavy Lubricating Oil.

3. The applicant declares:

- requested Mineral Oil is needed in this manufacture as absor= bent material for carbon-sulphide;
- said quantity is necessary in view of operating eight other furnaces in addition to the twelve already in operation;
- production of carbon-sulphide is put at the disposal of Ministry of Industry and AC. in Rome.

4. Please find herewith attached copy of a letter from said Company with technical details as regards the use of this Oil. 4469

5. We are awaiting to know your decisions in this respect.

Memorandum No. 80.

Subject: Request for allocation of
Vaseline Paste and Medicinal
Vaseline Oil.
Tubi Lux - Laboratorio Specializzato
Farmaco Oftalmico Italiano, Naples.

To : HQ. A.C. Commerce Sub-Commission.

1. The above named Firm has requested CIP an allocation of:

750 Kgs. (seven hundred fifty) Vaseline Paste
150 " (one hundred fifty) Medicinal Vaseline Oil

2. The request covers the needs of the 2nd quarter of 1945 and will be used for the same purposes for which you authorized similar total quantities for the last three months of 1944 and 1st quarter of 1945.

3. In the present request the above Laboratory has left unchanged the total rate of 900 Kgs. but has reduced the Vaseline quantity, proportionately increasing the Vaseline Paste, this because a scarce Oil absorption by the Vaseline was discovered during preparation.

4. Please advise us as to your decisions in this respect.

Subject: Request for allocation of Transformer Oil.
"TERNI" - Societa per l'industria e l'elettricita - Rome.
Chemical-Electric plant of Papigno
Nera Montoro plant.

To : AFHQ Petroleum Section
Rome Area Allied Command.

1. CIP has received the following request from the above indicated Company:

16.600 (sixteen thousand six hundred) Kgs.Transformer Oil and same declares that:

8.500 Kgs. are necessary to the Chemical-Electric plant of Papigno for:
a) completing the filling of No.1 transformer of 24.000 KVA
" " " " " 3 " " 1.400 "
It is to be noted that 1.500 Kilos of this product are available at the plant for the total filling of the equipment.

Primary voltage: 85./ 65.000

b) Normal maintenance of No. 10 transformers of varying power from 45 to 100 KVA.

8.100 Kgs. are required by the Nera Montoro plant for:

a) re-establishing levels in No. 4 transformers 32.400 KVA
" " " " " 4 high tension switches
Primary voltage from 85.000 / 65.000
b) Completing the filling of No. 1 transformer of 20.000 KVA for which 9.700 Kgs. of said product are also available at this plant.
Maximum tension: 85.000 V.

2. We are not attaching certificate of this electric power supplying Company because, as Petroleum Section knows, Societa TERNI of which group the above named plants are part, is a producer and distributor of electric power:

4. As regards the other products requested by the above Company we wish to point out that same are available as follows:

A.G.O. - free at Leghorn Main Installation

Fuel Oil - free at Naples Main Installation, as there is no availability of this product at Leghorn, according to information received from P.B.S.

5. On the other hand it seems that in the Elba Island important Stocks of POL are stored at Military Depots. We think it advisable therefore that the requested products are supplied, if possible, to Soc. Elettrica dell'Elba lifting ex said Depots.

6. Please find herewith attached the two letters which you have sent us with your letter 6/I-189/PWU of 30 March 45.

7. We are awaiting to know your views in this respect.

OGGETTO
RIFORNIMENTO LUBRIFICANTI

Cf. 3

La sottoscritta Società Elettrica dell'Elba, con Direzione Generale in Firenze - Via Dé Cerretani 6 e Sede di Esercizio a Portoferraio (Isola d'Elba), gestisce l'impianto per la produzione e la distribuzione dell'energia elettrica nell'Isola d'Elba e nell'Isola di Pianosa.=

Per la produzione dell'energia elettrica sono in esercizio due centrali termoelettriche e precisamente una a Portolongone (Isola d'Elba) ed una all'Isola di Pianosa.=

Per il funzionamento di queste Centrali occorrono, mensilmente, circa Kg.1200 di olio lubrificante del quale abbiamo attualmente una scorta appena sufficiente per il funzionamento di un mese.=

4451

Con la presente rivolgiamo domanda affinchè codesto Ente interessi la Seccium Petroleum per il passaggio di una partita di Tonn.7,5 di olio lubrificante al Comitato Italiano Petroli (C.I.P.) - Deposito di Livorno - per la consegna a questa Società che con il quantitativo di olio suddetto può garantire il funzio=

OGGETTO:

RIFORNIMENTO NAFTA PER CENTRALI TERMOELETTRICHE DI PORTOLONGONE E PIANOSA

La sottoscritta Società Elettrica dell'Elba, con sede in Firenze - Via Cerretani 6, domanda per il funzionamento delle proprie Centrali Termiche dell'Isola d'Elba e di Pianosa l'assegnazione di:

- ql. 3000 olio combustibile per motori Diesel, densità 0,900-0,910
- ql. 300 olio combustibile per avviamento motori Diesel (Gasolio)

I suddetti quantitativi corrispondono al fabbisogno per il periodo Luglio - Dicembre 1945.

Considerando le difficoltà che si incontrano per il rifornimento dell'isola, Vi preghiamo voler esaminare la possibilità di metterci a disposizione il quantitativo richiesto in almeno due volte. 4414

Riteniamo che data l'importanza del servizio da noi svolto, a Voi ben noto, vorrete accogliere ed evadere questa ns. pratica con tutta l'urgenza che il caso richiede.

Restiamo in attesa di Vs. cortese sollecita comunicazione in merito.

Con ossequio.

1. The rehabilitation of electrical plant calls for a large quantity of transformer oil, it is necessary therefore that a strict control be exercised in issuing to all concerned.

2. Applications are being received from numerous small industrial users of electricity and in most cases it is known, that a supply of electricity is either not available or it is restricted, we are, therefore, refusing all applicants and have suggested that additional applications be made but, that the new application must be supported by a certificate from the Electric Power Societa of the district to the effect that a supply of electricity is available and has been authorised to the users.

10 March 1945

SUBJECT: Justification for P.O.L. Requirements - 1945

TO : Agriculture S/C
Industry S/C
Transportation S/C

1. It is desired to establish criteria for estimating and justifying 1945 requirements for gasoline, gas oil, heavy Diesel oil, fuel oil, and kerosene for motor, fuel and illumination. Fuel Section of Commerce Sub-Commission are procuring detailed data on 1938 consumption. It is believed that 1945 requirements can be estimated on the basis of the number of machines scheduled for essential operation in 1945 as compared to those in operation in 1938. 1945 requirements in some cases will not directly follow from the number of machines scheduled for operation but it is believed that the factors which would account for a variation in the requirement per machine can be accounted for sufficiently well to permit reasonable adjustments for these factors.

2. With respect to its normal segment of the Italian economy each sub-commission is requested to supply the following information for all of Italy including the islands, south of the northern boundaries of Lucca, Pistoia, Firenze and Ravenna:

a. Number of machines or devices consuming the above products in operation in 1938;

b. Number of machines or devices required to be in operation by the end of 1945 to meet "A Category" requirements; and

c. A statement of the factors which would tend to alter the consumption rate per machine in 1945 and an estimate of the degree and direction in which each factor would influence the consumption per machine figure.

3. With respect to each category of machines enumerated in reply to the above, the type of petroleum product consumed is also required or if some machines in a given category consume one type of oil and others another type then please designate the proportion of each type or enumerate each type separately. For example: farm tractors - a. kerosene burning, b. Gas oil burning; or locomotive - a. fuel oil burning, b. Diesel oil burning.

4. I am informed that Mr. Stauffer has discussed this problem with members of your Sub-Commission over the past two days, therefore, it is hoped it will not be unreasonable to request the information by Monday night, 12 March.
