SUBJECT ;Fuel oil - Capuano Steam Plant - Naples ENG/2002

To ;H.Q. Allied Commission
Public Works and Utilities Sub-Commission 4 Sept 45
Electrical Division

Reference C.E. 3 District letter CE 6011 dated 31 Aug 45 copy of which is already in your possession.

1. The cut in fuel oil allocation represents approximately a 37% reduction in generating capacity in this station. This we can ill afford at this time, as it cannot be replaced by hydro generation.

2. During October the situation may ease due to (a) increased stream flow (b) the completion of the 150 KV link between TERNI-PESCARA-ARCHI which will permit an exchange of power between Central and Southern Italy.

3. The demand on the system is increasing and it has been necessary to recommend the refusal of a request for 5.000 KW and 360.000KWHrs. from M.R.S. vide C.E. 3 District letter CE/600h/2/2 dated 1 Sept, a copy of which you have.

4. In view of the above circumstances it is particularly requested that the allocation of fuel oil to this station be maintained at its previous level for September and October.

Subject : Request of Transformer Oil.
Soc. Terni – Elettrochimica,
Papigno.

To : HQ. A.C. PUBLIC WORKS AND UTILITIES
SUB COMMISSION.

1. Soc. Terni has requested CIP an allocation of :

20.500 Kgs. of Transformer Oil.

2. The applicant declares that this quantity is necessary for the partial filling of the undermentioned equipment :-

1 Transformer	of	24.000 KVA –	transformation rate		10.000/125 V.
1 "	"	3.000 KVA –	"	"	30.000/6000 V..
2 "	"	1.500 KVA –	"	"	6.000/151 V.
8 "	"	750 KVA –	"	"	6.000/300 V.

29 Switches

3. The pre-existing fillings were taken away by the German Army which left only few hundreds litres of oil in the various containers.

4. CIP thinks that the request is justified.

5. No declaration is attached hereto because Soc. Terni uses the electric power produced by its plants.

6. We are awaiting your decisions in this respect.

28 Aug 45.

Subject :-Fuel for Power Stations - FARNZA and FORLI.

To :-A.F.H.Q. Petroleum Section M.A.A.C.

1. Reference is made to your Ref 30/A/5 dated 24 Aug 45. subject as above.

2. The power plants at Faenza and Forli are both shut down as power is now available from the grid supply.

3. We are informed that these plants consumed approx 1833 barrels of fuel oil each month, and as these areas are now supplied from the grid, it means a saving in fuel oil of approx 270 tons per month, in which case, as this amount has already been slated for them Military channels, it is respectfully suggested that the 270 tons thus saved, be made available to the Capuana Steam Plant-Naples, in addition to the present allocation, in which area the electrical situation is serious until the rainy season sets in, and until recent breakdown of hydro plant can be repaired.

Subject : Electric Power Naples.

To : H.Q. A.A.F. Hyles Commune, A.P.O. 394.

1. Reference is made to your C/2353 dated 25 Aug 45, regarding fuel oil supplies to Capuana Steam Station Naples.

2. The question of future fuel supplies to Capuana has been taken up with A.F.H.Q. Pet Sec R.A.A.C. which Section has informed us that fuel oil for civilian use, is not coming into the Country in large quantities. It is necessary therefore, to exercise strict economy.

3. During May, June, and July 45, the average fuel supplied to Capuana was 17300 barrels or 2620 tons, the stock on hand on 31st July was 390 tons and the authorised release for August is 2065 tons plus 160 tons, making a total of 2615 tons available for consumption during August.

4. For September, the authorised release to Capuana will be 2159 tons, the same will be "slated for" for October, but it is hoped that when Southern Italy is interconnected with the Centre and the North, the consumption of fuel oil at Capuana can be further reduced.

Memorandum No. 381

Roma, 23 August 1945
Via del Tritone, 181

Subject : Request of Transformer Oil.
D. Puglisi & C. Asienda Elettrica,
Ionia.

To : HQ. A.C. PUBLIC WORKS & UTILITIES
SUB=COMMISSION.

1. The above Firm has requested CIP an allocation of :

600 Kgs. of Transformer Oil.

2. The applicant declares that this quantity is necessary for the following purposes :

- Total filling of :-

1 Transformer of 60 KVA - transformation rate 10.000/2.000 V.
1 " " 50 KVA - " " 10.000/260 V.

- Reinstatement of the level of :-

4 switches of 10.000 V. - 200 A.

3. The pre-existing filling of the transformers has been completely lost following war operations.

4. The quantity of oil required for the filling of the two transformers is justified because they are of old make and for that reason have big containers.

5. CIP thinks that 450 Kgs. of oil would be sufficient to cover the real needs.

6. Being the applicant an electric power supplying company no declaration is attached hereto.

7. We are awaiting your decisions on the matter. 4875

Memorandum No. 374.

Subject: Request for allocation Transformer Oil. Molini Agro Pontino, Latinia.

To : HQ. A.C. PUBLIC WORKS AND UTILITIES SUB-COMMISSION.

1. Following our memo No. 215 dated 15 June '45, this Sub-Commission authorized an allocation of 500 kgs. Transformer Oil in favour of the above mills, to be used for filling the equipment indicated below:

No. 1 transformer, 250 KVA, transformation rate 20.000/220V.
" 1 automatic switch, 20.000 V. 600 A.

2. Said quantity resulted insufficient to cover actual requirements of the mills and same now request a supplementary allocation of:

230 (two hundred & thirty) kgs. Transformer Oil

3. Insufficiency of the above lot for covering filling necessities of the two apparatus in question has been controlled by S.A.C.E.T. who are presently repairing same.

S.A.C.E.T. declare that the transformer contains 500 kgs. and the switch 230 kgs.

4. We are not attaching the relative declaration as it was sent you with the previous request.

5. Please notify us of your decisions on the foregoing.

Roma, 21 Aug. 1945
Via del Tritone, 181

Memorandum No. 375.

Subject: Request for allocation Transformer Oil. Ministero degli Interni, Istituto Superiore di Sanità.

To :HQ. A.C. PUBLIC WORKS AND UTILITIES SUB=COMMISSION.

1. CIP has received the following request from the above Ministry:

60 (sixty) kgs. Transformer Oil.

2. This quantity is needed for the equipment indicated below:

No. 240 teleswitches with motor preservers, 2 kw. each - tension: 220 V.
In No. 20 of said switches it is necessary to effect complete fillings as they were damaged following war operations, for the remainder a periodical reinstatement of the levels is sufficient.

" 10 transformers for laboratory tests of 1,5 KVA, transformation rate 220/4.000 V.
Total fillings will be necessary for No. 4 of same as they were lost following war operations, for the remainder a periodical reinstatement of the levels will be sufficient.

" 10 transformers for feeding X ray apparatus, of 12 KVA each. - transformation rate 220/150.000 V.
Normal reinstatement of levels is sufficient for these transformers.

" 4 transformers, 20 KVA. - transform. rate 200/1.200.000V. for which a periodical reinstatement of levels is sufficient.

.../2...

3. In CIP's opinion, 40 Kgs. should prove sufficient to cover actual necessities.

4. Attached is declaration of the electric power supplying Company.

5. Please advise us of your decisions in this respect.

Memorandum No. 351

Roma, 14 August 1945
Via del Tritone, 181

Subject : Request of Transformer Oil.
Istituto Poligrafico dello Stato
Cartiera Nomentana - Rome.

To : HQ. A.C. PUBLIC WORKS AND UTILITIES
SUB-COMMISSION.

1. The above Institute has requested CIP an allocation of :

60 Kgs. of Transformer Oil.

2. The applicant declares that this quantity is necessary for the reinstatement of the level of the following equipment :

- 1 Transformer of 365 KVA - transformation rate 8400/220 V.
- 1 " " 365 KVA - " " "
- 1 " " 7 KVA - " " "
- 3 Switches " 8400 V. - 50 A.

3. CIP thinks that 20 Kgs. of oil would be sufficient to cover the real needs.

4. Attached is the declaration of the electric power supplying company.

5. We are awaiting your decisions on the matter.

Subject : Request of transformer oil
Toscofilatura Bicagli e Braschi = Prato =

To : HQ = A.C. Public Works and Utilities
Sub Commission

I. The above Firm has requested Cip an allocation of :

Kg. I00 of transformer oil

2. The applicant states that this quantity is necessary to bring to a normal level(after filtering operation) pre=existing charge in the following apparatus :

n.I transformer 50 KVA = transformation rate = I0.000/220 V

n.I switch I0.000 V.

Transformation cabin was completely destroyed by German SS. Oil was recovered but before using it shall have to be filtered.

3. It is our opinion that 25 Kg. should prove sufficient to cover actual needs.

4. Attached is declaration of the electric supplying company.

Please let us know your decision in this respect .

VENICE OFFICE
ELECTRICAL DIVISION
PUBLIC WORKS & UTILITIES SUB COM.
ALLIED COMMISSION
A.P.O. 394

VENICE 25 July 1945
S. MARCO CALLE GOLDONI 1611 A

PMV/pmv

SUBJECT: Requirements of Transformer Oil

TO : Chief Electrical Division, Public Works & Util. S/C Headquarters, Allied Commission

In reply to the request of your Major Price of 9 July Reference 6/1-189/EWU, listed below are the transformer oil requirements for the major electric societies under the supervision of the Venice Office.

Delivery Point	Tons Required
Udine	14
Bologna	10
Padova	5
Vicenza	3
Venezia	70
Treviso	12
Belluno	5.5
Ferrara	40
Ravenna	20
Forli	20
Rovigo	2
Verona	2
Total	203.5

This estimate is for the months of September, October, November and December 1945.

I would like to draw your attnetion to the fact that 55% of this tonnage is for delivery to points North of the River PO. In my last request, I stated the delivery points for oil but these were ignored and I was informed that the supply point was at Bologna. Consequently, to date, no oil has been received by any company North of the River Po.

To expect all oil for the Venezie Region to be transhipped from Bologna is unreasonable. Transportation is very difficult in this area. A depot for oil in Venezia would obviate the necessity of competing with food for the little transport here.

Since the Port of Venice has been in operation for over two months, it appears that a more logical solution to this problem should be forthcoming.

Memorandum No. 293.

Subject: Request for allocation Transformer Oil. Soc. S.A.T.A. (Soc. An. Trattamenti Acque) Via Belluno 1, Rome.

To : HQ. A.C. PUBLIC WORKS AND UTILITIES SUB-COMMISSION.

1. The above named Company has requested CIP an allocation of:

2100 (two thousand one hundred) Kgs. Transformer Oil 2100

This quantity is necessary for the filling of No. 3 transformers of 400 KVA - 9000/5000 V.

2. The above equipment must be urgently installed at the communal aqueduct, Leghorn, the plants of which are presently under repair.

3. Ministry of Public Works, Ispettorato Generale Elettricità, Acqua e Gas, has solicited this allocation to CIP, due to the maximum urgency of reactivating the Leghorn aqueduct.

4. CIP thinks that the request is justified.

5. We are not attaching declaration of the power supplying Company as Commune of Leghorn has not yet sent it to us, but we shall do so as soon as we receive it.

6. Please advise us of your decisions in this respect.

REPORT.

31 July 45

MEETING OF COAL REQUIREMENTS AND ALLOCATIONS COMMITTEE. (Chairman, Col P.R. Evans)

1. The first meeting of the Coal Requirements and Allocations Committee was held at H.Q. A.C. (Coal Division 7th floor) on July 31st 45 at 1200 hours.

2. The object of the Committee is to review coal requirements from figures supplied by the Italian Ministry and to decide allocations against availabilities. The functions of the Committee will eventually be handed over to the Italian Ministry.

3. It was agreed, for the month of August, to deduct 4000 tons from the chemical industry Lombardia, and 5000 tons from the chemical industry Piedmonte, and increase the allocations to general engineering each Region, by the respective amounts. (see items 10 and 12, schedule "B2") because it is considered that, owing to the expected import of cotton it will not be necessary to boost the manufacture of rayon, therefore the coal can be used to better advantage in engineering, and so relieve unemployment.

4. It is expected that there will be an increased availability of coal for September but, any increase will go to the North, the South and Central Italy will receive no more than at present.

5. The Ministry were invited to submit figures for September as soon as possible.

6. The meeting closed at 1325 hours.

L.G.Price, Major R.E.

19 July 45

Memorandum n. 281

Subject : Request of Transformer Oil
Ditta Domenico Scarpanella Pastificio Salerno

To : HQ A.C. PUBLIC WORKS AND
UTILITIES SUB COMMISSION

I. The above Firm has requested Cip an allocation of :

= 430 Kg. of Transformer Oil.

2. The applicant declares that this quantity is necessary to renew the total filling of the undermentioned apparatus :

= I transformer = 150 KVA = 1800/270 V 430 Kgs
= I tranformer = 57 KVA = 1800/270 V

3. The pre-existing charges, in use since long time, were analyzed by Istituto di Elettrotecnica Applicata. Through the electric stiffness test we had electric discharges up to 3500 V and 5000 V instead of 40.000 established for a good transformer oil .
4. It is our opinion that the request is justified.
5. Attached is the declaration of the electric power supplying company.
6. We are awaiting your decision in this respect.

1. We are informed by C.C.C. that they have in stock at Bologna depot 165 tons of Transformer oil and about 230 Tons of the same oil at other depots in the North.

2. It is possible that due to the small quantity of thin oil distributed during the war, the oil at present existing, will not be considered suitable, by the users. In order to reduce the demands for new oil to a minimum, the users should be instructed to filter and reemploy used oil to the maximum extent possible.

3. Will you please issue instructions accordingly and notify this office of the estimated quantity of transformer oil required for the remainder of 1945 in each Region, and we will instruct C.C.C. to stock their depots to meet your demands.

Memorandum No. 256

Subject : Request of Transformer Oil.
Strade Ferrate Secondarie
Meridionali, Naples.

To : HQ. A.C. PUBLIC WORKS AND UTILITIES
SUB COMMISSION.

1. The above Firm has requested CIP an allocation of :
1500 Kgs. of Transformer Oil. 1500

2. The applicant states that this quantity is necessary for reactivating sub stations which were partially destroyed by the Germans.

3. The 1500 Kgr. of oil will be used as follows :

- Torre Annunziata Sub Station - Oil required 1100 Kgs.
for the partial filling of 1 Transformer of 1500 KVA - 12.000/960 V.
and of 5 Three-phases switches of 12.000 V.

- Moveable Sub Station No. 1011 - Oil required 400 Kgs.
for the partial filling of 1 Transformer of 1800 KVA.

4. It is our opinion that the request is justified.

5. Attached is the declaration of the electric power supplying company.

6. We are awaiting your decisions on the matter.

ROMA

OGGETTO: Richiesta di olio isolante

Questa Azienda fa presente che in data 23 gennaio c.a. inoltrò domanda a codesta Sottocommissione per l'assegnazione di oli isolanti senza aver avuto a tutt'oggi alcun esito.

Si fa noto che mentre fin da allora si aveva urgente necessità degli oli isolanti richiesti, tale necessità è oggi particolarmente aumentata per il fatto che la rimessa in funzione della Centrale di Castelmadama ha assorbito l'olio rigenerato destinato alla manutenzione dei Centri e Cabine di distribuzione della Città di Roma.

Vi significhiamo che il ns/. fabbisogno attualmente ammonta a Q.li 200 per il periodo luglio-dicembre del c.a.

Raccomandiamo di voler cortesemente provvedere ad una adeguata assegnazione con la maggiore urgenza possibile poichè, in caso contrario, potremmo trovarci in gravi difficoltà per il normale esercizio dei nostri impianti. 4727

Sicuri della più benevola comprensione restiamo in attesa di notizie al riguardo e sentitamente ringraziamo.

5 July 1945

Memorandum N° 240

Subject: PCI requirements - Transformer Oil.

To : HQ. AC. Public Works & Utilities Sub-Commission
Electrical Division.

1. With reference to your letter 6/I-1869/PWU dated 23 June '45 and following our conversation with Maj. L.G. Price, we wish to confirm that we have on hand about 165 Tons of Transformer Oil at CIF Bologna Depot and about 230 Tons of the same oil at other depots of North Italy controlled by us.

2. The monthly requirements of Transformer Oil for North Italy, as notified by our Genoa Branch Office, amount to about 135 Tons, excluding FB requirements.

3. It is possible that, due to the very small quantities of this oil distributed during the war period and to the impossibility to effect total fillings, oil at present existing in containers of many transformers should not be considered suitable by the users. It is, therefore, to be expected that large requests of oil will be made by important companies of North Italy. These requests, if entirely approved, would greatly increase the aforesaid estimated requirements.

4. Owing to the limited availability of this product, CIF points out the opportunity of reducing allocations to a minimum and suggesting to consumers to filter and reemploy used oil to maximum extent possible.

Memorandum No. 239

Roma, 4 July 1945
Via del Tritone, 181

Subject : Request of Transformer Oil.
S.A. Industria Laterizi Riunite - Torrita, Montefollonico and Poggi Gialli (Siena) Installations.

To : HQ. A.C. PUBLIC WORKS AND UTILITIES SUB COMMISSION.

1. The above Firm has requested CIP an allocation of :

190 Kgs. of Transformer Oil.

2. This quantity must be distributed as follows :

- Poggi Gialli Installation

Oil requested 30 Kgs. - for the reinstatement of the level of the following equipment :

- 1 Transformer of 100 KVA - transformation rate 9000/260 V.
- 1 " " 50 KVA - " " 9000/260 V.

It is our opinion that 10 Kgs. would be sufficient.

- Torrita Installation

Oil requested 15 Kgs. - for the reinstatement of the level of :

- 1 Transformer of 70 KVA - transformation rate 9000/260 V.

It is our opinion that 5 Kgs. would be sufficient.

- Montefollonico Installation

Oil requested 145 Kgs. - for the total refilling of :

- 1 Transformer of 44 KVA - transformation rate 9000/260 V.

and for the reinstatement of the level of :

- 1 Transformer of 30 KVA - transformation rate 9000/260 V.
- 1 " " 25 KVA - " " 9000/260 V.

CIP thinks that 5 Kgs. would be sufficient for the reinstatement of the levels and 135 Kgs. for the renewal of the filling.

Memorandum No. 244

Roma, 5 July 1945
Via del Tritone, 181

Subject : Request of Transformer Oil.
Azienda Elettrica Ing. Ito Serafini, Visso.

To : HQ. A.C. PUBLIC WORKS AND UTILITIES SUB COMMISSION.

1 Reference your letter 6/I-189/PWU dated 15 May 1945.

1. CIP Rome after investigation has set out for the above Firm an allocation of :

170 Kgs. of Transformer Oil.

2. The applicant operates the following Power Stations :

- Visso Power Station for 400 KVA
- Usaita Power Station " 50 KVA

3. In 5 transformers of 40 KVA - transformation rate 3000/220 V. each, it is necessary to purge the residues, filter the present charges and refill the transformers with fresh oil.

4. With regard to the lubricants required, in accordance with your authorization, we have given instructions for the delivery of 34 Kgs. of oil for turbines and electric engines and 17 Kgs. of Grease for stauffers.

5. Please let us know your decisions on the matter.

Memorandum No. 245

Roma, 5 July 1945
Via del Tritone, 181

Subject : Request of Transformer Oil.
Azienda Speciale dei Servizi Municipalizzati del Comune di Tolentino.

To : HQ. A.C. PUBLIC WORKS AND UTILITIES SUB COMMISSION .

Reference your letter 6/I-189/PWU dated 15 May 1945.

1. The matter has been investigated by CIP Rome and it ~~is~~ resulted that the requirements of the above Firm are following :

500 Kgs. of Transformer Oil.

2. The applicant operates the under mentioned plants :

- Pianarucci Station for 2400 KVA -
- Fonte Station an electric group of 450 KVA - a second group damaged, under repairs.
- Addolorata Station 2 electric groups, one of 220 KVA and one of 220 KVA which will be put in operation within 15 days.

1 electric group, damaged, now under repairs.

3. The insulating oil requested is necessary to reinstate the losses which will come out filtering and drying up the present fillings and cleaning the containers of the following apparatus :

- 1 transformer of 2400 KVA - transformation rate 6400/3100 V.
- 5 " from 40 up to 80 KVA - " " 3100/260 V.
- 8 switches - inserting power 3100 V.

4. According to your authorization, we have given instructions for the delivery of 170 Kgs. of Lubricating Oil for turbines and electric engines and 17 Kgs. of Grease for stauffers.

5. We are awaiting your decisions in this respect.

Memorandum No. 230

Subject : Request of Transformer Oil.
Impresa A.G. Ghira, Via F.
Crispi, 20 - Rome.

To : HQ. A.C. PUBLIC WORKS AND
UTILITIES SUB-COMMISSION.

1. The above Firm has requested CIP an allocation of :

130 Kgs. of Transformer Oil.

2. The applicant declares that this quantity is necessary for the total filling of 1 Transformer of 50 KVA - transformation rate 10.000/220 V. Said transformer, which has been damaged following war operations, has been put again in operation.

3. CIP thinks that the request is justified.

4. Attached is the declaration of the electric power supplying company.

5. We are awaiting your decisions on the matter.

1. The above Company has requested CIP an allocation of :

45 Kgs. of Transformer Oil. 45 Kgs

2. This quantity is necessary to reinstate the level of the following equipment :

- 1 transformer of 125 KVA - transformation rate 9030/267 V.
- 1 " " 200 KVA - " " 10000/275/159 V.

3. Said quantity covers a three month requirement.

4. Attached is the declaration of the electric power supplying company.

5. It is our opinion that the request is justified.

6. Please let us know your decisions in this respect.

Subject : Request of Transformer Oil.
Rampulla Brothers -- Power
Plant -- Butera.

To : HQ. A.C. PUBLIC WORKS AND
UTILITIES SUB-COMMISSION.

1. The above Firm has requested CIP an allocation of :

10 Kgs. of Transformer Oil.

2. The applicant declares that this quantity is necessary for the reinstatement of the level of the following equipment :

- 1 Transformer of 20 KVA - transformation rate 3000/260 V.
- 2 " " 30 KVA - " " 3000/260 V.
- 3 Switches " 3000 V.

3. CIP thinks that the request is justified.

4. It is not attached the declaration required because the applicant is an electric power producer company.

5. We are awaiting your decisions on the matter.

POL INSTRUCTIONS :

N. 6.....

POL For Special Civilian Representatives

1. It has been brought to our attention by the newly established Northern Regions that more and more travellers from the Southare calling on them for supplies of P.O.L. to enable them to continue their journeys and return home. In most cases such travellers claim to be on official business for either AC or the Italian Government, without being in possession of any document to prove their statement, and either present coupons issued in the South or have no coupons at all.

2. In view of the Supply position in the North where, at the present stage, it is not possible to obtain or distribute all the Petrol required even for minimum local needs, such additional calls are most embarrassing since, if met, they represent an additional, and in most cases unnecessary, drain on inadequate local resources badly needed to maintain essential skeleton services.

3. In order to counter this situation the Italian Government has agreed to print a special series of Travellers' Coupon which will be issued only by Liquid Fuels Division of the Ministry Industry and Commerce. The Ministry will only give their approval to absolutely essential journeys and will require full justification in writing from each individual applicant. It is expected, Moreover, that their screening is likely to be very severe since they themselves will be called on to make available to the North a sufficient supply of Petrol to cover the value of special coupons issued.

4. The above arrangement is being announced by the Italian Government by Press and Radio. It is being brought to the attention of all Sub-Commissions since it may be necessary to approve journeys of representatives engaged on AC business but whose travel by AC transport is not a practical proposition.

5.

VENICE: 19th June 1945

S. MARCO CALLE GOLDONI 1103 A

PMV/pp

SUBJECT: Transformer Oil

TO: Chief Electrical Division - P.W.& U. S/C - Hqs. Alcom

Recently I was instructed by Lt.Col.Parker to have all requests for transformer and lubricating oils made direct from the Electric Companies to the local A.G.I.P. Agency. This now appears to be absurd since the main A.G.I.P. supply point at Porto Marghera, near Venice, has had to obtain transformer oil from the Adriatica Company to rehabilitate its oil handling equipment.

Here is a provisional request for June, July and August.

SOCIETA' INDUSTRIALE TRENTINA

Dynamo Oil, viscosità 5.8 Engler	°)	0,60 Tonn.
Transformer Oil, Tipo Vacuum BB		0,30 Tonn.

Delivery Point - Trento

AZIENDA ELETTRICA CONSORZIALE DELLE CITTA' DI BOLZANO E MERANO

Olio per supporti, tipo 221 F Permolio, viscosità 5.95 Engler, infiammabilità 199°, accensione 220°	0,240 Tonn.
Olio per regolatori, tipo "solito", viscosità 4.9 Engler, infiammabilità 185°, accensione 205°	0,240 Tonn.
Olio per trasformatori, tipo 65 kV.	0,210 Tonn.
Grasso Stauffer °)	0,030 Tonn.

Delivery Point - Bolzano

SOCIETA' ADRIATICA DI ELETTRICITA'

Transformer Oil		180,000 Tonn.
Delivered as follows :		
Venezia	108,5 Tonn.	
Ferrara	10,0 Tonn.	
Bologna	30,0 Tonn.	
Bassano	6,0 Tonn.	
Udine	10,0 Tonn.	
Verona	3,5 Tonn.	
Trieste	12,0 Tonn.

Subj.Transformer Oil
To Chief Electr.Div.Hqs.

VENICE 19.6.45
S. MARCO CALLE GOLDONI 4423 A

The attached breakdown of S.A.D.E. requirements has been arbitrarily increased 50 tons for the Venice area to cover small Companies and individual industrial substations.

The rehabilitation of the Venice port and the associated Porto Marghera is causing increasing demands of transformer oil which, for the present, are being satisfied from the SADE stocks.

I am freely using the facilities of the SADE for cleaning and filtering old oil found in the ports. This practice conserves the unused oil for the higher voltage transformers and returns the reclaimed oil to low voltage uses.

The above demands do not include those of the Piemonte, Cisalpina and Montecatini Companies or the State Railway, since I have been advised by Lt.Col.Parker that these organizations are being supervised by the Milan Office.

Kindly advise me what progress can be made in obtaining these supplies and also the date we may expect the 109,5 Tons in Venice.

Memorandum No. 218

Subject : Request of Transformer Oil.
S.A. Ligniti & Derivati -
Castellina Scalo (Siena).

To : HQ. A.C. PUBLIC WORKS AND
UTILITIES SUB-COMMISSION.

1. The above Firm has requested CIP an allocation of :

100 Kgs. of Transformer Oil. 90

2. This quantity is necessary to complete the fillings of the following apparatus :

- 1 transformer of 100 KVA - 9000/9500/10.000 V.
- 1 " " 30 KVA - 9000/9500/10.000 V.
- 1 static condenser 10.000/260 V.

3. The aforesaid apparatus were damaged following war operations and their fillings could be recovered for 2/3 only.

4. CIP thinks that the request is justified.

5. Attached is the declaration of the electric power supplying company.

6. Please let us know your decisions on the matter.
